Summary of Audit Findings

Annual Financial Report
Clay County, Tennessee
For the Year Ended June 30, 2025

Scope

We have audited the basic financial statements of Clay County as of and for the year ended June 30, 2025.

Results

Our report on Clay County's financial statements is unmodified.

Our audit resulted in two findings and recommendations, which we have reviewed with Clay County management. Detailed findings, recommendations, and management's responses are included in the Single Audit section of this report.

Findings

The following are summaries of the audit findings:

OFFICES OF COUNTY MAYOR AND ROAD SUPERINTENDENT

- ◆ The offices had not established formal purchase order systems.

OFFICE OF ROAD SUPERINTENDENT

- ◆ The office did not maintain adequate controls over consumable assets.

Independent Auditor's Report

Clay County Mayor and
Board of County Commissioners
Clay County, Tennessee

To the County Mayor and Board of County Commissioners:

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Clay County, Tennessee, as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the county's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the report of the other auditors, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Clay County, Tennessee, as of June 30, 2025, and the respective changes in financial position and the respective budgetary comparison for the General, Solid Waste/Sanitation, and Highway/Public Works funds for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the Internal School Fund of the Clay County School Department (a discretely presented component unit), which represent 1.63 percent, 2.01 percent, and 3.88 percent, respectively, of the assets, net position, and revenues of the discretely presented component unit. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the discretely presented Clay County School Department's Internal School Fund, is based solely on the report of the other auditors.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Clay County, Tennessee, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Changes in Accounting Principle

As described in Note V.B., Clay County has adopted the provisions of Governmental Accounting Standards Board (GASB) Statement No. 101, *Compensated Absences* and GASB Statement No. 102, *Certain Risk Disclosures*. GASB 101 updates the recognition and measurement guidance for compensated absences under a unified model and amends certain previously required disclosures. GASB 102 provides users of government financial statements with essential information about risks related to a government's vulnerabilities due to certain concentrations or constraints.

Emphasis of Matter

We draw attention to Note I.D.9. to the financial statements, which describes restatements to the beginning Governmental Activities net position totaling (\$27,328) for the primary government and (\$89,963) for the discretely presented Clay County School Department. These restatements were necessary because of the transitional requirements of GASB Statement No. 101, *Compensated Absences*. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Clay County's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Clay County's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Clay County's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Accounting principles generally accepted in the United States of America require that the schedule of changes in the county's net pension liability (asset) and related ratios, schedules of county and school contributions, schedules of school's proportionate share of the net pension liability (asset), and schedule of school changes in the total other postemployment benefits liability and related ratios, as listed under Required Supplementary Information in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Clay County's basic financial statements. The combining and individual nonmajor fund financial statements, budgetary comparison schedules of nonmajor governmental funds and the General Debt Service Fund, combining and individual fund financial statements of the Clay County School Department (a discretely presented component unit), and miscellaneous schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit

of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements, budgetary comparison schedules of nonmajor governmental funds and the General Debt Service Fund, combining and individual fund financial statements of the Clay County School Department (a discretely presented component unit), and miscellaneous schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory section but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Requirements by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated October 3, 2025, on our consideration of the Clay County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Clay County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Clay County's internal control over financial reporting and compliance.

Very truly yours,

Jason E. Mumpower
Comptroller of the Treasury
Nashville, Tennessee

October 3, 2025

CLAY COUNTY, TENNESSEE**Reconciliation of the Balance Sheet of Governmental****Funds to the Statement of Net Position****June 30, 2025**

Amounts reported for governmental activities in the statement
of net position (Exhibit A) are different because:

