Independent Auditor's Report

Blount County Mayor and
Board of County Commissioners
Blount County, Tennessee

To the County Mayor and Board of County Commissioners

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Blount County, Tennessee, as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the county's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of Blount Memorial Hospital, Inc. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for Blount Memorial Hospital, Inc., is based solely on the report of the other auditors. We were unable to determine Blount Memorial Hospital, Inc.'s respective percentage of the assets, net position, and revenues of the aggregate discretely presented component units because the Blount County Public Building Authority and the Blount County Emergency Communications District, component units requiring discrete presentation, were not included in the county's financial statements. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Blount County, Tennessee, as of June 30, 2017, and the respective changes in financial position and, where applicable, cash flows thereof and the budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 14-22 and the schedule of changes in the county's net pension liability and related ratios, schedule of county contributions, schedule of school's proportionate share of the net pension liability, and schedule of funding progress - other postemployment benefits plan on pages 119-128 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Blount County's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements, budgetary comparison schedules of nonmajor governmental funds and the General Debt Service Fund, combining and individual fund financial statements of the Blount County School Department (a discretely presented component unit), and miscellaneous schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by *Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

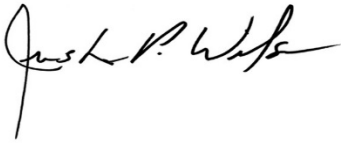

The combining and individual nonmajor fund financial statements, budgetary comparison schedules of nonmajor governmental funds and the General Debt Service Fund, combining and individual fund financial statements of the Blount County School Department (a discretely presented component unit), miscellaneous schedules, and schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements, budgetary comparison schedules of nonmajor governmental funds and the General Debt Service Fund, combining and individual fund financial statements of the Blount County School Department (a discretely presented component unit), miscellaneous schedules, and schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with Government Auditing Standards, we have also issued our report dated November 30, 2017, on our consideration of Blount County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Blount County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Blount County's internal control over financial reporting and compliance.

Very truly yours,

Justin P. Wilson
Comptroller of the Treasury
Nashville, Tennessee

November 30, 2017

Blount County, Tennessee Management's Discussion and Analysis (MD&A) For the Year Ended June 30, 2017

Introduction

This discussion and analysis of Blount County's financial performance provides an overall view of the financial activities for fiscal year ended June 30, 2017. It includes an overall view of the Primary Government, which includes the General, General Debt Service, and Non-major funds. In addition, this discussion and analysis includes an overall view of the Discretely Presented Component Unit (DPCU) Blount County School Department. A DPCU is an organization/entity for which the nature and significance of their relationship with the Primary Government are such that exclusion of their data would cause misleading or incomplete reporting.

Discussion of the Basic Financial Statements

The statement of net position, formerly called the balance sheet, is basically "assets" minus "liabilities", or "what you have" minus "what you owe". In total, the net position of the Primary Government increased by \$19.7 million, while net position of the DPCU School Department increased by \$1.2 million – meaning assets were in excess of liabilities by these amounts. (See Tables 2A and 2B below)

General Fund expenditures were \$8.4 million less than revenues received, and "transfers out", net of "transfers in", was \$1.7 million, which together increased the fund balance (assets in excess of liabilities available for appropriation) by \$6.7 million. It should be noted that the property tax rate remained the same for this budget year, \$2.47. DPCU School Department expenditures were \$1.2 million less than revenue received, which increased the fund balance by this same amount for the year ended June 30, 2017.

Total assets of Governmental Activities in the Primary Government were \$203 million as taxes receivable ended at \$49 million, cash ended at \$46.2 million, and capital assets, net of accumulated depreciation, ended at \$102.5 million. Total assets in the DPCU School Department were \$162.7 million as taxes receivable ended at 24.4 million, cash ended at \$15.6 million, and capital assets, net of accumulated depreciation, ended at \$119.7 million.

Revenues for the Primary Government totaled \$94.7 million. General revenues of the Primary Government accounted for \$58.4 million or 62 percent of total revenues. Program specific revenues in the form of charges for services, sales, grants, and contributions accounted for \$36.3 million or 38 percent of total revenues.

Revenues of the DPCU School Department totaled \$102.3 million, with general revenues making up 88 percent of the total. Program specific revenues in the form of charges for services, sales, grants, and contributions accounted for \$12.6 million or 12 percent of total revenues.

The Primary Government had \$76.7 million in expenses, with \$36.3 million of those expenses being offset by revenues in the form of charges for services, grants, and contributions, resulting in expenses of \$40.4 million to be covered by other forms of revenue, mainly property taxes. Total expenses, plus the change in fair value of derivatives, were less than general revenues by \$19.7 million. A derivative is a security with a price/value dependent upon one or more underlying entities, for example an asset, index, or interest rate.

The DPCU School Department had \$101.2 million in expenses with \$12.6 million of these expenses offset by program specific revenues. Revenues (primarily property taxes and sales taxes of \$23.5 and \$14.9 million, respectively, in addition to the BEP contribution of \$46.4 million) were adequate to provide current funding for these programs.

Government-Wide Financial Analysis

Tables 1A and 1B provide a summary of the Primary Government's and the DPCU School Department's Net Position for 2017 and a comparison to the prior year. Again, like a balance sheet, it shows Assets and Liabilities, and the difference between the two. An additional portion of the Primary Government's Net Position, \$3.8 million, represents resources that are subject to external restrictions on how they may be used. This is why they are referred to as "Restricted". In the DPCU School Department, \$1.9 million of Net Position is subject to external restriction.

Analysis of Overall Financial Position and Results of Operations

Significant factors affecting this year's operations include: increase in sales tax collections. Also, similar to last year, the county also benefited from coming in below budget on expenditures and surpassing expectations in revenue.

Public Safety expenditures of \$20.8 million accounted for approximately 27 percent of the \$76.7 million total expenses for governmental activities, while Highways and Education (related to internal service funds activities) expenses accounted for 12 percent and 17 percent, respectively. Of the \$76.7 million in governmental expenses, \$29.3 million was covered by direct charges to users of the services. Other grants and contributions covered another \$6.9 million of expenses.

Financial Analysis of the Government's Funds

In fund financial statements, governmental funds report fund balance in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purpose for which amounts in these funds can be spent. These classifications consist of the following: nonspendable, restricted, committed, assigned, or unassigned.

- **Nonspendable Fund Balance** – The nonspendable fund balance for the governmental funds remained at \$485,403 for endowments.
- **Restricted Fund Balance** – The restricted fund balance for the General Fund remained steady at approximately \$1.2 million, split between General Government, Finance, Administration of Justice, Public Safety, and Public Health and Welfare. The restricted fund balance for the General Debt Service Fund decreased to zero. The restricted fund balance for the General Purpose School Fund remained steady at \$418.7 thousand, restricted for other purposes.
- **Committed Fund Balance** – The committed fund balance for the General Fund decreased to \$216.6 thousand. The committed fund balance for the General Debt Service Fund decreased slightly to \$10.6 million, committed for debt service.
- **Assigned Fund Balance** – The assigned fund balance for the General Fund increased to \$4.4 million, split between General Government, Finance, Administration of Justice, Public Safety, Public Health and Welfare, Highways/Public Works, Agriculture and Natural Resources and Capital Outlay. The assigned fund balance for the General Purpose School Fund increased to \$4.3 million.
- **Unassigned Fund Balance** – The unassigned fund balance for the General Fund increased by \$3.3 million to \$16.7 million. The unassigned fund balance for the General Purpose School Fund decreased by \$3.4 million to \$5.2 million.

Budgetary Highlights

During the 2017 budget year, the county accomplished the following: 1) Step-increase implementation of classification/compensation plan, 2) School Dept. fully integrated into Human Resources/Payroll System – Kronos, 3) Further implementation of IT Modernization Program, and 4) Debt refinancing converting variable rate debt to fixed rate debt and terminating swap agreements.

Capital Assets and Debt Administration

Capital Assets

Blount County's investment in capital assets, net of accumulated depreciation, as of June 30, 2017, totaled \$102.5 million. This investment in capital assets includes land, construction in progress, buildings and improvements, roads, streets, and bridges, and other capital assets.

<u>Asset</u>	<u>Historical Value</u>	<u>Accumulated Depreciation</u>	<u>Net Value 6-30-17</u>
Land	\$ 7,518,566	\$ 0	\$ 7,518,566
Construction in Progress	616,612	-	616,612
Buildings and Improvements	53,450,478	(20,943,107)	32,507,371
Roads, Streets, and Bridges	138,119,939	(84,119,807)	54,000,132
Other Capital Assets	19,820,320	(11,913,325)	7,906,995
Total	<u>\$ 219,525,915</u>	<u>\$ (116,976,239)</u>	<u>\$ 102,549,676</u>

Blount County School Department's investment in capital assets, net of accumulated depreciation, as of June 30, 2017, totaled \$119.7 million. This investment in capital assets includes land, buildings and improvements, and other capital assets.

<u>Asset</u>	<u>Historical Value</u>	<u>Accumulated Depreciation</u>	<u>Net Value 6-30-17</u>
Land	\$ 9,951,059	\$ 0	\$ 9,951,059
Buildings and Improvements	173,112,586	(64,548,529)	\$ 108,564,057
Other Capital Assets	5,567,062	(4,360,207)	\$ 1,206,855
Total	<u>\$ 188,630,707</u>	<u>\$ (68,908,736)</u>	<u>\$ 119,721,971</u>

Long-term Debt

No additional debt was issued to finance any capital needs during the year. In November 2016, there was a refinancing of debt, eliminating variable debt and swap agreements and converting to fixed rate debt.

Economic Factors and Next Year’s Budgets and Rates

In June 2017, the Blount County Commission adopted a budget for the fiscal year ending June 30, 2018. The property tax rate for tax year 2018 was adopted at a rate of \$2.47, the same as the 2017 tax year.

The distribution of the 2018 property tax rate is shown below:

Fund	2018	2017
General County	\$0.88	\$0.88
Educ. Capital Project	\$0.04	\$0.04
Debt Service	\$0.48	\$0.48
Gen. Purpose School	\$1.07	\$1.07
Total	\$2.47	\$2.47

Request for Information

This report is designed to provide a general overview of the county’s finances for all those with an interest in the government’s finances. If you have any questions concerning the information provided in this report, please address them to the Finance Director, Blount County Government, 341 Court Street, Maryville, TN 37804.

Exhibit C-2

Blount County, Tennessee
Reconciliation of the Balance Sheet of Governmental Funds to
the Statement of Net Position
June 30, 2017

Amounts reported for governmental activities in the statement of net position (Exhibit A) are different because:

Total fund balances - balance sheet - governmental funds (Exhibit C-1)	\$	39,940,135	
(1) Capital assets used in governmental activities are not financial resources and therefore are not reported in the governmental funds.			
Add: land	\$	7,518,566	
Add: construction in progress		616,612	
Add: infrastructure net of accumulated depreciation		54,000,132	
Add: buildings and improvements net of accumulated depreciation		32,507,371	
Add: other capital assets net of accumulated depreciation		<u>7,906,995</u>	102,549,676
(2) An internal service fund is used by management to charge the cost of general liability, property, casualty, workers' compensation, and employee health benefits to an individual fund. The assets and liabilities of the internal service fund are included in governmental activities in the statement of net position.			4,352,625
(3) Long-term liabilities are not due and payable in the current period and therefore are not reported in the governmental funds.			
Less: other loans payable	\$	(1,988,141)	
Less: capital leases payable		(2,249,365)	
Less: bonds payable		(172,995,671)	
Add: deferred amount on refunding		4,077,564	
Less: compensated absences payable		(3,098,799)	
Less: other postemployment benefits liability		(3,423,501)	
Less: accrued interest on bonds, notes, and capital leases		(108,707)	
Add: receivable for capital lease to be retired by the School Department		904,690	
Add: receivable for accrued interest to be retired by the School Department		32,577	
Less: unamortized premium on debt		(25,281,768)	
Less: net pension liability (excluding library)		<u>(39,651)</u>	(204,170,772)
(4) Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be amortized and recognized as components of pension expense in future years:			
Add: deferred outflows of resources related to pensions	\$	5,734,313	
Less: deferred inflows of resources related to pensions		<u>(1,057,098)</u>	4,677,215
(5) Net pension assets of the agent plans are not current financial resources and therefore are not reported in the governmental funds:			
Add: agent plan-library			174,459
(6) Other long-term assets are not available to pay for current-period expenditures and therefore are deferred in the governmental funds.			<u>1,771,919</u>
Net position of governmental activities (Exhibit A)	\$	<u>(50,704,743)</u>	

The notes to the financial statements are an integral part of this statement.

The notes to the financial statements are an integral part of this statement.

Blount County, Tennessee
Reconciliation of the Statement of Revenues, Expenditures, and
Changes in Fund Balances of Governmental Funds to the
Statement of Activities
For the Year Ended June 30, 2017

Amounts reported for governmental activities in the statement of activities (Exhibit B) are different because:

Net change in fund balances - total governmental funds (Exhibit C-3)		\$ 2,655,368
(1) Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of these assets is allocated over their useful lives and reported as depreciation expense. The difference between capital outlays and depreciation is itemized as follows:		
Add: capital assets purchased in the current period	\$ 4,144,802	
Less: current-year depreciation expense	<u>(6,369,350)</u>	(2,224,548)
(2) The net effect of various miscellaneous transactions involving capital assets (sales, trade-ins, and donations) is to decrease net position.		
Less: book value of capital assets disposed		(43,470)
(3) Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.		
Add: deferred delinquent property taxes and other deferred June 30, 2017	\$ 1,771,919	
Less: deferred delinquent property taxes and other deferred June 30, 2016	<u>(2,017,987)</u>	(246,068)
(4) The issuance of long-term debt (e.g., bonds, notes, other loans, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the effect of these differences in the treatment of long-term debt and related items:		
Add: principal payments on bonds	\$ 6,306,929	
Add: principal payments on other loans	1,860,565	
Add: principal payments on capital leases	560,620	
Less: refunding debt proceeds	(125,930,000)	
Less: lease principal payments contributed by the School Department	(255,918)	
Less: change in premium on debt issuances	(21,622,038)	
Add: debt principal refunded	136,885,000	
Add: change in deferred amount on refunding debt	3,029,933	
Add: payment to terminate swap agreement	<u>12,914,000</u>	13,749,091

(Continued)

Exhibit C-4

Blount County, Tennessee
Reconciliation of the Statement of Revenues, Expenditures, and
Changes in Fund Balances of Governmental Funds to the
Statement of Activities (Cont.)

(5) Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the governmental funds.		
Change in accrued interest payable	\$	469,215
Change in receivable for accrued interest being retired by the School Department		(9,216)
Change in other postemployment benefits liability		(245,784)
Change in compensated absences payable		197,896
Change in net pension asset - agent plan (excluding library)		(1,856,265)
Change in net pension asset - agent plan (library)		(170,111)
Change in deferred outflows related to pensions		2,834,868
Change in deferred inflows related to pensions		<u>1,338,937</u>
	\$	2,559,540
(6) An internal service fund is used by management to charge the cost of general liability, property, casualty, workers' compensation, and employee health benefits to an individual fund. The net revenue (expense) of certain activities of the internal service fund is reported with governmental activities in the statement of activities.		1,561,292
(7) The interest rate swap agreement was classified as an investment derivative; therefore, the following is reflected on the changes in net position for governmental activities.		
Change in fair value of derivatives-interest rate swap		<u>1,718,985</u>
Change in net position of governmental activities (Exhibit B)	\$	<u><u>19,730,190</u></u>

The notes to the financial statements are an integral part of this statement.

BLOUNT COUNTY, TENNESSEE
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended June 30, 2017

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Blount County's financial statements are presented in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments.

The following are the more significant accounting policies of Blount County:

A. Reporting Entity

Blount County is a public municipal corporation governed by an elected 21-member board. As required by GAAP, these financial statements present Blount County (the primary government) and its component units. The financial statements of the Blount County Emergency Communications District and the Blount County Public Building Authority, component units requiring discrete presentation, were excluded from this report due to materiality calculations; therefore, the effect of the omission did not affect the independent auditor's opinion thereon. The component units discussed below are included in the county's reporting entity because of the significance of their operational or financial relationships with the county.

Discretely Presented Component Units – The following entities meet the criteria for discretely presented component units of the county. They are reported in separate columns in the government-wide financial statements to emphasize that they are legally separate from the county.

The Blount County School Department operates the public school system in the county, and the voters of Blount County elect its board. The School Department is fiscally dependent on the county because it may not issue debt, and its budget and property tax levy are subject to the county commission's approval. The School Department's taxes are levied under the taxing authority of the county and are included as part of the county's total tax levy.

