## **Independent Auditor's Report**

Obion County Mayor and  
Board of County Commissioners  
Obion County, Tennessee

To the County Mayor and Board of County Commissioners:

### **Report on the Audit of the Financial Statements**

#### ***Opinions***

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Obion County, Tennessee, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the county's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the report of the other auditors, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Obion County, Tennessee, as of June 30, 2024, and the respective changes in financial position and, where applicable cash flows thereof, and the respective budgetary comparison for the General and Highway/Public Works funds for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the Obion County Nursing Home, a major fund and entire business-type activities. We also did not audit the financial statements of the Internal School Fund of the Obion County School Department (a discretely presented component unit), which represent 2.2 percent, 2.3 percent, and three percent, respectively, of the assets, net position, and revenues of the discretely presented component unit. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to amounts included for the Obion County Nursing Home and the Obion County School Department's Internal School Fund, is based solely on the report of the other auditors.

#### ***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Obion County, Tennessee, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### ***Change in Accounting Principle***

As described in Note V.B., Obion County has adopted the provisions of Governmental Accounting Standards Board (GASB) Statement No. 100, *Accounting Changes and Error Corrections*. GASB 100 clarifies financial and reporting requirements for changes in accounting principles, changes in accounting estimates, error corrections, and changes within the reporting entity.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Obion County's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Obion County's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Obion County's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Required Supplementary Information***

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Accounting principles generally accepted in the United States of America require that the schedule of changes in the county's net pension liability (asset) and related ratios, schedules of county and school contributions, schedules of school's proportionate share of the net pension liability (asset), and schedules of county and school changes in the total other postemployment benefits liability and related ratios, as listed under Required Supplementary Information in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Obion County's basic financial statements. The combining and individual nonmajor fund financial statements, budgetary comparison schedules of nonmajor governmental funds and the General Debt Service Fund, combining and individual fund financial statements of the Obion County School Department (a discretely presented component unit), and miscellaneous schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements, budgetary comparison schedules of nonmajor governmental funds and the General Debt Service Fund, combining and individual fund financial statements of the Obion County School Department (a discretely presented component unit), and miscellaneous schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### ***Other Information***

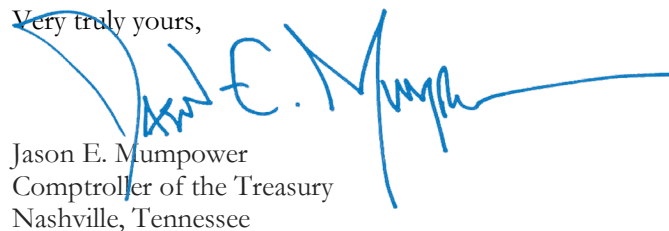

Management is responsible for the other information included in the annual report. The other information comprises the introductory section but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

### **Other Reporting Requirements by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated January 23, 2025, on our consideration of Obion County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Obion County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Obion County's internal control over financial reporting and compliance.

Very truly yours,

Jason E. Mumpower  
Comptroller of the Treasury  
Nashville, Tennessee

**OBION COUNTY, TENNESSEE**

**Reconciliation of the Statement of Revenues, Expenditures, and Changes in  
Fund Balances of Governmental Funds to the Statement of Activities  
For the Year Ended June 30, 2024**

Amounts reported for governmental activities in the  
statement of activities (Exhibit B) are different because:

Net change in fund balances - total governmental funds (Exhibit C-3)		\$ 1,039,323
(1) Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of these assets is allocated over their useful lives and reported as depreciation expense. The difference between capital outlays and depreciation is itemized as follows:		
Add: capital assets purchased in the current period	\$ 3,017,585	
Less: current-year depreciation expense	<u>(1,912,384)</u>	1,105,201
(2) Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.		
Add: deferred delinquent property taxes and other deferred June 30, 2024	\$ 444,434	
Less: deferred delinquent property taxes and other deferred June 30, 2023	<u>(458,053)</u>	(13,619)
(3) The issuance of long-term debt (e.g., notes, other loans, and bonds) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.		
Add: principal payments on note	\$ 2,447,905	
Add: principal payments on other loan	205,142	
Less: note proceeds	<u>(2,447,905)</u>	205,142
(4) Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the governmental funds.		
Change in compensated absences payable	\$ 7,633	
Change in accrued interest	17,862	
Change in net pension asset	(330,531)	
Change in deferred outflows related to pensions	197,002	
Change in deferred inflows related to pensions	42,182	
Change in net OPEB liability	(21,138)	
Change in deferred outflows related to OPEB	18,844	
Change in deferred inflows related to OPEB	<u>43,476</u>	<u>(24,670)</u>
Change in net position of governmental activities (Exhibit B)		<u><u>\$ 2,311,377</u></u>

**OBION COUNTY, TENNESSEE**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**For the Year Ended June 30, 2024**

**I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Obion County's financial statements are presented in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments.

The following are the more significant accounting policies of Obion County:

**A. *Reporting Entity***

Obion County is a public municipal corporation governed by an elected 21-member board. As required by GAAP, these financial statements present Obion County (the primary government) and its component units. The financial statements of the Obion County Emergency Communications District, a component unit requiring discrete presentation, were excluded from this report due to materiality calculations; therefore, the effect of the omission did not affect the independent auditor's opinion thereon. The component units discussed below are included in the county's reporting entity because of the significance of their operational or financial relationships with the county.

**Discretely Presented Component Units** – The following entities meet the criteria for discretely presented component units of the county. They are reported in separate columns in the government-wide financial statements to emphasize that they are legally separate from the county.

The Obion County School Department operates the public school system in the county, and the voters of Obion County elect its board. The school department is fiscally dependent on the county because it may not issue debt, and its budget and property tax levy are subject to the county commission's approval. The school department's taxes are levied under the taxing authority of the county and are included as part of the county's total tax levy.

The Obion County Emergency Communications District provides a simplified means of securing emergency services through a uniform emergency number for the residents of Obion County, and the Obion County Commission appoints its governing body. The district is funded primarily through a service charge levied on telephone services. Before the issuance of most debt instruments, the district must obtain the county commission's approval. The financial statements of the Obion County Emergency Communications District were not material to the component units' opinion unit and therefore have been omitted from this report.

The Obion County School Department does not issue separate financial statements from those of the county. Therefore, basic financial statements of the school department are included in this report as listed in the table of contents. Complete financial statements of the Obion County Emergency Communications District can be obtained from its administrative office at the following address:

Administrative Office:

Obion County Emergency Communications District  
P.O. Box 866  
Union City, TN 38281

## ***B. Government-wide and Fund Financial Statements***

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. However, when applicable, interfund services provided and used between functions are not eliminated in the process of consolidation in the Statement of Activities. Governmental activities are normally supported by taxes and intergovernmental revenues. Business-type activities, which rely to a significant extent on fees and charges, are required to be reported separately from governmental activities in government-wide financial statements. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable. The Obion County School Department component unit only reports governmental activities in the government-wide financial statements.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Obion County issues all debt for the discretely presented Obion County School Department. There were no debt issues contributed by the county to the school department during the year ended June 30, 2024.

Separate financial statements are provided for governmental funds, the proprietary fund (enterprise fund), and fiduciary funds. The fiduciary funds are excluded from the government-wide financial statements. Major individual governmental funds and the major enterprise fund are reported as separate columns in the fund financial statements.

## ***C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation***

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary funds financial statements. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Fund financial statements of Obion County are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund balance/fund net position, revenues, and expenditures/expenses. Funds are organized into three major categories: governmental, proprietary, and fiduciary. An emphasis is placed on major funds within the governmental and proprietary categories. Obion County only reports one proprietary fund, an enterprise fund.

Separate financial statements are provided for governmental funds, the proprietary fund, and fiduciary funds. Major individual governmental funds and the major enterprise fund are reported as separate columns in the fund financial statements. All other governmental funds are aggregated into a single column on the fund financial statements. The fiduciary funds in total are reported in a single column.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they become both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the county considers revenues other than grants to be available if they are collected within 30 days after year-end. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met and the revenues are available. Obion County considers grants and similar revenues to be available if they are collected within 60 days after year-end. Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. Principal and interest on long-term debt are recognized as fund liabilities when due or when amounts have been accumulated in the General Debt Service Fund for payments to be made early in the following year.

Property taxes for the period levied, in-lieu-of tax payments, sales taxes, interest, and miscellaneous taxes are all considered to be susceptible to accrual and have been recognized as revenues of the current period. Applicable business taxes, litigation taxes, state-shared excise taxes, fines, forfeitures, and penalties are not susceptible to accrual since they are not measurable (reasonably estimable). All other revenue items are considered to be measurable and available only when the county receives cash.

The proprietary fund and fiduciary funds financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category includes an indigent care trust fund and custodial funds. Trust funds are distinguished from custodial funds by the existence of a trust agreement or equivalent arrangement.

Obion County reports the following major governmental funds:

**General Fund** – This is the county’s primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

**Highway/Public Works Fund** – This special revenue fund accounts for transactions of the county’s highway department. Local and state gasoline/fuel taxes are the foundational revenues of this fund.

**General Debt Service Fund** – This fund accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of governmental funds.

Obion County reports the following major proprietary fund:

**Nursing Home Fund** – This fund accounts for the operations of the Obion County Nursing Home as an enterprise fund.

Additionally, Obion County reports the following fund types:

**Other Trust Fund** – The Indigent Care Trust Fund is used to account for a portion of the proceeds (corpus) received by the county from the sale of the county’s hospital. The income derived from the corpus is to be expended for medical claims of indigent patients of Obion County.

**Custodial Funds** – These funds account for amounts collected in a custodial capacity by the constitutional officers, local sales taxes received by the state to be forwarded to the various cities in Obion County, property tax collections to be forwarded to the town of Woodland Mills, assets held in a custodial capacity for a special school district, the city school system’s share of educational revenues, and state grants and other restricted revenues held for the benefit of the Judicial District Drug Task Force.

The discretely presented Obion County School Department reports the following major governmental funds:

**General Purpose School Fund** – This fund is the primary operating fund for the school department. It is used to account for general operations of the school department.

**School Federal Projects Fund** – This special revenue fund is used to account for restricted federal revenues, which must be expended on specific education programs.

The school department reports a nonmajor special revenue fund (Internal School Fund) which is used to account for funds held at the individual schools for internal school use such as the purchase of supplies, school clubs, and student activities. Collections from students and school activities are the foundational revenues of this fund. To be consistent with the prior year’s reporting, the FY 23 balances for the Internal School Fund are presented in this report. Using the prior year balances will not affect the independent auditor’s opinion on the Aggregate Discretely Presented Component Units. A more detailed reporting of the fund activities at each individual school may be found at <https://www.comptroller.tn.gov/office-functions/la/reports/find-other-audits.html>.

Amounts reported as program revenues include (1) charges to customers or applicants for goods, services, or privileges provided; (2) operating grants and contributions; and (3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

#### ***D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance***

##### **1. Deposits and Investments**

State statutes authorize the government to make direct investments in bonds, notes, or treasury bills of the U.S. government and obligations guaranteed by the U.S. government or any of its agencies; deposit accounts at state and federal chartered banks and savings and loan associations; repurchase agreements; the State Treasurer’s Investment Pool; the State Treasurer’s Intermediate Term Investment Fund; bonds of any state or political subdivision rated A or higher by any nationally recognized rating service; nonconvertible debt securities of certain federal government sponsored enterprises; and the county’s own legally issued bonds or notes.

The county trustee maintains a cash and internal investment pool that is used by all funds (excluding the Nursing Home Fund) and the discretely presented Obion County School Department. Each fund’s portion of this pool is displayed on the balance sheets or statements of net position as Equity in Pooled Cash and Investments. Most income from these pooled investments is assigned to the General Fund. Obion County and the school department have adopted a policy of reporting U.S. Treasury obligations, U.S. agency obligations, and repurchase agreements with maturities of one year or less when purchased on the balance sheet at amortized cost. Certificates of deposit are reported at cost.

Investments in the State Treasurer’s Investment Pool are reported at amortized cost using a stable net asset value. The primary oversight responsibility for the investments and operations

of the State Treasurer's Investment Pool rests with the Funding Board of the State of Tennessee (Funding Board). The Funding Board has established an investment policy that is administered by the state treasurer. These policies were designed to comply with generally accepted accounting principles. In addition, state statutes require the state treasurer to administer the pool under the same terms and conditions, including collateral requirements, as prescribed for other funds invested by the state treasurer. Compliance with Funding Board policies is audited by the Tennessee Comptroller of the Treasury, Division of State Audit. The latest audit opinion issued by the Division of State Audit concluded that the State Treasurer's Investment Pool complied with accounting principles generally accepted in the United States of America.

