#### **Independent Auditor's Report**

(615) 385-1008 FAX (615) 385-1208

To the Mayor and Board of Commissioners City of Lawrenceburg, Tennessee:

We have audited the accompanying financial statements of the governmental activities, the business type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Lawrenceburg, Tennessee (the City), as of and for the year ended June 30, 2012 which collectively comprise the City's basic financial statements as listed in the Table of Contents. These financial statements are the responsibility of the City of Lawrenceburg's management. Our responsibility is to express an opinion on these financial statements based on our audit. We did not audit the financial statements of the Business - Type Activities (Proprietary Funds). Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Business - Type Activities (Proprietary Funds) is based solely on the report of the other auditors.

Except as discussed in the following paragraph, we conducted our audit in accordance with auditing standards generally accepted in the United States of America and standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The financial statements of the Crockett Theater Board Component Unit have not been audited, and we were not engaged to audit the financial statements of the Board as part of our audit of the City's basic financial statements. The Board's financial statements are included in the City's basic financial statements as a discretely presented component unit. Because the Crockett Theater Board's financial statements have not been audited, the scope of our work was not sufficient to enable us to express, and we do not express, an opinion on the financial statements of the discretely presented component unit of the City of Lawrenceburg as of, and for the year ended June 30, 2012.

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business type activities, each major fund, and the aggregate remaining fund information of the City of Lawrenceburg, Tennessee at June 30, 2012 and the respective changes in financial position and, cash flows where applicable and the budgetary comparison for the general fund for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated November 15, 2012 on our consideration of the City of Lawrenceburg's internal control structure over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in conjunction with this report in considering the results of our audit. Mayor and Board of Commissioners Page 2

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 3 - 11 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Government Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information for consistency with managements responses to our inquires, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Lawrenceburg's financial statements as a whole. The Combining and Individual Nonmajor Fund financial statement and schedules and Financial Schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. This information, except for those Financial Schedules marked as unaudited on which we express no opinion, has been subjected to the auditing procedures applied by us, and the other auditors in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, based upon our audit and the report of the other auditors, the information is stated fairly, in all material respects, in relation to the basic financial statements taken as a whole. The Introductory Section has not been subjected to the auditing procedures applied by us in the audit of the basic financial statements and, accordingly, we express no opinion on it.

#### **CITY OF LAWRENCEBURG**

#### **Management's Discussion and Analysis**

As management of the City of Lawrenceburg, Tennessee (the City) we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2012.

This analysis focuses on significant variances in financial position, budget changes and variances from the budget and specific issues related to the funds and the economic factors affecting the City.

Management's Discussion and Analysis (MD&A) focuses on current year activities and resulting changes. It also contains explanations and discussion relative to significant variances from similar amounts in the prior year.

#### **Financial Highlights:**

- The assets of the City of Lawrenceburg exceeded its liabilities at the close of the most recent fiscal year by \$72,738,138 as compared to \$71,407,282 in 2011. Of this amount, \$8,538,430 (unrestricted net assets) may be used to meet the government's ongoing obligations to citizens and
- The governments total net assets increased by \$2,386,228 in 2012 as compared to \$3,233,722 in 2011.
- As of the close of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$4,248,302, an increase of \$157,686 in comparison with the the prior year. Of that amount, \$2,246,333 is available for spending at the government's discretion (unassigned fund balance).
- At the end of the current fiscal year, unassigned fund balance of the General Fund was \$2,946,333 as compared to 2,295,121 in 2011 or 27% and 22% in 2012 and 2011, respectively of total general fund expenditures.
- The City's total bonded debt increased by \$1,895,608 (3.4%) during the current fiscal year as a result of scheduled debt repayments of \$4,425,608 and new debt issued of \$3,030,000.

#### **Overview of the Financial Statements:**

This discussion and analysis is intended to serve as an introduction to the City of Lawrenceburg's basic financial statements. The City's basic financial statements comprise three components: (1) government - wide financial statements, (2) fund financial statements, and (3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The Government - wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The Statement of Net Assets presents information on all of the City's assets and liabilities, with the difference between the two reported as net assets. Overtime, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The Statement of Activities presents information showing how the government's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected tax and earned but unused vacation leave).

#### **Overview of the Financial Statements (Continued):**

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City of Lawrenceburg include general government, public safety, highways and streets, sanitation, recreation, and building inspection. The business-type activities of the City include Water and Sewer services, Natural Gas services, and Electric Power services.

The government - wide financial statements include all funds of the City of Lawrenceburg (known as the primary government).

The government - wide financial statements can be found on pages 12 - 13 of this report.

Fund financial statements. A Fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Lawrenceburg, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into two categories: governmental funds and proprietary funds.

Governmental Funds. Governmental Funds are funds used to account for essentially the same functions reported as governmental activities in the government - wide financial statements. However, unlike the government - wide financial statements, government fund financial statements focus on near - term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near - term financing requirements

Because the focus of governmental funds is narrower than that of the government - wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government - wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains five individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund which is considered to be a major fund. Data from the other five governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The City of Lawrenceburg, Tennessee adopts an annual appropriated budget for its general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 14 - 22 of this report.

Proprietary Funds. The City of Lawrenceburg has only one type of proprietary fund. Enterprise Funds are used to report the same functions presented as business-type activities in the government - wide financial statements. The City uses enterprise funds to account for its Water and Sewer, Natural Gas and Electric Power.

Proprietary funds provide the same type of information as the government - wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Water and Sewer, Natural gas and Electric Power distribution operations, each of which is considered to be a major fund of the of the City of Lawrenceburg.

#### **Overview of the Financial Statements (Continued):**

The basic proprietary fund financial statements can be found on pages 23 - 25 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government - wide and fund financial statements. The notes to the financial statements can be found on pages 26 - 52 of this report.

The combining statements referred to earlier in connection with non major governmental funds are presented immediately following the notes to financial statements. Combining and individual fund statements and schedules can be found on pages 53 - 76 of this report.

#### **Financial Analysis of the Financial Statements**

#### Government - wide Financial Analysis

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of the City of Lawrenceburg, assets exceeded liabilities by \$72,738,138 at the close of the most recent fiscal year, as compared to \$71,407,282 in 2011.

By far the largest portion of the City's assets (86%) reflects its investment in capital assets (e.g., land, buildings, machinery, and equipment), less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens: consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

#### City of Lawrenceburg's Net Assets

	G	overnmental Ac	tivities	Business -type Ad	ctivities
		2012	2011	2012	2011
Current and other assets	\$	7,879,559	7,646,704	25,555,379	22,821,124
Capital assets		14,492,729	14,284,780	101,214,800	101,408,452
Total assets		22,372,288	21,931,484	126,770,179	124,229,576
Long-term liabilities outstanding		12,526,710	10,914,527	43,323,517	42,146,350
Other liabilities		5,000,231	5,009,438	15,553,871	16,683,463
Total liabilities		17,526,941	15,923,965	58,877,388	58,829,813
Net assets:					
Invested in capital assets, net		5,834,391	6,006,676	57,100,975	55,880,174
Restricted		1,264,342	918,283	-	-
Unrestricted		(2,253,386)	(917,440)	10,791,816	9,519,589
Total net assets	\$	4,845,347	6,007,519	67,892,791	65,399,763

An additional portion of the City's net assets (2%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net assets (\$8,538,430) may be used to meet the government's ongoing obligations to citizens and creditors.

At the end of the current fiscal year, the City is able to report positive balances in all three categories of net assets, both for the government as a whole, as well as for its separate governmental and business - type.

The government's net assets increased by \$2,386,228 during the current fiscal year. Approximately 104% of this increase represents net increases in ongoing revenues over expenses of the Proprietary Funds. Governmental Funds experienced a decrease of revenues over expenditures of \$106,800.