Blount Memorial Hospital, Inc., is a nonprofit acute care and general health care provider. The primary mission of the Blount Memorial Hospital is to provide health care services to the citizens of Blount County and the surrounding community. Blount Memorial Hospital, Inc., is governed by a nine-member board of directors, four of whom are appointed by the Blount County Commission, two each by the cities of Maryville and Alcoa, and one by Maryville College. The county is responsible for issuing all debt of the hospital.

The Blount County Emergency Communications District provides a simplified means of securing emergency services through a uniform emergency number

for the residents of Blount County. The Blount County Emergency Communications District is governed by a nine-member board of directors, four of whom are appointed by the Blount County Commission, two each by the cities of Maryville and Alcoa, and one elected by the other eight members. The district is funded primarily through a service charge levied on telephone services. Before the issuance of most debt instruments, the district must obtain the county commission's approval. The financial statements of the Blount County Emergency Communications District were not material to the component units' opinion unit and therefore have been omitted from this report.

The Blount County Public Building Authority serves as a financing mechanism to provide capital loans to local governments throughout the state. The Blount County Public Building Authority is a public nonprofit organization whose board is appointed by the Blount County Commission. The county is entitled to the net earnings of the authority after provisions have been made for obligations and any reserves, which are determined by the board. The financial statements of the Blount County Public Building Authority were not material to the component units' opinion unit and therefore have been omitted from this report.

The Blount County School Department does not issue separate financial statements from those of the county. Therefore, basic financial statements of the School Department are included in this report as listed in the table of contents. Complete financial statements of the Blount Memorial Hospital, Inc., Blount County Emergency Communications District, and the Blount County Public Building Authority can be obtained from their administrative offices at the following addresses:

Administrative Offices:

Blount Memorial Hospital, Inc.
907 East Lamar Alexander Parkway
Maryville, Tennessee 37804

Blount County Emergency Communications District
1431 William Blount Drive
Maryville, Tennessee 37801

Blount County Public Building Authority
381 Court Street
Maryville, Tennessee 37804

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the nonfiduciary activities of the primary government and its component units. For the most

part, the effect of interfund activity has been removed from these statements. However, when applicable, interfund services provided and used between functions are not eliminated in the process of consolidation in the Statement of Activities. Governmental activities are normally supported by taxes and intergovernmental revenues. Business-type activities, which rely to a significant extent on fees and charges, are required to be reported separately from governmental activities in government-wide financial statements. However, the primary government of Blount County does not have any business-type activities to report. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable. The Blount County School Department component unit only reports governmental activities in the government-wide financial statements.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Blount County issues all debt for the discretely presented Blount County School Department. There were no debt issues contributed by the county to the School Department during the year ended June 30, 2017.

Separate financial statements are provided for governmental funds, proprietary funds (internal service), and fiduciary funds. The internal service fund is reported with the governmental activities in the government-wide financial statements, and the fiduciary funds are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary funds financial statements, except for agency funds, which have no measurement focus. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Fund financial statements of Blount County are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, deferred outflow of resources, liabilities, deferred inflow of resources, fund equity, revenues, and expenditures/expenses. Funds are organized into three major categories: governmental, proprietary, and fiduciary. An emphasis is placed on major funds within the governmental category. Blount County only reports one proprietary fund, an internal service fund. It has no enterprise funds to report.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds. Major individual governmental funds are reported as separate columns in the fund financial statements. All other governmental funds are aggregated into a single column on the fund financial statements. The internal service fund and the fiduciary funds in total are reported in single columns by fund type.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they become both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the county considers revenues other than grants to be available if they are collected within 60 days after year-end. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met and the revenues are available. Blount County considers grants and similar revenues to be available if they are collected within 60 days after year-end. Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. Principal and interest on long-term debt are recognized as fund liabilities when due or when amounts have been accumulated in the General Debt Service Fund for payments to be made early in the following year.

Property taxes for the period levied, in-lieu-of tax payments, sales taxes, interest, and miscellaneous taxes are all considered to be susceptible to accrual and have been recognized as revenues of the current period. Applicable business taxes, litigation taxes, state-shared excise taxes, fines, forfeitures, and penalties are not susceptible to accrual since they are not measurable (reasonably estimable). All other revenue items are considered to be measurable and available only when the county receives cash.

Proprietary funds and fiduciary funds financial statements are reported using the economic resources measurement focus, except for agency funds, which have no measurement focus, and the accrual basis of accounting. Revenues are recognized when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar

items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Blount County reports the following major governmental funds:

General Fund – This is the county’s primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

General Debt Service Fund – This fund accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of governmental funds.

Additionally, Blount County reports the following fund types:

Special Revenue Funds – Special Revenue Funds are used to account for and report the proceeds of specific sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

Capital Projects Funds – Capital Projects Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

Permanent Fund – The Endowment Fund is used to account for an endowment received by the county for which the principal must remain intact while interest earned on the principal is to be expended to benefit an orphans’ or children’s home owned by the county.

Internal Service Fund – The Self Insurance Fund accounts for the self-insured general liability, property, casualty, workers’ compensation, and employee health benefits managed by the county for the primary government and the discretely presented School Department.

Agency Funds – These funds account for amounts collected in an agency capacity by the constitutional officers, local sales taxes received by the state to be forwarded to the various cities in Blount County, the city school systems’ shares of educational revenues, Hotel/Motel tax received by the county to be forwarded to the Tourism Development Authority, state grants and other restricted revenues held for the benefit of the Judicial District Drug Task Force, restricted revenues held for the benefit of the Office of District Attorney General, and amounts held in a payroll clearing account. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. They do, however, use the accrual basis of accounting to recognize receivables and payables.

The discretely presented Blount County School Department reports the following major governmental fund:

General Purpose School Fund – This fund is the primary operating fund for the School Department. It is used to account for general operations of the School Department.

Additionally, the Blount County School Department reports the following fund types:

Special Revenue Funds – These funds account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

Capital Projects Fund – The Education Capital Projects Fund is used to account for building construction and renovations of the School Department.

Amounts reported as program revenues include (1) charges to customers or applicants for goods, services, or privileges provided; (2) operating grants and contributions; and (3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. The county has one proprietary fund, an internal service fund, used to account for general liability, property, casualty, employee health, and workers' compensation programs. Operating revenues and expenses generally result from providing services in connection with the fund's principal ongoing operations. The principal operating revenues of the county's internal service fund are self-insurance premiums. Operating expenses for the internal service fund include medical and other self-insured claims and fiscal agent charges.

D. **Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position/Fund Balance**

1. **Deposits and Investments**

For purposes of the Statement of Cash Flows of the internal service fund, cash includes demand deposits and cash on deposit with the county trustee.

State statutes authorize the government to make direct investments in bonds, notes, or treasury bills of the U.S. government and obligations guaranteed by the U.S. government or any of its agencies; deposit accounts at state and federal chartered banks and savings and loan

associations; repurchase agreements; the State Treasurer's Investment Pool; bonds of any state or political subdivision rated A or higher by any nationally recognized rating service; nonconvertible debt securities of certain federal government sponsored enterprises; and the county's own legally issued bonds or notes.

The county trustee maintains a cash and internal investment pool that is used by all funds and the discretely presented Blount County School Department. Each fund's portion of this pool is displayed on the balance sheets or statements of net position as Equity in Pooled Cash and Investments. Most income from these pooled investments is assigned to the General, General Debt Service, and General Purpose School funds. Blount County and the School Department have adopted a policy of reporting U.S. Treasury obligations, U.S. agency obligations, and repurchase agreements with maturities of one year or less when purchased on the balance sheet at amortized cost. Certificates of deposit are reported at cost. Investments in the State Treasurer's Investment Pool are reported at amortized cost using a stable net asset value. State statutes require the state treasurer to administer the pool under the same terms and conditions, including collateral requirements, as prescribed for other funds invested by the state treasurer. All other investments are reported at fair value. No investments required to be reported at fair value were held at the balance sheet date.

2. Receivables and Payables

Activity between funds for unremitted current collections, as well as activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year is referred to as due to/from other funds.

All property taxes receivable are shown net of an allowance for uncollectibles. The allowance for uncollectible property taxes is equal to 0.83 percent of the total taxes levied.

Property taxes receivable are recognized as of the date an enforceable legal claim to the taxable property arises. This date is January 1 and is referred to as the lien date. However, revenues from property taxes are recognized in the period for which the taxes are levied, which is the ensuing fiscal year. Since the receivable is recognized before the period of revenue recognition, the entire amount of the receivable, less an estimated allowance for uncollectible taxes, is reported as a deferred inflow of resources as of June 30.

Property taxes receivable are also reported as of June 30 for the taxes that are levied, collected, and reported as revenue during the current fiscal year. These property taxes receivable are presented on the balance sheet as a deferred inflow of resources to reflect amounts not

available as of June 30. Property taxes collected within 60 days of year-end are considered available and accrued. The allowance for uncollectible taxes represents the estimated amount of the receivable that will be filed in court for collection. Delinquent taxes filed in court for collection are not included in taxes receivable since they are neither measurable nor available.

Property taxes are levied as of the first Monday in October. Taxes become delinquent and begin accumulating interest and penalty the following March 1. Suit must be filed in Chancery Court between the following February 1 to April 1 for any remaining unpaid taxes. Additional costs attach to delinquent taxes after a court suit has been filed.

Most payables are disaggregated on the face of the financial statements. On the Statement of Net Position for the primary government, a portion of Accounts Payable totaling \$422,360, as well as the entire balance in the account Other Current Liabilities totaling \$2,401,000, represent internal service fund liabilities for self-insured claims.

3. Capital Assets

Governmental funds do not capitalize the cost of capital outlays; these funds report capital outlays as expenditures upon acquisition.

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, and similar items), are reported in the governmental column in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of \$5,000 or more and an estimated useful life of more than two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant, equipment, and infrastructure of the primary government and the discretely presented School Department are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings and Improvements	50
Other Capital Assets	5 - 20
Infrastructure	20 - 30

4. Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The government has items that qualify for reporting in this category. Accordingly, the items are reported in the government-wide Statement of Net Position. These items are the deferred charge on refunding, pension changes in experience, pension changes in investment earnings, pension other deferrals and pension contributions after the measurement date.

In addition to liabilities, the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The government has items that qualify for reporting in this category. Accordingly, the items are reported in the government-wide Statement of Net Position and/or the governmental funds balance sheet. These items are from the following sources: current and delinquent property taxes, pension changes in experience, pension other deferrals, unearned revenues, and various receivables for revenues, which do not meet the availability criteria in governmental funds.

5. Compensated Absences

The county's policies permit employees to accumulate earned but unused vacation and sick pay benefits. Employees will be reimbursed for unused sick leave upon retirement or death up to a maximum of 30 days. Vacation benefits for the School Department do not accumulate and must be used within the year or lost. There is no liability for unpaid accumulated sick leave for the School Department since they do not have a policy to pay any amounts when employees separate from service with the government. All vacation pay and the limited liability for sick leave of the primary government are accrued when incurred in the government-wide statements. A liability for vacation and sick pay is reported in governmental funds only if amounts have matured, for example, as a result of employee resignations and retirements.

6. Long-term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities Statement of Net Position. Debt premiums and discounts are deferred and amortized over the life of the new debt using the straight-line method. Debt issuance costs are expensed in the period incurred. In refunding transactions, the difference between the reacquisition price and the net carrying amount of the old debt is reported as a deferred outflow of resources or a deferred inflow of resources and recognized as a component of interest expense in a systematic and rational manner over the remaining life of the refunded debt or the life of the new debt issued, whichever is shorter.

In the fund financial statements, governmental funds recognize debt premiums and discounts, as well as debt issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources, while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Only the matured portion (the portion that has come due for payment) of long-term indebtedness, including bonds payable, is recognized as a liability and expenditure in the governmental fund financial statements. Liabilities and expenditures for other long-term obligations, including compensated absences and other postemployment benefits, are recognized to the extent that the liabilities have matured (come due for payment) each period.

7. Net Position and Fund Balance

In the government-wide financial statements and the proprietary fund in the fund financial statements, equity is classified as net position and displayed in three components:

- a. Net investment in capital assets – Consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net position – Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of

other governments; or (2) law through constitutional provisions or enabling legislation.

- c. Unrestricted net position – All other net position that does not meet the definition of restricted or net investment in capital assets.

As of June 30, 2017, Blount County had \$139,034,614 in outstanding debt for capital purposes of other entities (schools - \$135,740,372, industrial purposes - \$2,578,875, and a joint communications system lease - \$715,367). In accordance with state statutes, certain county school debt proceeds must be shared with other public school systems in the county (the cities of Maryville and Alcoa school systems) based on an average daily attendance proration. This debt is a liability of Blount County, but the capital assets acquired are reported in the financial statements of the other entities. At June 30, 2017, Blount County also had \$12,506,450 of non-capital debt, which was used to retire interest rate swap agreements. Therefore, Blount County has incurred a liability, significantly decreasing its unrestricted net position with no corresponding increase in the county's capital assets.

It is the county's policy that restricted amounts would be reduced first followed by unrestricted amounts when expenditures are incurred for purposes for which both restricted and unrestricted fund balance is available. Also, it is the county's policy that committed amounts would be reduced first, followed by assigned amounts, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of these unrestricted fund balance classifications could be used.

In the fund financial statements, governmental funds report fund balance in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in these funds can be spent. These classifications may consist of the following:

Nonspendable Fund Balance – includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Restricted Fund Balance – includes amounts that have constraints placed on the use of the resources that are either (a) externally imposed by creditors, grantors, contributors or laws and regulations of other governments or (b) imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance – includes amounts that can only be used for specific purposes pursuant to constraints imposed by

formal resolutions of the county commission, the county's highest level of decision-making authority and the Board of Education, the School Department's highest level of decision-making authority, and shall remain binding unless removed in the same manner.

Assigned Fund Balance – includes amounts that are constrained by the county's intent to be used for specific purposes, but are neither restricted nor committed (excluding stabilization arrangements). The county commission and the Board of Education are authorized bodies to make assignments for the primary government and the School Department, respectively. Assigned fund balance in the General Fund includes an amount appropriated for use in the 2017-18 budget (\$3,365,000) and amounts assigned for encumbrances (\$993,012). Assigned fund balance in the School Department's General Purpose School Fund includes an amount appropriated for use in the 2017-18 budget (\$3,098,000), amounts assigned for encumbrances (\$1,203,881), and an amount assigned to capital outlay (\$221,454).

Unassigned Fund Balance – the residual classification of the General and General Purpose School funds. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the General and General Purpose School funds.

E. Pension Plans

Primary Government

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of Blount County's participation in the Public Employee Retirement Plan of the Tennessee Consolidated Retirement System (TCRS), and additions to/deductions from Blount County's fiduciary net position have been determined on the same basis as they are reported by the TCRS for the Public Employee Retirement Plan. For this purpose, benefits (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms of the Public Employee Retirement Plan of TCRS. Investments are reported at fair value.

Discretely Presented Blount County School Department

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension

expense, information about the fiduciary net position of the Teacher Retirement Plan and the Teacher Legacy Pension Plan in the Tennessee Consolidated Retirement System, and additions to/deductions from fiduciary net position have been determined on the same basis as they are reported by the TCRS. For this purpose, benefits (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms of the Teacher Retirement Plan and the Teacher Legacy Pension Plan. Investments are reported at fair value.

II. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

A. **Explanation of certain differences between the governmental fund balance sheet and the government-wide Statement of Net Position**

Primary Government

Exhibit C-2 includes explanations of the nature of individual elements of items required to reconcile the balance sheet of governmental funds with the government-wide Statement of Net Position.

Discretely Presented Blount County School Department

Exhibit J-3 includes explanations of the nature of individual elements of items required to reconcile the balance sheet of governmental funds with the government-wide Statement of Net Position.

B. **Explanation of certain differences between the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances and the government-wide Statement of Activities**

Primary Government

Exhibit C-4 includes explanations of the nature of individual elements of items required to reconcile the net change in fund balances – total governmental funds with the change in net position of governmental activities reported in the government-wide Statement of Activities.

Discretely Presented Blount County School Department

Exhibit J-5 includes explanations of the nature of individual elements of items required to reconcile the net change in fund balances – total governmental funds with the change in net position of governmental activities reported in the government-wide Statement of Activities.

III. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

Budgetary Information

Annual budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP) for all governmental funds except the Constitutional Officers - Fees Fund (special revenue fund) and the Endowment Fund (permanent fund), which are not budgeted, and capital projects funds of the primary government, which adopt project length budgets. All annual appropriations lapse at fiscal year end.

The county is required by state statute to adopt annual budgets. Annual budgets are prepared on the basis in which current available funds must be sufficient to meet current expenditures. Expenditures and encumbrances may not legally exceed appropriations authorized by the county commission and any authorized revisions. Unencumbered appropriations lapse at the end of each fiscal year.