Investments in the State Treasurer's Intermediate Term Investment Fund are reported at amortized cost using a floating net asset value. The primary oversight responsibility for the investments and operations of the State Treasurer's Intermediate Term Investment Fund rests with the Funding Board of the State of Tennessee (Funding Board). The Funding Board has established an investment policy that is administered by the state treasurer. These policies were designed to comply with generally accepted accounting principles. In addition, state statutes require the state treasurer to administer the pool under the same terms and conditions as prescribed for other funds invested by the state treasurer. Compliance with Funding Board policies is audited by the Tennessee Comptroller of the Treasury, Division of State Audit. The latest audit opinion issued by the Division of State Audit concluded that the State Treasurer's Intermediate Term Investment Fund complied with accounting principles generally accepted in the United States of America. Obion County had no investments in the State Treasurer's Intermediate Term Investment Fund during the year.

## **2. Receivables and Payables**

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year is referred to as either due to/from other funds (i.e., the current portion of interfund loans) or advances to/from other funds (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as due to/from other funds. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as internal balances.

Advances between funds, as reported in the General Fund financial statements, are offset by a nonspendable fund balance classification account to indicate that they are not available for appropriation and are not expendable from available financial resources.

Property taxes receivable are shown with an allowance for uncollectibles. The allowance for uncollectible property taxes is equal to .71 percent of the total taxes levied.

Property taxes receivable are recognized as of the date an enforceable legal claim to the taxable property arises. This date is January 1 and is referred to as the lien date. However, revenues from property taxes are recognized in the period for which the taxes are levied, which is the ensuing fiscal year. Since the receivable is recognized before the period of revenue recognition, the entire amount of the receivable, less an estimated allowance for uncollectible taxes, is reported as a deferred inflow of resources as of June 30.

Property taxes receivable are also reported as of June 30 for the taxes that are levied, collected, and reported as revenue during the current fiscal year. These property taxes receivable are presented on the balance sheet as a deferred inflow of resources to reflect amounts not available as of June 30. Property taxes collected within 30 days of year-end are considered available and accrued. The allowance for uncollectible taxes represents the estimated amount

of the receivable that will be filed in court for collection. Delinquent taxes filed in court for collection are not included in taxes receivable since they are neither measurable nor available.

Property taxes are levied as of the first Monday in October. Taxes become delinquent and begin accumulating interest and penalty the following March 1. Suit must be filed in Chancery Court between the following February 1 to April 1 for any remaining unpaid taxes. Additional costs attach to delinquent taxes after a court suit has been filed.

### 3. **Restricted Assets**

Restricted assets consist of amounts held in a pension stabilization trust by the Tennessee Consolidated Retirement System (TCRS) for the benefit of the discretely presented Obion County School Department's Teacher Retirement Plan. The purpose of this trust is to accumulate funds to provide stabilization (smoothing) of retirement costs to the school system in times of fluctuating investment returns and market downturns. These funds are held and invested by TCRS pursuant to an irrevocable agreement and may only be used for the benefit of the Obion County School Department to fund retirement benefits upon approval of the TCRS Board of Directors. To date, the Obion County School Department has not withdrawn any funds from the trust to pay pension cost. Trust documents provide that the funds are not subject to the claims of general creditors of the school department.

### 4. **Capital Assets**

Governmental funds do not capitalize the cost of capital outlays; these funds report capital outlays as expenditures upon acquisition.

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, and similar items) are reported in the governmental and business-type columns in the government-wide financial statements. Capital assets are defined by the government (except for the Nursing Home Fund) as assets with an initial, individual cost of \$10,000 or more and an estimated useful life of more than one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant, equipment, and infrastructure of the primary government (excluding the Nursing Home Fund) and the discretely presented school department are depreciated using the straight-line method over the following estimated useful lives:

Assets	Years
Buildings and Improvements	25
Other Capital Assets	5 - 15
Infrastructure:	
Roads	5 - 10
Bridges	15 - 30
Runways	25

## **5. Deferred Outflows/Inflows of Resources**

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The government has items that qualify for reporting in this category. Accordingly, the items are reported in the government-wide Statement of Net Position. These items are for pension and OPEB changes in experience, pension changes in investment earnings, pension and OPEB changes in assumptions, pension and OPEB changes in proportionate share, and employer contributions made to the pension and OPEB plans after the measurement date.

In addition to liabilities, the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The government has items that qualify for reporting in this category. Accordingly, the items are reported in the government-wide Statement of Net Position and the governmental funds balance sheet. These items are from the following sources: current and delinquent property taxes, pension and OPEB changes in experience, pension and OPEB changes in proportionate share, OPEB changes in assumptions, and various receivables for revenues, which do not meet the availability criteria for governmental funds. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

## **6. Compensated Absences**

It is the policy of the Obion County general government to permit employees to accumulate a limited amount of earned but unused vacation benefits, which will be paid to employees upon separation from service. The granting of sick leave has no guaranteed payment attached and therefore is not required to be accrued or recorded. All vacation pay is accrued when incurred in the government-wide statements for the county. A liability for vacation benefits is reported in governmental funds only if amounts have matured, for example, as a result of employee resignations and retirements.

It is the policy of the discretely presented Obion County School Department to permit the unlimited accumulation of unused sick leave for professional personnel (teachers). There is no liability for unpaid accumulated sick leave since the school department does not have a policy to pay any amounts when employees separate from service with the department. Central office, bus garage, and maintenance employees are allowed to accumulate a limited amount of earned but unused vacation benefits, which will be paid to these employees upon separation of service. All vacation pay is accrued when incurred in the government-wide statements for the school department. A liability for vacation pay is reported in the governmental funds only if amounts have matured, for example, as a result of employee resignations and retirements.

## **7. Long-term Debt and Long-term Obligations**

In the government-wide financial statements and the proprietary fund type in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities or proprietary fund type Statement of Net Position. Debt premiums and discounts are deferred and are amortized over the life of the new debt using the straight-line method. Debt issuance costs are expensed in the period incurred. In refunding transactions, the difference between the reacquisition price and the net carrying amount of the old debt is reported as a deferred outflow of resources or a deferred inflow of resources and recognized as a component of interest expense in a systematic and rational

manner over the remaining life of the refunded debt or the life of the new debt issued, whichever is shorter.

In the fund financial statements, governmental funds recognize debt premiums and discounts, as well as debt issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources, while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Only the matured portion (the portion that has come due for payment) of long-term indebtedness, including bonds payable, is recognized as a liability and expenditure in the governmental fund financial statements. Liabilities and expenditures for other long-term obligations, including compensated absences and other postemployment benefits are recognized to the extent that the liabilities have matured (come due for payment) each period.

## **8. Net Position and Fund Balance**

In the government-wide financial statements and the proprietary fund in the fund financial statements, equity is classified as net position and displayed in three components:

- a. Net investment in capital assets – Consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net position – Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position – All other net position that does not meet the definition of restricted or net investment in capital assets.

As of June 30, 2024, Obion County had \$3,490,749 in outstanding debt for capital purposes for the discretely presented Obion County School Department. The debt is a liability of Obion County, but the capital assets acquired are reported in the financial statements of the school department. Therefore, Obion County has incurred a liability significantly decreasing its unrestricted net position with no corresponding increase in the county's capital assets.

It is the county's policy that restricted amounts would be reduced first followed by unrestricted amounts when expenditures are incurred for purposes for which both restricted and unrestricted fund balance is available. Also, it is the county's policy that committed amounts would be reduced first, followed by assigned amounts, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of these unrestricted fund balance classifications could be used.

In the fund financial statements, governmental funds report fund balance in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in these funds can be spent. These classifications may consist of the following:

Nonspendable Fund Balance – includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Restricted Fund Balance – includes amounts that have constraints placed on the use of the resources that are either (a) externally imposed by creditors, grantors, contributors or laws and regulations of other governments or (b) imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance – includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal resolutions of the county commission, the county's highest level of decision-making authority and the Board of Education, the school department's highest level of decision-making authority, and shall remain binding unless removed in the same manner.

Assigned Fund Balance – includes amounts that are constrained by the county's intent to be used for specific purposes but are neither restricted nor committed (excluding stabilization arrangements). The county commission has by resolution authorized the county's budget committee to make assignments for the general government. The board of education makes assignments for the school department.

Unassigned Fund Balance – the residual classification of the General and General Purpose School funds. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the General and General Purpose School funds. In the other governmental funds, funds expended that exceed the amounts that are restricted, committed, and assigned are reported as negative unassigned fund balance.

## **9. Stabilization Arrangement**

Obion County sold its hospital in 1982. The county commission adopted a resolution to retain the principal intact and appropriate the interest income earned on the investment of these funds annually through the budgetary process. The principal balance in this stabilization arrangement totaled \$12,000,000 on June 30, 2024. As discussed in Notes IV.E. and IV.H., \$4,783,000 of this amount has been loaned for various purposes and is presented in the General Fund as advances to other funds, which is offset with nonspendable fund balance. The remainder is included in the General Fund's unassigned fund balance account since this arrangement does not meet the criteria for restricted or committed fund balance as defined by GASB Statement No. 54.

## ***E. Pension Plans***

### **Primary Government**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of Obion County's participation in the Public Employee Pension Plan of the Tennessee Consolidated Retirement System (TCRS), and additions to/deductions from Obion County's fiduciary net position have been determined on the same basis as they are reported by the TCRS for the Public Employee Pension Plan. For this purpose, benefits (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms of the Public Employee Pension Plan of TCRS. Investments are reported at fair value.

### **Discretely Presented Obion County School Department**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Teacher Retirement Plan and the Teacher Legacy Pension Plan in the Tennessee

Consolidated Retirement System, and additions to/deductions from fiduciary net position have been determined on the same basis as they are reported by the TCRS. For this purpose, benefits (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms of the Teacher Retirement Plan and the Teacher Legacy Pension Plan. Investments are reported at fair value.

***F. Other Postemployment Benefit (OPEB) Plans***

**Primary Government**

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, have been determined on the same basis as they are reported by Obion County. For this purpose, Obion County recognizes benefit payments when due and payable in accordance with benefit terms. Obion County's OPEB plan is not administered through a trust.

**Discretely Presented Obion County School Department**

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, have been determined on the same basis as they are reported by the discretely presented Obion County School System. For this purpose, the school department recognizes benefit payments when due and payable in accordance with benefit terms. The school departments OPEB plan is not administered through a trust.

**II. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS**

***A. Explanation of certain differences between the governmental fund balance sheet and the government-wide Statement of Net Position***

**Primary Government**

Exhibit C-2 includes explanations of the nature of individual elements of items required to reconcile the balance sheet of governmental funds with the government-wide Statement of Net Position.

**Discretely Presented Obion County School Department**

Exhibit J-3 includes explanations of the nature of individual elements of items required to reconcile the balance sheet of governmental funds with the government-wide Statement of Net Position.

***B. Explanation of certain differences between the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances and the government-wide Statement of Activities***

**Primary Government**

Exhibit C-4 includes explanations of the nature of individual elements of items required to reconcile the net change in fund balances – total governmental funds with the change in net position of governmental activities reported in the government-wide Statement of Activities.

**Discretely Presented Obion County School Department**

Exhibit J-5 includes explanations of the nature of individual elements of items required to reconcile the net change in fund balances – total governmental funds with the change in net position of governmental activities reported in the government-wide Statement of Activities.

III. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. Budgetary Information

Annual budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP) for all governmental funds except the Constitutional Officers - Fees Fund and the school department's Internal School Fund (special revenue funds), which are not budgeted. All annual appropriations lapse at fiscal year-end.

The county is required by state statute to adopt annual budgets. Annual budgets are prepared on the basis in which current available funds must be sufficient to meet current expenditures. Expenditures and encumbrances may not legally exceed appropriations authorized by the county commission and any authorized revisions. Unencumbered appropriations lapse at the end of each fiscal year.

The budgetary level of control is at the major category level established by the County Uniform Chart of Accounts, as prescribed by the Comptroller of the Treasury of the State of Tennessee. Major categories are at the department level (examples of General Fund major categories: County Commission, Board of Equalization, Budget and Finance Committee, Other Boards and Committees, etc.). Management may make revisions within major categories, but only the county commission may transfer appropriations between major categories. During the year, several supplementary appropriations were necessary.

The county's budgetary basis of accounting is consistent with GAAP, except instances in which encumbrances are treated as budgeted expenditures. The difference between the budgetary basis and the GAAP basis is presented on the face of each budgetary schedule.

On June 30, 2024, the Obion County and the Obion County School Department reported the following outstanding encumbrances:

Fund	Amount
Primary Government:	
Major Fund:	
Highway/Public Works	\$ 343,512
School Department:	
Major Fund:	
General Purpose School	349,718

B. Fund Deficit

The General Debt Service Fund had a deficit in unrestricted net position of \$1,829,565 on June 30, 2024. This deficit resulted from an advance payable to the General Fund in the amount of \$4,378,000. For more information, see Notes IV.E. and IV.H.

IV. DETAILED NOTES ON ALL FUNDS

A. Deposits and Investments

Obion County (excluding the Obion County Nursing Home) and the Obion County School Department participate in an internal cash and investment pool through the Office of Trustee. The county trustee is the treasurer of the county and in this capacity is responsible for receiving, disbursing,

and investing most county funds. Each fund's portion of this pool is displayed on the balance sheets or statements of net position as Equity in Pooled Cash and Investments. Cash and investments reflected on the balance sheets or statements of net position represent nonpooled amounts held separately by individual funds.