#### Financial Analysis of the Financial Statements (Continued)

#### **Governmental Activities**

Governmental activities decreased the City's net assets by \$106,800 (increase of \$298,336 in 2011). Key elements of this decrease are as follows:

#### City of Lawrenceburg's Changes in Net Assets

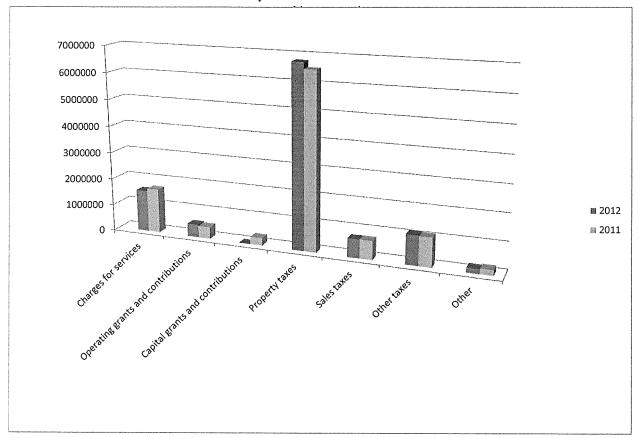

2012201120122011Revenues:Program revenues:Charges for services\$ $1,572,124$ $1,668,790$ $59,635,388$ $63,218,330$ Operating grants and contributions $494,131$ $453,433$ Capital grants and contributions $8,956$ $293,285$ $227,132$ $607,771$ General revenues:Property taxes $6,765,339$ $6,529,342$ Other taxes $1,117,165$ $1,00,543$ Other taxes $1,117,165$ $1,00,543$ Total revenues $10,846,534$ $10,976,739$ $60,012,488$ $64,055,122$ Expenses:General government $2,488,202$ $1,493,866$ Judicial $35,088$ $35,793$ Judicial $35,088$ $35,793$ Special Projects $5,780$ $3,217$ Special Projects $5,700$ $1,274,202$ -<		Governmental Act	ivities	Business -type Ac	tivities

\* As restated in the amount of \$(1,055,372) which relates to the OPEB obligation at June 30, 2011 as determined in the actuarial valuation performed as of July 1, 2011.

For the most part, expenses for 2012 closely paralleled inflation and growth in the damand for services increasing 2.6%. demand for services.

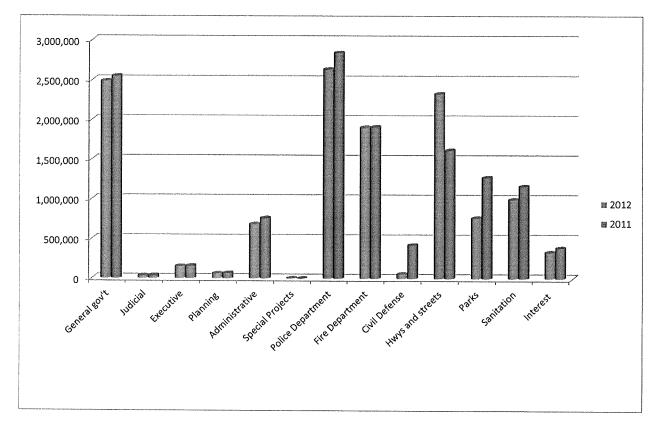

Revenues for 2012 remained relatively consistent with those of the prior year with an overall decrease of approximately \$130,000 or 1%.

Governmental policy continues to recognize that local revenue sources must be the foundation for providing basic public services rather than depending on uncertain federal and state sources. To this end, it is vitally important to continue efforts to seek balanced diversity, equity and efficiency in local revenue systems to better accommodate future growth.

**Revenues by Source - Governmental Activities** 

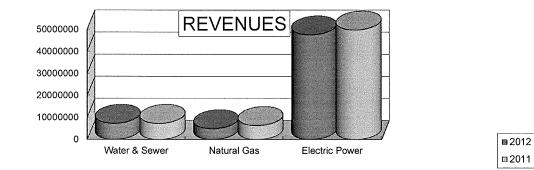

#### Financial Analysis of the Financial Statements (Continued)

#### **Business - type activities**

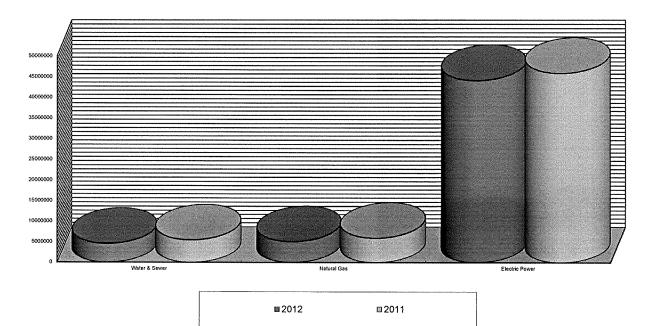

Business - type activities increased the City's net assets by \$2,493,028 as compared to \$2,935,386 in 2011, accounting for 91% of the total growth in the government's net assets. Key elements of this increase are as follows:

- Total charges for services for business type activities increased by approximately 6%.
- Water & Sewer operations resulted in an increase in net assets of \$1,483,698.
- Natural gas operations resulted in a decrease in net assets of \$242,861.
- Electric power operations resulted in an increase in net assets of \$1,252,191.
- A more detailed analysis of the business-type activities may be found in the individual financial reports of the Water & Sewer, Natural Gas and Electric Power Funds.

#### **Business - type activities**

#### OPERATING EXPENSES

#### Financial Analysis of the Financial Statements (Continued)

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance - related legal requirer.

#### Governmental Funds

The focus of the City of Lawrenceburg's governmental funds is to provide information on near-term inflows,outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements in particular, unreserved fund balance may serve as a useful measure to a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$4,248,302, an increase of \$157,686 in comparison with the prior year. Of this amount, \$2,946,333 constitutes unassigned fund balance, which is available for spending at the government's discretion.

The General Fund is the chief operation fund of the City of Lawrenceburg, Tennessee. At the end of the current fiscal year, unassigned fund balance of the general fund was \$2,946,333 (\$2,295,121 at the prior year end). As a measure of the general fund's liquidity, it may be useful to compare unreserved fund balance to total fund expenditures. Unreserved fund balance represents 27% (21% in 2011) of total general fund expenditures.

The fund balance of the City's general fund decreased by \$188,373 during the current fiscal year. Key factors in this inncrease and other changes in the fund balance of the General Fund are as follows:

- Total revenues of the general fund increased by approximately \$117,000 or 1%. Increases in tax revenue of approximately \$195,000 or 2.6% offset by decreases in grant revenues of approximately \$80,000 accounted for the net increase.
- General fund expenditures increased by approximately \$271,000 or 2.5%., debt service expenditures increased by approximately \$203,000 or 25% accounting for a significant portion of the increase.

The City's proprietary funds provide the same type of information found in the government - wide financial statement, but in more detail.

Unrestricted net assets of the Water and Sewer Fund, Natural Gas Fund and Electric Power Fund amounted to \$(610,989), \$ 3,204,622, and \$8,198,183 for each fund, respectively as of June 30, 2012. The growth in net assets of the above funds was \$1,483,698, \$(242,861), and \$1,252,191, respectively.

Each of the above enterprise funds issue separate financial statements, along with Management's Discussion and Analysis. For additional information, please contact the Board of Public Utilities of the City of Lawrenceburg, Chief Financial Officer.

#### **General Fund Budgetary Highlights**

During 2012, there were amendments to General Fund appropriations in the amount of \$72,569. Original and Final budget for these individual General Fund departments are as follows for 2012.

	-	Original Budget	Final Budget
Administrative	\$	675,503	676,503
Police Department		2,712,338	2,725,116
Fire Department		2,361,216	2,382,007
Highways & Streets		2,007,084	2,030,084
Appropriations and Other		1,236,454	1,251,454
Total Expenditures	\$ _	8,992,595	9,065,164

#### **Capital Asset and Debt Administration**

#### Capital Assets

The City of Lawrenceburg's investment in capital assets from its governmental and business - type activities as of June 30, 2012, amounts to \$115,707,529 (net of accumulated depreciation). This investment in capital assets includes land, buildings, machinery and equipment, park facilities, roads, highways and bridges. The total increase in the City's investment in capital assets for the current fiscal year was 1% with the governmental activities accounting for substiantially all the increase.