The budgetary level of control is at the major category level established by the County Uniform Chart of Accounts, as prescribed by the Comptroller of the Treasury of the State of Tennessee. Major categories are at the department level (examples of General Fund major categories: County Commission, Board of Equalization, County Mayor, County Attorney, etc.). Management may make revisions within major categories, but only the county commission may transfer appropriations between major categories. During the year, several supplementary appropriations were necessary.

The county's budgetary basis of accounting is consistent with GAAP, except instances in which encumbrances are treated as budgeted expenditures. The difference between the budgetary basis and GAAP basis is presented on the face of each budgetary schedule.

At June 30, 2017, Blount County had outstanding encumbrances in budget funds as follows:

<u>Fund</u>	<u>Amount</u>
Primary Government:	
General	\$ 1,003,657
Nonmajor Governmental	<u>528,992</u>
Total	<u>\$ 1,532,649</u>
Discretely Presented School Department:	
General Purpose School	\$ 1,203,881
Nonmajor Governmental	<u>190,343</u>
Total	<u>\$ 1,394,224</u>

IV. DETAILED NOTES ON ALL FUNDS

A. Deposits and Investments

Blount County and the Blount County School Department participate in an internal cash and investment pool through the Office of Trustee. The county trustee is the treasurer of the county and in this capacity is responsible for receiving, disbursing, and investing most county funds. Each fund's portion of this pool is displayed on the balance sheets or statements of net position as Equity in Pooled Cash and Investments. Cash reflected on the balance sheets or statements of net position represents nonpooled amounts held separately by individual funds.

Deposits

Legal Provisions. All deposits with financial institutions must be secured by one of two methods. One method involves financial institutions that participate in the bank collateral pool administered by the state treasurer. Participating banks determine the aggregate balance of their public fund accounts for the State of Tennessee and its political subdivisions. The amount of collateral required to secure these public deposits must equal at least 105 percent of the average daily balance of public deposits held. Collateral securities required to be pledged by the participating banks to protect their public fund accounts are pledged to the state treasurer on behalf of the bank collateral pool. The securities pledged to protect these accounts are pledged in the aggregate rather than against each account. The members of the pool may be required by agreement to pay an assessment to cover any deficiency. Under this additional assessment agreement, public fund accounts covered by the pool are considered to be insured for purposes of credit risk disclosure.

For deposits with financial institutions that do not participate in the bank collateral pool, state statutes require that all deposits be collateralized with collateral whose market value is equal to 105 percent of the uninsured amount of the deposits. The collateral must be placed by the depository bank in an escrow account in a second bank for the benefit of the county.

Investments

Legal Provisions. Counties are authorized to make direct investments in bonds, notes, or treasury bills of the U.S. government and obligations guaranteed by the U.S. government or any of its agencies; deposits at state and federal chartered banks and savings and loan associations; bonds of any state or political subdivision rated A or higher by any nationally recognized rating service; nonconvertible debt securities of certain federal government sponsored enterprises; and the county's own legally issued bonds or notes. These investments may not have a maturity greater than two years. The county may make investments with longer maturities if various restrictions set out in state law are followed. Counties are also authorized to make investments in the State Treasurer's Investment Pool and in repurchase agreements. Repurchase

agreements must be approved by the state Comptroller’s Office and executed in accordance with procedures established by the State Funding Board. Securities purchased under a repurchase agreement must be obligations of the U.S. government or obligations guaranteed by the U.S. government or any of its agencies. When repurchase agreements are executed, the purchase of the securities must be priced at least two percent below the fair value of the securities on the day of purchase.

Investment Balances. As of June 30, 2017, Blount County had the following investments carried at amortized cost using a Stable Net Asset value. Pooled investments reported in the following table are held in the county trustee’s investment pool. Separate disclosures concerning pooled investments cannot be made for Blount County and the discretely presented Blount County School Department since both pool their deposits and investments through the county trustee.

Investment	Weighted Average Maturity (days)	Maturities	Amortized Cost
Investments at Amortized Cost:			
State Treasurer's Investment Pool	3 to 80	N/A	\$ 204,252

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. State statutes limit the maturities of certain investments as previously disclosed. Blount County does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. State statutes limit the ratings of certain investments as previously explained. Blount County has no investment policy that would further limit its investment choices. As of June 30, 2017, Blount County’s investment in the State Treasurer’s Investment Pool was unrated.

B. Notes Receivable

During the fiscal year ended June 30, 2006, Blount County purchased property intended for use as a county fairground. The purchase price was \$785,000. In January 2007, this property was transferred to the Industrial Development Board (board) for sale to a third party. The county executed an agreement with the board allowing it to dispose of the property upon terms and conditions as the board deems reasonable and to remit all proceeds from the sale of this property to Blount County. However, under the terms of the agreement, the board is not responsible for any proceeds not received. Therefore, the county bears the risk of loss in the event of default by the purchaser. In March 2007, the board sold the property for \$820,000 to Event Management, LLC. The board collected \$125,000 at closing and signed an agreement for the remaining \$695,000 to be paid over the next several

years with the potential for a two-year extension. As of December 2014, the board had submitted to the county payments received from Event Management, LLC totaling \$181,071 leaving a balance of \$513,929. During 2014, Event Management, LLC dissolved and defaulted on the final payment due for the remaining balance of \$513,929. In January 2016, the board transferred the property to Fans of the Mountain, LLC at a negotiated price of \$441,353 with an agreement to pay without interest in payments of \$25,000, due on January 10, 2016, and January 10, 2017, with the entire principal balance due and payable on January 10, 2018. The difference (\$72,576) between the balance owed on the defaulted note and the new negotiated price was expensed on the primary government's 2014-2015 Statement of Activities. The entire balance of \$391,353 due on the contract as of June 30, 2017, is reflected as notes receivable on the balance sheet of the General Debt Service Fund. See prior-year financial reports for additional details related to the history of this land sale.

During 2010, Blount County entered into an Intergovernmental Agreement with the City of Maryville and the City of Alcoa to share the costs of a communication system. The notes receivable for the City of Maryville and City of Alcoa's portion of the ten-year capital lease purchase are \$240,196 and \$196,470, respectively. These notes receivable are reflected in the General Debt Service Fund. See Note IV.G., for information on the capital lease associated with the purchase of the equipment.

Notes receivable are offset by deferred inflows in the fund financial statements.

C. Derivative Instruments

Primary Government

Blount County elected to terminate the following derivative instruments during the year:

Instrument	Type	Objective	Original Notional Amount	Effective Date	Maturity Date	Terms
\$10M Swap	Pay fixed interest rate swap	Variable to synthetic fixed rate swap	\$ 10,000,000	6-1-06	6-1-30	Pay 3.9% receive 63.2% of 5-year CMS
\$10M Swap	Pay fixed interest rate swap	Variable to synthetic fixed rate swap	10,000,000	6-1-06	6-1-28	Pay 3.264% receive 59% of 5-year CMS
\$14M Swap	Pay fixed interest rate swap	Variable to synthetic fixed rate swap	14,000,000	6-1-06	6-1-27	Pay 3.533% receive 59% of 5-year CMS
\$39M Swap	Pay fixed interest rate swap	Variable to synthetic fixed rate swap	39,000,000	6-1-06	6-1-23	Pay 4.27% receive 63.45% of 5-year CMS

The changes in fair value of such derivative instruments and swap termination payments for the year then ended as reported in the 2017 financial statements are as follows:

Type	Governmental Activities	Changes in Fair Value		Swap Termination Payment
		Classification	Amount	
Investment Derivatives:				
Pay-fixed interest rate swaps:				
\$10M Swap		Interest and Investment Earnings	\$ 286,788	\$ \$ 2,888,207
\$10M Swap		Interest and Investment Earnings	280,328	2,047,719
\$14M Swap		Interest and Investment Earnings	365,195	2,676,902
\$39M Swap		Interest and Investment Earnings	786,674	5,301,172
Totals			<u>\$ 1,718,985</u>	<u>\$ 12,914,000</u>

As of June 30, 2017, Blount County has no outstanding interest rate swap agreements.

D. Capital Assets

Capital assets activity for the year ended June 30, 2017, was as follows:

Primary Government

Governmental Activities:

	Balance 7-1-16	Increases	Decreases	Balance 6-30-17
Capital Assets Not Depreciated:				
Land	\$ 7,518,566	\$ 0	\$ 0	\$ 7,518,566
Construction in Progress	2,050,859	218,366	(1,652,613)	616,612
Total Capital Assets Not Depreciated	<u>\$ 9,569,425</u>	<u>\$ 218,366</u>	<u>\$ (1,652,613)</u>	<u>\$ 8,135,178</u>
Capital Assets Depreciated:				
Buildings and Improvements	\$ 53,371,440	\$ 79,038	\$ 0	\$ 53,450,478
Roads, Streets, and Bridges	136,752,633	1,367,306	0	138,119,939
Other Capital Assets	16,398,833	4,132,705	(711,218)	19,820,320
Total Capital Assets Depreciated	<u>\$ 206,522,906</u>	<u>\$ 5,579,049</u>	<u>\$ (711,218)</u>	<u>\$ 211,390,737</u>
Less Accumulated Depreciation For:				
Buildings and Improvements	\$ 19,849,039	\$ 1,094,068	\$ 0	\$ 20,943,107
Roads, Streets, and Bridges	80,278,080	3,841,727	0	84,119,807

Governmental Activities Capital Assets, Net	<u>\$ 122,935,501</u>	<u>\$ (3,210,071)</u>	<u>\$ (3,459)</u>	<u>\$ 119,721,971</u>

Depreciation expense was charged to functions of the discretely presented Blount County School Department, as follows:

Governmental Activities:

Instruction	\$	39,188
Support Services		3,650,728
Operation of Non-instructional Services		<u>132,533</u>
Total Depreciation Expense - Governmental Activities	\$	<u><u>3,822,449</u></u>

E. Interfund Receivables, Payables, and Transfers

The composition of interfund balances as of June 30, 2017, was as follows:

Due to/from Other Funds:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
Primary Government: General	Nonmajor governmental	\$ 8,973

This balance resulted from the time lag between the date that interfund goods and services are provided or reimbursable expenditures occur, and payments are made between funds.

Due to/from Primary Government and Component Unit:

<u>Receivable Entity</u>	<u>Payable Entity</u>	<u>Amount</u>
Primary Government: Internal Service Governmental Activities	Component Unit: School Department School Department	\$ 691,103 937,267

The amount reflected as Due to Primary Government from the discretely presented School Department on the government-wide Statement of Net Position also includes \$937,267 for principal and accrued interest on debt issued by the primary government, which is being retired by the School Department. Of that amount, \$626,912 is not expected to be received within one year.

Interfund Transfers

Interfund transfers for the year ended June 30, 2017, consisted of the following amounts:

Primary Government

Transfers Out	Transfers In		
	General Fund	General Debt Service Fund	Nonmajor Governmental Funds
General Fund	\$ 0	\$ 835,344	\$ 978,668
Internal Service Fund	155,254	0	0
Total Transfers	\$ 155,254	\$ 835,344	\$ 978,668

Transfers are used to move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and to use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

F. Operating Leases

During the year Blount County entered into a leasing program with Enterprise Fleet Management. As of June 30, 2017, Blount County was leasing 16 vehicles. All contracts are for 48 months with monthly rent varying based on vehicle type. Contracts are not effective until delivery of vehicle to the county, which also is the measurement date for the market value of the vehicle. The rental expenditures for the year ended June 30, 2017, was \$52,741 for the primary government and \$28,517 for the discretely presented School Department. The future minimum lease payments for these leases are as follows:

Year Ending June 30	Primary Government	School Department	Total
2018	\$ 79,001	\$ 27,687	\$ 106,688
2019	79,001	27,687	106,688
2020	77,920	27,687	105,607
2021	5,259	6,598	11,857
Total	\$ 241,181	\$ 89,659	\$ 330,840

G. Capital Leases

On September 1, 2010, Blount County entered into a ten-year lease-purchase agreement for a Motorola Communication System. The terms of the agreement require total lease payments of \$3,007,000 plus interest of 3.97 percent. Blount

County entered into an interlocal agreement with the cities of Alcoa and Maryville to sublease a portion of the system to those cities. Title to the equipment transfers to Blount County and the cities at the end of the lease period. The lease payments will be made from the General Debt Service Fund. See Note IV.B., regarding notes receivable from the City of Maryville and City of Alcoa related to the lease.

On July 6, 2006, Blount County entered into a 13-year lease-purchase agreement for the School Department for school energy facility upgrades. The terms of the agreement require total lease payments of \$2,738,602 plus interest of 5.4 percent. Title to the equipment transfers to the School Department at the end of the lease period. The lease payments are made by the General Debt Service Fund from contributions by the General Purpose School Fund.

The assets acquired through capital leases are as follows:

	<u>Governmental Activities</u>	
	<u>Primary Government</u>	<u>School Department</u>
Machinery and Equipment (county portion)	\$ 1,808,935	\$ 0
Less: Accumulated Depreciation	(1,085,363)	0
Buildings and Improvements	0	2,738,602
Less: Accumulated Depreciation	0	(2,053,950)
Total Book Value	<u>\$ 723,572</u>	<u>\$ 684,652</u>

Future minimum lease payments and the net present value of these minimum lease payments as of June 30, 2017, were as follows:

<u>Year Ending June 30</u>	<u>Governmental Funds</u>
2018	\$ 696,826
2019	705,106
2020	713,633
2021	370,183
Total Minimum Lease Payments	<u>\$ 2,485,748</u>
Less: Amount Representing Interest	<u>(236,383)</u>
Present Value of Minimum Lease Payments	<u>\$ 2,249,365</u>

H. Long-term Obligations

Primary Government

General Obligation Bonds, Notes, and Other Loans

Blount County issues general obligation bonds and other loans to provide funds for the acquisition and construction of major capital facilities for the primary government and the discretely presented School Department. In addition, general obligation bonds and other loans have been issued to refund other general obligation bonds and other loans. Capital outlay notes are also issued to fund capital facilities and other capital outlay purchases, such as equipment.

General obligation bonds, capital outlay notes, and other loans are direct obligations and pledge the full faith and credit of the government. General obligation bonds, and other loans outstanding were issued for original terms of up to 21 years for bonds and up to 16 years for the other loans. Blount County had no outstanding capital outlay notes at June 30, 2017. Repayment terms are generally structured with increasing amounts of principal maturing as interest requirements decrease over the term of the debt. All bonds and other loans included in long-term debt as of June 30, 2017, will be retired from the General Debt Service Fund.

General obligation bonds, other loans, and capital leases outstanding as of June 30, 2017, for governmental activities are as follows:

Type	Interest Rate	Final Maturity	Original Amount of Issue	Balance 6-30-17
General Obligation Bonds - Refunding - Fixed Rate	.55 to 5%	6-30-37	\$ 199,225,000	\$ 163,625,000
Qualified School Construction Bonds	2.6	9-14-27	14,855,000	9,370,671
Other Loans - Public Building Authority	2.5 to 5	6-1-19	7,380,000	1,925,000
Other Loans - State School Bond Authority	0	11-24-20	727,865	63,141
Capital Lease	3.97 to 5.4	9-1-20	5,745,602	2,249,365

Blount County has entered into various loan agreements with the Public Building Authority of Blount County (PBA) to finance capital projects for the county and the discretely presented Blount County School Department. Under the loan agreements, the PBA issued its revenue bonds and made the proceeds available for loan to Blount County. The following table summarizes all PBA and other loan agreements outstanding at June 30, 2017:

Description	Original Amount of Loan Agreement	Outstanding Principal 6-30-17	Interest Type	Interest Rates
<u>Blount County Public Building Authority</u>				
Industrial Park (Series B-17-A)	\$ 3,000,000	\$ 125,000	Fixed	3.25 to 4.5 %
Various Purpose (Series B-18-A)	4,380,000	1,800,000	Fixed	2.5 to 5
<u>TN State School Bond Authority</u>				
Qualified Zone Academy Bonds	727,865	63,141	N/A	0
		<u>\$ 1,988,141</u>		

The annual requirements to amortize all bonds and other loans outstanding as of June 30, 2017, including interest payments, are presented in the following tables.