## Deposits

**Legal Provisions.** All deposits with financial institutions must be secured by one of three methods. One method involves financial institutions that participate in the bank collateral pool administered by the state treasurer. Participating banks determine the aggregate balance of their public fund accounts for the State of Tennessee and its political subdivisions. The amount of collateral required to secure these public deposits must equal at least 90 percent of the average daily balance of public deposits held. Collateral securities required to be pledged by the participating banks to protect their public fund accounts are pledged to the state treasurer on behalf of the bank collateral pool. The securities pledged to protect these accounts are pledged in the aggregate rather than against each account. The members of the pool may be required by agreement to pay an assessment to cover any deficiency. Under this additional assessment agreement, public fund accounts covered by the pool are considered to be insured for purposes of credit risk disclosure.

For deposits with financial institutions that do not participate in the bank collateral pool, state statutes require that all deposits be collateralized with collateral whose fair value is equal to 105 percent of the uninsured amount of the deposits. The collateral must be placed by the depository bank in an escrow account in a second bank for the benefit of the county.

In addition, counties may invest in FDIC insured certificates of deposit. The deposit is first made in a bank or savings and loan association, selected by the government entity, with a branch in the state of Tennessee that is authorized to accept county deposits (the depository bank). The depository bank then arranges for the transfer of the money into one or more federally insured banks or savings and loan associations, wherever located (secondary depositories), for the account of the county. In turn, the depository bank receives funds from customers of the secondary depositories equal to or greater than the amount initially invested by the county. The balance of county funds with each secondary depository must not exceed FDIC insurance limits so that all funds are fully insured. Under this program, the trustee must provide the depository bank with a listing of all banks and savings and loan associations holding county funds under the same federal employer identification number (FEIN). To prevent deposits from exceeding FDIC coverage, the depository bank is prohibited from using any of those listed banks or savings and loan associations as secondary depositories. The use of this program must be approved by the county investment committee or finance committee as appropriate for the specific county. Further, the investment committee or finance committee must establish policies and procedures for the investments, including the establishment of controls to ensure that full FDIC insurance coverage is obtained. Service providers used by depositories must be approved by the state treasurer upon concurrence by the commissioner of financial institutions and finance and administration. There are currently only two eligible programs that have been approved by the state treasurer: the Certificate of Deposit Account Registry Service (CDARS) and the Insured Cash Sweep (ICS), which operate through IntraFi Network, LLC.

## Investments

**Legal Provisions.** Counties are authorized to make direct investments in bonds, notes, or treasury bills of the U.S. government and obligations guaranteed by the U.S. government or any of its agencies; deposits at state and federal chartered banks and savings and loan associations; bonds of any state or political subdivision rated A or higher by any nationally recognized rating service; nonconvertible debt securities of certain federal government sponsored enterprises; and the county's own legally issued bonds or notes. These investments may not have a maturity greater than two years. The county may make investments with longer maturities if various restrictions set out in state law are followed.

Counties are also authorized to make investments in the State Treasurer's Investment Pool, the State Treasurer's Intermediate Term Investment Fund, and in repurchase agreements. The primary oversight responsibility for the investments and operations of the State Treasurer's Investment Pool rests with the Funding Board of the State of Tennessee (Funding Board). The Funding Board has established an investment policy that is administered by the state treasurer. Investments in the State Treasurer's Investment Pool are reported both by the pool and the county at amortized cost using a stable net asset value. The primary oversight responsibility for the investments and operations of the Intermediate Term Investment Fund rests with the Funding Board of the State of Tennessee (Funding Board). The Funding Board has established an investment policy that is administered by the state treasurer. Investments in the Intermediate Term Investment Fund are reported both by the pool and the county at amortized cost using a floating net asset value. Repurchase agreements must be approved by the state Comptroller's Office and executed in accordance with procedures established by the State Funding Board. Securities purchased under a repurchase agreement must be obligations of the U.S. government or obligations guaranteed by the U.S. government or any of its agencies. When repurchase agreements are executed, the purchase of the securities must be priced at least two percent below the fair value of the securities on the day of purchase.

**Investment Balances.** As of June 30, 2024, Obion County had the following investments carried at amortized cost using a Stable Net Asset Value. All investments are in the county trustee's investment pool. Separate disclosures concerning pooled investments cannot be made for Obion County and the discretely presented Obion County School Department since both pool their deposits and investments through the county trustee.

Investment	Weighted Average Maturities (days)	Amortized Cost
State Treasurer's Investment Pool	1 to 48 days	\$ 7,227,130

**Interest Rate Risk.** Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. State statutes limit the maturities of certain investments as previously disclosed. Obion County does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

**Credit Risk.** Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. State statutes limit the ratings of certain investments as previously explained. Obion County has no investment policy that would further limit its investment choices. As of June 30, 2024, Obion County's investment in the State Treasurer's Investment Pool was unrated.

Further information concerning the legal provisions, investment policies, investment types, and credit risks for the State Treasurer's Investment Pool and the State Treasurer's Intermediate Term Investment Fund can be obtained by reviewing the State of Tennessee Annual Comprehensive Financial Report at <https://www.tn.gov/finance/rd-doa/fa-accfin-ar.html>.

### TCRS Stabilization Trust

**Legal Provisions.** The Obion County School Department is a member of the Tennessee Consolidated Retirement System (TCRS) Stabilization Reserve Trust. The school department has placed funds into the irrevocable trust as authorized by statute under Tennessee Code Annotated (TCA), Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of the trust. Funds of trust members are held and invested in the name of the trust for the benefit of each member. Each member's funds are restricted for the payment of retirement benefits of that member's employees. Trust funds are not subject to the claims of general creditors of the school department.

The trust is authorized to make investments as directed by the TCRS Board of Trustees. The Obion County School Department may not impose any restrictions on investments placed by the trust on their behalf. It is the intent of the plan trustees to allocate these funds in the future to offset pension costs.

On June 30, 2024, the Obion County School Department had the following investments held by the trust on its behalf. These funds are recognized as restricted assets in the General Purpose School Fund of the school department.

Investment	Weighted Average Maturity (days)	Maturities	Fair Value
Investments at Fair Value:			
U.S. Equity	N/A	N/A	\$ 128,725
Developed Market International Equity	N/A	N/A	58,133
Emerging Market International Equity	N/A	N/A	16,609
U.S. Fixed Income	N/A	N/A	83,047
Real Estate	N/A	N/A	41,524
Short-term Securities	N/A	N/A	4,152
NAV - Private Equity and Strategic Lending	N/A	N/A	83,047
Total			<u>\$ 415,237</u>

For further information concerning the legal provisions, investment policies, investment types, and credit risks of the school department's investments with the TCRS Stabilization Reserve Trust, audited financial statements of the Tennessee Consolidated Retirement System may be obtained at <https://treasury.tn.gov/Retirement/Boards-and-Governance/Reporting-and-Investment-Policies>.

## ***B. Notes Receivable***

***D. Construction Commitments***

On June 30, 2024, the highway department had uncompleted construction contracts of approximately \$343,512 for bridge construction. Funding has been received for these future expenditures.

***E. Interfund Receivables, Payables, and Transfers***

The composition of interfund balances as of June 30, 2024, was as follows:

**Due to/from Other Funds:**

Receivable Fund	Payable Fund	Amount
Primary Government:		
General	Nonmajor governmental	\$ 7,358
Nonmajor governmental	General	3,492
Discretely Presented Obion County School Department:		
General Purpose School	School Federal Projects	117,174
"	Nonmajor governmental	8,442
School Federal Projects	General Purpose School	89,817

These balances resulted from the time lag between the dates that interfund goods and services are provided or reimbursable expenditures occur and payments between funds are made.

**Advances to/from Funds**

Receivable Fund	Payable Fund	Amount
General	General Debt Service	\$ 4,378,000
"	Nonmajor Governmental	405,000

The balance of \$4,378,000 due to the General Fund from the General Debt Service Fund resulted from advances to the General Debt Service Fund to retire Rural School Refunding Bonds, Series 2007 and to finance a hot mix plant. The details of these advances are further discussed in Note IV.H.

The balance of \$405,000 due to the General Fund from the Solid Waste/Sanitation Fund resulted from advances to the Solid Waste/Sanitation Fund for a building addition to the current Solid Waste building. The details of these advances are further discussed in Note IV.H.

#### **F. Long-term Debt**

##### **Primary Government**

##### **Notes and Other Loans**

**Direct Borrowing and Direct Placements** - Obion County issues other loans to provide funds for the acquisition and construction of major capital facilities for the discretely presented school department. Other loans are direct obligations and pledge the full faith and credit of the government. The other loan outstanding was issued for original terms of 18 years. Repayment terms are generally structured with increasing amounts of principal maturing as interest requirements decrease over the term of the debt. The other loan included in long-term debt as of June 30, 2024, will be retired from the General Debt Service Fund.

The other loan outstanding as of June 30, 2024, for governmental activities is as follows:

Type	Interest Rate	Final Maturity	Original Amount of Issue	Balance 6-30-24
Direct Borrowing and Direct Placement:				
Other Loan - Fixed rate	0.5%	3-31-39	\$ 3,752,585	\$ 3,490,749

During the 2020–2021-year, Obion County entered into an agreement with the Tennessee Energy Efficient Schools Council to receive funding from the Energy Efficient Schools Initiative program. Under this agreement, the program made \$3,752,585 available for loan to Obion County to fund a project to increase energy efficiency in the Obion County school system. As of June 30, 2024, Obion County had drawn all of the available \$3,752,585 loan. The loan bears interest at .5 percent.

The annual requirements to amortize the other loan outstanding as of June 30, 2024, including interest payments and other loan fees, are presented in the following tables:

Year Ending June 30	Other Loan - Direct Placement		
	Principal	Interest	Total
2025	\$ 228,624	\$ 16,824	\$ 245,448
2026	229,764	15,684	245,448

#### *H. Internal Financing*

In-lieu-of issuing debt with financial institutions, Obion County chose to internally finance a debt refunding with idle county funds. On October 18, 2017, the county commission authorized the General Fund to advance \$5,960,000 to the General Debt Service Fund to refund an existing rural school bond issue. The General Debt Service Fund will repay the General Fund over a 14-year period at an interest rate of 3.35 percent.

Additionally, in-lieu-of issuing debt with financial institutions, Obion County chose to internally finance a hot mix plant. On September 20, 2021, the county commission authorized the General Fund to advance \$2,000,000 to the General Debt Service Fund for the hot mix plant. The General Debt Service Fund will repay the General Fund over a 10-year period at an interest rate of 3.35 percent.

Additionally, in-lieu-of issuing debt with financial institutions, Obion County chose to internally finance a building addition to the current Solid Waste building. On August 21, 2023, the county commission authorized the General Fund to advance \$450,000 to the Solid Waste/Sanitation Fund for the building addition. The Solid Waste/Sanitation Fund will repay the General Fund over a 10-year period at an interest rate of six percent.

The annual requirements to amortize the advances as of June 30, 2024, including interest payments are presented in the following table:

#### *I. On-Behalf Payments - Discretely Presented Obion County School Department*

The State of Tennessee pays health insurance premiums for retired teachers on-behalf of the Obion County School Department. These payments are made by the state to the Local Education Group Insurance Plan. The plan is administered by the State of Tennessee and reported in the state's Annual Comprehensive Financial Report. Payments by the state to the Local Education Group Insurance Plan

for the year ended June 30, 2024, were \$64,135. The school department has recognized these on-behalf payments as revenues and expenditures in the General Purpose School Fund.

**J. Short-term Debt**

During the year, the school department borrowed \$400,000 from the General Fund to provide temporary operating funds for the School Federal Projects Fund. This loan was retired prior to June 30, 2024, as required by state statutes. Short-term debt activity for the year ended June 30, 2024, was as follows:

	Balance 7-1-23	Issued	Paid	Balance 6-30-24
Revenue Anticipation Notes	\$ 0	\$ 400,000	\$ (400,000)	\$ 0

**V. OTHER INFORMATION**

**A. Risk Management**

Obion County and the discretely presented Obion County School Department are exposed to various risks related to general liability, property, casualty, workers' compensation, health, and accident. Obion County decided it was more economically feasible to join a public entity risk pool as opposed to purchasing commercial insurance for general liability, property, casualty, and workers' compensation coverage. Obion County and the school department joined the Tennessee Risk Management Trust (TN-RMT), which is a public entity risk pool created under the auspices of the Tennessee Governmental Tort Liability Act to provide governmental insurance coverage. Obion County and the school department pay annual premiums to the TN-RMT for their general liability, property, casualty, and workers' compensation insurance coverage. The creation of TN-RMT provides for it to be self-sustaining through member premiums.

Obion County participates in the Local Government Group Insurance Fund (LGGIF), a public entity risk pool established to provide a program of health insurance coverage for employees of local governments and quasi-governmental entities that was established for the primary purpose of providing services for or on behalf of state and local governments. In accordance with Section 8-27-207, Tennessee Code Annotated (TCA), all local governments and quasi-governmental entities described above are eligible to participate. The LGGIF is included in the Annual Comprehensive Financial Report of the State of Tennessee, but the state does not retain any risk for losses by this fund. The state statute provides for the LGGIF to be self-sustaining through member premiums.