#### **Capital Asset and Debt Administration**

Major capital asset events during the current fiscal year included the following:

- Government-Type Activities:
- The Fire Departement purchased a fire pumper for approximately \$450,000.
- Business-Type Activities:
- Water and Sewer utility plant increased by approximately \$2,940,080.
- Natural gas plant increased by approximately \$732,274.
- Electric power system utility plant increased by approximately \$3,641,760.

#### City of Lawrenceburg's Capital Assets

Additional information on the City of Lawrenceburg's capital assets can be found in the notes to the financial statement section of this report.

#### Long - Term Debt

At the end of the current year, the City of Lawrenceburg had bonded debt outstanding of \$53,463,378. Of this amount, \$8,745,000 comprises debt backed by the full faith and credit of the government and with the remainder of the City's debt represented by bonds secured by both the taxing power of the City and specific revenue sources (i.e., revenue and tax bonds) of the various enterprise funds.

#### City of Lawrenceburg's Outstanding Debt

	lovernmental activities	Business -type Activities	Total
General obligation bonds and capital outlay notes	\$ 8,745,000	-	8,745,000
Revenue bonds	-	34,025,000	34,025,000
Notes payable	-	10,693,378	10,693,378
	\$ 8,745,000	44,718,378	53,463,378

The City's total bonded debt increased by \$1,895,608 (3.4%) during the current fiscal year as a result of scheduled debt repayments of \$4,925,608 and new debt issued of \$3,030,000.

State statutes impose no debt limit on the amount of general obligation debt a governmental entity may issue.

Additional information on the City of Lawrenceburg's debt can be found in the notes to the financial statements section of this report.

#### Economic Factors and Next Year's Budget and Rates

The unemployment rate for the City of Lawrenceburg is currently 11.3%, which is a decrease from a rate of 12.% a year ago. This compares to the State's average unemployment rate of 8.4% and the national average rate of 8.5%. All of these factors were considered in preparing the City's budget for the 2012 fiscal year.

At June 30, 2012, unassigned fund balance in the general fund amounted to \$2,946,333. The City needed unassigned fund balance to balance the 2013 fiscal year budget.

#### **Requests for Information**

This financial report is designed to provide a general overview of the City of Lawrenceburg Tennessee's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of the City Administrator, 232 West Gaines Lawrenceburg, TN 38464.

#### Reconciliation of Balance Sheet to Statement of Net Assets of Governmental Activities

June 30, 2012

Total Governmental Funds Fund Balances	\$	4,248,302
Amounts reported for governmental activities in the statement of net assets are different because:		
Capital assets used in governmental activities are not financial resources and , therefore, are not reported in the funds as follows: Capital assets	\$ 24,830,954 (10,228,225)	14 402 720
Accumulated Depreciation	(10,338,225)	14,492,729
Other long-term assets are not available to pay for current-period expenditures and, therefore, are deferred in the funds for:		
Property tax		158,813
Liabilities not due and payable currently and not recorded in the governmental funds for:		
Accrued interest		(50,590)
Long-term liabilities, including bonds payable are not due and payable in the current period and therefore are not recorded in the funds as follows:		
Bonds payable	(8,822,304)	
Deferred amount arising from refunding	163,966	
Landfill Closure Costs	(124,268)	
Compensated absences	(695,124)	
OPEB Obligation	(4,672,440)	(14,150,170)
Governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these		
amounts are deferred and amortized in the statement of activities for:		
Bond issue cost, net of amortization		146,263
		4.045.047
Net assets of governmental activities	<u>c</u>	4,845,347

# Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balance of Governmental Funds to the Statement of Activities

For the Year Ended June 30, 2012

Amounts reported for net change in fund balance - total governmental funds			\$ 157,686
Amounts reported for governmental activities in the statement of net assets are different because	e:		
Governmental funds report capital outlays as expenditures. However,			
in the statement of activities the cost of those assets is allocated over			
their estimated useful lives and reported as depreciation expense			
for governmental activities. Also, gains and losses from disposals of capital			
assets are not presented in the fund financial statements. Such amounts			
are as follows:			
	\$	851,011	
Depreciation expense		(635,045)	
Gain on disposal of assets		(8,016)	207,950
Revenues for governmental activities that do not provide current financial resources			
are not reported as revenues in the governmental funds as follows:			
Property tax			3,595
Expenses reported for governmental activities do not require the use of current financial			
resources and are not reported as expenditures in the governmental funds as follows:			
Change in other post employment benefits		(1,066,537)	
Changes in the accrual for compensated absences		147,463	
Changes in the accrual for interest		(256)	(919,330)
Repayment of bond principal is an expenditure in the governmental funds, but reduces			
long-term liabilities for governmental activities, likewise proceeds from debt issuance			
is presented as revenue in the governmental funds, but increases long-term liabilities for	•		
governmental activities. Bond costs are presented as expenses in the governmental			
funds, however they are presented as amortizable assets for governmental activities.			
Such amounts are as follows:			
Proceeds from debt issuance		(400,000)	
Reduction of debt		877,994	
Amortization of bond issue costs		(16,085)	
Amortization of deferred loss and bond premium		(18,610)	 443,299
Change in net assets of governmental activities			\$ (106,800)

#### NOTES TO FINANCIAL STATEMENTS

#### JUNE 30, 2012

#### (1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES Nature of Entity

The City of Lawrenceburg, Tennessee (the City), in Lawrence County was incorporated in 1901. The City operates under a Mayor-Commissioner form of government and provides the following services as authorized by its charter: police, fire, recreation, public works, industrial development and utilities.

The financial statements of the City of Lawrenceburg, Tennessee, have been prepared in conformity with accounting principles generally accepted in the United States of America, applied to governmental units as promulgated by the Governmental Auditing Standards Board (GASB). The following is a summary of the more significant accounting policies.

#### **Reporting Entity**

As required by accounting standards generally accepted in the United States of America, the accompanying financial statements of the City present the primary government and its component units, entities for which the government is considered to be financially accountable. Blended component units, although legally separate entities, are, in substance, part of the government=s operations. Each discretely presented component unit, if any, is reported in a separate column in the government-wide financial statements to emphasize it is legally separate from the government.

The Water and Sewer System, the Gas System and the Electric System are governed by the Board of Public Utilities whose members are appointed by the City Commission, further all long-term debt is in the City's name. Accordingly, the related financial statements are presented as enterprise funds of the primary government.

#### **Discretely Presented Component Unit**

The Component Unit column in the combined financial statements includes the financial data of the City's Component Unit. It is reported in a separate column to emphasize that it is legally separate from the City. The following Component Unit is included in the reporting entity because the primary government is financially accountable and is able to impose its will on the organization.

#### Crockett Theater Board:

The Crockett Theater Board is chartered as a non-profit corporation under Tennessee State Statutes. Its primary function is to sponsor and organize various charitable and civic events held at the Crockett Theater. The Mayor and Board of Commissioners appoint members of the Theater Board.

The unaudited financial statements of the Crockett Theater Board are presented in the comprehensive annual financial report of the City. Complete compiled financial information may be obtained from the City Administrator of the City of Lawrenceburg.

# NOTES TO FINANCIAL STATEMENTS (CONTINUED)

# (1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Reporting Entity (Continued)**

The following separately administered organizations do not meet the prescribed criteria and thus are excluded from the City's financial statements.

#### Lawrence County Airport

The City of Lawrenceburg and Lawrence County entered into an agreement providing for the joint acquisition, construction and operation of an airport facility. The agreement provides that all costs are to be shared equally by the City and the County. The Airport Board is composed of six members, three appointed by the City and three appointed by the County. The City subsidized Airport operations in the amount \$40,000.

As of June 30, 2012, the Airport's total assets were \$4,876,205 with total liabilities of \$242,619 and net assets of \$4,633,586. For the year ended June 30, 2012, operating revenues of \$228,881, operating expenses of \$481,886, non-operating revenues of \$116,753 (including transfers from the City and County governments of \$40,000 and \$60,0000, respectively) and capital contributions of \$97,450 resulted in a net change of (\$38,802).