Year Ending June 30	Bonds			
	Principal	Interest (1)	Total	
2018	\$ 7,251,929	\$ 9,233,345	\$ 16,485,274	
2019	7,986,929	9,023,157	17,010,086	
2020	9,306,929	8,778,568	18,085,497	
2021	9,601,929	8,485,092	18,087,021	
2022	9,846,929	6,826,194	16,673,123	
2023-2027	52,936,026	27,910,751	80,846,777	
2028-2032	39,055,000	12,992,436	52,047,436	
2033-2037	37,010,000	5,503,210	42,513,210	
Total	<u>\$ 172,995,671</u>	<u>\$ 88,752,753</u>	<u>\$ 261,748,424</u>	

Year Ending June 30	Other Loans			
	Principal	Interest	Other Fees	Total
2018	\$ 1,065,501	\$ 168,350	\$ 245	\$ 1,234,096
2019	922,640	36,000	245	958,885
Total	<u>\$ 1,988,141</u>	<u>\$ 204,350</u>	<u>\$ 490</u>	<u>\$ 2,192,981</u>

There is \$10,560,240 available in the General Debt Service Fund to service long-term debt. Bonded debt per capita totaled \$1,406, based on the 2010 federal census. Total debt per capital, including bonds, other loans, capital leases, and unamortized debt premiums, totaled \$1,646, based on the 2010 federal census.

The county also issued revenue bonds and general obligation bonds on behalf of Blount Memorial Hospital, Inc. The Series 2014 Hospital Revenue Bonds outstanding at June 30, 2017, totaled \$2,297,889. The county is not liable for these bonds in case of default by the hospital. The Series 2013A bonds issued on behalf of the hospital carry the general obligation pledge of the county in addition to being payable from hospital revenues. Series 2013A bonds outstanding at June 30, 2017, totaled \$75,325,000. These are discussed further in Note V.D. These bonds are reflected as liabilities on the financial statements of Blount Memorial Hospital, Inc., a discretely presented component unit.

The School Department is currently contributing funds to service some of the debt issued on its behalf by the primary government as noted in the table below. This debt is reflected in the government-wide financial statements as Due to the Primary Government in the financial statements of the School Department and as Due from Component Units in the financial statements of the primary government.

Description of Indebtedness	Outstanding 6-30-17
<u>Capital Leases</u>	
<u>Contributions from the General Purpose School Fund</u>	
School Energy Facility Upgrades	\$ 904,690

Changes in Long-term Obligations

Long-term obligations activity for the year ended June 30, 2017, was as follows:

	Bonds	Other Loans	Capital Leases
Balance, July 1, 2016	\$ 168,532,600	\$ 25,573,706	\$ 2,809,985

Balance, July 1, 2016	\$ 3,177,717	\$ 3,296,695	\$ (1,816,614)
Additions	726,604	2,106,584	5,911,860
Reductions	(480,820)	(2,304,480)	(4,055,595)
	<hr/>	<hr/>	<hr/>
Balance, June 30, 2017	\$ 3,423,501	\$ 3,098,799	39,651
	<hr/> <hr/>	<hr/> <hr/>	<hr/> <hr/>
Balance Due Within One Year	\$ 0	\$ 1,394,460	\$ 0

(1) The agent pension plan reported a net pension asset at July 1, 2016.

Analysis of Noncurrent Liabilities Presented on Exhibit A:

Total Noncurrent Liabilities, June 30, 2017	\$ 183,795,128
Less: Balance Due Within One Year	(10,346,118)
Add: Unamortized Premium on Debt	<u>25,281,768</u>
Noncurrent Liabilities - Due in More Than One Year - Exhibit A	<u>\$ 198,730,778</u>

Compensated absences and other postemployment benefits will be paid from the employing funds, primarily the General and Highway/Public Works funds.

Current and Advance Refunding

During the year, Blount County refunded several PBA loans and general obligation bond issues. The county issued a total of \$125,930,000 of Series 2016 A and B fixed rate general obligation bonds and received a premium on the issues of \$24,898,990. Proceeds of the bonds, along with the premium received and \$5,000,000 from the General Debt Service Fund balance, were used to refund the following debt issues and to provide funds to terminate interest rate swap agreements associated with the Series 2013 B bond issue.

Issue	Principal Amount Refunded	Called and Redeemed During the Year	Outstanding but Defeased as of 6-30-17	Call Date for Outstanding Defeased Debt
PBA Loans:				
Series B-10-A	\$ 900,000	\$ 900,000	\$ -	
Series B-16-A	18,755,000	-	18,755,000	6-1-2018
Series B-17-A	2,070,000	-	2,070,000	6-1-2018
General Obligation Refunding Bonds:				
Series 2004 A	2,115,000	2,115,000	-	
Series 2004 B	1,645,000	1,645,000	-	
Series 2005	4,695,000	4,695,000	-	
Series 2011	27,270,000	-	27,270,000	6-1-2021
Series 2013 B	79,435,000	79,435,000 (1)	-	
Total	\$ 136,885,000	\$ 88,790,000	\$ 48,095,000	

(1) The county paid \$12,914,000 to terminate interest rate swap agreements associated with this issue. See Note IV.C. for discussion of those agreements.

For the refunded debt issues, which could not be called and redeemed immediately, the funds provided were used to purchase U.S. government securities that were placed in an irrevocable trust to generate resources for all future debt service payments of the refunded debt. As a result, the remaining outstanding refunded debt issues are considered defeased, and the liability has been removed from the county's long-term debt.

As a result of the refunding, total debt service payments over the next 20 years were estimated to be reduced by approximately \$3,350,000, and an economic gain (difference between the present value of the debt service payments of the refunded and refunding bonds) of approximately \$940,000 was estimated at the time of sale (11/7/2016) to be obtained. Actual savings or loss will vary from those estimates depending on the performance of the variable rate indices related to the refunded Series 2013 B debt.

Discretely Presented Blount County School Department

Changes in Long-term Obligations

Long-term obligations activity for the discretely presented Blount County School Department for the year ended June 30, 2017, was as follows:

	Compensated Absences	Other Postemployment Benefits
Balance, July 1, 2016	\$ 1,337	\$ (43,770)
Additions	0	1,329,660
Reductions	(1,337)	(1,035,845)
Balance, June 30, 2017	<u>\$ 0</u>	<u>\$ 250,045</u>
Balance Due Within One Year	<u>\$ 0</u>	<u>\$ 0</u>

	Net Pension Liability - Agent Plan (1)	Net Pension Liability - Teacher Legacy Plan
Balance, July 1, 2016	\$ (681,137)	\$ 444,484
Additions	2,277,431	18,240,941
Reductions	(1,580,981)	(11,572,439)
Balance, June 30, 2017	<u>\$ 15,313</u>	<u>\$ 7,112,986</u>
Balance Due Within One Year	<u>\$ 0</u>	<u>\$ 0</u>

(1) The Agent Plan reported a net pension asset at July 1, 2016.

Analysis of Noncurrent Liabilities Presented on Exhibit A:

Total Noncurrent Liabilities, June 30, 2017	\$ 7,378,344
Less: Balance Due Within One Year	<u>0</u>
Noncurrent Liabilities - Due in More Than One Year - Exhibit A	<u>\$ 7,378,344</u>

Net pension liabilities and other postemployment benefits will be paid from the employing funds, primarily the General Purpose School and School Federal Project funds.

I. On-behalf Payments – Discretely Presented Blount County School Department

The State of Tennessee pays health insurance premiums for retired teachers on-behalf of the Blount County School Department. These payments are made by the state to the Medicare Supplement Plan. This plan is administered by the State of Tennessee and reported in the state's Comprehensive Annual Financial Report. Payments by the state to the Medicare Supplement Plan for the year ended June 30, 2017, were \$62,213. The School Department has

recognized these on-behalf payments as revenues and expenditures in the General Purpose School Fund.

J. Donor-restricted Endowments

The county accounts for an endowment totaling \$485,403 in a permanent fund, the Endowment Fund. The principal amount must remain intact, while interest earned on the principal is to be used for operating an orphan's or children's home owned by Blount County. In prior years, the interest earned was used to operate the Blount County Children's Home; however, during the year ended June 30, 2014, the children's home ceased operations and as of December 2013, the county quit submitting payments to the children's home. During the year ended June 30, 2017, interest earned totaled \$2,577. As of June 30, 2017, the Endowment Fund has accumulated a balance of \$13,041 of unspent earned interest. As of the date of this report, the county has yet to determine how to spend the earned interest.

V. OTHER INFORMATION

A. Risk Management

Blount County has chosen to establish a self-insurance fund for risks associated with the general liability, property, casualty, employees' health plan, and risks associated with workers' compensation claims. The self-insurance fund is accounted for as an internal service fund where assets are set aside for claim settlements. The county retains the risk of loss to a limit of \$300,000 for each employee in any plan year for health coverage, \$500,000 for each employee and \$1,000,000 for all claims in any plan year for workers' compensation coverage, and \$100,000 for building and personal property coverage. The county has obtained stop/loss commercial insurance policies to cover claims beyond these limits. The county does not carry stop-loss coverage for general liability. Employee dental claims are covered by commercial insurance.

All full-time employees of the primary government and the discretely presented Blount County School Department are eligible to participate in the health program. A premium charge for the general liability, property, casualty, health, and workers' compensation programs is allocated to each fund that accounts for employees. This charge is based on actuarial estimates of the amounts needed to pay prior- and current-year claims and to establish a reserve for catastrophic losses. The portion of net position of the internal service fund attributable to health coverage was \$2,772,674 and the portion attributable to general liability, property, casualty, and workers' compensation was \$1,579,951 at June 30, 2017. Those amounts have been designated by management for future catastrophic losses. Liabilities of this fund are reported when losses are probable and the amount of the losses can be reasonably estimated. The self-insurance fund establishes claims liabilities based on estimates of the ultimate cost of claims that have been reported but not settled,

and of claims that have been incurred but not reported. It is expected that these claims liabilities will be paid within the next fiscal year. Claims liabilities include specific, incremental claims adjustment expenditures/expenses, if any. In addition, estimated recoveries, if any, on settled claims have been deducted from the liability for unpaid claims. The process used to compute claims liabilities does not necessarily result in an exact amount. Changes in the balance of claims liabilities during the past two fiscal years are as follows:

General Liability, Property, Casualty, and Workers' Compensation

	Beginning of Fiscal Year Liability	Current-year Claims and Estimates	Payments	Balance at Fiscal Year-end
2015-2016	\$ 2,492,585	\$ 1,050,535	\$ (1,047,054)	\$ 2,496,066
2016-2017	2,496,066	951,968	(1,047,034)	2,401,000

Health

	Beginning of Fiscal Year Liability	Current-year Claims and Estimates	Payments	Balance at Fiscal Year-end
2015-2016	\$ 1,138,566	\$ 17,484,299	\$ (17,775,315)	\$ 847,550
2016-2017	847,550	16,032,052	(16,457,242)	422,360

On Exhibit D-1, the balance in the Accounts Payable account on the Statement of Net Position includes \$422,360 related to self-insured claims, and the balance in the account Other Current Liabilities includes internal service fund liabilities of \$2,401,000 for other self-insured claims.

B. Accounting Changes

Provisions of Governmental Accounting Standards Board (GASB) Statement No. 74, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*; Statement No. 77, *Tax Abatement Disclosures*; Statement No. 78, *Pensions Provided through Certain Multiple-Employer Defined Benefit Pension Plans*; Statement No. 80, *Blending Requirements for Certain Component Units*; and Statement No. 82, *Pension Issues an amendment of GASB Statements No. 67, No. 68, and No. 73*, became effective for the year ended June 30, 2017.

GASB Statement No. 74, establishes accounting and reporting requirements for postemployment benefits other than pensions (other postemployment benefits or OPEB), which are included in the general purpose external

financial reports of state and local governmental OPEB plans. This statement replaces GASB Statements No. 43 and No. 57. It also includes requirements for defined contribution OPEB plans that replace the requirements in statements No. 25, No. 43, and No. 50. The scope of this statement includes OPEB plans, both defined benefit and defined contribution, administered through trusts meeting the necessary criteria as well as reporting assets accumulated through OPEB plans that are not administered through trusts that meet the specified criteria.

GASB Statement No. 77, established reporting requirements for tax abatements. This standard requires the disclosure of information about the nature and magnitude of tax abatement agreements entered into by state and local governments that reduce the government's tax revenues.

GASB Statement No. 78, amends Statement No. 68 to exclude certain pensions provided to employees of state or local governments through a cost-sharing multiple-employer pension plans that are not state or local plans and meet specific other criteria. This statement establishes recognition, measurement, and reporting criteria for these plans.

GASB Statement No. 80, amends the blending requirements of paragraph 53 of Statement No. 14. This standard adds additional blending criterion, which requires blending of a component unit incorporated as a not-for-profit corporation in which the primary government is the sole corporate member.

GASB Statement No. 82 amends Statements No. 67, No. 68, and No. 73. This standard establishes covered payroll as the payroll on which contributions to a pension plan are based in the Required Supplementary Information. In addition, this standard clarifies that employer paid member contributions should be considered plan member contributions for purposes of applying Statement No. 67, and employee contributions for the purposes of applying Statement No. 68. This standard further states that an employer's expense and expenditures for employer paid member contributions should be recognized in the period for which the contribution is assessed and classified in the same manner that the employer classifies similar compensation other than pensions (for example, as salaries and wages or as fringe benefits).

C. Contingent Liabilities

Blount County is contingently liable for certain debt issued on behalf of Blount Memorial Hospital, Inc. Outstanding Series 2013A Bonds reflected in long-term debt for the hospital (see Note VI.H.) are payable from, but not secured by, revenues of the hospital. This issue also carries the general obligation pledge of the county. Therefore, Blount County would be liable in the event of default by the hospital. Outstanding principal amounts for the bonds as of June 30, 2017, totaled \$75,325,000.

There are several pending lawsuits in which the county is involved. Management has provided for potential claims and judgments in the financial statements of the self-insurance fund in this report. Based on letters from attorneys, management believes that potential claims not already recorded in the self-insurance fund would not materially affect the financial statements of the county.

D. Changes in Administration

On August 31, 2016, Margaret Flynn left the Office of County Clerk and was succeeded by Gaye Hasty.

E. Joint Ventures

The Industrial Development Board of Blount County and the cities of Alcoa and Maryville was organized to promote industrial development and provide additional job opportunities in Blount County, the cities of Alcoa and Maryville, and the surrounding counties in accordance with Title 7, Chapter 53, *Tennessee Code Annotated*. The board is governed by a ten-member board of directors appointed jointly by the Blount County Commission and the governing bodies of Maryville and Alcoa. The board provides incentives toward the location of certain industrial facilities in the county and cities. Upon approval for the Industrial Development Board to provide these incentives, the county commission also expressed its intent to provide certain funding for these incentives in future years. During the year, Blount County provided \$1,062,200 to the Industrial Development Board to be applied toward those incentives, related debt payments, and operations of the board.

The Fifth Judicial District Drug Task Force (DTF) is a joint venture formed by an interlocal agreement between the district attorney general of the Fifth Judicial District, Blount County, and various cities within Blount County. The purpose of the DTF is to provide multi-jurisdictional law enforcement to promote the investigation and prosecution of drug-related activities. Funds for the operations of the DTF come primarily from federal grants, drug fines, and the forfeiture of drug-related assets to the DTF. The DTF is overseen by the district attorney general and is governed by a board of directors including the district attorney general, sheriffs, and police chiefs of participating law enforcement agencies within each judicial district.

The Blount County Solid Waste Authority is a joint venture that is operated by Blount County, the City of Alcoa, and the City of Maryville. The authority comprises 11 members, three of whom are appointed by the Blount County Commission. The cities appoint two members each, and the remaining members are selected from the citizens at large and from private industry. Blount County has control over budgeting and financing the joint venture only to the extent of representation by the three appointed authority members. Blount County, along with the City of Alcoa and the City of Maryville, has

entered into two contracts in-lieu-of performance bonds with the Tennessee Department of Environment and Conservation to ensure the proper operation and closure/postclosure care of the Blount County landfill, which is operated by the Blount County Solid Waste Authority. The total of these contracts in-lieu-of performance bonds is \$12,813,462, of which Blount County has guaranteed 40 percent and the two cities the remaining 60 percent, equally. Complete financial statements for the Blount County Solid Waste Authority may be obtained from the City of Alcoa.

The Blount County Cable Television Authority is a joint venture between Blount County, the City of Maryville, and the City of Alcoa, which regulates the operation of cable television service in Blount County. The authority comprises nine members, three of whom are appointed by the Blount County Commission. The remaining six members are appointed by the cities. Blount County has control over budgeting and financing the joint venture only to the extent of representation by the three board members appointed. The authority funds its budget through the collection of cable television franchise fees from companies under its jurisdiction. After payment of the authority's expenses, the residual of those collections is remitted to the county and the two cities based on point of collection.