The discretely presented Obion County School Department participates in the Local Education Group Insurance Fund (LEGIF), a public entity risk pool established to provide a program of health insurance coverage for employees of local education agencies. In accordance with Section 8-27-301, TCA, all local education agencies are eligible to participate. The LEGIF is included in the Annual Comprehensive Financial Report of the State of Tennessee, but the state does not retain any risk for losses by this fund. Section 8-27-303, TCA, provides for the LEGIF to be self-sustaining through member premiums.

**B. Accounting Change**

GASB Statement No. 100, *Accounting Changes and Error Corrections*, became effective for the fiscal year ending June 30, 2024. This statement clarifies the financial accounting and reporting requirements for changes in accounting principles, changes in accounting estimates, error corrections, and changes

within the reporting entity.

### ***C. Contingent Liabilities***

The county has received various federal and state grants and other assistance for specific purposes that are subject to review and audit by grantor agencies. Such audits could result in reimbursements to the grantor agencies for expenditures disallowed under the terms of the grants. County management is not aware of any potential disallowances and believes that reimbursements, if any, would not be material.

The county and school department are involved in several pending lawsuits. Management estimates that any potential claims not covered by insurance resulting from such litigation should not materially affect the financial statements.

### ***D. Joint Ventures***

The Twenty-seventh Judicial District Drug Task Force (DTF) is a joint venture formed by an interlocal agreement between the district attorney general of the Twenty-seventh Judicial District, Obion and Weakley counties, and various cities within these counties. The purpose of the DTF is to provide multi-jurisdictional law enforcement to promote the investigation and prosecution of drug-related activities. Funds for the operations of the DTF come primarily from federal grants, drug fines, and the forfeiture of drug-related assets to the DTF. The DTF is overseen by the district attorney general and is governed by a board of directors including the district attorney general, sheriffs, and police chiefs of participating law enforcement agencies within the judicial district. Obion County made no contributions to the DTF for the year ended June 30, 2024, and does not have any equity interest in this joint venture.

Obion County is a participant with Dyer and Lake counties in a multi-county entity known as the Northwest Tennessee Regional Port Authority. This entity was created to operate and maintain a port to be located in Lake County on the Mississippi River. A board is appointed by the participating counties with the mayors of each county serving as ex-officio members. The board comprises eight members, four of whom are appointed by the Lake County Commission, two by the Obion County Commission, and two by the Dyer County Commission. Obion County has control over budgeting and financing the joint venture only to the extent of representation by the two board members appointed. Their administrative office can be contacted at P.O. Box 267, Dyersburg, TN 38025.

Pursuant to a formal agreement between Obion and Weakley counties, a joint venture for the creation and operation of the Everett-Obion Regional Airport was established December 1, 2006. The agreement between Obion and Weakley counties states that the land and other capital assets, including improvements, will be owned by Obion County; however, the funding of airport operations will be jointly funded and managed by both counties. Obion County appropriated \$20,000 to the Everett-Obion Regional Airport during the year.

The Obion County Public Library is jointly owned by Obion County and Union City and is operated by an appointed board. The board comprises seven members, four of whom are appointed by the Obion County Commission. The remaining three members are appointed by Union City. Obion County has control over budgeting and financing the joint venture only to the extent of representation by the four board members appointed. Obion County contributed \$464,091 to the operations of the library during the year ended June 30, 2024.

Complete financial statements for the Twenty-seventh Judicial District Drug Task Force, Everett-Obion Regional Airport, and the Obion County Public Library can be obtained from their administrative offices at the following addresses:

***E. Jointly Governed Organization***

The West Tennessee Railroad Authority (WTRA) was created by Gibson County in conjunction with the counties of Chester, Madison, McNairy, Obion, and Weakley. The WTRA's board includes the county mayors of Chester, Gibson, Madison, McNairy, Obion, and Weakley counties, and one at-large member from each of these areas. However, the counties do not have any ongoing financial interest or responsibility for the entity.

***F. Retirement Commitments***

***1. Tennessee Consolidated Retirement System (TCRS)***

**Primary Government**

***General Information About the Pension Plan***

*Plan Description.* Employees of Obion County, the Obion County Nursing Home (Enterprise Fund), and non-certified employees of the discretely presented Obion County School Department are provided a defined benefit pension plan through the Public Employee Pension Plan, an agent multiple-employer pension plan administered by the TCRS. The primary government employees comprised 50.95 percent, employees of the Obion County Nursing Home comprised 14.16 percent, and the non-certified employees of the discretely presented school department comprised 34.89 percent of the plan based on contribution data. The TCRS was created by state statute under Tennessee Code Annotated (TCA), Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publicly available financial report that can be obtained at <https://treasury.tn.gov/Retirement/Boards-and-Governance/Reporting-and-Investment-Policies>.

*Benefits Provided.* TCA, Title 8, Chapters 34-37 establish the benefit terms and can be amended only by the Tennessee General Assembly. The chief legislative body may adopt the benefit terms permitted by statute. Members are eligible to retire with an unreduced benefit at age 60 with five years of service credit or after 30 years of service credit regardless of age. Benefits are determined by a formula using the member's highest five consecutive year average compensation and the member's years of service credit. Reduced benefits for early retirement are available to vested members at age 55. Members vest with five years of service credit. Service-related disability benefits are provided regardless of length of service. Five years of service is required for nonservice-related disability eligibility. The service-related and

nonservice-related disability benefits are determined in the same manner as a service retirement benefit but are reduced ten percent and include projected service credits. A variety of death benefits is available under various eligibility criteria.

*Employees Covered by Benefit Terms.* At the measurement date of June 30, 2023, the following employees were covered by the benefit terms:

Inactive Employees or Beneficiaries Currently	
Receiving Benefits	290
Inactive Employees Entitled to But Not Yet Receiving	
Benefits	422
Active Employees	403
Total	<u><u>1,115</u></u>

*Contributions.* Contributions for employees are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly. Employees contribute five percent of salary. Obion County makes employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. For the year ended June 30, 2024, the employer contribution for Obion County was \$956,255 based on a rate of 5.76 percent of covered payroll. By law, employer contributions are required to be paid. The TCRS may intercept Obion County's state shared taxes if required employer contributions are not remitted. The employer's actuarially determined contributions (ADC) and member contributions are expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

### ***Net Pension Liability (Asset)***

Obion County's net pension liability (asset) was measured as of June 30, 2023, and the total pension liability (asset) used to calculate net pension liability (asset) was determined by an actuarial valuation as of that date.

*Actuarial Assumptions.* The total pension liability as of the June 30, 2023, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.25%
Salary Increases	Graded Salary Ranges from 8.72% to 3.44% Based on Age, Including Inflation, Averaging 4%
Investment Rate of Return	6.75%, Net of Pension Plan Investment Expenses, Including Inflation

Mortality rates were based on actual experience including an adjustment for some anticipated improvement.

The actuarial assumptions used in the June 30, 2023, actuarial valuation were based on the results of an actuarial experience study performed for the period July 1, 2016, through June 30, 2020. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees in conjunction with the June 30, 2020, actuarial experience study. A blend of future capital market projections and historical market returns was used in a building-block method in which a best estimate of expected future real rates of return (expected returns, net of pension plan investments expense and inflation) is developed for each major asset class. These best estimates are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.25 percent. The best estimates of geometric real rates of return and the TCRS investment policy target asset allocation for each major asset class are summarized in the following table:

Asset Class	Percentage Long-term Expected Real Rate of Return	Percentage Target Allocations
U.S. Equity	4.88	31
Developed Market		
International Equity	5.37	14
Emerging Market		
International Equity	6.09	4
Private Equity and		
Strategic Lending	6.57	20
U.S. Fixed Income	1.20	20
Real Estate	4.38	10
Short-term Securities	0.00	1
Total		100

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 6.75 percent based on a blending of the factors described above.

*Discount Rate.* The discount rate used to measure the total pension liability was 6.75 percent. The projection of cash flows used to determine the discount rate assumes that employee contributions will be made at the current rate and that contributions from Obion County will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

In the table shown above, positive amounts will increase pension expense while negative amounts will decrease pension expense.

**Discretely Presented Obion County School Department - Non-certified Employees**

***General Information About the Pension Plan***

*Plan Description.* As noted above under the primary government, Employees of Obion County, the Obion County Nursing Home (Enterprise Fund), and non-certified employees of the discretely presented Obion County School Department are provided a defined benefit pension plan through the Public Employee Pension Plan, an agent multiple-employer pension plan administered by the TCRS. The primary government employees comprised 50.95 percent, employees of the Obion County Nursing Home comprised 14.16 percent, and the non-certified employees of the discretely presented school department comprised 34.89 percent of the plan based on contribution data.

## **Discretely Presented Obion County School Department - Certified Employees - Teacher Retirement Plan**

### ***General Information About the Pension Plan***

*Plan Description.* Teachers of the Obion County School Department with membership in the TCRS before July 1, 2014, are provided with pensions through the Teacher Legacy Pension Plan, a cost-sharing multiple-employer pension plan administered by the TCRS. The Teacher Legacy Pension Plan is closed to new membership. Teachers with membership in the TCRS after June 30, 2014, are provided with pensions through a legally separate plan referred to as the Teacher Retirement Plan, a cost-sharing multiple-employer pension plan administered by the TCRS. The TCRS was created by state statute under Tennessee Code Annotated (TCA), Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of all employer pension plans in the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publicly available financial report that can be obtained at <https://treasury.tn.gov/Retirement/Boards-and-Governance/Reporting-and-Investment-Policies>.

*Benefits Provided.* TCA, Title 8, Chapters 34-37 establish the benefit terms and can be amended only by the Tennessee General Assembly. Members are eligible to retire with an unreduced benefit at age 65 with five years of service credit or pursuant to the rule of 90 in which the member's age and service credit total 90. Benefits are determined by a formula using the member's highest five consecutive year average compensation and the member's years of service credit. A reduced early retirement benefit is available to vested members at age 60 or pursuant to the rule of 80. Members are vested with five years of service credit. Service-related disability benefits are provided regardless of length of service. Five years of service is required for nonservice-related disability eligibility. The service-related and nonservice-related disability benefits are determined in the same manner as a service retirement benefit but are reduced ten percent and include projected service credits. A variety of death benefits is available under various eligibility criteria. Member and beneficiary annuitants are entitled to automatic cost of living adjustments (COLAs) after retirement. A COLA is granted each July for annuitants retired prior to the second of July of the previous year. The COLA is based on the change in the consumer price index (CPI) during the prior calendar year, capped at three percent, and applied to the current benefit. No COLA is granted if the change in the CPI is less than one-half percent. A one percent COLA is granted if the CPI change is between one-half percent and one percent. Members who leave employment may withdraw their employee contributions, plus any accumulated interest. Under the Teacher Retirement Plan, benefit terms and conditions, including COLAs, can be adjusted on a prospective basis. Moreover, there are defined cost controls and unfunded liability controls that provide for the adjustment of benefit terms and conditions on an automatic basis.

*Contributions.* Contributions for teachers are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly or by automatic cost controls set out in law. Teachers are required to contribute five percent of their salary to the plan. The Local Education Agencies (LEAs) make employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. Per the statutory provisions governing TCRS, the employer contribution rate cannot be less than four percent, except in years when the maximum funded level, approved by the TCRS Board of Trustees, is reached. By law, employer contributions for the Teacher Retirement Plan are required to be paid. The TCRS may intercept the state shared taxes of the sponsoring governmental entity of the LEA if the required employer contributions are not remitted. Employer contributions for the year ended June 30, 2024, to the Teacher Retirement Plan were \$185,384, which is 2.95 percent of covered payroll. In addition, employer contributions of \$58,852, which is 1.05 percent of covered payroll were made to the Pension Stabilization Reserve Trust Fund to fund future pension

costs. The employer rate, when combined with member contributions and the stabilization reserve trust funds, is expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

***Pension Liabilities (Assets), Pension Expense (Negative Pension Expense), and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions***

*Pension Liabilities (Assets).* On June 30, 2024, the school department reported a liability (asset) of (\$114,245) for its proportionate share of the net pension liability (asset). The net pension liability (asset) was measured as of June 30, 2023, and the total pension liability (asset) used to calculate the net pension liability (asset) was determined by an actuarial valuation as of that date. The school department's proportion of the net pension liability (asset) was based on the school department's share of contributions to the pension plan relative to the contributions of all participating LEAs. At the measurement date of June 30, 2023, the school department's proportion was .269425 percent. The proportion as of June 30, 2022, was .267093 percent.

*Pension Expense (Negative Pension Expense).* For the year ended June 30, 2024, the school department recognized pension expense of \$141,820.