Total fund balances - balance sheet - governmental funds (Exhibit C-1)		\$ 10,355,218
(1) Capital assets used in governmental activities are not financial resources and therefore are not reported in the governmental funds.		
Add: land	\$ 103,800	
Add: construction in progress	530,719	
Add: buildings and improvements net of accumulated depreciation	2,389,134	
Add: infrastructure net of accumulated depreciation	10,416,957	
Add: other capital assets net of accumulated depreciation	<u>2,841,727</u>	16,282,337
(2) Long-term liabilities are not due and payable in the current period and therefore are not reported in the governmental funds.		
Less: bonds payable	\$ (2,390,000)	
Add: debt to be contributed by the school department	2,390,000	
Less: compensated absences payable	(240,598)	
Less: accrued interest on bonds	<u>(5,975)</u>	(246,573)
(3) Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be amortized and recognized as components of pension expense in future years.		
Add: deferred outflows of resources related to pensions	\$ 743,704	
Less: deferred inflows of resources related to pensions	<u>(189,599)</u>	554,105
(4) Net pension assets of the agent plan are not current financial resources and therefore are not reported in the governmental funds.		323,398
(5) Other long-term assets are not available to pay for current period expenditures and therefore are deferred in the governmental funds.		<u>486,712</u>
Net position of governmental activities (Exhibit A)		<u><u>\$ 27,755,197</u></u>

CLAY COUNTY, TENNESSEE
**Reconciliation of the Statement of Revenues, Expenditures, and Changes in
Fund Balances of Governmental Funds to the Statement of Activities
For the Year Ended June 30, 2025**

Amounts reported for governmental activities in the statement
of activities (Exhibit B) are different because:

Net change in fund balances - total governmental funds (Exhibit C-3)		\$	355,951
(1) Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of these assets is allocated over their useful lives and reported as depreciation expense. The difference between capital outlays and depreciation is itemized as follows:			
Add: assets purchased	\$	2,029,545	
Less: current-year depreciation expense		<u>(541,102)</u>	1,488,443
(2) The net effect of various miscellaneous transactions involving capital assets (sales, trade-ins, and donations) is to decrease net position.			
Add: assets donated and capitalized	\$	139,412	
Less: book value of capital assets disposed		<u>(102,981)</u>	36,431
(3) Revenues in the statement of activities that do not provide current financial resources are not reported in the funds.			
Add: deferred delinquent property taxes and other deferred June 30, 2025	\$	486,712	
Less: deferred delinquent property taxes and other deferred June 30, 2024		<u>(489,331)</u>	(2,619)
(4) The issuance of long-term debt (e.g., notes, other loans, bonds) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.			
Add: principal payments on bonds	\$	360,000	
Less: contributions from the school department for bonds		<u>(360,000)</u>	0
(5) Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the governmental funds.			
Change in accrued interest payable	\$	900	
Change in compensated absences payable		(154,810)	
Change in net pension liability/asset		269,800	
Change in deferred outflows related to pensions		(198,789)	
Change in deferred inflows related to pensions		<u>(61,416)</u>	(144,315)
Change in net position of governmental activities (Exhibit B)		\$	<u>1,733,891</u>

The notes to the financial statements are an integral part of this statement.

CLAY COUNTY, TENNESSEE
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended June 30, 2025

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Clay County's financial statements are presented in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments.

The following are the more significant accounting policies of Clay County:

A. *Reporting Entity*

Clay County is a public municipal corporation governed by an elected ten-member board. As required by GAAP, these financial statements present Clay County (the primary government) and its component units. The financial statements of the Clay County Emergency Communications District, a component unit requiring discrete presentation, were excluded from this report due to materiality calculations; therefore, the effect of this omission did not affect the independent auditor's opinion thereon. The component units discussed below are included in the county's reporting entity because of the significance of their operational or financial relationships with the county.

Discretely Presented Component Units – The following entities meet the criteria for discretely presented component units of the county. They are reported in separate columns in the government-wide financial statements to emphasize that they are legally separate from the county.

The Clay County School Department operates the public school system in the county, and the voters of Clay County elect its board. The school department is fiscally dependent on the county because it may not issue debt, and its budget and property tax levy are subject to the county commission's approval. The school department's taxes are levied under the taxing authority of the county and are included as part of the county's total tax levy.