The Recreation and Parks Commission is a joint venture between Blount County, the City of Maryville, and the City of Alcoa, which operates a recreation and parks system in Blount County. The commission includes seven members, two of whom are appointed by the Blount County Commission. Four members are appointed by the cities, and one member is appointed by the joint commission. Blount County has control over budget and financing of the commission only to the extent of representation by the two board members appointed. Contributions toward operations are provided annually by the county and the cities based on a per capita cost-sharing formula. Blount County contributed \$693,977 to the operations of the commission during the year ended June 30, 2017.

The Smoky Mountain Tourism Development Authority is a nonprofit entity chartered in June 2012 to promote tourism in the county. The authority was established jointly by the county, the City of Maryville, and the City of Alcoa. The authority is governed by a ten-member board, which includes one representative of the county. The authority's primary funding source is proceeds of a hotel-motel tax, which is levied by the county commission pursuant to a private act. The authority is entitled to 70 percent of the hotel-motel tax. The tax is currently set at a rate of five percent, which is the maximum allowed.

The county does not retain an equity interest in any of the noted joint ventures. Complete financial information for these joint ventures can be obtained from their respective administrative offices at the following addresses:

F. Intergovernmental Cooperation Agreement – Research and Development Park

In May 2006, the Industrial Development Board of Blount County entered into an intergovernmental cooperation agreement with Blount County, Tennessee, the City of Maryville, Tennessee, the City of Alcoa, Tennessee, and Knox County, Tennessee. The agreement calls for the acquisition of property to be developed into a research and development park. The purchase price and subsequent development costs were funded jointly by the four participating governments (\$5,000,000 each). These governments are to be repaid with interest at six percent from sales proceeds. The four governments share excess sales proceeds and property tax revenues equally. No property has been sold in the park since the inception of the agreement.

G. Retirement Commitments

1. Tennessee Consolidated Retirement System (TCRS)

Primary Government

General Information About the Pension Plan

Plan Description. Most employees of Blount County and the non-certified employees of the discretely presented Blount County School Department are provided a defined benefit pension plan (Blount County Plan) through the Public Employee Retirement Plan, an agent multiple-employer pension plan administered by the TCRS. The primary government employees comprised 72.14 percent and the non-certified employees of the discretely presented School Department comprised 27.86 percent of the plan based on contribution data. In addition, certain other county employees are provided a defined benefit pension plan (Blount County Library Plan) through the Public Employee Retirement Plan, an agent multiple-employer pension plan administered by the TCRS. The primary government employees comprised 100 percent of the Blount County Library based on contribution data. The TCRS was created by state statute under *Tennessee Code Annotated (TCA)*, Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publicly available financial report that can be obtained at www.treasury.tn.gov/tcrs.

Benefits Provided. TCA, Title 8, Chapters 34-37 establish the benefit terms and can be amended only by the Tennessee General Assembly. The chief legislative body may adopt the benefit terms permitted by statute. Members are eligible to retire with an unreduced benefit at age 60 with five years of service credit or after 30 years of service credit regardless of age. Benefits are determined by a formula using the member's highest five consecutive year average compensation and the member's years of service credit. Reduced benefits for early retirement are available to vested members at age 55. Members vest with five years of service credit. Service related disability benefits are provided regardless of length of service. Five years of service is required for non-service related disability eligibility. The service related and non-service related disability benefits are determined in the same manner as a service retirement benefit but are reduced ten percent and include projected service credits. A variety of death benefits is available under various eligibility criteria.

Member and beneficiary annuitants of the are entitled to an automatic cost of living adjustment (COLA) after retirement. A COLA is granted each July for annuitants retired prior to the second of July of the previous year. The COLA is based on the change in the consumer price index (CPI) during the prior calendar year, capped at three percent, and applied to the current benefit. No COLA is granted if the change in the CPI is less than one-half percent. A one percent COLA is granted if the CPI change is between one-half percent and one percent. A member who leaves employment may withdraw their employee contributions plus any accumulated interest.

Employees Covered by Benefit Terms. At the measurement date of June 30, 2016, the following employees were covered by the benefit terms:

Blount County Plan:

Inactive Employees or Beneficiaries Currently Receiving Benefits	547
Inactive Employees Entitled to But Not Yet Receiving Benefits	725
Active Employees	842
Total	<u><u>2,114</u></u>

Blount County Library Plan:

Inactive Employees or Beneficiaries Currently Receiving Benefits	12
Inactive Employees Entitled to But Not Yet Receiving Benefits	7
Active Employees	20
Total	<u><u>39</u></u>

Contributions. Contributions for employees are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly. Employees contribute five percent of salary. Blount County makes employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. For the year ended June 30, 2017, the employer contribution for the Blount County Plan was \$3,799,166 based on a rate of 11.38 and 14.88 percent of covered payroll for general employees and public safety officers, respectively. For the year ended June 30, 2017, the employer contribution for the Blount County Library Plan was \$2,245 based on a rate of 0.3 percent of covered payroll. By law, employer contributions are required to be paid. The TCRS may intercept Blount County's state shared taxes if required employer contributions are not remitted. The employer's actuarially determined contributions (ADC) and member

contributions are expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

Net Pension Liability (Asset)

Blount County's net pension liability (asset) was measured as of June 30, 2016, and the total pension liability (asset) used to calculate net pension liability (asset) was determined by an actuarial valuation as of that date.

Actuarial Assumptions. The total pension liability as of the June 30, 2016, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3%
Salary Increases	Graded Salary Ranges from 8.97% to 3.71% Based on Age, Including Inflation, Averaging 4.25%
Investment Rate of Return	7.5%, Net of Pension Plan Investment Expenses, Including Inflation
Cost-of-Living Adjustment	2.50%

Mortality rates were based on actual experience from the June 30, 2012, actuarial experience study, adjusted for some of the expected future improvement in life expectancy.

The actuarial assumptions used in the June 30, 2016, actuarial valuation were based on the results of an actuarial experience study performed for the period July 1, 2008, through June 30, 2012. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees in conjunction with the June 30, 2012, actuarial experience study by considering the following three techniques: (1) the 25-year historical return of the TCRS at June 30, 2012, (2) the historical market returns of asset classes from 1926 to 2012 using the TCRS investment policy asset allocation, and (3) capital market projections that were utilized as a building-block method in which best-estimate ranges of expected future real rate of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. Four sources of capital market projections were blended and utilized in the third technique. The blended capital market projection established the long-term expected rate of return by weighting the expected future real rate of return by the target asset allocation percentage and by adding

inflation of three percent. The target allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Percentage Long-term Expected Real Rate of Return	Percentage Target Allocations
U.S. Equity Developed Market	6.46 %	33 %
International Equity Emerging Market	6.26	17
International Equity Private Equity and Strategic Lending	6.40	5
U.S. Fixed Income	4.61	8
Real Estate	0.98	29
Short-term Securities	4.73	7
	0.00	1
Total		100 %

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 7.5 percent based on a blending of the three factors described above.

Discount Rate. The discount rate used to measure the total pension liability was 7.5 percent. The projection of cash flows used to determine the discount rate assumes that employee contributions will be made at the current rate and that contributions from Blount County will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Changes in the Net Pension Liability (Asset)

Sensitivity of the Net Pension Liability (Asset) to Changes in the Discount Rate. The following presents the net pension liability (asset) of Blount County calculated using the discount rate of 7.5 percent, as well as what the net pension liability (asset) would be if it was calculated using a discount rate that is one percentage point lower (6.5%) or one percentage point higher (8.5%) than the current rate:

	1%	Current	1%
	Decrease	Discount	Increase
Blount County		Rate	
Plan:	6.5%	7.5%	8.5%

Net Pension Liability \$ 14,537,511 \$ 54,964 \$ (12,022,791)

	1%	Current	1%
	Decrease	Discount	Increase
Blount County		Rate	
Library Plan:	6.5%	7.5%	8.5%

Net Pension Liability \$ 132,134 \$ (174,459) \$ (435,093)

Pension Expense (Income) and Deferred Outflows of Resources and Deferred Inflows of Resources to Pensions

Pension Expense. For the year ended June 30, 2017, the Blount County Plan recognized pension expense of \$771,151 and the Blount County Library Plan recognized pension expense of \$13,003.

Deferred Outflows of Resources and Deferred Inflows of Resources. For the year ended June 30, 2017, Blount County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Blount County Plan:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference Between Expected and Actual Experience	\$ 0	\$ 1,317,786
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	3,746,412	0
Contributions Subsequent to the Measurement Date of June 30, 2016 (1)	3,799,166	N/A
Total	<u>\$ 7,545,578</u>	<u>\$ 1,317,786</u>

Blount County Library Plan:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference Between Expected and Actual Experience	\$ 213,602	\$ 106,447
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	97,058	0
Contributions Subsequent to the Measurement Date of June 30, 2016 (1)	2,245	N/A
Total	<u>\$ 312,905</u>	<u>\$ 106,447</u>

- The amount shown above for “Contributions Subsequent to the Measurement Date of June 30, 2016,” will be recognized as a reduction (increase) to net pension liability (asset) in the following measurement period.

Blount County Plan:

Allocation of Agent Plan Deferred Outflows of Resources and Deferred Inflows of Resources

	Deferred Outflows of Resources	Deferred Inflows of Resources
Primary Government	\$ 5,421,408	\$ 950,651
School Department	<u>2,124,170</u>	<u>367,135</u>
Total	<u>\$ 7,545,578</u>	<u>\$ 1,317,786</u>

Amounts reported as deferred outflows of resources, with the exception of contributions subsequent to the measurement date, and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Blount County Plan:

Year Ending June 30	Amount
2018	\$ (171,780)
2019	(171,780)
2020	1,728,844
2021	1,043,349
2022	0
Thereafter	0

Blount County Library Plan:

Year Ending June 30	Amount
2018	\$ 5,707
2019	112,154
2020	59,065
2021	27,283
2022	0
Thereafter	0

In the tables shown above, positive amounts will increase pension expense while negative amounts will decrease pension expense.

Payable to the Pension Plan

At June 30, 2017, the Blount County Plan reported a payable of \$522,240 and the Blount County Library Plan reported a payable of \$3,749 for the outstanding amount of contributions to the pension plan required at the year ended June 30, 2017.

Discretely Presented Blount County School Department

Non-certified Employees

General Information About the Pension Plan

Plan Description. As noted above under the primary government, employees of Blount County and non-certified employees of the discretely presented Blount County School Department are provided a defined benefit pension plan through the Public Employee Retirement Plan, an agent multiple-employer pension plan administered by the TCRS. The primary government employees comprise 72.14 percent and

the non-certified employees of the discretely presented School Department comprise 27.86 percent of the plan based on contribution data.

Certified Employees

Teacher Retirement Plan

General Information About the Pension Plan

Plan Description. Teachers of the Blount County School Department with membership in the TCRS before July 1, 2014, are provided with pensions through the Teacher Legacy Pension Plan, a cost-sharing multiple-employer pension plan administered by the TCRS. The Teacher Legacy Pension Plan is closed to new membership. Teachers with membership in the TCRS after June 30, 2014, are provided with pensions through a legally separate plan referred to as the Teacher Retirement Plan, a cost-sharing multiple-employer pension plan administered by the TCRS. The TCRS was created by state statute under *Tennessee Code Annotated (TCA)*, Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of all employer pension plans in the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publicly available financial report that can be obtained at www.treasury.tn.gov/tcrs.

Benefits Provided. TCA, Title 8, Chapters 34-37 establish the benefit terms and can be amended only by the Tennessee General Assembly. Members are eligible to retire with an unreduced benefit at age 65 with five years of service credit or pursuant to the rule of 90 in which the member's age and service credit total 90. Benefits are determined by a formula using the member's highest five consecutive year average compensation and the member's years of service credit. A reduced early retirement benefit is available to vested members at age 60 or pursuant to the rule of 80. Members are vested with five years of service credit. Service related disability benefits are provided regardless of length of service. Five years of service is required for non-service related disability eligibility. The service related and non-service related disability benefits are determined in the same manner as a service retirement benefit but are reduced ten percent and include projected service credits. A variety of death benefits is available under various eligibility criteria. Member and beneficiary annuitants are entitled to an automatic cost of living adjustment (COLA) after retirement. A COLA is granted each July for annuitants retired prior to the second of July of the previous year. The COLA is based on the change in the consumer price index (CPI) during the prior calendar year, capped at three percent, and applied to the current benefit. No COLA is granted

if the change in the CPI is less than one-half percent. A one percent COLA is granted if the CPI change is between one-half percent and one percent. Members who leave employment may withdraw their employee contributions, plus any accumulated interest. Under the Teacher Retirement Plan, benefit terms and conditions, including COLA, can be adjusted on a prospective basis. Moreover, there are defined cost controls and unfunded liability controls that provide for the adjustment of benefit terms and conditions on an automatic basis.

Contributions. Contributions for teachers are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly or by automatic cost controls set out in law. Teachers are required to contribute five percent of their salary to the plan. The Local Education Agencies (LEAs) make employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. Per the statutory provisions governing TCRS, the employer contribution rate cannot be less than four percent, except in years when the maximum funded level, approved by the TCRS Board of Trustees, is reached. By law, employer contributions for the Teacher Retirement Plan are required to be paid. The TCRS may intercept the state shared taxes of the sponsoring governmental entity of the LEA if the required employer contributions are not remitted. Employer contributions for the year ended June 30, 2017, to the Teacher Retirement Plan were \$138,463, which is four percent of covered payroll. The employer rate, when combined with member contributions, is expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

Pension Liabilities (Assets), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Pension Liabilities (Assets). At June 30, 2017, the Blount County School Department reported an asset of \$55,243 for its proportionate share of the net pension asset. The net pension asset was measured as of June 30, 2016, and the total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of that date. The Blount County School Department's proportion of the net pension asset was based on the Blount County School Department's share of contributions to the pension plan relative to the contributions of all participating LEAs. At the measurement date of June 30, 2016, the Blount County School Department's proportion was .530660 percent. The revised proportion measured at June 30, 2015, was .448659 percent.

Pension Expense. For the year ended June 30, 2017, the Blount County School Department recognized pension expense of \$46,059.

Deferred Outflows of Resources and Deferred Inflows of Resources. For the year ended June 30, 2017, the Blount County School Department reported deferred outflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference Between Expected and Actual Experience	\$ 5,353	\$ 6,369
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	9,045	0
Changes in Proportion of Net Pension Liability (Asset)	0	2,300
LEA's Contributions Subsequent to the Measurement Date of June 30, 2016	138,463	0
Total	<u>\$ 152,861</u>	<u>\$ 8,669</u>

The Blount County School Department's employer contributions of \$138,463, reported as pension related deferred outflows of resources subsequent to the measurement date, will be recognized as an increase of net pension liability asset in the year ending June 30, 2018. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending June 30	Amount
2018	\$ 2,044
2019	2,044
2020	2,044
2021	1,613
2022	(325)
Thereafter	(1,694)

Actuarial Assumptions. The total pension liability in the June 30, 2016, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3%
Salary Increases	Graded Salary Ranges from 8.97% to 3.71% Based on Age, Including Inflation, Averaging 4.25%
Investment Rate of Return	7.5%, Net of Pension Plan Investment Expenses, Including Inflation
Cost of Living Adjustment	2.5%

Mortality rates are customized based on the June 30, 2012, actuarial experience study and some included adjustment for expected future improvement in life expectancy.

The actuarial assumptions used in the June 30, 2016, actuarial valuation were based on the results of an actuarial experience study performed for the period July 1, 2008, through June 30, 2012. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees in conjunction with the June 30, 2012, actuarial experience study by considering the following three techniques: (1) the 25-year historical return of the TCRS at June 30, 2012, (2) the historical market returns of asset classes from 1926 to 2012 using the TCRS investment policy asset allocation, and (3) capital market projections that were utilized as a building-block method in which best-estimate ranges of expected future real rate of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. Four sources of capital market projections were blended and utilized in the third technique. The blended capital market projection established the long-term expected rate of return by weighting the expected future real rate of return by the target asset allocation percentage and by adding inflation of three percent. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Percentage Long-term Expected Real Rate of Return	%	Percentage Target Allocations	%
U.S. Equity Developed Market	6.46	%	33	%
International Equity Emerging Market	6.26		17	
International Equity Private Equity and Strategic Lending	6.40		5	
U.S. Fixed Income Real Estate	4.61		8	
	0.98		29	
	4.73		7	
Short-term Securities	0.00		1	
Total			100	%

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 7.5 percent based on a blending of the three factors described above.