Complete financial statements for this entity may be obtained from the City Administrator.

#### Lawrence County Emergency Communications District

The Lawrence County Emergency Communications District (E911) is operated under a consolidation agreement between Lawrence County and the City of Lawrenceburg. The City subsidized E911 operations in the amount of \$285,332.

As of June 30, 2012, E911's total assets were \$1,013,774 with total liabilities of \$409,351, and net assets of \$604,423. For the year ended June 30, 2012 revenues (including subsidies from the City and Lawrence County) of \$1,200,421, operating and other expenses of \$1,242,685 resulted in a net change in assets of \$(42,264).

Complete financial statements for this entity may be obtained from the City Administrator.

#### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

#### (1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Reporting Entity (Continued)**

#### Lawrenceburg Housing Authority

The Lawrenceburg Housing Authority (the Housing Authority) was chartered for the purpose of developing and administering low-income housing. Other than appointment of members of the governing board, the City has no oversight responsibility with respect to management and operation of the Housing Authority. Housing Authority operations are funded by rental income and subsidies from the federal government. Debt of the Housing Authority is guaranteed and subsidized by the federal government. The only financial benefit to the City is an in-lieu-of-tax agreement, which is not material to either the City or the Housing Authority.

#### Lawrenceburg Industrial Development Board

The Lawrenceburg Industrial Development Board (the Industrial Development Board) is appointed by the Mayor and approved by the City Commissioners. The Industrial Development Board issues industrial development bonds for private enterprises after approval by the City Board. The bonds do not constitute debt of the City and are secured solely by revenues received from the commercial organizations on whose behalf the bonds are issued. The City assumes no responsibility for the operating expenses of the Industrial Development Board.

#### Presentation

The City's financial statements include government-wide financial statements prepared on the accrual basis of accounting and the economic measurement for all funds. The fund financial statements present information for individual major funds rather than by fund type. Non-major funds are presented in one column. Other significant changes include the reporting of capital assets, infrastructure and depreciation, the elimination of account groups, the preparation of cash flow statements using the direct method and the inclusion of management's discussion and analysis.

#### Government-Wide and Fund Financial Statements

The government-wide financial statements, the statement of net assets and the statement of changes in net assets report information on all of the nonfiduciary activities of the City. For the most part, the effect of the interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

#### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

#### (1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Government-Wide and Fund Financial Statements (Continued)

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment.

Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

#### Measurement Focus, Basis of Accounting and Basis of Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flow. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligible requirements imposed by the grant agreement have been met.

Governmental fund financial statements are reported using the flow of current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they are measurable and available). Measurable means the amount of the transaction can be determined and available means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The government considers all revenues available if they are collected within 60 days after year-end. Property tax revenues are recognized in the fiscal year they are levied. The City considers property taxes as available if they are collected within sixty days after year-end. Revenues that do not meet the recognition criteria are deferred and reported in the balance sheet as liabilities. Expenditures are recorded when the related fund liability is incurred, except for matured interest on general long-term debt which is recognized when due, and certain compensated absences and claims and judgments which are recognized when the obligations are expected to be liquidated with expendable available financial resources.

In addition to property taxes, derived tax revenues such as sales taxes and income taxes are subject to accrual. The City accrues sales tax and income tax revenue and receivables in the period when the underlying exchange occurs. Licenses and permits, charges for services, fines and forfeits, and miscellaneous revenues (except interest income on cash deposits) are recorded as revenues when received because they are generally not measurable prior to receipt. Interest income is recognized when it becomes measurable and available.

## NOTES TO FINANCIAL STATEMENTS (CONTINUED)

## (1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Measurement Focus, Basis of Accounting and Basis of Presentation (Continued)

Entitlements and shared revenues are recorded at the time of receipt or earlier if the accrual criteria are met. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met.

The following is the City's major governmental fund:

The *General Fund* is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Crockett Theater, the Component Unit, is classified as a governmental fund because of the nature of the activities accounted for in this entity.

The City reports the following major proprietary funds:

- Water and Sewer System established to account for sewer and water service charges and related expenditures
- Gas System established to account for natural gas service charges and related expenditures
- *Lawrence Electric System* established to account for electric service charges and related expenditures

*Proprietary funds* are accounted for on the flow of economic resources measurement focus and use the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred.

The City has adopted GASB Statement No. 20, Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities that use Proprietary Fund Accounting. Accordingly, the City applies all applicable GASB pronouncements as well as Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) Opinions issued on or before November 30, 1989 unless those pronouncements conflict with or contradict GASB pronouncements. The City, however, has elected not to apply FASB pronouncements issued subsequent to that date.

As a general rule, the effect of interfund activity has been eliminated from the government - wide financial statements. Exceptions to this general rule are charges for services between the government's utility functions and various other functions of the government. Elimination of these charges would distort the direct cost and program revenues reported in the various functions concerned.

Amounts reported as program revenues include 1) charges to the customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary funds principal ongoing operations.

#### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

#### (1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Measurement Focus, Basis of Accounting and Basis of Presentation (Continued)

The principal operating revenues of the City's proprietary fund (water & sewer, gas, and power systems) are charges to customers for sales and services. The City also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

#### Cash and Cash Equivalents

Cash and cash equivalents include highly liquid investments (both restricted and unrestricted) that have an original maturity date when acquired of three months or less. The City's investments, which include certificates of deposit, are reported at amortized cost.

Statutes authorize the City to invest in: 1) U.S. government securities and obligations guaranteed by the U.S. government; 2) deposit accounts at state and federal chartered banks and savings and loan associations; 3) the Local Government Investment Pool of the State of Tennessee; and 4) obligations of the United States or its agencies under repurchase agreements with certain restrictions.

Deposits in financial institutions are required by State statute to be secured and collateralized by the institutions. The collateral must meet certain requirements and must have a total minimum fair value of 105% of the value of the deposits placed in the institutions less the amount protected by federal depository insurance. Financial institutions that participate in the bank collateral pool, as administered by the Treasurer of the State of Tennessee, determine the aggregate balance of their deposits for the City. Securities are pledged to the State Treasurer on behalf of the bank collateral pool as collateral for the participating institution's public deposits. The securities pledged to protect these accounts are pledged in the aggregate rather than against each individual account. The members of the pool may be required by agreement to pay an assessment to cover any deficiency. Under this additional assessment agreement, public fund accounts covered by the pool are considered to be insured for purposes of credit risk disclosure. Investments

Investments of the governmental and proprietary fund types consist primarily of certificates of deposit and money market funds and are stated at costs which approximates fair value.

#### Receivables

Accounts receivable are presented, when considered necessary, net of an allowance for uncollectible accounts.

## NOTES TO FINANCIAL STATEMENTS (CONTINUED)

## (1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Interfund Receivables/Payables

During the course of operations, numerous transactions occur between individual funds for goods or services rendered. These receivables and payables are classified as due from other funds or due to other funds on the balance sheet and are eliminated on the government-wide statements.

#### Inventory

The Gas System, Water and Sewer System and Electric System inventories are stated at the lower of average cost or market using first-in/first-out (FIFO) method.

#### Restricted assets

Restricted assets, consisting of cash and investments, include funds limited by bond indentures or otherwise legally restricted for future construction projects and debt service requirements.

#### Proprietary Fund Equity Classification

Equity is classified as net assets and displayed in three components:

- a. Invested in capital assets, net of related debt Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction or improvement of those assets.
- b. Restricted net assets Consists of net assets with constraints, primarily for debt service and capital purchases.
- c. Unrestricted net assets All other net assets that do not meet the definition of restricted or invested in capital assets, net of related debt.