*Deferred Outflows of Resources and Deferred Inflows of Resources.* For the year ended June 30, 2024, the school department reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference Between Expected and Actual Experience	\$ 3,848	\$ 66,682
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	29,046	0
Changes in Assumptions	85,952	0
Changes in Proportion of Net Pension Liability (Asset)	2,672	34,634
LEA's Contributions Subsequent to the Measurement Date of June 30, 2023	185,384	N/A
Total	\$ 306,902	\$ 101,316

The school department's employer contributions of \$185,384, reported as pension related deferred outflows of resources subsequent to the measurement date, will be recognized as a reduction (increase) of net pension liability (asset) in the year ending June 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending June 30	Amount
2025	\$ (3,300)
2026	(7,527)
2027	37,281
2028	(709)
2029	(531)
Thereafter	(5,012)

In the table above, positive amounts will increase pension expense, while negative amounts will decrease pension expense.

*Actuarial Assumptions.* The total pension liability in the June 30, 2023, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.25%
Salary Increases	Graded Salary Ranges from 8.72% to 3.44% Based on Age, Including Inflation, Averaging 4%
Investment Rate of Return	6.75%, Net of Pension Plan Investment Expenses, Including Inflation
Cost of Living Adjustment	2.125%

Mortality rates are based on actual experience including an adjustment for some anticipated improvement.

The actuarial assumptions used in the June 30, 2023, actuarial valuation were based on the results of an actuarial experience study performed for the period July 1, 2016, through June 30, 2020. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees in conjunction with the June 30, 2020, actuarial experience study. A blend of future capital market projections and historical market returns was used in a building-block method in which a best estimate of expected future real rates of return (expected returns, net of pension plan investments expense and inflation) is developed for each major asset class. These best estimates are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.25 percent. The best estimates of geometric real rates of return and the TCRS investment policy target asset allocation for each major asset class are summarized in the following table:

Asset Class	Percentage Long-term Expected Real Rate of Return	Percentage Target Allocations
U.S. Equity Developed Market	4.88 %	31 %
International Equity Emerging Market	5.37	14
International Equity Private Equity and Strategic Lending	6.09	4
U.S. Fixed Income	6.57	20
Real Estate	1.20	20
Short-term Securities	4.38	10
	0.00	1
Total		100 %

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 6.75 percent based on a blending of the factors described above.

*Discount Rate.* The discount rate used to measure the total pension liability was 6.75 percent. The projection of cash flows used to determine the discount rate assumes that employee contributions will be made at the current rate and that contributions from all the LEAs will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

*Sensitivity of the Proportionate Share of Net Pension Liability (Asset) to Changes in the Discount Rate.* The following presents the school department's proportionate share of the net pension liability (asset) calculated using the discount rate of 6.75 percent, as well as what the school department's proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate:

School Department's Proportionate Share of the Net Pension Liability (Asset)	1% Decrease 5.75%	Current Discount Rate 6.75%	1% Increase 7.75%
Net Pension Liability (Asset)	\$ 525,523	\$ (114,245)	\$ (574,826)

*Pension Plan Fiduciary Net Position.* Detailed information about the pension plan's fiduciary net position is available in a separately issued TCRS financial report.

## Discretely Presented Obion County School Department - Certified Employees - Teacher Legacy Pension Plan

### *General Information About the Pension Plan*

*Plan Description.* Teachers of the Obion County School Department with membership in the TCRS before July 1, 2014, are provided with pensions through the Teacher Legacy Pension Plan, a cost-sharing multiple-employer pension plan administered by the TCRS. The Teacher Legacy Pension Plan closed to new membership on June 30, 2014, but will continue providing benefits to existing members and retirees. Beginning July 1, 2014, the Teacher Retirement Plan became effective for teachers employed by LEAs after June 30, 2014. The Teacher Retirement Plan is a separate cost-sharing, multiple-employer defined benefit plan. The TCRS was created by state statute under Tennessee Code Annotated (TCA), Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of all employer pension plans in the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publicly available financial report that can be obtained at <https://treasury.tn.gov/Retirement/Boards-and-Governance/Reporting-and-Investment-Policies>.

*Benefits Provided.* TCA, Title 8, Chapters 34-37 establish the benefit terms and can be amended only by the Tennessee General Assembly. Members of the Teacher Legacy Pension Plan are eligible to retire with an unreduced benefit at age 60 with five years of service credit or after 30 years of service credit regardless of age. Benefits are determined by a formula using the member's highest five consecutive year average compensation and the member's years of service credit. A reduced early retirement benefit is available to vested members at age 55. Members are vested with five years of service credit. Service-related disability benefits are provided regardless of length of service. Five years of service is required for nonservice-related disability eligibility. The service-related and nonservice-related disability benefits are determined in the same manner as a service retirement benefit but are reduced ten percent and include projected service credits. A variety of death benefits is available under various eligibility criteria. Member and beneficiary annuitants are entitled to automatic cost of living adjustments (COLAs) after retirement. A COLA is granted each July for annuitants retired prior to the second of July of the previous year. The COLA is based on the change in the consumer price index (CPI) during the prior calendar year, capped at three percent, and applied to the current benefit. No COLA is granted if the change in the CPI is less than one-half percent. A one percent COLA is granted if the CPI change is between one-half and one percent. A member who leaves employment may withdraw their employee contributions, plus any accumulated interest.

*Contributions.* Contributions for teachers are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly. Teachers are required to contribute five percent of their salaries. The Local Education Agencies (LEAs) make employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. By law, employer contributions for the Teacher Legacy Pension Plan are required to be paid. The TCRS may intercept the state shared taxes of the sponsoring governmental entity of the LEA if the required employer contributions are not remitted. Employer contributions by the Obion County School Department for the year ended June 30, 2024, to the Teacher Legacy Pension Plan were \$769,077 which is 6.81 percent of covered payroll. The employer rate, when combined with member contributions, is expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

***Pension Liabilities (Assets), Pension Expense (Negative Pension Expense), and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions***

*Pension Liability (Assets).* On June 30, 2024, the school department reported a liability (asset) of (\$4,092,261) for its proportionate share of the net pension liability (asset). The net pension liability (asset) was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability (asset) was determined by an actuarial valuation as of that date. The school department's proportion of the net pension liability (asset) was based on the school department's long-term share of contributions to the pension plan relative to the contributions of all participating LEAs. At the measurement date of June 30, 2023, the school department's proportion was .347104 percent. The proportion measured on June 30, 2022, was .359093 percent.

*Pension Expense (Negative Pension Expense).* For the year ended June 30, 2024, the school department recognized (negative pension expense) of \$1,072,930.

*Deferred Outflows of Resources and Deferred Inflows of Resources.* For the year ended June 30, 2024, the school department reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference Between Expected and Actual Experience	\$ 974,985	\$ 189,908
Changes in Assumptions	1,333,371	0
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	710,028	0
Changes in Proportion of Net Pension Liability (Asset)	180,757	49,643
LEA's Contributions Subsequent to the Measurement Date of June 30, 2023	769,077	N/A
Total	<u>\$ 3,968,218</u>	<u>\$ 239,551</u>

The school department's employer contributions of \$769,077 reported as pension related deferred outflows of resources subsequent to the measurement date, will be recognized as a reduction (increase) in net pension liability (asset) in the year ending June 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending June 30	Amount
2025	\$ 1,000,451
2026	(528,410)
2027	2,481,986
2028	5,563
2029	0
Thereafter	0

In the table above, positive amounts will increase pension expense, while negative amounts will decrease pension expense.

*Actuarial Assumptions.* The total pension liability in the June 30, 2023, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.25%
Salary Increases	Graded Salary Ranges from 8.72% to 3.44% Based on Age, Including Inflation, Averaging 4%
Investment Rate of Return	6.75%, Net of Pension Plan Investment Expenses, Including Inflation

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 6.75 percent based on a blending of the factors described above.

*Discount Rate.* The discount rate used to measure the total pension liability was 6.75 percent. The projection of cash flows used to determine the discount rate assumes that employee contributions will be made at the current rate and that contributions from all the LEAs will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

*Pension Plan Fiduciary Net Position.* Detailed information about the pension plan's fiduciary net position is available in a separately issued TCRS financial report.

## 2. **Deferred Compensation**

Teachers hired after July 1, 2014, by the school department are required to participate in a hybrid pension plan consisting of a defined benefit portion, which is detailed in the pensions footnote above and is managed by the Tennessee Consolidated Retirement System, and a defined contribution portion, which is placed into the state's 401(k) plan and is managed by the employee. The defined contribution portion of the plan requires that the school department contribute five percent of each teacher's salary into their deferred compensation plan. In addition, teachers are required to contribute two percent of their salaries into this deferred compensation plan, unless they opt out of the employee portion. During the year, the school department contributed \$400,483 and teachers made no contributions to this deferred compensation pension plan.

### ***G. Other Postemployment Benefits (OPEB)***

Obion County, the Obion County Nursing Home, and the discretely presented Obion County School Department provide OPEB benefits to its retirees under the state administered public entity risk pools. For reporting purposes, the plans are considered a single employer defined benefit OPEB plan based on criteria in Statement No. 75 of the Governmental Accounting Standards Board (GASB). The plans are funded on a pay-as-you-go basis and there are no assets accumulating in a trust that meets the criteria of paragraph 4 of GASB Statement No. 75.

#### **OPEB Provided through State Administered Public Entity Risk Pools**

Retirees of Obion County and the Obion County Nursing Home are provided healthcare under a Local Government Plan (LGP) until they reach Medicare eligibility. Likewise, the school department provides healthcare benefits to its employees under the Local Education Plan (LEP) until they reach Medicare eligibility. The certified retirees of the Obion County School Department may then join the Tennessee Plan – Medicare (TNM) which provides supplemental medical insurance for retirees with Medicare. However, the school department does not provide any subsidy (direct or indirect) to this plan and therefore does not recognize any OPEB liability associated with the TNM.

The county, nursing home, and school department's total OPEB liability for each plan was measured as of June 30, 2023, and was determined by an actuarial valuation as of that date.

*Actuarial Assumptions and other inputs.* The total OPEB liability in the June 30, 2023, actuarial valuation of each plan was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Actuarial Cost Method	Entry Age Normal
Inflation	2.25%
Salary Increases	Salary increases used in the July 1, 2021, TCRS actuarial valuation; 3.44% to 8.72%, including inflation
Discount Rate	3.65%
Healthcare Cost Trend Rates	Based on the Getzen Model, with trend starting at 10.31% for pre-65 retirees in the 2023 calendar year, and decreasing annually over a 11-year period to an ultimate trend rate of 4.5%
Retirees Share of Benefit	
Related Cost	Discussed under each plan

The discount rate was 3.65 percent, based on an average rating of AA/Aa as shown on the Bond Buyers 20-Year Municipal GO AA index closest to but not later than the measurement date.

Mortality rates were based on the results of a statewide experience study undertaken on behalf of the Tennessee Consolidated Retirement System (TCRS). These mortality rates were used in the July 1, 2023, actuarial valuation of the TCRS.

Unless noted otherwise, the actuarial demographic assumptions used in the June 30, 2023, valuations were the same as those employed in the July 1, 2022, Pension Actuarial Valuation of the TCRS. These assumptions were developed by TCRS based on the results of an actuarial experience study for the period July 1, 2016 - June 30, 2020. The demographic assumptions were adjusted to more closely reflect actual and expected future experience. Mortality tables are used to measure the probabilities of participants dying before and after retirement. The mortality rates employed in this valuation are taken from the PUB-2010 Headcount-weighted employee mortality table for non-disabled pre-retirement mortality, with mortality improvement projected generationally with MP-2021 from 2010. Post-retirement rates are headcount-weighted below median healthy annuitant and adjusted with a 6 percent load for males and a 14 percent load for females, projected generationally with MP-2021 from 2010. Mortality rates for impaired lives are the same as those used by TCRS and are taken from a gender distinct table published in the IRS Ruling 96-7 for disabled lives with a 10 percent load, projected generationally from 2018 with MP-2021.

*Changes in Assumptions.* The discount rate changed from 3.54 percent as of the beginning of the measurement period to 3.65 percent as of the measurement date of June 30, 2023. This change in assumption increased the total OPEB liability. Other changes in assumptions include adjustments to initial per capita costs and health trend rates. The trend rate applicable to the 2023 plan year was revised from 8.37 percent to 10.31 percent.

### **Local Government OPEB Plan (Primary Government)**

*Plan Description.* Employees of Obion County and the Obion County Nursing Home are provided with pre-65 retiree health insurance benefits through the Local Government Plan (LGP) administered by the Tennessee Department of Finance and Administration. All eligible pre-65 retired employees and disability participants of local governments, who choose coverage, participate in the LGP.

*Benefits Provided.* Obion County and the Obion County Nursing Home offer the LGP to provide health insurance coverage to eligible pre-65 retirees and disabled participants of local governments. With the exception of a small group of grandfathered individuals, retirees are required to discontinue coverage under the LGP upon obtaining Medicare eligibility. Insurance coverage is the only postemployment

benefit provided to retirees. An insurance committee created in accordance with TCA 8-27-701 establishes and amends the benefit terms of the LGP. All members have the option of choosing between the premier preferred provider organization (PPO), standard PPO, limited PPO, or the wellness health savings consumer-driven health plan (CDHP) for healthcare benefits. Retired plan members of the LGP receive the same plan benefits as active employees, at a blended premium rate that considers the cost of all participants. This creates an implicit subsidy for retirees. Participating employers determine their own policy related to direct subsidies provided for the retiree premiums. Obion County does not provide a direct subsidy and is only subject to the implicit subsidy.