Discount Rate. The discount rate used to measure the total pension liability was 7.5 percent. The projection of cash flows used to determine the discount rate assumes that employee contributions will be made at the current rate and that contributions from all the LEAs will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Proportionate Share of Net Pension Liability (Asset) to Changes in the Discount Rate. The following presents the Blount County School Department's proportionate share of the net pension liability (asset) calculated using the discount rate of 7.5 percent, as well as what the Blount County School Department's proportionate share of the net pension liability (asset) would be if it was calculated using a discount rate that is one percentage point lower (6.5%) or one percentage point higher (8.5%) than the current rate:

School Department's Proportionate Share of the Net Pension Liability (Asset)	1% Decrease 6.5%	Current Discount Rate 7.5%	1% Increase 8.5%
Net Pension Liability	\$ 26,087	\$ (55,243)	\$ 115,167

Pension Plan Fiduciary Net Position. Detailed information about the pension plan's fiduciary net position is available in a separately issued TCRS financial report.

Payable to the Pension Plan

At June 30, 2017, the Blount County School Department reported a payable of \$17,726 for the outstanding amount of contributions to the pension plan required for the year ended June 30, 2017.

Teacher Legacy Pension Plan

General Information About the Pension Plan

Plan Description. Teachers of the Blount County School Department with membership in the TCRS before July 1, 2014, are provided with pensions through the Teacher Legacy Pension Plan, a cost-sharing multiple-employer pension plan administered by the TCRS. The Teacher Legacy Pension Plan closed to new membership on June 30, 2014, but will continue providing benefits to existing members and retirees. Beginning July 1, 2014, the Teacher Retirement Plan became effective for teachers employed by LEAs after June 30, 2014. The Teacher Retirement Plan is a separate cost-sharing, multiple-employer defined benefit plan. The TCRS was created by state statute under *Tennessee Code Annotated (TCA)*, Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of all employer pension plans in the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publicly available financial report that can be obtained at www.treasury.tn.gov/tcrs.

Benefits Provided. TCA, Title 8, Chapters 34-37 establish the benefit terms and can be amended only by the Tennessee General Assembly. Members of the Teacher Legacy Pension Plan are eligible to retire with an unreduced benefit at age 60 with five years of service credit or after 30 years of service credit regardless of age. Benefits are determined by a formula using the member's highest five consecutive year average compensation and the member's years of service credit. A reduced early retirement benefit is available to vested members at age 55. Members are vested with five years of service credit. Service related disability

benefits are provided regardless of length of service. Five years of service is required for non-service related disability eligibility. The service related and non-service related disability benefits are determined in the same manner as a service retirement benefit but are reduced ten percent and include projected service credits. A variety of death benefits is available under various eligibility criteria. Member and beneficiary annuitants are entitled to an automatic cost of living adjustment (COLA) after retirement. A COLA is granted each July for annuitants retired prior to the second of July of the previous year. The COLA is based on the change in the consumer price index (CPI) during the prior calendar year, capped at three percent, and applied to the current benefit. No COLA is granted if the change in the CPI is less than one-half percent. A one percent COLA is granted if the CPI change is between one-half and one percent. A member who leaves employment may withdraw their employee contributions, plus any accumulated interest. Under the Teacher Legacy Pension Plan, benefit terms and conditions, including COLAs can be adjusted on a prospective basis. Moreover, there are defined cost controls and unfunded liability controls that provide for the adjustment of benefit terms and conditions on an automatic basis.

Contributions. Contributions for teachers are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly. Teachers are required to contribute five percent of their salaries. The Local Education Agencies (LEAs) make employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. By law, employer contributions for the Teacher Legacy Pension Plan are required to be paid. The TCRS may intercept the state shared taxes of the sponsoring governmental entity of the LEA if the required employer contributions are not remitted. Employer contributions by the Blount County School Department for the year ended June 30, 2017, to the Teacher Legacy Pension Plan were \$3,715,849, which is 9.04 percent of covered payroll. The employer rate, when combined with member contributions, is expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

Pension Liabilities (Assets), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Pension Liability (Assets). At June 30, 2017, the Blount County School Department reported a liability of \$7,112,986 for its proportionate share of the net pension liability. The net pension liability (asset) was measured as of June 30, 2016, and the total pension liability used to calculate the net pension liability (asset) was determined by an actuarial valuation as of that date. The Blount County School

Department's proportion of the net pension liability (asset) was based on the Blount County School Department's long-term share of contributions to the pension plan relative to the contributions of all participating LEAs. At the measurement date of June 30, 2016, the Blount County School Department's proportion was 1.138179 percent. The proportion measured at June 30, 2015, was 1.085075 percent.

Pension Expense. For the year ended June 30, 2017, the Blount County School Department recognized pension expense of \$912,929.

Deferred Outflows of Resources and Deferred Inflows of Resources. For the year ended June 30, 2017, the Blount County School Department reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
	<u> </u>	<u> </u>
Difference Between Expected and Actual Experience	\$ 299,340	\$ 8,611,469
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	7,941,746	0
Changes in Proportion and Differences Between LEA's Contributions and Proportionate Share of Contributions	580,204	200,972
Changes in Proportion of Net Pension Liability (Asset)		
LEA's Contributions Subsequent to the Measurement Date of June 30, 2016	<u>3,715,849</u>	<u>N/A</u>
Total	<u>\$ 12,537,139</u>	<u>\$ 8,812,441</u>

The Blount County School Department's employer contributions of \$3,715,849 reported as pension related deferred outflows of resources subsequent to the measurement date, will be recognized as an increase in net pension asset in the year ending June 30, 2018. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending June 30	Amount
2018	\$ (1,256,287)
2019	(1,256,287)
2020	2,553,364
2021	448,669
2022	(480,612)
Thereafter	0

In the table above, positive amounts will increase pension expense, while negative amounts will decrease pension expense.

Actuarial Assumptions. The total pension liability in the June 30, 2016, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3%
Salary Increases	Graded Salary Ranges from 8.97% to 3.71% Based on Age, Including Inflation, Averaging 4.25%
Investment Rate of Return	7.5%, Net of Pension Plan Investment Expenses, Including Inflation
Cost of Living Adjustment	2.5%

Mortality rates are customized based on the June 30, 2012, actuarial experience study and some included adjustments for expected future improvement in life expectancy.

The actuarial assumptions used in the June 30, 2015, actuarial valuation were based on the results of an actuarial experience study performed for the period July 1, 2008, through June 30, 2012. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees in conjunction with the June 30, 2012, actuarial experience study by considering the following three techniques: (1) the 25-year historical return of the TCRS at June 30, 2012, (2) the historical market returns of asset classes from 1926 to 2012 using the TCRS investment policy asset allocation, and (3) capital market projections that were utilized as a building-block method in which best-estimate ranges of expected future real rate of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. Four sources of

capital market projections were blended and utilized in the third technique. The blended capital market projection established the long-term expected rate of return by weighting the expected future real rate of return by the target asset allocation percentage and by adding inflation of three percent. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Percentage Long-term Expected Real Rate of Return	Percentage Target Allocations
U.S. Equity Developed Market	6.46 %	33 %
International Equity Emerging Market	6.26	17
International Equity Private Equity and Strategic Lending	6.40	5
U.S. Fixed Income	4.61	8
Real Estate	0.98	29
Short-term Securities	4.73	7
	0.00	1
Total		100 %

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 7.5 percent based on a blending of the three factors described above.

Discount Rate. The discount rate used to measure the total pension liability was 7.5 percent. The projection of cash flows used to determine the discount rate assumes that employee contributions will be made at the current rate and that contributions from all the LEAs will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Proportionate Share of Net Pension Liability (Asset) to Changes in the Discount Rate. The following presents the Blount

County School Department's proportionate share of the net pension liability (asset) calculated using the discount rate of 7.5 percent, as well as what the Blount County School Department's proportionate share of the net pension liability (asset) would be if it was calculated using a discount rate that is one percentage point lower (6.5%) or one percentage point higher (8.5%) than the current rate:

School Department's Proportionate Share of the Net Pension Liability (Asset)	1% Decrease 6.5%	Current Discount Rate 7.5%	1% Increase 8.5%
---	------------------------	-------------------------------------	------------------------

Net Pension Liability \$ 39,058,631 \$ 7,112,986 \$ (19,349,345)

Pension Plan Fiduciary Net Position. Detailed information about the pension plan's fiduciary net position is available in a separately issued TCRS financial report.

Payable to the Pension Plan

At June 30, 2017, the Blount County School Department reported a payable of \$464,424 for the outstanding amount of contributions to the pension plan required at the year ended June 30, 2017.

2. Deferred Compensation

Blount County offers its employees two deferred compensation plans, one established pursuant to IRC Section 457 and the other pursuant to IRS Section 403(b). All costs of administering and funding these programs are the responsibility of the plan participants. The section 457 and Section 403(b) plan assets remain the property of the contributing employees and are not presented in the accompanying financial statements. IRC Sections 457 and 403(b) establish participation, contribution, and withdrawal provisions for the plans.

Teachers hired after July 1, 2014, by the discretely presented School Department are required to participate in a hybrid pension plan administered by the Tennessee Consolidated Retirement System. This hybrid pension plan requires that these teachers contribute five percent of their salaries into a deferred compensation plan managed by the hybrid plan pursuant to IRC Section 401(k). As part of their employment package, the School Department has assumed all costs of funding this program on-behalf of the plan participants. The Section 401(k) plan assets remain the property of the participating teachers and are not presented in the accompanying financial statements. IRC Section 401(k), establishes participating, contribution, and withdrawal provisions for the plans. During the year, the School Department

contributed \$172,977 to the 401(k) portion of the hybrid pension plan on-behalf of the plan participants.

H. Other Postemployment Benefits (OPEB)

Plan Description

Blount County and the Blount County School Department participate in a self-insured postemployment benefits plan for medical insurance benefits for retirees and their beneficiaries. Dental insurance and life insurance of \$10,000 are also provided.

Funding Policy

The premium requirements of plan members are established and may be amended by the county commission. The plan is self-insured and financed on a pay-as-you-go basis. Claims liabilities of the plan are periodically computed using actuarial and statistical techniques to establish premium rates. The county develops its own contribution policy in terms of subsidizing active employees or retired employees' premiums. Eligible employees must be age 60 with ten years of service or any age with 30 years of service until attainment of age 65 when they become eligible for Medicare. Blount County and the School Department pay 100 percent of the retirees' premiums. The retiree's spouse is eligible while the retiree is eligible for coverage until the spouse's age of 65, but after the retiree reaches age 65, a monthly contribution of \$100 is required to continue the spouse's coverage.

Annual OPEB Cost and Net OPEB Obligation

	Primary Government	School Department	Total
ARC	\$ 765,950	\$ 1,329,118	\$ 2,095,068
Interest on the NOPEBO	127,109	(1,751)	125,358
Adjustment to the ARC	(166,455)	2,293	(164,162)
Annual OPEB cost	\$ 726,604	\$ 1,329,660	\$ 2,056,264
Amount of contribution	(480,820)	(1,035,845)	(1,516,665)
Increase/decrease in NOPEBO	\$ 245,784	\$ 293,815	\$ 539,599
Net OPEB obligation, 7-1-16	3,177,717	(43,770)	3,133,947
Net OPEB obligation, 6-30-17	\$ 3,423,501	\$ 250,045	\$ 3,673,546

Fiscal Year Ended	Plan		Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed		Net OPEB Obligation at Year End
6-30-15	Self-insured	\$	1,830,845	81.8	%	\$ 2,738,775
6-30-16	"		1,885,726	79.0		3,133,947
6-30-17	"		2,056,264	73.8		3,673,546

Funded Status and Funding Progress

The funded status of the plan as of the latest actuarial valuation was as follows:

	Primary Government	School Department	Total
Actuarial valuation date	7-1-16	7-1-16	
Actuarial accrued liability (AAL)	\$ 7,221,969	\$ 13,132,248	\$ 20,354,217
Actuarial value of plan assets	\$ 0	\$ 0	\$ 0
Unfunded actuarial accrued liability (UAAL)	\$ 7,221,969	\$ 13,132,248	\$ 20,354,217
Actuarial value of assets as a % of the AAL	0%	0%	0%
Covered payroll (active plan members)	\$ 21,697,248	\$ 48,246,173	\$ 69,943,421
UAAL as a % of covered payroll	33%	27%	29%

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. The Schedule of Funding Progress, presented as required supplementary information following the notes to the financial statements, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Actuarial Methods and Assumptions

Calculations are based on the types of benefits provided under the terms of the substantive plan at the time of each valuation and on the pattern of sharing of costs between the employer and plan members to that point. Actuarial calculations reflect a long-term perspective. Consistent with that perspective, actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets.

In the July 1, 2016, actuarial valuation, the entry age normal actuarial cost method was used. The actuarial assumptions included a four percent investment rate of return and an annual healthcare cost trend rate of eight percent initially, reduced by decrements to an ultimate rate of five percent in 2019. Both rates include a 2.5 percent inflation assumption. The

unfunded actuarial accrued liability is being amortized as a level percentage of payrolls on a closed basis over a 30-year period beginning with June 30, 2009.

I. Office of Central Accounting, Budgeting, and Purchasing

Blount County operates under provisions of the Fiscal Control Acts of 1957 and the Local Option Budgeting Law of 1993. These acts provide for a central system of accounting and budgeting covering all funds of the county. These funds are maintained in the Office of Central Accounting and Budgeting under the supervision of the director of accounts and budgets.

J. Purchasing Laws

Purchasing procedures for the Offices of County Mayor, Director of Schools, and Highway Superintendent are governed by the County Purchasing Law of 1957 (Section 5-14-101, et seq., *Tennessee Code Annotated (TCA)*). Purchasing procedures for the Highway Department are also governed by provisions of the Uniform Road Law, Section 54-7-113, *TCA*. These statutes provide for a purchasing agent and require competitive bids on all purchases exceeding \$25,000.

K. Subsequent Events

On August 2, 2017, the county's General Debt Service Fund issued a \$1,272,000 capital outlay note to the Education Capital Projects Fund.

VI. OTHER NOTES – DISCRETELY PRESENTED BLOUNT MEMORIAL HOSPITAL, INC.

A. Description of Reporting Entity and Significant Accounting Policies

Reporting Entity

Blount Memorial Hospital, Inc., is an acute and general healthcare provider formed to provide services to Blount County and the surrounding communities. The hospital is a component unit of Blount County, Tennessee, which issues debt on the hospital's behalf. The hospital is organized as a private act hospital authority. The hospital's board members are appointed by the County Commission of Blount County, the Board of Commissioners of the City of Alcoa, the Board of Commissioners of the City of Maryville, and the Board of Directors of Maryville College.

The hospital uses enterprise fund accounting and is included as a discretely presented component unit in the financial statements of the county.

The hospital is the sole corporate member of the Blount Memorial Foundation, which coordinates and secures resources to enable the hospital to maintain,

improve, and advance care. The hospital and the foundation have common boards of directors and the financial activity of the foundation is included (blended) in the hospital's financial statements. Separate financial statements of the foundation are maintained by the foundation and hospital management. Except for certain expenses paid directly by the foundation, the hospital provides administrative services and pays for operating expenses to support the foundation's activities.

Blount Memorial Physician Group, Inc. (BMPG), is owned 100 percent by the hospital and governed by the hospital's Board of Director's. The financial activity of BMPG is also included (blended) in the hospital's financial statements. BMPG provides physician and outpatient services in Blount County and includes over 80 physicians in a multi-specialty practice. Separate financial statements are maintained by hospital management.

The hospital has non-controlling ownership interest in partnership, which operates a medical facility in Blount County consistent with the hospital's mission of providing healthcare services. This ownership investment is included in other assets at June 30, 2017.

All significant intercompany accounts and transactions with blended component units have been eliminated.

Basis of Presentation

The hospital's financial statements are presented using the economic resources measurement focus and the accrual basis of accounting in accordance with the Governmental Accounting Standards Board (GASB), which establishes standards for external financial reporting for all state and local government entities. GASB requires the classification of net position into three components, which are defined as follows:

Net investment in capital assets – This component of net position consists of property and equipment, net of accumulated depreciation, reduced by the outstanding balances of bonds and other borrowings that are attributable to the acquisition, construction, or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction or improvement of those assets or related debt are also included in this component of net position. If there are significant unspent related debt proceeds or deferred inflows of resources at year-end, the portion of the debt or deferred inflows of resources attributable to the unspent proceeds is not included in the calculation of net investment in capital assets. Rather, that portion of the debt or deferred inflow of resources is included in the same net position component as the unspent proceeds.

Restricted – This component of net position consists of restricted assets reduced by liabilities and deferred inflows of resources related to those

assets. Generally, a liability relates to restricted assets if the asset results from a resource flow that also results in the recognition of a liability or if the liability will be liquidated with the restricted assets reported. The restricted component is separated into nonexpendable and expendable. Net position subject to externally imposed stipulations that the hospital maintain them permanently are nonexpendable. Net position on which use by the hospital is subject to externally imposed stipulations that can be fulfilled by the action of the hospital pursuant to those stipulations or that expire by the passage of time are expendable.

