Additional Notes:

- Blount County has adopted both the 1957 Fiscal Control Acts and the 1993 Budget Law. The 1993 Budget Law supersedes the 1957 acts on some budgeting issues.
- The Metropolitan Charter of Moore County provides for a centralized system of purchasing; however, a centralized system had not been implemented as of June 30, 2021.
- Polk County adopted the budgeting, accounting, and purchasing provisions of the 1957 Fiscal Control Acts for the Offices of County Mayor and Highway Department. However, the director of accounts and budgets did not maintain the records for the highway department as of June 30, 2021.
- On June 18, 2012, Sumner County adopted Chapter 70, Private Acts of 2012. This act, in part, requires an integral financial management and enterprise resource planning system that provides a "common platform ... for all departments, agencies, commissions, boards, divisions, or offices" of Sumner County Government. This private act was never fully implemented. Sumner County amended their private act Chapter 70, Acts of 2012, and other related acts on May 20, 2019, to give the school department the option of whether to participate in the county's integrated financial management and enterprise resource planning system.
- The Wilson County School Department was removed from the provisions of the Financial Management Act of 1981, effective July 1, 1995.
- Van Buren County adopted the purchasing provisions of the 1957 Fiscal Control Act; however, a centralized system had not been implemented as of June 30, 2021.