The Clay County Emergency Communications District provides a simplified means of securing emergency services through a uniform emergency number for the residents of Clay County, and the Clay County Commission appoints its governing body. The district is funded primarily through a service charge levied on telephone services. Before the issuance of most debt instruments, the district must obtain the county commission's approval. The financial statements of the Clay County Emergency Communications District were not material to the component units' opinion unit and therefore have been omitted from this report.

The Clay County School Department does not issue separate financial statements from those of the county. Therefore, basic financial statements of the school department are included in this report as listed in the table of contents. Complete financial statements of the Clay County Emergency Communications District can be obtained from its administrative office at the following address:

Administrative Office:

Clay County Emergency Communications District
400 West Lake Avenue
Celina, TN 38551

B. *Government-wide and Fund Financial Statements*

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all the nonfiduciary activities of the primary government and its

component units. For the most part, the effect of interfund activity has been removed from these statements. However, when applicable, interfund services provided and used between functions are not eliminated in the process of consolidation in the Statement of Activities. Governmental activities are normally supported by taxes and intergovernmental revenues. Business-type activities, which rely to a significant extent on fees and charges, are required to be reported separately from governmental activities in government-wide financial statements. However, the primary government of Clay County does not have any business-type activities to report. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable. The Clay County School Department, component unit, only reports governmental activities in the government-wide financial statements.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Clay County issues all debt for the discretely presented Clay County School Department. There were no debt issues contributed by the county to the school department during the year ended June 30, 2025.

Separate financial statements are provided for governmental funds and fiduciary funds. The fiduciary funds are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the fiduciary funds financial statements. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Fund financial statements of Clay County are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund balance/net position, revenues, and expenditures. Funds are organized into three major categories: governmental, proprietary, and fiduciary. An emphasis is placed on major funds within the governmental category. Clay County has no proprietary funds to report.

Separate financial statements are provided for governmental funds and fiduciary funds. Major individual governmental funds are reported as separate columns in the fund financial statements. All other governmental funds are aggregated into a single column on the fund financial statements. Fiduciary funds in total are reported in a single column.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they become both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the county considers revenues other than grants to be available if they are collected within 30 days after year-end. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met and the revenues are available. Clay County

considers grants and similar revenues to be available if they are collected within 60 days after year-end. Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. Principal and interest on long-term debt, including lease obligations, are recognized as fund liabilities when due or when amounts have been accumulated in the General Debt Service Fund for payments to be made early in the following year.

Property taxes for the period levied, in-lieu-of tax payments, sales taxes, interest, and miscellaneous taxes are all considered to be susceptible to accrual and have been recognized as revenues of the current period. Applicable business taxes, litigation taxes, state-shared excise taxes, fines, forfeitures, and penalties are not susceptible to accrual since they are not measurable (reasonably estimable). All other revenue items are considered to be measurable and available only when the county receives cash.

The fiduciary funds financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category includes custodial funds.

Clay County reports the following major governmental funds:

General Fund – This is the county’s primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Solid Waste/Sanitation Fund – This special revenue fund accounts for transactions relating to the disposal of Clay County’s solid waste. Local taxes and general service charges are the foundational revenues of this fund.

Highway/Public Works Fund – This special revenue fund accounts for transactions of the county’s highway department. Local and state gasoline/fuel taxes are the foundational revenues of this fund.

General Debt Service Fund – This fund accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of governmental funds.

Additionally, Clay County reports the following fund type:

Custodial Funds – These funds account for amounts collected in a custodial capacity by the constitutional officers, local sales taxes received by the state to be forwarded to the various cities in Clay County.

The discretely presented Clay County School Department reports the following major governmental funds:

General Purpose School Fund – This fund is the primary operating fund for the school department. It is used to account for general operations of the school department.

School Federal Projects Fund – This special revenue fund is used to account for restricted federal revenues, which must be expended on specific education programs.