*Employees Covered by Benefit Terms.* At the measurement date of June 30, 2023, the following employees were covered by the benefit terms:

Inactive Employees Currently Receiving Benefit Payments	0
Inactive Employees Entitled To But Not Yet Receiving Benefit Payments	0
Active Employees Eligible for Benefits	<u>184</u>
Total	<u><u>184</u></u>

An insurance committee, created in accordance with Section 8-27-701, TCA, establishes the required payments to the LGP by member employers and employees through the blended premiums established for active and retired employees. Claims liabilities of the plan are periodically computed using actuarial and statistical techniques to establish premium rates. For the fiscal year ended June 30, 2024, the county and nursing home paid \$710 to the LGP for OPEB benefits as they came due.

*Changes in the Total OPEB Liability – As of the Measurement Date*

	<u>Total OPEB Liability</u>
Balance July 1, 2022	<u>\$ 156,807</u>
Changes for the Year:

Nursing Home	32.39%	67,985
Total		<u>\$ 209,864</u>

*OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources.* For the year ended June 30, 2024, the county and nursing home recognized OPEB expense (negative OPEB expense) of (\$6,347). On June 30, 2024, the county reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference Between Expected and Actual Experience	\$ 20,765	\$ 152,000
Changes of Assumptions	68,319	108,453
Net Difference Between Projected and Benefits Paid After the Measurement Date of June 30, 2023	710	0
Total	<u>\$ 89,794</u>	<u>\$ 260,453</u>

The amount shown above for “Benefits Paid After the Measurement Date” will be recognized as a reduction to OPEB liability in the following measurement period.

### Allocation of Deferred Outflows or Resources and Deferred Inflows of Resources

	Deferred Outflows	Deferred Inflows
Primary Government	\$ 60,706	\$ 176,081
Nursing Home	29,088	84,372
Total	<u>\$ 89,794</u>	<u>\$ 260,453</u>

Amounts reported as deferred inflows and deferred outflows of resources (excluding benefits paid after the measurement date) related to OPEB will be recognized in OPEB expense as follows:

<u>Year Ending June 30</u>	<u>Total Amount</u>
2025	\$ (34,857)
2026	(34,857)
2027	(36,961)
2028	(34,394)
2029	(23,604)
Thereafter	(6,696)

In the table shown above positive amounts will increase OPEB expense while negative amounts will decrease OPEB expense.

*Sensitivity of the Total OPEB Liability to Changes in the Discount Rate.* The following presents the total OPEB liability of the county calculated using the current discount rate as well as what the OPEB liability would be if it was calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

### **Closed Local Education (LEP) OPEB Plan - Discretely Presented Obion County School Department**

*Plan Description.* Employees of the Obion County School Department who were hired prior to July 1, 2015, are provided with pre-65 retiree health insurance benefits through the closed Local Education Plan (LEP) administered by the Tennessee Department of Finance and Administration. All eligible pre-65 retired teachers, support staff, and disability participants of local education agencies, who choose coverage, participate in the LEP. This plan is closed to the employees of all participating employers that were hired on or after July 1, 2015.

*Benefits Provided.* The Obion County School Department offers the LEP to provide health insurance coverage to eligible pre-65 retirees, support staff, and disabled participants of local education agencies. Retirees are required to discontinue coverage under the LEP upon obtaining Medicare eligibility.

Insurance coverage is the only postemployment benefit provided to retirees. An insurance committee created in accordance with Section 8-27-301, TCA, establishes and amends the benefit terms of the LEP. All members have the option of choosing between the premier preferred provider organization (PPO), standard PPO, limited PPO, or the wellness health savings consumer-driven health plan (CDHP) for healthcare benefits. Retired plan members of the LEP receive the same plan benefits as active employees at a blended premium rate that considers the cost of all participants. This creates an implicit subsidy for retirees. Participating employers determine their own policy related to direct subsidies provided for retiree premiums. The Obion County School Department does not provide a direct subsidy and is only subject to the implicit subsidy. The state, as a governmental non-employer contributing entity, provides a direct subsidy for eligible retirees' premiums based on years of service. Therefore, retirees with 30 or more years of service will receive 45 percent; 20 but less than 30 years, 35 percent; and less than 20 years, 25 percent of the scheduled premium. No subsidy is provided for enrollees of the health savings CDHP.

*Employees Covered by Benefit Terms:* At the measurement date of June 30, 2023, the following employees were covered by the benefit terms:

Inactive Employees Currently Receiving Benefit Payments	16
Inactive Employees Entitled To But Not Yet Receiving Benefit Payments	1
Active Employees Eligible For Benefits	<u>293</u>
Total	<u><u>310</u></u>

A state insurance committee, created in accordance with Section 8-27-301, TCA, establishes the required payments to the LEP by member employers and employees through the blended premiums established for active and retired employees. Claims liabilities of the plan are periodically computed using actuarial and statistical techniques to establish premium rates. Administrative costs are allocated to plan participants. Employers contribute towards employee costs based on their own developed policies. During the current reporting period, the school department paid \$108,641 to the LEP for OPEB benefits as they came due.

*Changes in the Collective Total OPEB Liability – As of the Measurement Date*

Balance June 30, 2023	\$ 3,356,681	\$ 2,181,079	\$ 5,537,760

The Obion County School Department has a special funding situation related to benefits paid by the State of Tennessee for its eligible retired employees participating in the LEP. The Obion County School Department's proportionate share of the collective total OPEB liability was based on a projection of the employers' long-term share of benefit payments to the OPEB plan relative to the projected share of benefit payments of all participating employers and nonemployer contributing entities, actuarially determined. The school department recognized \$220,982 in revenue for subsidies provided by non-employer contributing entities for benefits paid by the LEP for school department retirees.

During the year, the Obion County School Department's proportionate share of the collective OPEB liability was 60.614 percent and the State of Tennessee's share was 39.386 percent.

*OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources.* For the year ended June 30, 2024, the school department recognized OPEB expense of \$486,129, including the state's share of the expense. On June 30, 2024, the school department reported deferred outflows of resources and deferred inflows of resources related to its proportionate share of OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference Between Expected and Actual Experience	\$ 207,609	\$ 367,481

Total	<u>\$ 1,123,503</u>	<u>\$ 951,992</u>

The amount shown above for “Benefits Paid After the Measurement Date” will be recognized as a reduction to OPEB liability in the following measurement period.

Amounts reported as deferred inflows and deferred outflows of resources (excluding benefits paid after the measurement date) related to OPEB will be recognized in OPEB expense as follows:

Year Ending June 30	School Department

## ***H. Purchasing Laws***

### **Office of County Mayor**

Purchasing procedures for the Office of County Mayor are governed by the provisions of the County Purchasing Law of 1983, Sections 5-14-201 through 5-14-206, Tennessee Code Annotated (TCA), which provide for all purchases exceeding \$25,000 to be made after public advertisement and solicitation of competitive bids.

### **Office of Highway Superintendent**

Purchasing procedures for the highway department are governed by provisions of the Uniform Road Law, Section 54-7-113, TCA, which provides for purchases exceeding \$25,000 to be made after public advertisement and solicitation of competitive bids.

### **Office of Director of Schools**

Purchasing procedures for the discretely presented Obion County School Department are governed by purchasing laws applicable to schools as set forth in Section 49-2-203, TCA, which provides for the Board of Education, through its executive committee (director of schools and chairman of the Board of Education), to make all purchases. This statute also requires that competitive bids be solicited through newspaper advertisement on all purchases exceeding \$25,000.

## VI. OTHER NOTES – OBION COUNTY NURSING HOME (ENTERPRISE FUND)

### A. *Summary of Significant Accounting Policies*

#### 1. Reporting Entity

The Obion County Nursing Home is an enterprise fund of Obion County, Tennessee.

#### 2. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The Obion County Nursing Home accounts for its financial position and results of operations in accordance with generally accepted accounting principles applicable to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. Generally accepted accounting principles for proprietary fund types are those applicable to similar businesses in the private sector and are reported using the economic resources measurement focus, which reports all inflows, outflows, and balances affecting or reflecting an entity's net position. Proprietary fund types are accounted for on the accrual basis, whereby income is recognized as it is earned, and expenses are recognized as they are incurred, whether or not cash is received or paid out at that time.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and delivering goods in connection with the proprietary fund's principal ongoing operations. The principal operating revenues of the nursing home are charges for patient services. Operating expenses are those expenses that are essential to the primary operations of the fund and include depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

The nursing home's board of directors approves a non-appropriatory budget annually as a management tool. Proprietary funds are not required to adopt annual budgets.

#### 3. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position

##### a. Cash and Investments

The nursing home's cash on hand and in bank is considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of inception.

State statutes authorize the nursing home to invest in certificates of deposit; obligations of the U.S. Treasury, agencies, and instrumentalities; obligations by the U.S. government or its agencies; repurchase agreements as approved by the state Comptroller's Office; and the state's local government investment pool.

##### b. Accounts Receivable

An allowance for doubtful accounts has been recorded to properly reflect accounts receivable at its estimated realizable value. Accounts receivable in the Statement of Net Position is reported net of the balance in the allowance account as of June 30, 2024, which was \$527,000.

**c. Inventory**

On June 30, 2024, inventory was counted and valued at the lower of average cost or net realizable value.

**d. Prepaid Items**

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items.

**e. Capital Assets**

Capital assets are stated at cost, with the exception of the original building, which is recorded at estimated cost. The original building had an estimated cost of \$93,392, which was fully depreciated. The nursing home has defined capital assets as assets with an initial, individual cost of more than \$3,000. Depreciation of capital assets is computed using the straight-line method over the estimated useful lives of the assets, which range from five to 20 years.

**f. Compensated Absences**

Accumulated unpaid annual and sick leave are accrued at the end of each fiscal year. As of June 30, 2024, annual leave and sick leave totaled \$138,282 and \$260,684, respectively, for a total accrual of \$398,966. All accrued leave has been reported as a current liability in the Statement of Net Position.

**g. Deferred Outflows/Inflows of Resources**

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. The nursing home has items related to pensions and other postemployment benefits that qualify for reporting in this category as of June 30, 2024. See the related disclosures in Note VI.C. for the details concerning these balances.

In addition to liabilities, the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until then. The nursing home has items related to pensions and other postemployment benefits that qualify for reporting in this category. See the related disclosures in Note VI.C. for the items that comprise this financial statement element.

**h. Pensions**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Public Employee Pension Plan administered by the Tennessee Consolidated Retirement System (TCRS) and additions to/deductions from the plan's fiduciary net position have been determined on the same basis as they are reported by the TCRS. For this purpose, benefits (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms of the Public Employee Pension Plan. Investments are reported at fair value.

**i. Other Postemployment Benefits (OPEB)**

For purposes of measuring the total OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Local Government OPEB Plan administered by the Tennessee Department of Finance and Administration, and additions to/deductions from the plan's fiduciary net position have been determined on the same basis as they are reported by the state. For this purpose, benefits are recognized when due and payable in accordance with the benefit terms of the Local Government OPEB Plan.

**j. Net Position Flow Assumption**

Sometimes the nursing home will fund outlays for a particular purpose from both restricted and unrestricted resources. In order to calculate the amounts to report as restricted net position and unrestricted net position in the financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the nursing home's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

**B. Detailed Notes**

**1. Deposits and Investments**

As of June 30, 2024, all deposits for the nursing home were in interest-bearing checking accounts. There were no investments held by the nursing home at year end.

**Custodial Credit Risk** – In the case of deposits, this is the risk that in the event of a bank failure, the nursing home's deposits may not be returned to it. The nursing home's policies limit deposits and investments to those instruments allowed by applicable state laws as described in Note VI.A.3.a. As of June 30, 2024, all bank deposits were fully insured and collateralized.

## 2. Capital Assets

Capital assets activity during the year was as follows:

	Balance 7-1-23	Increases	Decreases	Balance 6-30-24
Capital Assets Not Depreciated:				
Construction in Progress	\$ 19,900	\$ 0	\$ (19,900)	\$ 0

Capital Assets, Net	\$ 414,350	\$ (38,787)	\$ (19,900)	\$ 355,663

Depreciation expense was \$61,589 for the year ended June 30, 2024.

## C. Other Information

### 1. Pension Plan

*Plan Description.* Employees of Obion County Nursing Home, an enterprise fund of Obion County, Tennessee, are provided a defined benefit pension plan through the Public Employee Pension Plan, an agent multiple-employer pension plan administered by the TCRS. The nursing home employees comprised 14.16 percent of the plan based on contribution data. The TCRS was created by state statute under Tennessee Code Annotated (TCA), Title 8, Chapters

34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publicly available financial report that can be obtained at <https://treasury.tn.gov/Retirement/Boards-and-Governance/Reporting-and-Investment-Policies>.