#### Capital Assets

Capital assets used in governmental fund operations include property, plant, equipment and infrastructure assets (e.g., roads, bridges, sidewalks and similar items). Capital assets, exclusive of the Proprietary Funds are defined by the City as assets with an initial, individual cost of \$5,000 or more and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated cost if purchased or constructed. Donated capital assets are recorded at their estimated fair value at the date of donation. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

Buildings	40 - 50 years
Improvements other than buildings	10 - 20 years
Utility plant in service	33 - 50 years
Machinery, equipment and vehicles	5 - 20 years
Road system infrastructure	10 - 60 years

### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

#### (1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Capital Assets (Continud)

For capital assets of the Proprietary Funds plant in service is reported at cost and includes improvements that significantly add to productive capacity or extend useful life. Costs of maintenance and repairs are charged to expense. Interest costs on funds borrowed to finance the construction of utility plant are capitalized, net of any interest income earned on the temporary investment of the proceeds of tax-exempt borrowings that are restricted for acquisition of utility. A capitalization threshold of \$500 and an estimated useful life of one year or longer is utilized as criteria for capitalization. Depreciation is determined on the straight-line basis, computed over asset estimated useful lives.

#### **Compensated Absences**

General Government (exclusive of Proprietary Funds):

Employees may accrue vacation time up to a specified maximum of 160 hours. City policy specifies that only employees with a minimum of 25 years effective March 2003 have the option of receiving payment for accumulated sick leave up to a maximum of 960 hours.

#### **Proprietary Funds:**

Employees accumulate vacation and sick leave in varying amounts. In the event of termination, an employee is paid for accumulated vacation leave. Upon retirement, an employee is paid accumulated sick leave, generally, in excess of 800 hours at a rate of 50%. The total balance of earned but unused vacation and sick leave benefits is reported in accrued expenses and other current liabilities.

#### Long-Term Obligations

In the government-wide financial statements and proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the statement of net assets.

Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount. Bond issue costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental funds recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuance are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

#### **Grants**

The City receives grant revenues from various federal and state agencies. Grant revenues and certain related program revenues are recognized when qualifying expenditures are incurred and other grant requirements are met. Grant revenues collected in advance of the period they are intended to finance are reported as deferred revenue.

### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

### (1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Governmental Fund Equity**

Financial Policy:

Fund balance of the governmental funds as reported in the fund financial statements is categorized under the following categories.

**Nonspendable fund balance** represents amounts that are required to be maintained intact, such as inventories and prepaid expenses.

**Restricted fund balance** is that portion of fund balance that can be spent only for the specific purposes stipulated by external resource or through enabling legislation.

**Committed fund balance** includes amounts constrained to specific purposes as established by ordinance approved action of the City Council. Conversely, to rescind or modify a fund balance commitment, action by ordinance of the City Council is also required.

Assigned fund balance amounts are intended to be used by the City for specific purposes but do not meet the criteria to be restricted or committed. Intent must be stipulated by the Council. Appropriations of fund balance to eliminate projected budgetary deficits in the subsequent year's budget are presented as assignments of fund balance

Unassigned fund balance is the residual classification of the General Fund.

Generally, when costs are incurred for purposes for which both restricted and unrestricted funds are available it is the City's policy to spend the most restricted dollars before less restricted dollars. Further, when expenditures are incurred for which committed, assigned, or unassigned amounts may be used, committed amounts are first used followed by assigned then unassigned.

#### Property Taxes

Property taxes are levied as of October 1 on property values assessed as of January 1 of the same year. Taxes are due and payable from the levy date on October 1 and are delinquent on March 1, at which time the applicable property is subject to lien and penalties and interest are assessed. Assessed values are established by the State of Tennessee at the following rates of appraised fair value:

Public Utility Property	55% (Railroads 40%)
Industrial and Commercial Property	
Real	40%
Personal	30%
Residential	25%

Property taxes were levied at a rate of \$1.42 per \$100 of the assessed value. Current tax collections for the year ended June 30, 2012, were approximately 95% of the tax levy.

In accordance with GASB 33, property taxes receivable includes the estimated 2012 net realizable tax levy in the amount of \$3,108,000. The related revenues are reported as deferred revenues until they become available.

#### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

#### (1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Budgets and Budgetary Accounting

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

- 1. The City Administrator submits to the Board of Commissioners the proposed operating budget for the fiscal year. The operating budgets for the General and Special Revenue Funds include proposed expenditures and the means of financing them. All appropriations in the current operating budget lapse into fund balance of the respective funds at the end of the fiscal year.
- 2. The budgets passed on the first reading and each of the following readings, and was adopted by ordinance on the second reading. In no event shall total appropriations for any fund exceed the estimated revenues and fund balance.
- 3. The amounts in the adopted budgets for each fund constitute its total annual appropriation and no expenditure may be made which will result in the annual appropriation for the fund being exceeded, unless an additional appropriation is made.

The Mayor may transfer appropriations within the same department, other changes in appropriations require board approval. Budgetary control is considered established at the department level.

- 4. Budgeted amounts shown are those originally adopted and amended by the Mayor and Board of Commissioners. There were supplemental appropriations of \$72,569 to the General Fund for 2012. All balances of appropriations in the current operating budgets lapse into the fund balance of the fund from which appropriations were made at the end of the fiscal year.
- 5. Annual operating budgets for the General and Special Revenue Funds are adopted on a basis consistent with accounting principles generally accepted in the United States of America.

#### (2) CASH, CASH EQUIVALENTS, CERTIFICATES OF DEPOSIT AND INVESTMENTS

The City is authorized to invest funds in financial institutions and direct obligations of the Federal Government. During 2012, the City invested in short-term certificates of deposit and savings accounts.

**Custodial credit risk** for deposits is the risk that in the event of a bank failure, the City's deposits may not be returned or the City will not be able to recover collateral securities in the possession of an outside party. The City's policy requires that deposits be either (I) secured and collateralized by the institutions at 105% of the value of the deposits placed in the institution, less the amount protected by federal depository insurance or (ii) that deposits placed in financial institutions that participate in the bank collateral pool administered by the Treasurer of the State of Tennessee. Institutions participating in the collateral pool determine the aggregated balance of their public fund accounts. The amount of collateral required to secure these public deposits must be at least 105% if the average daily balance of public deposits held. Investments with the Tennessee Local Government Investment Pool are not categorized as to custodial credit risk.

At June 30, 2012, all of the City's deposits were covered by federal depository insurance or by the bank collateral pool administered by the Treasurer of the State of Tennessee.

**Interest rate risk** is the risk that changes in interest rates will adversely affect the fair value of an investment. Investments held for longer periods are subject to increased risk of adverse interest rate changes. City policy provides that to the extent practicable, investments are matched with anticipated cash flows. Typically certificates of deposit are issued for periods less than one year and investments in the Local Government Investment Pool are available daily.

#### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

#### (3) ENERGY CONSERVATION PROGRAMS

The Electric Power System participates with TVA in its energy conservation loan program. Under this program eligible customers may obtain low interest loans to finance energy conservation improvements to their homes, including the installation of a heat pump and insulation improvements. Advances from TVA are reported under other liabilities. Conservation loans receivable from customers under the program are reported under other assets. Advances are to be repaid from customer loan collections. Any uncollectible loans are the responsibility of TVA.

#### (4) INTERFUND TRANSACTIONS

Operating transfers among individual funds of the City for the year ended June 30, 2012, were as follows:

	Transfers out						
	Electric	Electric Water & Gas General					
Transfers In:	Fund	Sewer Fund	Fund	<u>Fund</u>	Total		
General Fund	\$ 1,079,915	302,219	133,472	-	1,515,606

	<u>1,079,915</u>	<u>302,219</u>	<u>133,472</u>	<u>200,000</u>	<u>1,715,606</u>		

Interfund receivables and payables at June 30, 2012, consisted of the following:

interrand receivables and payables at sume 50, 2012, consisted of the following.		
	Interfun	d Payable
Interfund Receivable	Water &Se	wer Fund
Sanitation Fund-Non major fund	\$	120,344
Electric System		<u>639,000</u>
	\$	<u>759,344</u>

Individual fund transfers of the City for the year ended June 30, 2012 are attributed to (i) transfer of of the City's portion of in-lieu of tax payments from the Electric, Water & Sewer and Gas Funds, and (ii) the budgeted allocation of resources from the General Fund to the Federal Disaster Relief Fund.

Individual fund receivable and payable are attributed in part to Sanitation revenues held by the Water& Sewer Fund that were remitted in the subsequent month. There is an interfund note between the Water and Sewer Fund and the Electric Fund for prior expenses and note payments that have been paid by the Electric Fund and not reimbursed. The note is for a term of 5 years at an interest rate of 1.45% with current principal due of \$639,000.

#### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

#### (7) CAPITAL LEASES

#### Electric System-Net Investment in Direct Financing Capital Lease

A rental agreement provides for TVA to lease the transmission line, the Loretto Tapline, from the Utility for a period not to exceed thirty years. At any time during the term, TVA has the option to purchases the line at a price calculated to reflect the unamortized portion of the rental base, as determined by a cost recover formula. At the end of the lease term, ownership of the line transfers to TVA. The lease requires monthly rental payments in amounts necessary to service the debt. Accordingly, the lease is being accounted for as a direct financing capital lease using an imputed interest rate of 7.1%. Imputed interest income recognized by the Utility under this agreement amount to \$91,988 for 2012.

Year end June 30	Principal	Interest

2022 - 2026	495,975	173,315
2027 - 2028	<u>229,763</u>	14,547
	\$ <u>1,276,246</u>	<u>844,337</u>

### General Government-Capital Lease Obligation

The City has entered into various lease purchase obligations for equipment. The assets acquired through these capital leases are as follows at June 30, 2012:

Machinery & equipment	\$ 622,812
Less accumulated depreciation	(420,212)
Total	\$ 202,600

The future minimum lease obligations and the net present value of these lease payments at June 30, 2012 are as follows:

2013	\$ 34,372
2014	24,552
2015	24,551
Total lease payments	83,475
Less amount representing interest	<u>    6,171</u>
Present value of lease obligation	\$ 77,304

#### (8) **OPERATING LEASES**

The Electric System receives rental income from, and pays rent to, certain other utilities for sharing of utility poles. These leases, treated as operating leases, are negotiated annually. Minimum future lease commitments under all such leases are insignificant.

## NOTES TO FINANCIAL STATEMENTS (CONTINUED)

## (9) **RETIREMENT PLANS**

City of Lawrenceburg Retirement Plans:

The City of Lawrenceburg provides the following plans for City employees: Tennessee Consolidated Retirement System - all employees, other than those of the Water & Sewer, Natural Gas, and Electric Power systems.

Lawrenceburg Utility Systems Employees' Pension Plan - all employees of the Water & Sewer, Natural Gas, and Electric Power systems.

Information concerning each of these plans follows.

## **Tennessee Consolidated Retirement System**

Employees of the City are members of the Political Subdivision Pension Plan (PSPP), an agent multiple-employer defined benefit plan administered by the Tennessee Consolidated Retirement System (TCRS). The TCRS provides retirement benefits as well as death and disability benefits. Benefits are determined by a formula using the member's high five-year average salary and years of service. Members become eligible to retire at the age of 60 with 5 years of service or at any age with 30 years of service. A reduced retirement benefit is available to vested members at age 55. Disability benefits are available to active members with 5 years of service who become disabled and cannot engage in gainful employment. There is no service requirement for disability that is the result of an accident or injury occurring while the member was in performance of duty. Members joining the retirement system after July 1,1979 become vested after 5 years of service and members joining prior to July1, 1979 were vested after 4 years of service.

Benefit provisions are established in state statute found in Title 8, Chapter 34-37 of the Tennessee Code Annotated (TCA). State statutes are amended by the Tennessee General Assembly. Political subdivisions such as the City participate in the TCRS as individual entities and are liable for all costs associated with the operation and administration of their plan. Benefit improvements are not applicable to a political subdivision unless approved by the chief governing body.

The TCRS issues a publicly available financial report that includes financial statements and required supplementary information for the PSPP. That report may be obtained by writing to Tennessee Treasury Department Consolidated Retirement System, 10<sup>th</sup> Floor, Andrew Jackson Building, Nashville, Tennessee 37243-0230, or can be accessed at <u>www.treasury.state.tn.us/tcrs/PS/.</u>

## **Funding Policy:**

The City of Lawrenceburg requires employees to contribute 5.0% of earnable compensation.

The City is required to contribute at an actuarially determined rate; the rate for the fiscal year ending June 30, 2012 was 15.76% of annual covered payroll. The contribution requirements of the plan members are set by state statute. The contribution requirements for the City are established and may be amended by the TCRS Board of Trustees.

## **Annual Pension Cost:**

For the year ending June 30, 2012, the City's annual pension cost of \$651,897 to TCRS was equal to the City's required and actual contributions. The required contribution was determined as part of the July 1, 2009 actuarial valuation using the frozen initial liability actuarial cost method. Significant actuarial assumptions used in the valuation include (a) rate of return on investment of present and future assets of 7.5% a year compounded annually, (b) projected 3% annual rate of inflation,

#### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

#### (9) RETIREMENT PLANS (CONTINUED) Tennessee Consolidated Retirement System (Continued)

(c) projected salary increases of 4.75% (graded) annual rate (no explicit assumption is made regarding the portion attributable to the effects of inflation on salaries), (d) projected 3.5% annual increase in the Social Security wage base. The actuarial value of assets was determined using techniques that smooth the effect of short-term volatility in the market value of equities over a ten-year period. Amortized book value was used for fixed income securities. The City's unfunded actuarial accrued liability is being amortized as a level dollar amount on a closed basis. The remaining amortization period at July 1, 2009 was 20 years. An actuarial valuation was performed as of July 1, 2011, which established contribution rates effective July 1, 2012.

#### **Trend Information:**

Fiscal	Annual	Percentage	Net
Year	Pension	of APC	Pension
Ending	Cost (APC)	<b>Contributed</b>	<b>Obligation</b>

7/01/07	\$9,683	\$10,833	\$ 1,150	89.38%	\$4,073	28.23%

#### Lawrenceburg Utility System Employees Pension Plan:

All full-time employees of the System, including members of the Board of Directors, are eligible to participate in the Lawrenceburg Utility Systems (LUS) Employees' Pension Plan (the Plan), a single-employer pension trust fund, accounted for as a separate entity from the System.

There are four distinct participant groups. These are referred to by letter - A, B, C, and D. Each group has a different benefit calculation and all groups except Group D are closed to new participants.

Group A participants become eligible after attaining age 21 and completing six months of service. This group is non-contributory. To be a member of this group, an employee must have worked for the System prior to November 1, 1997. This group is entitled to monthly pension benefits beginning at age 60 and completion of 10 years of credited service or an age where age plus credited service equals 80. Such monthly benefits are equal to 1.25% of the participants final earnings multiplied by the participants credited service, with a minimum monthly benefit of \$15 per year of credited service.

#### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

## (9) RETIREMENT PLANS (CONTINUED Lawrenceburg Utility System Employees Pension Plan (Continued)

Group B participants become eligible after attaining age 21 and completing six months of service. This group is non-contributory. To be a member of this group, an employee must have worked for the System after October 31, 1997 and prior to July 1, 2002. This group is entitled to monthly pension benefits beginning at age 60 and completion of 10 years of credited service. Such benefits are equal to 60% of the participants final earnings, reduced for credited service less than 30 years at normal retirement date, with minimum monthly benefit of \$15 per year of credited service.

Group C's participants are those employees of the Gas, Water and Sewer Departments which were members of the Tennessee Consolidated Retirement System (TCRS) pension plan prior to July 1, 2002. Contributions of 5% of gross pay are required by participants of this group. The participants are entitled to monthly benefits beginning at the earlier of age 60 or 30 years of credited service. Monthly benefits are equal to 1.575% of average monthly compensation times years of credited service plus .2625% of excess of average monthly compensation over social security integration level, times years of credited service, with a minimum monthly benefit of \$15 per year of credited service. This benefit is offset by the frozen accrued benefit under the TCRS pension plan as of June 30, 2002.

Group D's participants are those employees hired on or after July 1, 2002. The participants are required to contribute 5% of their gross pay to the Plan. The participant is entitled to monthly pension benefits after reaching age 60. Monthly benefits are equal to 1.575% of average monthly compensation times years of credited service plus 0.2625% of excess of average monthly compensation over social security integration level, times years of credited service, with a minimum monthly benefit of \$15 per year of credited service.