The school department reports a nonmajor special revenue fund (Internal School Fund) which is used to account for funds held at the individual schools for internal school use such as the purchase of supplies, school clubs, and student activities. Collections from students and school activities are the

foundational revenues of this fund. The current year (FY 25) report was not available from the auditor of the Internal School Fund in time for inclusion in this report. Therefore, the prior year balances (FY 24) are presented in this report. We do not believe using the prior year balances will affect the independent auditor's opinion on the Aggregate Discretely Presented Component Units. A more detailed reporting of the fund activities at each individual school may be found on the [Tennessee Comptroller of the Treasury's website](#).

Amounts reported as program revenues include (1) charges to customers or applicants for goods, services, or privileges provided; (2) operating grants and contributions; and (3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance

1. Deposits and Investments

State statutes authorize the government to make direct investments in bonds, notes, or treasury bills of the U.S. government and obligations guaranteed by the U.S. government or any of its agencies; deposit accounts at state and federal chartered banks and savings and loan associations; repurchase agreements; the State Treasurer's Investment Pool; the State Treasurer's Intermediate Term Investment Fund; bonds of any state or political subdivision rated A or higher by any nationally recognized rating service; nonconvertible debt securities of certain federal government sponsored enterprises; and the county's own legally issued bonds or notes.

The county trustee maintains a cash and internal investment pool that is used by all funds and the discretely presented Clay County School Department. Each fund's portion of this pool is displayed on the balance sheets or statements of net position as Equity in Pooled Cash and Investments. Most income from these pooled investments is assigned to the General Debt Service Fund. Clay County and the school department have adopted a policy of reporting U.S. Treasury obligations, U.S. agency obligations, and repurchase agreements with maturities of one year or less when purchased on the balance sheet at amortized cost. Certificates of deposit are reported at cost.

Investments in the State Treasurer's Investment Pool are reported at amortized cost using a stable net asset value. The primary oversight responsibility for the investments and operations of the State Treasurer's Investment Pool rests with the Funding Board of the State of Tennessee (Funding Board). The Funding Board has established an investment policy that is administered by the state treasurer. These policies were designed to comply with generally accepted accounting principles. In addition, state statutes require the state treasurer to administer the pool under the same terms and conditions, including collateral requirements, as prescribed for other funds invested by the state treasurer. Compliance with Funding Board policies is audited by the Tennessee Comptroller of the Treasury, Division of State Audit. The latest audit opinion issued by the Division of State Audit concluded that the State Treasurer's Investment Pool complied with accounting principles generally accepted in the United States of America.

Investments in the State Treasurer's Intermediate Term Investment Fund are reported at amortized cost using a floating net asset value. The primary oversight responsibility for the investments and operations of the State Treasurer's Intermediate Term Investment Fund rests with the Funding Board of the State of Tennessee (Funding Board). The Funding Board has established an investment policy that is administered by the state treasurer. These policies were designed to comply with generally accepted accounting principles. In addition, state statutes require the state treasurer to administer the pool under the same terms and conditions as prescribed for other funds invested by the state treasurer. Compliance with Funding Board

policies is audited by the Tennessee Comptroller of the Treasury, Division of State Audit. The latest audit opinion issued by the Division of State Audit concluded that the State Treasurer's Intermediate Term Investment Fund complied with accounting principles generally accepted in the United States of America. Clay County had no investments in the State Treasurer's Intermediate Term Investment Fund during the year.

All other investments are reported at fair value. Other than amounts in the pension stabilization trust discussed in Note IV.A., no investments required to be reported at fair value were held at the balance sheet date.

2. Receivables and Payables

Activity between funds for unremitted current collections outstanding at the end of the fiscal year is referred to as due to/from other funds.

Ambulance, property taxes, and solid waste receivables are shown with an allowance for uncollectibles. Ambulance and solid waste receivables allowance for uncollectibles is based on historical collection data. The allowance for uncollectible property taxes is equal to 1.29 percent of total taxes levied.