Unrestricted – This component of net position consists of net amounts of assets, deferred outflows of resources, liabilities, and deferred inflows that are not included in the determination of net investment in capital assets or restricted components of net position.

Cash and Cash Equivalents

The hospital considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

Patient Accounts Receivable

Accounts receivable from patients and third-party payors are recorded on the accrual basis in the period in which services are rendered. The hospital does not require collateral on accounts receivable. In evaluating the collectability of accounts receivable, the hospital analyzes historical collection rates and write-off's and identifies trends for payors to estimate appropriate allowance amounts. Accounts are charged to bad debt expenses as they are determined to be uncollectible based on a review of aging and collections.

Inventories

Inventories are stated at the lower of cost or market and are valued principally by methods, which approximate the first-in, first-out method.

Investments

Investments are recorded at fair value based on quoted market prices. Interest and dividends on investments, as well as realized and unrealized gains and losses, are included in non-operating revenues when earned.

The hospital is organized as a private act hospital authority, which provides the hospital additional rights and powers, including the manner in which funds are invested. The hospital diversifies its investments into a broad range of asset classes to reduce concentration risk and to maximize return with reasonable and prudent levels of risk. It is also the hospital's policy to limit the maximum position for each type of investment at varying levels within these

classifications. As of June 30, 2017, the hospital's fixed income investments all have quality ratings of A or better (by both Standard and Poor's and Moody's Investors Service).

To limit its exposure to fair value losses arising from changing interest rates, the hospital's investment policy restricts the type and maturities of fixed income investments in order to increase the overall investment horizon. The current duration of the hospital's fixed income investments ranges up to approximately eight years with an average duration of 4.8 years, based on timing of interest payments, maturity dates, and expectations of minimal interest rate changes.

Assets Limited as to Use by Board and Foundation

Certain investments have been designated by the Board of Directors for the replacement of property and equipment or for other purposes. Cash and investments held by the foundation in trust accounts are also classified as assets limited as to use. A portion of the investment at June 30, 2017, totaling \$1,177,500 is restricted in perpetuity (nonexpendable) under an irrevocable endowment trust.

As of June 30, 2017, net appreciation on assets limited as to use by board related to the foundation was approximately \$494,604. The net appreciation on assets limited as to use by board related to the foundation are classified as unrestricted net position. In accordance with the State of Tennessee Statutes and Codes Uniform Prudent Management of Institutional Funds Act and as allowed by the foundation's charter and approved by the hospital's Board of Directors net income and net capital appreciation in excess of the nonexpendable amount restricted in perpetuity are authorized for expenditure by the board at its discretion.

Property and Equipment

Land, buildings, and equipment are stated on the basis of cost or fair value at the date of donation. Although title to certain land and buildings rests with the county, these assets have been recorded by the hospital as the county has authorized their use by the hospital. Repairs and maintenance costs are expensed as incurred while significant asset purchases and improvements are capitalized. Depreciation of property and equipment is computed by the straight-line method over the estimated useful lives of the assets. The estimated useful lives are based on guidelines established for the health care industry, which are summarized as follows:

<u>Assets</u>	<u>Years</u>
Land Improvements	8 - 25
Buildings, Improvements, and Fixed Equipment	10 - 30
Equipment	3 - 15

Operating Revenues and Expenses

Revenues and expenses associated with the hospital's mission of providing health care services are considered to be operating activities. Non-operating revenues consist primarily of investment income (loss) and general contributions to the hospital. Unrestricted resources will be applied first when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

Income Taxes

The hospital is classified as a governmental organization exempt from income tax. The foundation is a not-for-profit organization defined by Section 501(c)(3) of the Internal Revenue Code as other than a private foundation. Accordingly, no provision for income taxes has been included in the accompanying financial statements. BMPG is a corporation and subject to income taxes. BMPG has net operating loss carryforwards, resulting in deferred tax assets, which have been fully offset by a valuation allowance. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

Charity Care

The hospital accepts patients regardless of their ability to pay. A patient is classified as a charity patient by reference to certain established policies of the hospital. Charges at established rates related to charity care are not included in net patient service revenue.

Patient Service Revenue

Patient service revenue is reported in the period in which services are provided at rates that reflect the amount expected to be collected. Net patient service revenue includes amounts estimated by management to be reimbursable by third-party payors under provisions of reimbursement formulas in effect and is net of the provision for bad debts.

Risk Management

The hospital is self-insured for medical malpractice and employee (including dependent) group health expenses and claims. Commercial insurance is purchased for significant exposure to various other risks typical to the hospital's operating environment and industry such as loss from torts; theft of, damage to, and destruction of assets; business interruption; errors and omissions; and natural disasters. There were no significant losses in excess of insurance coverage during the last three years.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of: assets and liabilities, net position, disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

B. Cash, Cash Equivalents, and Assets Limited as to Use

The hospital's cash and cash equivalent balances are on hand with financial institutions participating in the bank collateral pool, which is administered by the collateral pool board and monitored by the Treasury Department of the State of Tennessee. Legal provisions require participating banks to determine the aggregate balance of their public fund accounts for the State of Tennessee and its political subdivisions. The amount of collateral required to secure these public deposits must equal at least 105 percent of the average daily balance of public deposits held. Collateral securities required to be pledged by the participating banks to protect their public fund accounts are pledged to the state treasurer on behalf of the Bank Collateral Pool. The securities pledged to protect these accounts are pledged in the aggregate rather than against each account. The members of the Bank Collateral Pool may be required by agreement to pay an assessment to cover any deficiency.

BMPG's cash balances at financial institutions are covered by Federal Deposit Insurance Corporation (FDIC) insurance (risk category insured), subject to certain limits. At June 30, 2017, BMPG balances exceeded the limits by approximately \$1,740,000 (uninsured credit risk category).

As authorized by state statutes, assets limited as to use by the board and those held by trustees include U.S. government instruments and other securities held at financial institutions in the hospital's name (uninsured credit risk category) and are categorized by investment type as follows:

	Balance	
	6-30-17	Percent
Money Market Funds (cash equivalents)	\$ 871,089	1
Municipal Bonds	0	0
Common Stock	7,693,865	8
Bond Mutual Funds	42,297,241	43
Equity Mutual Funds	46,781,046	48
Total	<u>\$ 97,643,241</u>	<u>100</u>

Net investment income on assets limited as to use includes as of June 30:

	Balance 6-30-17
Interest and Dividends	\$ 5,569,068
Net Realized and Unrealized Investment Gain (Loss)	<u>2,441,506</u>
Total	<u><u>\$ 8,010,574</u></u>

The foundation's cash balances at financial institutions are covered by Federal Deposit Insurance Corporation insurance (risk category insured) subject to certain limits. Foundation assets limited as to use are comprised of the following as of June 30:

	Balance 6-30-17
Money Market Funds (cash equivalents)	\$ 314,828
Common Stock	41,512
Bond Mutual Funds	525,671
Equity Mutual Funds	<u>1,099,029</u>
Total	<u><u>\$ 1,981,040</u></u>

C. Net Patient Service Revenue

A reconciliation of the amount of services provided to patients at established rates to net patient service revenue as presented in the statements of revenues, expenses, and changes in net position is as follows for the year ended June 30:

	Year ended 6-30-17
Gross Patient Service Charges	\$ 1,006,892,673
Contractual Adjustments and Discounts	(706,120,178)
Charity Care Charges Foregone	(37,149,738)
Provision for Bad Debts	<u>(19,557,006)</u>
Net Patient Service Revenue	<u><u>\$ 244,065,751</u></u>

The Health Information Technology for Economic and Clinical Health Act (HITECH) was enacted as part of the American Recovery and Reinvestment Act of 2009. Under HITECH, the hospital must implement a certified electronic health record in an effort to promote the adoption and meaningful use of health information technology. It is the hospital's policy to recognize such revenue when there is reasonable assurance the condition specified for compliance

within the applicable statutes will be met and the grant will be received. During 2017, the hospital has recorded approximately \$655,000 of revenues related to incentive payments under Medicare and TennCare programs related to meeting meaningful use objectives mandated by HITECH. These incentive payments are included as a component of net patient service revenue.

D. Third-party Payor Agreements

The hospital renders services to patients under contractual arrangements with the Medicare and TennCare programs. Laws, regulations, and contracts governing third-party payor programs can be extremely complex and subject to interpretation. Amounts earned under these contractual arrangements are subject to regulatory review and final determination by the various program intermediaries and other appropriate governmental authorities or their agents. As a result, there is at least a reasonable possibility that recorded estimates related to third-party payor agreements could change in the near term. In the opinion of management, adequate provision has been made in the financial statements for any adjustments, which may result from such reviews.

The Medicare program pays for inpatient services on a prospective basis primarily based upon diagnostic related group assignments as determined by the patient's clinical diagnosis and medical procedures utilized. The hospital receives additional payments from Medicare based on the provision of services to a disproportionate share of low income patients (as defined by the Medicare program). Medicare also pays for outpatient services on a prospective basis based upon ambulatory payment classifications and fee schedules. TennCare reimbursement for both inpatient and outpatient services is based upon prospectively determined rates and per-diem amounts.

Contractual adjustments for Medicare, TennCare, and other third-party discount arrangements are recognized when the related revenues are reported in the financial statements. The percentage of gross patient charges from the Medicare and TennCare programs was approximately 29 percent and 11 percent, respectively, in 2017.

The hospital has reimbursement agreements with commercial insurance companies, health maintenance organizations and preferred provider organizations. The basis for reimbursement under these agreements includes prospectively determined rates, per diems and discounts from established charges.

E. Acquisitions

Effective March 1, 2017, and April 1, 2017, the hospital acquired substantially all assets, excluding accounts receivable as of the effective date, of Blount Hospitalists, P.C. (Blount Hospitalists) and Budayr & Associates, P.C. (Budayr), respectively. The acquisitions were accounted for as purchase transactions where the hospital recorded all assets acquired at their fair values

on the date of acquisition. The following table presents the allocation of the purchase price to assets acquired based on their estimated fair values.

Medical and Other Equipment	\$ 31,605
Other Assets	<u>856,190</u>
 Total Cash Consideration	 <u><u>\$ 887,795</u></u>

F. Property and Equipment

A summary of changes in property and equipment is as follows:

	Balance 7-1-16	Additions	Retirements and Transfers	Balance 6-30-17
Cost:				
Land	\$ 12,483,960	\$ 70,000	\$ 0	\$ 12,553,960
Land Improvements	2,639,973	271,030	0	2,911,003
Buildings, Improvements, and Fixed Equipment	177,149,333	6,704,766	(318,161)	183,535,938
Equipment	142,851,274	4,212,300	(7,899,011)	139,164,563
Construction in Progress	841,449	1,209,820	(796,588)	1,254,681
Total Cost	<u>\$ 335,965,989</u>	<u>\$ 12,467,916</u>	<u>\$ (9,013,760)</u>	<u>\$ 339,420,145</u>
Allowances for Depreciation:				
Land Improvements	\$ (2,326,619)	\$ (26,643)	\$ 0	\$ (2,353,262)
Buildings, Improvements, and Fixed Equipment	(97,156,586)	(6,600,019)	318,160	(103,438,445)
Equipment	<u>(110,942,470)</u>	<u>(11,372,039)</u>	<u>7,896,362</u>	<u>(114,418,147)</u>
Total Allowances for Depreciation	<u>\$ (210,425,675)</u>	<u>\$ (17,998,701)</u>	<u>\$ 8,214,522</u>	<u>\$ (220,209,854)</u>
Net Property and Equipment	<u>\$ 125,540,314</u>	<u>\$ (5,530,785)</u>	<u>\$ (799,238)</u>	<u>\$ 119,210,291</u>

Construction in progress at June 30, 2017, includes costs primarily related to the renovation and upgrades to the building with total estimated costs to complete of approximately \$667,000.

G. Other Assets

Other assets include an investment in a partnership, a trust investment, and net intangible assets at June 30 as follows:

	<u>6-30-17</u>
Partnership Interest	\$ 2,040,000
Goodwill	2,236,090
Trade Name	1,353,406
Medical Records	507,412
Workforce	1,695,237
Rabbi Trust Investment	431,354
Other	<u>612,484</u>
Total	<u>\$ 8,875,983</u>

Goodwill and trade name are being amortized over a period of ten to 40 years. Medical records and workforce are amortized over a period of three to 20 years. Amortization expense for intangibles was \$305,195 at June 30, 2017. Amortization expense for the next three years is estimated to approximate \$395,000 each year.

H. Long-term Debt and Capital Lease

Changes in long-term debt and capital lease are summarized as follows:

	Balance 7-1-16	Additions	Principal Payments	Balance 6-30-17
Series 2013A Bonds	\$ 79,025,000	\$ 0	\$ 3,700,000	\$ 75,325,000
Series 2014 Bonds	2,924,184	0	626,295	2,297,889
Capital Lease Obligation	831,389	0	831,389	0
Bank Note Payable	0	1,450,000	30,789	1,419,211
Total Outstanding	<u>\$ 82,780,573</u>	<u>\$ 1,450,000</u>	<u>\$ 5,188,473</u>	<u>\$ 79,042,100</u>
Less Current Portion	<u>(5,157,684)</u>			<u>(4,692,884)</u>
Long-term Portion	<u>\$ 77,622,889</u>			<u>\$ 74,349,216</u>

In December 2013, Blount County issued on behalf of the hospital, \$89,125,000 of General Obligation Refunding Bonds, Series 2013A. The Series 2013A Bonds bear interest at a variable rate based on the product of the one month Libor rate (1.15% at June 30, 2017) and a factor (67% at June 30, 2017) plus the applicable spread based on the investment rating of the bonds (.43% at June 30, 2017). The Series 2013A Bonds mature in increasing annual amounts ranging from \$3,875,000 in 2018 to \$8,425,000 in 2029 and are subject to redemption at the option of the county, in whole or in part, at the redemption price of par plus accrued interest to the redemption date.

In January 2014, Blount County issued on behalf of the hospital, \$4,288,400 of Hospital Revenue Refunding Bonds, Series 2014. The Series 2014 Bonds mature in varying annual amounts ranging from \$692,100 to a final payment of approximately \$841,900 on July 1, 2019, at an interest rate of 1.68 percent.

The Series 2014 Bonds are subject to redemption at the option of the county, in whole or in part, at the redemption price of par, without premium, plus accrued interest to the redemption date

To protect against the potential of rising interest rates and to balance its mixture of variable and fixed rate debt, the hospital utilized two separate interest rate swap agreements to effectively fix the interest rates on a portion of the amounts. One interest rate swap agreement maturing in June 2026 establishes interest at an effective rate of 4.9 percent on \$25,000,000. The second interest rate swap maturing in June 2029 establishes interest at an effective rate of 4.33 percent on \$30,700,000. The counterparties to these agreements owe the hospital interest based on a variable rate that is calculated based on a published index rate. The bond principal subject to the swap agreements is not exchanged; only the net difference in interest payments is actually exchanged with the counterparties and recorded by the hospital as interest expense. The hospital, through the trustee, continued to pay interest to the bondholders at the variable rate provided by the bonds. During the term of each swap agreement, the hospital effectively pays a fixed rate on the debt plus or minus the difference between the variable rate due on the bonds and the variable rate received from the counterparty.

The hospital records the fair value liability of its interest rate swaps, which were determined by an independent third-party advisory firm from a model that calculates future cash flows by projecting forward rates and then discounts those cash flows to their present value. The fair value liability of the interest rate swaps increased by \$3,849,771 in 2017.

As of June 30, 2017, the hospital was not exposed to credit risk because the swaps have negative fair values. However, should interest rates change and the fair value of the swaps become positive, the hospital would be exposed to credit risk in the amount of the fair value of the swaps. As of June 30, 2017, the counterparty to the swaps, Deutsche Bank, was rated Baa2/A-/A- by Moody's, Standard and Poor's, and Fitch, respectively.

The hospital is exposed to variable rates if the counterparties to the swap defaults, if the variable rate received from the counterparty is less than that due on the bonds or if the swaps are terminated. The termination of the swap agreements could also result in the hospital making or receiving a termination payment.

During March 2017, the Hospital entered into a term loan agreement with a financial institution for \$1,450,000. The agreement, which is collateralized by certain property, bears interest at 3.38% per year and requires monthly payments of \$14,318 through its maturity in March 2027.