#### **Funding Policy**

The employees of the System are not allowed to not make voluntary contributions. The System's contributions are based on an actuarially determined rate. The current rate is 12.4% of annual covered payroll. The System's contribution is established by the actuarial valuation.

#### **Annual Pension Cost**

For the year ended June 30, 2012, the System contributed \$536,958 to cover its required contribution. The required contribution was determined as part of the July 1, 2011 actuarial valuation using the entry age normal frozen initial liability actuarial method. Significant actuarial assumptions used in the valuation include (a) rate of return on investments of present and future assets of 8% a year compounded annually, (b) projected salary increases of 5% (graded) annual rate (no explicit assumption is made regarding the portion attributable to the effects of inflation on salaries), (c) projected 3.5% annual increase in the social security wage base, and (d) projected post retirement increases of 3% annually. The actuarial value of assets was determined using techniques that smooth the effect of short-term volatility in the market value of total investments over a five-year period. The System's unfunded actuarial accrued liability is being amortized as a level dollar amount on a closed basis. The remaining amortization period at July 1, 2012 was 8 years. An actuarial valuation was performed as of July 1, 2012, which established contribution rates effective July 1, 2012.

## NOTES TO FINANCIAL STATEMENTS (CONTINUED)

#### (9) **RETIREMENT PLANS (CONTINUED)**

## Lawrenceburg Utility System Employees Pension Plan (Continued):

Trend Information:			
Fiscal	Annual		Percentage
Year	Required	Actual	of APC
Ending	Contribution	<b>Contribution</b>	<b>Contribution</b>
June 30, 2012	\$ 405,761	536,958	132.33%
June 30, 2011	\$ 622,525	536,854	86.24%
June 30, 2010	677,397	536,830	79.25%

As of July 1, 2012, the most recent actuarial valuation date, the plan was 79.1% funded. The actuarial accrued liability for benefits was \$14.40 million, and the actuarial value of assets was \$11.50 million, resulting in an unfunded actuarial accrued liability (UAAL) of \$3.03 million. The covered payroll (annual payroll of active employees covered by the plan) was \$4.9 million and the ratio of the UAAL to the covered payroll was 61.9%.

The annual required contribution (ARC) was calculated using the aggregate actuarial cost method. Since the aggregate actuarial cost method does not identify or separately amortize unfunded actuarial liabilities, information abort the funding status and funding progress has been prepared using the entry age actuarial cost method for that purpose, and this information is intended to serve as a surrogate for the funded status and funding progress of the plan.

The following schedule of funding progress for the Plan presents multiyear trend information about whether the actuarial values of plan assets are increasing or decreasing over time relative to the AAL's for benefits.

						Unfunded
		Actuarially	Unfunded			Actuarial

### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

#### (10)**OTHER POST-EMPLOYMENT BENEFITS**

#### **City Government (Excluding Lawrenceburg Utility System Funds)**

#### **Plan Provisions**

The City sponsors a single-employer post-retirement medical plan. The plan provides medical, prescription, and death benefits to all eligible employees. Eligible employees of the City can continue medical coverage at retirement as follows:

-With 10 plus years service, 50% of employee coverage and 100% of dependent care coverage paid by employee.

-With 15 plus years service, 25% of employee coverage and 50% of dependent care coverage paid by employee.

-with 20 plus years service, 0% of employee coverage and 30% of dependent care coverage paid by employee.

Disabled and Post 65 retiree coverage for Medicare Supplemental Plan F is fully paid by the City. If spousal coverage is elected, the retiree or the disabled must make a contribution of \$100 and the remainder is paid by the City. Surviving spousal coverage is fully paid by the City. Employees hired after June 30, 2008 are eligible for Post 65 benefits.

#### **Funding Policy**

The premium requirements of Plan members are established and may be amended by the insurance committee. The Plan is self-insured and financed on a pay-as-you-go basis with the risk shared equally among the participants. Claims liabilities of the Plan are periodically computed using actuarial and statistical techniques to establish premium rates. The employers in the plan develop their own contribution policy in terms of subsidizing active employee or retired employees' premiums since the committee is not prescriptive on that issue.

An actuarial valuation was performed as of July 1, 2011, which established annual required contribution amounts for 2011 and 2012.

#### Annual OPEB Cost and Net OPEB Obligation

The following information is for the year ended June 30, 2011 and 2012 and was taken from the most recent actuarial valuation performed as of July 1, 2011. C 20 11

6-30-12	1,412,878	24.51%	4,672,440

## <u>Lawrenceburg Utility Systems - Proprietary Funds</u> Plan Description

The System sponsors a single-employer post-retirement medical plan. The plan provides medical, prescription, and death benefits to all eligible employees.

## **Funding Policy**

The System intends to continue its policy of funding OPEB liabilities on a pay-as-you-go basis and not to pre-fund any unfunded annual required contribution as determined under GASB 45.

## Annual OPEB Cost and Net OPEB Obligation

The Utility's annual other post-retirement benefit (OPEB) cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed 30 years.

### Annual OPEB Cost and Net OPEB Obligation

The following table shows the components of the Utility's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the Utility's net OPEB Obligation for the year 2012.

Annual Required Contribution Increase due to interest Adjustment to Annual Required Contribution	\$ 2,608,974 150,606 <u>(151,807</u> )
Annual OPEB Cost (Expense) Contributions Made Increase in Net Obligation	2,607,773 (964,641) 1,643,132
Net OPEB Obligation - beginning of year	<u>3,346,789</u>
Net OPEB Obligation - end of year	\$ <u>4,989,921</u>

### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

## (10) OTHER POST-EMPLOYMENT BENEFITS (CONTINUED) Lawrenceburg Utility Systems - Proprietary Funds (Continued)

## **Funded Status and Funding Progress**

As of July 1, 2010, the most recent actuarial valuation date, the plan was 0% funded. The actuarial accrued liability for benefits was \$36.48 million, and the actuarial value of assets was \$0 resulting in an unfunded accrued liability (UAAL) of \$36.48 million. The covered payroll (annual payroll of active employees covered by the plan) was \$4.59 million and the ration of the UAAL to the covered payroll was 795.0%.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

### **Actuarial Methods and Assumptions**

Projections of benefits for financial reporting purposes are based on substantive plan (the plan as understood by the employer and the plan members) and include the type of benefits provided at the time of each valuation and the historical pattern of sharing the benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

## **Actuarial Methods and Assumptions**

In the July 1, 2010 actuarial valuation, the projected unit credit actuarial cost method was used. The actuarial assumptions included a 4.5% investment rate of return (net of administrative expenses), which is a blended rate of the expected long-term investment returns on the plan assets and on the employer's own investments calculated based on the funded level of the plan assets at the valuation date and an annual healthcare cost trend rate of 8% initially reduced by decrements to an ultimate rate of 5% after three years. The actuarial value of assets was determined using a standard balanced portfolio expectation for retirement plan asset returns. The UAAL is being amortized as a level percentage of payrolls on an open basis. The remaining amortizations period at July 1, 2010 was 30 years.

## Year of Implementation

The Utility implemented GASB-45 during the year ended June 30, 2009 and in accordance with implementation guidance provided in the standard, has implemented GASB-45 prospectively.

### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

7-1-11	-	36,478,813	36,478,813	0%	4,588,596	795.9%

#### (11) RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Such risks of loss are addressed as follows:

## City Government (Excluding Proprietary Funds)

The City maintains insurance coverage through the Tennessee Municipal League Risk Management Pool, covering each of the above risks of loss. The TML Pool is a cooperative risk sharing arrangement between local government agencies that works in many ways like a traditional insurer. The City pays a premium, receives coverage, and can make claims against that coverage.

## City Government (Excluding Proprietary Funds) (Continued)

The City meets the TML Pool's guidelines and complies with its rules and regulations, including loss control requirements as well as its underwriting standards. Rates of the TML Pool are actuarially projected to provide adequate funding to cover loss reserves and expenses, as well as building contingency reserves. The City has also purchased commercial insurance for the surety bonds for principal management officials.