Property taxes receivable are recognized as of the date an enforceable legal claim to the taxable property arises. This date is January 1 and is referred to as the lien date. However, revenues from property taxes are recognized in the period for which the taxes are levied, which is the ensuing fiscal year. Since the receivable is recognized before the period of revenue recognition, the entire amount of the receivable, less an estimated allowance for uncollectible taxes, is reported as a deferred inflow of resources as of June 30.

Property taxes receivable are also reported as of June 30 for the taxes that are levied, collected, and reported as revenue during the current fiscal year. These property taxes receivable are presented on the balance sheet as a deferred inflow of resources to reflect amounts not available as of June 30. Property taxes collected within 30 days of year-end are considered available and accrued. The allowance for uncollectible taxes represents the estimated amount of the receivable that will be filed in court for collection. Delinquent taxes filed in court for collection are not included in taxes receivable since they are neither measurable nor available.

Property taxes are levied as of the first Monday in October. Taxes become delinquent and begin accumulating interest and penalty the following March 1. Suit must be filed in Chancery Court between the following February 1 to April 1 for any remaining unpaid taxes. Additional costs attach to delinquent taxes after a court suit has been filed.

Most payables are disaggregated on the face of the financial statements.

3. Restricted Assets

Restricted assets consist of amounts held in a pension stabilization trust by the Tennessee Consolidated Retirement System (TCRS) for the benefit of the discretely presented Clay County School Department's Teacher Retirement Plan. The purpose of this trust is to accumulate funds to provide stabilization (smoothing) of retirement costs to the school system in times of fluctuating investment returns and market downturns. These funds are held and invested by TCRS pursuant to an irrevocable agreement and may only be used for the benefit of the Clay County School Department to fund retirement benefits upon approval of the TCRS Board of Directors. To date, the Clay County School Department has not withdrawn any funds from the trust to pay pension cost. Trust documents provide that the funds are not subject to the claims of general creditors of the school department.

4. Capital Assets

Governmental funds do not capitalize the cost of capital outlays; these funds report capital outlays as expenditures upon acquisition.

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, and similar items) are reported in the governmental column in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of \$10,000 or more and an estimated useful life of more than one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant, equipment, and infrastructure of the primary government and the discretely presented school department are depreciated using the straight-line method over the following estimated useful lives:

Assets	Years
Buildings and Improvements	25 - 40
Infrastructure:	
Roads	20 - 75
Bridges	75
Other Capital Assets	5 -30

5. Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The government has items that qualify for reporting in this category. Accordingly, the items are reported in the government-wide Statement of Net Position. These items are for pension and OPEB changes in experience and assumptions; pension changes in proportionate share; and employer contributions made to the pension plan after the measurement date.

In addition to liabilities, the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The government has items that qualify for reporting in this category. Accordingly, the items are reported in the government-wide Statement of Net Position and the governmental funds Balance Sheet. These items are for current and delinquent property taxes; pension and OPEB changes in experience; pension changes in investment earnings and proportionate share; OPEB changes in assumptions; and various receivables for revenues, which do not meet the availability criteria in governmental funds. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

6. Compensated Absences

Primary Government

The general policy of Clay County allows employees to accumulate up to 12 days of vacation and unlimited sick leave beyond year-end. All vacation pay is accrued when incurred in the government-wide financial statements for the county. Only a portion of the unpaid accumulated sick leave is accrued. The criteria for accrual includes a “more likely than not,” to be used or paid. Since Clay County does not have a policy to pay any amounts when employees separate from service with the government, only the portion of sick leave “more likely than not” expected to be used is accrued in the government-wide financial statements. Sick leave expected to be credited to TCRS service is not accrued. A liability for vacation pay or sick leave is reported in governmental funds only if amounts have matured, for example, as a result of employee resignations and retirements.