*Benefits Provided.* TCA, Title 8, Chapters 34-37, establish the benefit terms and can be amended only by the Tennessee General Assembly. The chief legislative body may adopt the benefit terms permitted by statute. Members are eligible to retire with an unreduced benefit at age 60 with five years of service credit or after 30 years of service credit regardless of age. Benefits are determined by a formula using the member’s highest five consecutive year average compensation and the member’s years of service credit. Reduced benefits for early retirement are available at age 55 and vested. Members vest with five years of service credit. Service-related disability benefits are provided regardless of length of service. Five years of service is required for nonservice-related disability eligibility. The service-related and nonservice-related disability benefits are determined in the same manner as a service retirement benefit but are reduced ten percent and include projected service credits. A variety of death benefits is available under various eligibility criteria.

*Contributions.* Contributions for employees are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly. Employees contribute five percent of salary. Obion County makes employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. For the year ended June 30, 2024, employer contributions for Obion County Nursing Home were \$120,704 based on a rate of 5.76 percent of covered payroll. By law, employer contributions are required to be paid. The TCRS may intercept Obion County’s state shared taxes if required employer contributions are not remitted. The employer’s actuarially determined contribution (ADC) and member contributions are expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

**Information about Collective Net Pension Liability**

The net pension liability (asset) was measured as of June 30, 2023, and the total pension liability (asset) used to calculate the net pension liability (asset) was determined by an actuarial valuation as of that date.

*Actuarial Assumptions.* The total pension liability in the June 30, 2023, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.25%
Salary Increases	Graded Salary Ranges from 8.72% to 3.44% Based on Age, Including Inflation, Averaging 4%
Investment Rate of Return	6.75%, Net of Pension Plan Investment Expenses, Including Inflation

Mortality rates were based on actual experience including adjustment for some anticipated improvement.

The actuarial assumptions used in the June 30, 2023, actuarial valuation were based on the results of an actuarial experience study performed for the period July 1, 2016, through June

30, 2020. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees in conjunction with the June 30, 2020, actuarial experience study. A blend of future capital market projections and historical market returns was used in a building-block method, in which a best estimate of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) is developed for each major asset class. These best estimates are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.25 percent. The best estimates of geometric real rates of return and the TCRS investment policy target asset allocation for each major asset class are summarized in the following table:

Asset Class	Expected Real Rate of Return	Percentage Target Allocations
U.S. Equity	4.88	31
Developed Market		
International Equity	5.37	14
Emerging Market		
International Equity	6.09	4
Private Equity and		
Strategic Lending	6.57	20
U.S. Fixed Income	1.20	20
Real Estate	4.38	10
Short-term Securities	0.00	1
Total		100

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 6.75 percent based on a blending of the three factors described above.

*Discount Rate.* The discount rate used to measure the total pension liability was 6.75 percent. The projection of cash flows used to determine the discount rate assumes that employee contributions will be made at the current rate and that contributions from Obion County Nursing Home will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

*Sensitivity of the Net Pension Liability (Asset) to Changes in the Discount Rate.* The following presents the nursing home's proportionate share of the net pension liability (asset) calculated using the discount rate of 6.75 percent, as well as what the nursing home's proportionate share of the net pension liability (asset) would be if it was calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate:

Obion County Nursing Home's		Current	
Proportionate Share of	1%	Discount	1%
the Net Pension	Decrease	Rate	Increase
Liability (Asset)	5.75%	6.75%	7.75%

Net Pension Liability (Asset)	\$ 560,686	\$ (128,418)	\$ (706,653)
-------------------------------	------------	--------------	--------------

*Pension Plan Fiduciary Net Position.* Detailed information about the pension plan's fiduciary net position is available in a separately issued TCRS financial report.

***Pension Asset, Pension Expense (Negative Pension Expense), and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions***

*Pension Liability (Asset).* The nursing home's proportion of the net pension asset as of June 30, 2023, was based on the nursing home's proportion of contributions relative to all contributions made under Obion County's plan. At the June 30, 2023, measurement date, the nursing home's proportion was 14.16 percent. The proportion as of June 30, 2022, was 12.42 percent.

*Pension Expense (Negative Pension Expense).* For the year ended June 30, 2024, the Obion County Nursing Home recognized pension expense (negative pension expense) of \$381.

*Deferred Outflows of Resources and Deferred Inflows of Resources.* For the year ended June 30, 2024, the Obion County Nursing Home reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference Between Expected and Actual Experience	\$ 136,645	\$ 10,864
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	43,411	0
Change in assumptions	94,278	0
Changes in Proportion of Net Pension Liability (Asset)	13,832	32,831
Contributions Subsequent to the Measurement Date of June 30, 2023	120,704	N/A
Total	\$ 408,870	\$ 43,695

The amount shown above for contributions subsequent to the measurement date will be recognized as a reduction (increase) in net pension liability (asset) in the following measurement period. Other amounts reported as deferred outflows of resources, with the exception of contributions after the measurement date, and deferred inflows of resources related to pensions will be recognized in pension expense in the subsequent fiscal periods:

Year Ending June 30	Amount
2025	\$ 94,244
2026	(2,721)
2027	152,657
2028	291

In the table above, positive amounts will increase pension expense, while negative amounts will decrease pension expense.

## 2. *Other Postemployment Benefits*

*Plan Description.* Employees of Obion County Nursing Home are provided with pre-65 retiree health insurance benefits through Obion County's participation in the closed Local Government OPEB Plan (LGP) administered by the Tennessee Department of Finance and Administration. This plan is considered to be a multiple employer defined benefit plan that is used to provide postemployment benefits other than pensions (OPEB). All eligible pre-65 retired employees and disability participants of local governments who choose coverage participate in the LGP.

The Tennessee Department of Finance and Administration issues a publicly available financial report that can be obtained by writing to Tennessee Department of Financial and Administration, 312 Rosa L. Parks Avenue, Nashville, Tennessee 37243, or it may be found at the Tennessee Department of Finance and Administration website at [www.tn.gov](http://www.tn.gov).

*Benefits Provided.* Obion County Nursing Home offers the LGP to provide health insurance coverage to eligible pre-65 retirees and disabled participants of local governments. Insurance coverage is the only postemployment benefit provided to retirees. An insurance committee created in accordance with TCA 8-27-701 establishes and amends the benefit terms of the LGP. All members have the option of choosing between the premier preferred provider organization (PPO), standard PPO, limited PPO, or the wellness health savings consumer-driven health plan (CDHP) for healthcare benefits. Retired plan members of the LGP receive the same plan benefits as active employees at a blended premium rate that considers the cost of all participants. This creates an implicit subsidy for retirees. Participating employers determine their own policy related to direct subsidies provided for the retiree premiums. Obion County Nursing Home does not directly subsidize their pre-65 retiree insurance premiums and, therefore, are only subject to the implicit subsidy. The LGP is funded on a pay-as-you-go basis, and there are no assets accumulating in a trust that meets the criteria of paragraph 4 of GASB Statement No. 75.

An insurance committee created in accordance with Section 8-27-701, TCA, establishes the required payments to the LGP by member employers and employees through the blended premiums established for active and retired employees. Claims liabilities of the plan are periodically computed using actuarial and statistical techniques to establish premium rates. For the fiscal year ended June 30, 2024, Obion County Nursing Home paid \$230 to the LGP for OPEB benefits as they came due.

***Total OPEB Liability OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB***

On June 30, 2024, Obion County Nursing Home reported a liability of \$67,985 for its proportionate share of Obion County's total OPEB liability. The total OPEB liability was measured as of June 30, 2023, determined by an actuarial valuation as of that date. Obion County Nursing Home's proportion of the total OPEB liability was based on the number of employees in each entity compared to the total number of employees in Obion County's census data. On June 30, 2023, Obion County Nursing Home's proportion was 32.39 percent. Their proportion on June 30, 2022, was 23 percent.

For the year ended June 30, 2024, Obion County Nursing Home recognized OPEB expense of \$13,497.

On June 30, 2024, Obion County Nursing Home reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference Between Expected and Actual Experience	\$ 6,726	\$ 49,239
Change in Assumptions	22,132	35,133
Changes in Proportion and Differences Between Actual Payments and Proportionate Share of Payments	44,067	2,332
Contributions Subsequent to the Measurement Date of June 30, 2023	230	0
Total	<u>\$ 73,155</u>	<u>\$ 86,704</u>

The amount shown above for "Benefits Paid After the Measurement Date" will be recognized as a reduction to OPEB liability in the following measurement period.

Amounts reported as deferred inflows and deferred outflows of resources (excluding benefits paid after the measurement date) related to OPEB will be recognized in OPEB expense as follows:

Year Ending June 30	Amount
2025	\$ (2,794)
2026	(2,794)

*Actuarial Assumptions.* The total OPEB liability in the June 30, 2023, actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.25%
Salary Increases	Graded Salary Ranges from 3.44% to 8.72% Based on Age, Including Inflation, Averaging 4%
Healthcare Cost Trend Rates	
Pre-65 rates in 2024	10.3%, decreasing annually over eleven years to an ultimate rate of 4.5%
Post-65 rates in 2024	12.4%, decreasing annually over eleven years to an ultimate rate of 4.5%
Retiree's Share of Benefit-Related Costs	Members are required to make monthly contributions in order to maintain their coverage. For the purpose of this valuation, a weighted average has been used with weights derived from the current distribution of members among plans offered.

Unless noted otherwise, the actuarial demographic assumptions used in the June 30, 2023, valuations were the same as those employed in the July 1, 2023, Pension Actuarial Valuation of the Tennessee Consolidated Retirement System (TCRS). These assumptions were developed by TCRS based on the results of an actuarial experience study for the period July 1, 2016 - June 30, 2020. The demographic assumptions were adjusted to more closely reflect actual and expected future experience. Mortality tables are used to measure the probabilities of participants dying before and after retirement. The mortality rates employed in this valuation are taken from the PUB-2010 Headcount-Weighted Employee mortality table for General Employees for non-disabled pre-retirement mortality, with mortality improvement projected generationally with MP-2020 from 2010. Post-retirement tables for non-teachers are Headcount-Weighted Below Median Healthy Annuitant and adjusted with a 6 percent load for males and a 14 percent load for females, projected generationally from 2010 with MP-2020. Post-retirement tables for teachers are Headcount-Weighted Below Median Healthy Annuitant and adjusted with a 19 to load for males and a 18% load for females, projected generationally from 2010 with MP-2020. Mortality rates for impaired lives are the same as those used by TCRS and are taken from a gender distinct table published in the IRS Ruling 96-7 for disabled lives with a 10 percent load, projected generationally from 2018 with MP-2020

*Discount Rate.* The discount rate used to measure the total OPEB liability was 3.65 percent. This rate reflects the interest rate derived from yields on 20-year, tax-exempt general obligation municipal bonds prevailing on the measurement date with an average rating of AA/Aa, as shown on the Bond Buyer 20-year Municipal GO AA index.

*Changes in Assumptions.* The discount rate changed from 3.54 percent as of the beginning of the measurement period to 3.65 percent as of the measurement date of June 30, 2023. This change in assumption increased the total OPEB liability. Other changes in assumptions include adjustments to initial per capita costs and health trend rates.

*Sensitivity of Obion County Nursing Home's Proportionate Share of the Total OPEB Liability to Changes in the Discount Rate.* The following presents Obion County Nursing Home's proportionate share of the total OPEB liability, as well as what the proportionate share of the total OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (2.65%) or one percentage point higher (4.65%) than the current discount rate:

<u>Discount Rate</u>		Current

*Sensitivity of Obion County Nursing Home's Proportionate Share of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates.* The following presents Obion County Nursing Home's proportionate share of the total OPEB liability, as well as what the proportionate share of the total OPEB liability would be if it were calculated using healthcare cost trend rates that are one percentage point lower or one percentage point higher than the current healthcare cost trend rates:

<u>Healthcare Cost Trend Rate</u>		Current	
	1%	Rate	1%

### ***3. Risk Management***

The nursing home purchases commercial insurance for general liability, property and automobile coverage, and fidelity position bonds. Employee health and accident insurance is purchased through the county's commercial insurance policy. Settled claims have not exceeded this commercial coverage in the past three fiscal years. The nursing home carries its workers' compensation coverage through the Tennessee Health Care Association (THCA), a self-insured trust fund established to be self-sustaining through member premiums. All members of the THCA must be approved for coverage and are jointly and severally liable for all claims of the association.

**NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION**  
**For the Year Ended June 30, 2024**

**TENNESSEE CONSOLIDATED RETIREMENT SYSTEM**

*Valuation Date:* Actuarially determined contribution rates for 2024 were calculated based on the June 30, 2022, actuarial valuation.