Maturities and mandatory sinking fund payments related to the balances outstanding as of June 30, 2017, are summarized as follows:

Year Ending June 30	Series 2013A	Series 2014	Bank Note Payable	Total
2018	\$ 3,875,000	\$ 692,100	\$ 125,784	\$ 4,692,884
2019	4,075,000	763,889	130,102	4,968,991
2020	4,275,000	841,900	134,569	5,251,469
2021	5,750,000	0	139,188	5,889,188
2022	6,050,000	0	143,966	6,193,966
2023-2027	34,850,000	0	745,602	35,595,602
2028-2029	16,450,000	0	0	16,450,000
Total	<u>\$ 75,325,000</u>	<u>\$ 2,297,889</u>	<u>\$ 1,419,211</u>	<u>\$ 79,042,100</u>

Future interest payments related to the bonds are as follows (interest for variable rate portion of the Series 2013A Bonds is determined using the rate in effect at June 30, 2017, which was 1.15 percent):

Year Ending June 30	Series 2013A	Series 2014	Bank Note Payable	Total
2018	\$ 2,778,022	\$ 32,743	\$ 46,033	\$ 2,856,798
2019	2,733,119	20,508	41,715	2,795,342
2020	2,685,907	7,014	37,248	2,730,169
2021	2,627,202	0	32,629	2,659,831
2022	2,460,514	0	27,851	2,488,365
2023-2027	8,309,212	0	61,833	8,371,045
2028-2029	1,018,494	0	0	1,018,494
Total	<u>\$ 22,612,470</u>	<u>\$ 60,265</u>	<u>\$ 247,309</u>	<u>\$ 22,920,044</u>

The revenues of the hospital are pledged as collateral for the Series 2014 Bonds. The bond agreements require the hospital to maintain certain financial and other covenants.

During 2016, the hospital leased certain equipment under a capital lease arrangement. As of June 30, 2016, equipment under capital lease had a total cost of \$1,666,920. Related accumulated amortization totaled \$69,702 as of June 30, 2016. Amortization of equipment under capital lease is included with depreciation and amortization in the accompanying statements of revenues, expenses, and changes in net position. The capital lease ended during 2017, and the hospital purchased the related equipment for \$1.

I. Malpractice Trust Fund and Employee Group Health Claims

The hospital is covered under the “Tennessee Governmental Tort Liability Act” (*Tennessee Code Annotated*, Section 29-20-101, et seq.). In addition to requiring claims be made in conformance with this act, special provisions include, but

are not limited to, special notice of requirements imposed upon the claimant, a one-year statute of limitations, and a requirement that the governmental entity purchase insurance or be self-insured with certain limits. This act also prohibits a judgment or award exceeding the minimum amounts of insurance coverage set out in the act or the amount of insurance purchased by the governmental entity.

The hospital is self-insured for professional malpractice liability coverage. Claims and expenses of \$120,295 were paid during 2017. At June 30, 2017, the hospital is involved in medical malpractice litigation in which management of the hospital, after consultation with legal counsel, is of the opinion that liability, if any, related to these claims would not be material to the financial statements. No amounts are accrued for potential losses related to unreported incidents or reported incidents, which have not yet resulted in asserted claims, as the hospital is not able to estimate such amounts.

The hospital is self-insured for employee (and dependent) group health claims and records a liability for claims known but unpaid and estimated claims incurred but not reported. The liability for employee group health claims was \$1,523,799 at June 30, 2017. The total expense related to employee group health claims (net of employee paid premiums) was approximately \$16,719,000 for 2017.

J. Fair Value

The hospital categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the assets. Level 1 inputs are quoted prices in active markets for identical assets. Level 2 inputs are significant other observable inputs. Level 3 inputs are significant unobservable inputs.

Mutual funds and common stocks are valued using prices quoted in active markets for those securities, while the debt securities are valued based on the securities' relationship to benchmark quoted prices. Derivative instruments are valued using a market approach that considers benchmark interest rates.

The following table sets forth by level, within the fair value hierarchy, the fair value of the hospital's investments (assets limited as to use) and derivative investments (interest rate swaps) as of June 30, 2017:

	Level 1	Level 2	Level 3	Total
Investments by fair value level:				
Mutual funds:				
Money market funds	\$ 1,185,917	\$ 0	\$ 0	\$ 1,185,917
Bond funds	42,822,912	0	0	42,822,912
Equity funds	47,880,075	0	0	47,880,075
Total mutual funds	91,888,904	0	0	91,888,904
Common stocks	7,735,377	0	0	7,735,377
Total investments by fair value level	\$ 99,624,281	\$ 0	\$ 0	\$ 99,624,281
Derivative instruments:				
Interest rate swaps	\$ 0	\$ 10,463,012	\$ 0	\$ 10,463,012

K. Retirement Plans

The Blount Memorial Hospital retirement plans include three separate defined contribution plans, the Blount Memorial Hospital Retirement Plan, the Blount Memorial Hospital Executive Retirement Plan, and the Blount Memorial Hospital Incorporated Excess Benefit Nonqualified Plan, of which at least one is available to all employees who are age 18 or older. New participants who have completed 1,000 hours of service vest 20 percent each year from two years of service to six years of service. The hospital contributes an amount equal to three percent of each eligible employee's compensation plus a matching contribution (limited to three percent of compensation) based upon voluntary employee contributions to the plan. Plan contributions are made biweekly. Hospital contributions to the plans, net of forfeitures used of approximately \$130,000, totaled \$4,325,765 in 2017. Employee contributions were \$4,170,926 in 2017. The plans are administered by Fidelity Management Trust Company.

The hospital funds its deferred compensation obligations arising from the Blount Memorial Hospital Incorporated Excess Benefit Nonqualified Plan through a rabbi trust agreement. The rabbi trust agreement is subject to creditor claims in the event of insolvency, but the assets held in the rabbi trust agreement are not available for general operating purposes. Amounts in the rabbi trust are invested in mutual funds, as selected by each participant, which are recorded at fair value, and are included in other assets in the statement of net position. The plan is administered by Fidelity Management Trust Company.

BLOUNT COUNTY, TENNESSEE
NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION
For the Year Ended June 30, 2017

TENNESSEE CONSOLIDATED RETIREMENT SYSTEM

Valuation Date: Actuarially determined contribution rates for 2017 were calculated based on the July 1, 2015, actuarial valuation.

Methods and assumptions used to determine contribution rates:

Actuarial Cost Method	Frozen Initial Liability
Amortization Method	Level Dollar, Closed (Not to Exceed 20 Years)
Remaining Amortization Period	Varies by Year
Asset Valuation	10-Year Smoothed Within a 20% Corridor to Market Value
Inflation	3%
Salary Increases	Graded Salary Ranges from 8.97% to 3.71% Based on Age, Including Inflation
Investment Rate of Return	7.5%, Net of Investment Expense, Including Inflation
Retirement Age	Pattern of Retirement Determined by Experience Study
Mortality	Customized Table Based on Actual Experience Including an Adjustment for Some Anticipated Improvement
Cost of Living Adjustment	2.5%

**COMBINING AND INDIVIDUAL FUND
FINANCIAL STATEMENTS AND SCHEDULES**

Nonmajor Governmental Funds

Special Revenue Funds

Special Revenue Funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

Courthouse and Jail Maintenance Fund – The Courthouse and Jail Maintenance Fund is used to account for a special tax levied by private act on litigation. The proceeds of the tax must be used to pay for improvements or maintenance on the courthouse and jail.

Law Library Fund – The Law Library Fund is used to account for a special tax levied by private act on litigation. Proceeds of the tax must be expended for the benefit of the county's law library.

Public Library Fund – The Public Library Fund is used to account for transactions of the Blount County Public Library, which is jointly funded by Blount County, the City of Maryville, and the City of Alcoa.

Drug Control Fund – The Drug Control Fund is used to account for revenues received from drug-related fines, forfeitures, and seizures.

Constitutional Officers - Fees Fund – The Constitutional Officers - Fees Fund is used to account for operating expenses paid directly from the fee and commission accounts of the trustee, clerks, register of deeds, and sheriff.

Highway/Public Works Fund – The Highway/Public Works Fund accounts for operations of the county Highway Department.

Capital Projects Funds

Capital Projects Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

Highway Capital Projects Fund – The Highway Capital Projects Fund is used to account for capital expenditures of the Highway Department.

Other Capital Projects Fund – The Other Capital Projects Fund is used to account for capital expenditures of the county and the School Department.

Permanent Fund

Permanent Funds are used to report resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposes that support the reporting government's programs, that is, for the benefit of the government or its citizenry.

Endowment Fund – The Endowment Fund is used to account for an endowment received by the county for which the principal amount must remain intact while interest earned on the principal is to be expended to benefit an orphans' or children's home owned by the county.

Fiduciary Funds

Agency Funds are used to account for assets held by the county in a trustee capacity or as an agent for individuals, private organizations, other governments, and/or other funds. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

Cities - Sales Tax Fund – The Cities - Sales Tax Fund is used to account for the second half of the sales tax revenues collected inside incorporated cities of the county. These revenues are received by the county from the State of Tennessee and forwarded to the various cities on a monthly basis.

City School ADA - Alcoa Fund and City School ADA - Maryville Fund – These two funds are used to account for the city school systems' shares of education revenues collected by the county, which must be apportioned between the various school systems on an average daily attendance basis. These collections are remitted to the city school systems on a monthly basis.

Constitutional Officers - Agency Fund – The Constitutional Officers - Agency Fund is used to account for amounts collected in an agency capacity by the county clerk, circuit and general sessions courts clerk, clerk and master, register of deeds, and sheriff. Such collections include amounts due the state, cities, other county funds, litigants, heirs, and others.

Other Agency Fund – The Other Agency Fund is used to account for payroll transactions of the various county departments. Amounts sufficient to cover the gross payroll are paid into this fund from the various county operating funds. Payroll deductions and net payroll checks are processed and paid through this clearing account.

Judicial District Drug Fund – The Judicial District Drug Fund is used to account for grants and other restricted revenues for the benefit of the multi-jurisdictional drug task force, which was created by contract (mutual aid agreement) between the participating city and county governments.

District Attorney General Fund – The District Attorney General Fund is used to account for restricted revenue held for the benefit of the Office of District Attorney General.

Other Agency Fund #2 – The Other Agency Fund #2 is used to account for 70 percent of hotel/motel tax revenues collected by the county. These revenues are received by the county and forwarded to the Tourism Board as required by the private act authorizing the tax.

Blount County School Department

This section presents combining and individual fund financial statements for the Blount County School Department, a discretely presented component unit. The School Department uses a General Fund, three Special Revenue Funds, and a Capital Projects Fund.

General Purpose School Fund – The General Purpose School Fund is used to account for general operations of the School Department.

School Federal Projects Fund – The School Federal Projects Fund is used to account for restricted federal revenues, which must be expended on specific education programs.

Central Cafeteria Fund – The Central Cafeteria Fund is used to account for the cafeteria operations in each of the schools.

Extended School Program Fund – The Extended School Program Fund is used to account for transactions of the Blount County School Department's extended care program.

Education Capital Projects Fund – The Education Capital Projects Fund is used to account for building construction and renovations of the School Department.

Blount County, Tennessee
Reconciliation of the Balance Sheet of Governmental Funds to
the Statement of Net Position
Discretely Presented Blount County School Department
June 30, 2017

Amounts reported for governmental activities in the statement of net position (Exhibit A) are different because:

Total fund balances - balance sheet - governmental funds (Exhibit J-2)		\$ 11,984,790
(1) Capital assets used in governmental activities are not financial resources and therefore are not reported in the governmental funds.		
Add: land	\$ 9,951,059	
Add: buildings and improvements net of accumulated depreciation	108,564,057	
Add: other capital assets net of accumulated depreciation	<u>1,206,855</u>	119,721,971
(2) Long-term liabilities are not due and payable in the current period and therefore are not reported in the governmental funds.		
Less: capital lease payable on primary government debt	\$ (904,690)	
Less: accrued interest on capital lease payable on primary government debt	(32,577)	
Less: other postemployment benefits	(250,045)	
Less: net pension liability of the Agent Plan	(15,313)	
Less: net pension liability of the Teacher Legacy Plan	<u>(7,112,986)</u>	(8,315,611)
(3) Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be amortized and recognized as components of pension expense in future years:		
Add: deferred outflows of resources related to pensions	\$ 14,814,170	
Less: deferred inflows of resources related to pensions	<u>(9,188,245)</u>	5,625,925
(4) Net pension assets of the Teacher Plan are not current financial resources and therefore are not reported in the governmental funds.		55,243
(5) Other long-term assets are not available to pay for current-period expenditures and therefore are deferred in the governmental funds.		<u>360,297</u>
Net position of governmental activities (Exhibit A)		<u>\$ 129,432,615</u>

Exhibit J-5

Blount County, Tennessee
Reconciliation of the Statement of Revenues, Expenditures, and
Changes in Fund Balances of Governmental Funds to the
Statement of Activities
Discretely Presented Blount County School Department
For the Year Ended June 30, 2017

Amounts reported for governmental activities in the statement of activities (Exhibit B) are different because:

Net change in fund balances - total governmental funds (Exhibit J-4)		\$	643,682
(1) Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of these assets is allocated over their useful lives and reported as depreciation expense. The difference between capital outlays and depreciation is itemized as follows:			
Add: capital assets purchased in the current period	\$	612,378	
Less: current-year depreciation expense		<u>(3,822,449)</u>	(3,210,071)
(2) The net effect of various miscellaneous transactions involving capital assets (sales, trade-ins, and donations) is to increase (decrease) net position.			
Less: net book value of assets disposed			(3,459)
(3) Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.			
Add: deferred delinquent property taxes and other deferred June 30, 2017	\$	360,297	
Less: deferred delinquent property taxes and other deferred June 30, 2016		<u>(359,649)</u>	648
(4) The issuance of long-term debt (e.g., notes, other loans, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position.			
Add: principal payments on capital leases for primary government			255,918
(5) Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the governmental funds.			
Change in accrued interest payable for primary government debt	\$	9,216	
Change in other postemployment benefits liability (prepaid)		(293,815)	
Change in compensated absences payable		1,337	
Change in net pension asset/liability - agent plan		(696,450)	
Change in net pension asset - teacher retirement plan		36,813	
Change in net pension liability - teacher legacy plan		(6,668,502)	
Change in deferred outflows related to pensions		9,417,701	
Change in deferred inflows related to pensions		<u>1,662,828</u>	<u>3,469,128</u>
Change in net position of governmental activities (Exhibit B)			<u>\$ 1,155,846</u>

SINGLE AUDIT SECTION

JUSTIN P. WILSON
Comptroller

JASON E. MUMPOWER
Chief of Staff

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards*

Blount County Mayor and
Board of County Commissioners
Blount County, Tennessee

To the County Mayor and Board of County Commissioners:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Blount County, Tennessee, as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise Blount County's basic financial statements, and have issued our report thereon dated November 30, 2017. Our report includes a reference to other auditors who audited the financial statements of Blount Memorial Hospital, Inc., as described in our report on Blount County's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Blount County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Blount County's internal control. Accordingly, we do not express an opinion on the effectiveness of Blount County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

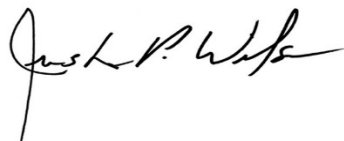

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Blount County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Blount County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Very truly yours,

Justin P. Wilson
Comptroller of the Treasury
Nashville, Tennessee

JPW/kp

JUSTIN P. WILSON
Comptroller

JASON E. MUMPOWER
Chief of Staff

Independent Auditor's Report on Compliance for Each Major Program and on Internal Control Over Compliance and on the Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

Blount County Mayor and
Board of County Commissioners
Blount County, Tennessee

To the County Mayor and Board of County Commissioners:

Report on Compliance for Each Major Federal Program

We have audited Blount County's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Blount County's major federal programs for the year ended June 30, 2017. Blount County's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Blount County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Blount County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Blount County's compliance.

Opinion on Each Major Federal Program

In our opinion, Blount County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2017.

Report on Internal Control Over Compliance

Management of Blount County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Blount County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Blount County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

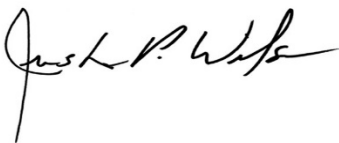

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Blount County, Tennessee, as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise Blount County's basic financial statements. We issued our report thereon dated November 30, 2017, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

Very truly yours,

Justin P. Wilson
Comptroller of the Treasury
Nashville, Tennessee

Blount County, Tennessee
Summary Schedule of Prior-year Findings
For the Year Ended June 30, 2017

Government Auditing Standards require auditors to report the status of uncorrected findings from prior audits. In addition, OMB's Uniform Guidance requires auditees to report the status of all prior-year findings whether corrected or not. Presented below are financial statement findings along with their current status from the Annual Financial Report for Blount County, Tennessee, for the year ended June 30, 2017.

Prior-year Financial Statement Findings

There were no prior-year financial statement findings to report.

Prior-year Federal Awards Findings

There were no prior-year federal award findings to report.