Discretely Presented Clay County School Department

The general policy of the discretely presented Clay County School Department does not allow for the accumulation of vacation days beyond year-end. All professional personnel (teachers) of the school department are allowed to accumulate unlimited sick leave days. Only a portion of the unpaid accumulated sick leave is accrued. The criteria for accrual includes a “more likely than not,” to be used or paid. Since the school department does not have a policy to pay any amounts when employees separate from service with the government, only the portion of sick leave “more likely than not” expected to be used is accrued in the government-wide financial statements. Sick leave expected to be credited to TCRS service is not accrued. A liability for sick leave is reported in governmental funds only if amounts have matured, for example, as a result of employee resignations and retirements. In addition, accrued leave included on the government-wide statements includes accumulated compensatory time for central office personnel.

7. Long-term Debt and Long-term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities Statement of Net Position. Debt premiums and discounts are deferred and are amortized over the life of the new debt using the straight-line method. Debt issuance costs are expensed in the period incurred. In refunding transactions, the difference between the reacquisition price and the net carrying amount of the old debt is reported as a deferred outflow of resources or a deferred inflow of resources and recognized as a component of interest expense in a systematic and rational manner over the remaining life of the refunded debt or the life of the new debt issued, whichever is shorter.

In the fund financial statements, governmental funds recognize debt premiums and discounts, as well as debt issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources, while discounts on debt issuances are reported as other financing uses. Issuance costs, whether withheld from the actual debt proceeds received, are reported as debt service expenditures.

Only the matured portion (the portion that has come due for payment) of long-term indebtedness, including bonds payable, is recognized as a liability and expenditure in the governmental fund financial statements. Liabilities and expenditures for other long-term obligations, including compensated absences and other postemployment benefits, are recognized to the extent that the liabilities have matured (come due for payment) each period.

8. Net Position and Fund Balance

In the government-wide financial statements, equity is classified as net position and displayed in three components:

- a. Net investment in capital assets – Consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net position – Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position – All other net position that does not meet the definition of restricted or net investment in capital assets.

The government-wide Statement of Net Position reports \$5,848,710 of restricted net position, of which \$1,988,818 is restricted by enabling legislation.

On June 30, 2025, Clay County had \$2,390,000 in outstanding debt for capital purposes for the discretely presented Clay County School Department. This debt is a liability of Clay County, but the capital assets acquired are reported in the financial statements of the school department.

It is the county's policy that restricted amounts would be reduced first followed by unrestricted amounts when expenditures are incurred for purposes for which both restricted and unrestricted fund balance is available. Also, it is the county's policy that committed amounts would be reduced first, followed by assigned amounts, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of these unrestricted fund balance classifications could be used.

In the fund financial statements, governmental funds report fund balance in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in these funds can be spent. These classifications may consist of the following:

Nonspendable Fund Balance – includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Restricted Fund Balance – includes amounts that have constraints placed on the use of the resources that are either (a) externally imposed by creditors, grantors, contributors or laws and regulations of other governments or (b) imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance – includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal resolutions of the county commission, the county's highest level of decision-making authority and the Board of Education, the school department's highest level of decision-making authority, and shall remain binding unless removed in the same manner.

Assigned Fund Balance – includes amounts that are constrained by the county's intent to be used for specific purposes but are neither restricted nor committed (excluding stabilization arrangements). The county commission has by resolution authorized the

county’s Budget/Finance Committee to make assignments for the general government. The Board of Education makes assignments for the school department.

Unassigned Fund Balance – the residual classification of the General and General Purpose School funds. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the General and General Purpose School funds. In the other governmental funds, funds expended that exceed the amounts that are restricted, committed, and assigned are reported as negative unassigned fund balance.