Management believes insurance coverage is sufficient to preclude any significant uninsured losses to the City. Settled claims have not exceeded this insurance coverage in any of the past three years.

## Proprietary Funds

The Utility is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets, errors and omissions; injuries to employees, and natural disasters. The Utility has purchased commercial insurance for all the above risks. Settled claims from these risks have not exceeded commercial insurance coverage for the past three years and there has been no significant reduction in the amount of coverage provided.

The Systems are self-insured for employee medical, vision, and dental claims. However the Systems have purchased commercial insurance to cover claims in excess of \$65,000 per person annually as well as an aggregate annual amount for all employees. The System recognizes claims actually filed as an expense.

#### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

#### (11) **RISK MANAGEMENT (CONTINUED)** Proprietary Funds (Continued)

Changes in the reported liability are as follows:

	Beginning	Changes is	Claim	Ending
Fiscal Year Ending	Balance	<b>Estimates</b>	Payments <b>19 1</b>	Balance
June 30, 2012	\$ 409,633	2,347,816	2,363.528	393,921
June 30, 2011	\$ 429,905	2,437,528	2,457,800	409,633

#### (12) DEFERRED COMPENSATION PLAN

The Utility Systems offer their employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The Plan, available to all full-time Utility System employees, permits employees to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency. The System has no claim to the assets held in this plan, and neither the assets nor the related deferred compensation liability are included in the System's Statements of Net Assets.

#### (13) COMMITMENTS AND CONTINGENCIES

The City is potentially liable in a number of legal and regulatory actions resulting from easement disagreements, environmental remediation issues, employment claims, public safety allegations, and property damage claims resulting from sewer blockages and water run-off problems. In most cases, the amount of damages is immaterial, is not ascertainable, or is covered by property and liability insurance carriers.

The Tennessee Department of Environment and Conservation issued a Notice and Assessment against the City of Lawrenceburg for violations of its National Pollutant Discharge Elimination System (NPDES) permit relating to problems associated with the Sewer System resulting from excess sludge handling capabilities and damages. The City of Lawrenceburg entered into an Agreed Order on March 21, 2002 setting forth deadlines and penalties for failure to meet deadlines. The City paid a penalty upon execution of the Order. The City is using a combination of Community Development Block Grant funds and matching local funds to make the necessary improvements to the Sewer System. No further liability resulting from penalties is anticipated.

## Power Contract:

The Electric Power System purchases its electrical energy from the Tennessee Valley Authority (TVA) under terms of a standard electric contract between TVA and the City of Lawrenceburg. Under the contract the System is required to comply with certain restrictions relating to furnishing, advancing, lending, pledging or otherwise diverting electric system funds, revenues, credit, or property to other operations of the City of Lawrenceburg, as well as the payment of, or providing security for, indebtedness or other obligations applicable to such other operations

## NOTES TO FINANCIAL STATEMENTS (CONTINUED)

## (14) CITY OWNED AND OPERATED LANDFILL

State and federal laws and regulations require the City to place a final cover on its construction landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. Although closure and postclosure care cost will be paid only near or after the date that the landfill stops accepting waste, the City has accrued a portion of these closure and postclosure care cost. The City will recognize the remaining estimated cost of closure and postclosure care as the remaining estimated capacity is filled. These amounts are based on what it would presently cost to perform all closure and postclosure care. Actual cost may be higher due to inflation, changes in technology, or changes in regulations.

## (15) NATURAL GAS SUPPLY AND CAPACITY MANAGEMENT AGREEMENT AND NATURAL GAS TRANSPORTATION SERVICE AGREEMENT

On October 1, 2005, the Gas System entered into an out-of-state membership agreement with the Municipal Gas Authority of Georgia (MGAG). This membership agreement obligates MGAG to deliver at the System's receipt points (gate stations) all natural gas supplies the System needs both within and above the System's maximum contract entitlement under the Systems TETCO service agreement, limited solely by and only to the extent of a *force majeure* event. The System agrees to make payment to MGAG for such service at actual cost of the natural gas and capacity, plus a management fee. This contract provides the System access to long-term gas supply owned or contracted by MGAG.

The System has a service agreement with Texas Eastern Transmission Corporation (TETCO) which obligates TETCO to deliver any and all natrual gas the System arranges and has deposited into the TETCO transmission line for the System's use. In turn, the System is obligated to make payment for such deliveries and to insure the correct amount of natural gas is deposited into the TETCO transmission system. Payment for these services is funneled through the MGAG supply and capacity management agreement. The TETCO service agreement is in force and effect util October 31, 2012, and renews year-to-year thereafter unless terminated by either TETCO or the System upon two years prior written notice.

## (16) BUDGET OVERAGES AND DEFICIT FUND BALANCES

Funding of budget deficits and fund balance deficit would ultimately be the responsibility of the General Fund. For the year ended June 30, 2012 expenditures exceeded budgeted amounts as follows.

	Budget
General Fund	<u>Overage</u>
Judicial	\$ 39
Sanitation Fund	\$43,924

## (17) **RESTATEMENT**

During 2012, the City had an actuarial study of its health benefits plan for retired employees for 2011 and 2012. As a result, the City's unfunded actuarial required contribution for its post-employment benefit plan at June 30, 2011 was increased by \$1,055,372 to \$3,605,903. Accordingly, net assets, in the Statement of Activities, as of July 1, 2011 have increased by \$1,055,372.

COMBINING AND INDIVIDUAL NONMAJOR FUND FINANCIAL STATEMENTS AND SCHEDULES

## **NONMAJOR GOVERNMENTAL FUNDS**

## **Special Revenue Funds:**

State Street Aid Fund - To account for the receipt and usage of the City's share of State gasoline taxes. State law requires these gasoling taxes be used to maintain streets.

Federal Disaster Relief Fund - To account for the proceeds of various State and Federal grants the proceeds of which are to be used on various flood abatement projects.

Drug Fund - To account for drug fines and fees and the usage of these monies for drug related purposes.

Sanitation Fund - To account for the City's solid waste collection operations.

## Permanent Fund:

Mimosa Cemetery Fund - To account for the sale of grave sites and related costs.

#### **Combining Balance Sheet**

### INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Mayor and Board of Commissioners of the City of Lawrenceburg Lawrenceburg, Tennessee

We have audited the accompanying financial statements of the governmental activities, business-type activities, each major fund and the aggregate remaining fund information of the City of Lawrenceburg (the City) as of and for the year ended June 30, 2012, which collectively comprise the City of Lawrenceburg's basic financial statements and have issued a report thereon dated November 15, 2012. We disclaimed an opinion on the financial statements of the discretely presented component unit of the City of Lawrenceburg because the Crocket Theater Board was not audited. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Other auditors audited the financial statements of the Business-Type Activities (Enterprise Funds) as described in our report on the City Lawrenceburg's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors

### Internal Control Over Financial Reporting

Management of the City is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the City of Lawrenceburg's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City of Lawrenceburg's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a significant deficiency, or combination of significant deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Page 2

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City of Lawrenceburg's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of the financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of the District in a separate letter dated November 15, 2012.

This report is intended solely for the information and use of management, City Council, State Comptroller's Office, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

November 15, 2012

Mrs. Hould Down

### **Schedule of Findings and Recommendations**

### June 30, 2012

### Finding 2011-1 Other Post-Employment Benefits (OPEB) Financial Reporting

### **Condition**

Generally accepted accounting principles requires the accrual of liabilities of other post-employment benefits generally over the working careers of plan members rather than as claims are incurred. This necessitates periodic actuarial valuations, biennially for plans of 200 or more or triennially for plans of under 200 participants. Actuarial valuations are necessary to determine the annual required contribution to actuarially fund the plan which is used to determine the unfunded portion of OPEB. GASB 45 does not require OPEB plans to be actuarially funded, only that certain information be made as to funding policy, unfunded OPEB and other funding information

### **Recommendation**

We understand that the City chooses not to actuarially fund the OPEB liability, however, we do recommend that actuarial information as required under GASB 45 be developed in a timely manner.

### **Disposition**

The City had an actuarial valuation for the year ending June 30, 2012.