Methods and assumptions used to determine contribution rates:

Actuarial Cost Method	Entry Age Normal
Amortization Method	Level Dollar, Closed (Not to Exceed 20 Years)
Remaining Amortization Period	Varies by Year
Asset Valuation	10-Year Smoothed Within a 20% Corridor to Market Value
Inflation	2.25%
Salary Increases	Graded Salary Ranges from 8.72% to 3.44% Based on Age, Including Inflation; averaging 4%
Investment Rate of Return	6.75%, Net of Investment Expense, Including Inflation
Retirement Age	Pattern of Retirement Determined by Experience Study
Mortality	Customized Table Based on Actual Experience Including an Adjustment for Some Anticipated Improvement
Cost of Living Adjustment	2.125%

*Changes of assumptions.* In 2021, the following assumptions were changed: decreased inflation rate from 2.5 percent to 2.25 percent; decreased the investment rate of return from 7.25 percent to 6.75 percent; decreased the cost-of-living adjustment from 2.25 percent to 2.125 percent; and modified mortality assumptions. In 2017, the following assumptions were changed: decreased inflation rate from 3 percent to 2.5 percent; decreased the investment rate of return from 7.5 percent to 7.25 percent; decreased the cost-of-living adjustment from 2.5 percent to 2.25 percent; decreased salary growth graded ranges from an average of 4.25 percent to an average of 4 percent; and modified mortality assumptions.

## CUSTODIAL FUNDS

---

*Custodial Funds are used to account for assets held by the county in a custodial capacity or as an agent for individuals, private organizations, other governments, and/or other funds. Custodial Funds are reported using the economic resources measurement focus and the accrual basis of accounting. Custodial fund reporting focuses on net position and changes in net position. Custodial funds are distinguished from trust funds by the absence of a trust agreement or equivalent arrangement.*

**Cities - Sales Tax Fund** – The Cities - Sales Tax Fund is used to account for the second half of the sales tax revenues collected inside incorporated cities of the county. These revenues are received by the county from the state of Tennessee and forwarded to the various cities on a monthly basis.

**Cities - Property Tax Fund** – The Cities - Property Tax Fund is used to account for property tax collections received by the county trustee on behalf of the town of Woodland Mills. These collections are remitted monthly to the municipality.

**Special School District Fund** – The Special School District Fund is used to account for the collection of property taxes, which are held in trust for the Kenton Special School District.

**City School ADA - Union City Fund** – The City School ADA - Union City Fund is used to account for the city school system's share of education revenues collected by the county, which must be apportioned between the various school systems on an average daily attendance basis. These collections are remitted to the city school system on a monthly basis.

**Constitutional Officers - Custodial Fund** – The Constitutional Officers - Custodial Fund is used to account for amounts collected in a custodial capacity by the county clerk; circuit, general sessions, and juvenile courts clerk; clerk and master; register of deeds; and sheriff. Such collections include amounts due to the state, cities, litigants, heirs, and others.

**Judicial District Drug Fund** – The Judicial District Drug Fund is used to account for grants and other restricted revenues for the benefit of the multi-jurisdictional drug task force, which was created by contract (mutual aid agreement) between the participating city and county governments.

## OBION COUNTY SCHOOL DEPARTMENT

---

*This section presents combining and individual fund financial statements for the Obion County School Department, a discretely presented component unit. The school department uses a General Fund and three Special Revenue Funds.*

**General Purpose School Fund** – The General Purpose School Fund is used to account for general operations of the school department.

**School Federal Projects Fund** – The School Federal Projects Fund is used to account for restricted federal revenues, which must be expended on specific education programs.

**Central Cafeteria Fund** – The Central Cafeteria Fund is used to account for the cafeteria operations in each of the schools.

**Internal School Fund** – The Internal School Fund is used to account for funds held at the individual schools for internal school use such as the purchase of supplies, school clubs, and student activities.

Amounts reported for governmental activities in the statement of  
activities (Exhibit B) are different because:

Net change in fund balances - total governmental funds (Exhibit J-4)		\$ 2,238,956
(1) Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of these assets is allocated over their useful lives and reported as depreciation expense. The difference between capital outlays and depreciation is itemized as follows:		
Add: capital assets purchased in the current period	\$ 4,029,399	
Less: current-year depreciation expense	<u>(2,267,408)</u>	1,761,991
(2) Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.		
Add: deferred delinquent property taxes and other deferred June 30, 2024	\$ 504,549	
Less: deferred delinquent property taxes and other deferred June 30, 2023	<u>(1,883,882)</u>	(1,379,333)
(3) Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the governmental funds.

## SINGLE AUDIT SECTION

JASON E. MUMPOWER  
*Comptroller*

**Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards***

Obion County Mayor and  
Board of County Commissioners  
Obion County, Tennessee

To the County Mayor and Board of County Commissioners:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Obion County, Tennessee, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise Obion County's basic financial statements, as listed in the table of contents, and have issued our report thereon dated January 23, 2025. Our report includes references to other auditors who audited the financial statements of the Obion County Nursing Home and the Internal School Fund of the Obion County School Department (a discretely presented component unit) as described in our report on Obion County's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

**Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Obion County's internal control over financial reporting (internal control) as a basis for determining audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Obion County's internal control. Accordingly, we do not express an opinion on the effectiveness of Obion County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify the following deficiency in internal control, described

in the accompanying Schedule of Findings and Questioned Costs, that we consider to be a significant deficiency: 2024-002(A-C,E).

### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Obion County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and are described in the accompanying Schedule of Findings and Questioned Costs as items: 2024-001 and 2024-002(D).

### **Obion County's Responses to the Findings**

*Government Auditing Standards* requires the auditor to perform limited procedures on Obion County's responses to the findings identified in our audit and described in the accompanying Schedule of Findings and Questioned Costs. Obion County's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the responses.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Obion County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Very truly yours,

Jason E. Mumpower  
Comptroller of the Treasury

**Independent Auditor's Report on Compliance for Each Major Federal Program; Report on Internal Control Over Compliance; and Report on the Schedule of Expenditures of Federal Awards Required by the Uniform Guidance**

Obion County Mayor and  
Board of County Commissioners  
Obion County, Tennessee

To the County Mayor and Board of County Commissioners:

**Report on Compliance for Each Major Federal Program**

***Opinion on Each Major Federal Program***

We have audited Obion County's compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of Obion County's major federal programs for the year ended June 30, 2024. Obion County's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

In our opinion, Obion County complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2024.

***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Obion County, Tennessee, and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Obion County's compliance with the compliance requirements referred to above.

### ***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Obion County's federal programs.

### ***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Obion County's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for noncompliance resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Obion County's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Obion County's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of Obion County's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Obion County's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### **Report on Internal Control Over Compliance**

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe

than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that have not been identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

### **Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance**

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Obion County, Tennessee, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise Obion County's basic financial statements. We issued our report thereon dated January 23, 2025, which contained unmodified opinions on those financial statements. Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

Very truly yours,

Jason E. Mumpower  
Comptroller of the Treasury

## PART II, FINDINGS RELATING TO THE FINANCIAL STATEMENTS

Findings and recommendations, as a result of our audit, are presented below. We reviewed these findings and recommendations with management to provide an opportunity for their response. Written responses for the findings are paraphrased and presented following each finding and recommendation. Management's corrective action plans, whether related to the financial statements or federal awards, are presented separately in the Management's Corrective Action Plan in the Single Audit Section of this report. Findings relating specifically to the audit of federal awards, if any, are separately presented under Part III, Findings and Questioned Costs for Federal Awards.

### OFFICE OF DIRECTOR OF SCHOOLS

FINDING 2024-001

#### **THE SCHOOL DEPARTMENT EMPLOYED A CONTRACTOR WITHOUT REQUIRING ADEQUATE BONDS IN ACCORDANCE WITH STATE STATUTE**

(Noncompliance –Under *Government Auditing Standards*)

During the year, the school department employed a contractor for three roofing projects totaling \$1,233,866; however, the contractor did not provide appropriate bonds for the projects. Section 12-4-201, *Tennessee Code Annotated*, requires contractors to provide appropriate bonds, which shall be no less than twenty-five (25%) percent of the contract price, for all contracts that exceed \$100,000. The use of a contractor that was not adequately bonded placed the school department at risk of significant financial loss. This deficiency was the result of a lack of management oversight and the failure to follow state statutes.

### RECOMMENDATION

The school department should ensure that contractors provide appropriate bonds and should only employ adequately bonded contractors for construction projects exceeding \$100,000, as required by state statute.

### MANAGEMENT'S RESPONSE – DIRECTOR OF SCHOOLS

We concur with the audit finding. In the future, we will obtain a bond when employing contractors on projects that exceed \$100,000.

### OFFICE OF SHERIFF

FINDING 2024-002

#### **THE OFFICE HAD ACCOUNTING DEFICIENCIES**

(A., B., C., and E. – Internal Control – Significant Deficiency Under *Government Auditing Standards*; D. – Noncompliance Under *Government Auditing Standards*)

The following deficiencies were noted during our examination of the office's accounting records. These deficiencies can be attributed to a lack of understanding of internal controls, generally accepted accounting principles, state statutes, and sound business practices. The deficiencies noted in Parts C. and D. of this finding are also the result of management's failure to correct the finding noted in the prior-year audit report and management's failure to implement their corrective action plan.

- A. The official cash journal was not properly maintained. When auditors requested the cash journal during May, 2024, the cash journal contained numerous errors and appeared to have pages missing. Amounts were not properly posted, columns were not always totaled, and

ending balances were not carried forward. The official cash journal is the primary cash control record of the office that summarizes financial operations; therefore, the proper maintenance of the cash journal on a current basis is necessary for the official to determine the financial position of the office. The failure to properly maintain accounting records also increases the risks of fraud and abuse.

- B. The annual financial report did not properly reflect the operations of the office. Receipts and disbursements were understated on the annual financial report by \$718,202 and \$628,674, respectively, primarily due to errors in reporting commissary activity. Additionally, beginning balances and ending balances in the annual financial report were not correct and did not agree with the cash journal or reconciled bank statements. These amounts were determined by substantive testing and alternative auditing procedures and have been properly included in the financial statements in this report.
- C. Receipts were not always issued at the time of collection. In some instances, deposits slips were dated prior to the corresponding receipts. The practice of issuing receipts after the actual date of collection increases the risk that collections will not be accounted for properly.
- D. Some funds were not deposited within three days of collection as required by Section 5-8-207, *Tennessee Code Annotated*. During the period tested, 48 of 142 receipts were held from four to nine business days after the receipts were issued before being deposited to the office bank account. This delay in depositing was in addition to the time period noted in Part C. of this finding. The delay in depositing funds weakens internal controls over collections and increases the risks of fraud and misappropriation.
- E. Duties were not segregated adequately among the official and employees in the Office of Sheriff. The employees responsible for maintaining accounting records were also involved in receipting, depositing, and/or disbursing funds. Sound business practices dictate that management is responsible for designing internal controls to give reasonable assurance of the reliability of financial reporting and of the effectiveness and efficiency of operations. This lack of segregation of duties is the result of management's decisions based on the availability of financial resources and is a significant deficiency in internal controls that increases the risk of unauthorized transactions.

## **RECOMMENDATION**

The official cash journal should be properly maintained on a current basis. The annual financial report should accurately reflect the operations of the sheriff's department. Receipts should be issued at the time of collection and deposited within three days, as required by state statute. The official should segregate duties to the extent possible using available resources.

## **MANAGEMENT'S RESPONSE – SHERIFF**

I concur with the finding. I will stress to the bookkeeper the importance of maintaining the accounting records correctly. I will also contact CTAS and have some remedial training done for the existing bookkeeper and a second person that can fill in when our main bookkeeper is absent from work. We made some improvements during the prior audit, but we failed to maintain that progress. We will continue to work to correct the deficiencies noted in the audit finding.

### **PART III, FINDINGS AND QUESTIONED COSTS FOR FEDERAL AWARDS**

There were no findings and questioned costs related to federal awards for the year ended June 30, 2024.

**OBION COUNTY, TENNESSEE**  
**MANAGEMENT'S CORRECTIVE ACTION PLAN**  
**For the Year Ended June 30, 2024**

Management's corrective action plans for all financial statement findings and federal award findings are presented in this section and have been indexed below. The corrective action plans were prepared by management and have been presented as they were submitted.

## **BEST PRACTICE**

Accounting literature describes a best practice as a recommended policy, procedure, or technique that aids management in improving financial performance. Historically, a best practice has consistently shown superior results over conventional methods.

The Division of Local Government Audit strongly believes that the item noted below is a best practice that should be adopted by the governing body as a means of significantly improving accountability and the quality of services provided to the citizens of Obion County.

### **OBION COUNTY SHOULD ADOPT A CENTRAL SYSTEM OF ACCOUNTING, BUDGETING, AND PURCHASING**

Obion County does not have a central system of accounting, budgeting, and purchasing. Sound business practices dictate that establishing a central system would significantly improve internal controls over the accounting, budgeting, and purchasing processes. The absence of a central system of accounting, budgeting, and purchasing has been a management decision by the county commission resulting in decentralization and some duplication of effort. We recommend the adoption of the County Financial Management System of 1981 or a private act, which would provide for a central system of accounting, budgeting, and purchasing covering all county departments.