9. **Restatements**

With the implementation of GASB Statement 101, *Compensated Absences*, Clay County must recognize a restatement to the beginning net position in the Government-wide financial statements for the Primary Government and the discretely presented Clay County School Department to record an additional liability for compensated absences related to accumulated sick leave. A restatement of \$27,328 has been presented to reflect the beginning balance of the Primary Government and \$89,963 for the discretely presented Clay County School Department. The following table reflects the restatement amounts necessary to implement this standard:

	Government Wide - Governmental Activities	
	Primary Government	Discretely Presented Clay County School Department
Net Position, as previously reported	\$ 26,048,634	\$ 18,937,644
Adjustments for GASB 101 Implementation:		
Compensated Absences Liability	(27,328)	(89,963)
Net Change in Beginning Net Position	\$ (27,328)	\$ (89,963)
Net Position, June 30, 2024, Restated	<u>\$ 26,021,306</u>	<u>\$ 18,847,681</u>

10. **Change To or Within the Financial Reporting Entity**

Changes in Major Fund Classification (Column A)

Fund classifications are evaluated annually in accordance with the criteria established in GASB Statement No. 34. During fiscal year 2025, the following funds experienced changes in major fund status:

The Other Special Revenue Fund no longer met the quantitative thresholds and is presented as a nonmajor governmental fund. Prior-year amounts have been restated to reflect the fund within the Nonmajor Governmental Funds column.

These presentation changes are reported retrospectively in accordance with GASB Statement No. 100 and do not affect the previously reported total governmental fund balances or changes in fund balances.

	7-1-24 As Previously Reported	Change To or Within the Financial Reporting Entity (A)	7-1-24 As Restated
Primary Government			
Governmental Funds			
Major Funds:			
Other Special Revenue	\$ 900,432	\$ (900,432)	\$ 0
Nonmajor Funds	350,913	900,432	1,251,345
Total Governmental Funds	<u>\$ 1,251,345</u>	<u>\$ 0</u>	<u>\$ 1,251,345</u>

E. Pension Plans

Primary Government

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of Clay County's participation in the Public Employee Pension Plan of the Tennessee Consolidated Retirement System (TCRS), and additions to/deductions from Clay County's fiduciary net position have been determined on the same basis as they are reported by the TCRS for the Public Employee Pension Plan. For this purpose, benefits (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms of the Public Employee Pension Plan of TCRS. Investments are reported at fair value.

Discretely Presented Clay County School Department

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Teacher Retirement Plan and the Teacher Legacy Pension Plan in the Tennessee Consolidated Retirement System, and additions to/deductions from fiduciary net position have been determined on the same basis as they are reported by the TCRS. For this purpose, benefits (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms of the Teacher Retirement Plan and the Teacher Legacy Pension Plan. Investments are reported at fair value.

F. Other Postemployment Benefit (OPEB) Plan

Discretely Presented Clay County School Department

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, have been determined on the same basis as they are reported by the discretely presented Clay County School Department. For this purpose, the school department recognizes benefit payments when due and payable in accordance with benefit terms. The school department's OPEB plan is not administered through a trust.

II. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

A. *Explanation of certain differences between the governmental fund Balance Sheet and the government-wide Statement of Net Position*

Primary Government

Exhibit C-2 includes explanations of the nature of individual elements of items required to reconcile the balance sheet of governmental funds with the government-wide Statement of Net Position.

Discretely Presented Clay County School Department

Exhibit I-3 includes explanations of the nature of individual elements of items required to reconcile the balance sheet of governmental funds with the government-wide Statement of Net Position.

B. *Explanation of certain differences between the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances and the government-wide Statement of Activities*

Primary Government

Exhibit C-4 includes explanations of the nature of individual elements of items required to reconcile the net change in fund balances – total governmental funds with the change in net position of governmental activities reported in the government-wide Statement of Activities.

Discretely Presented Clay County School Department

Exhibit I-5 includes explanations of the nature of individual elements of items required to reconcile the net change in fund balances – total governmental funds with the change in net position of governmental activities reported in the government-wide Statement of Activities.

III. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. *Budgetary Information*

Annual budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP) for all governmental funds except the Constitutional Officers - Fees Fund, and the school department's Internal School Fund (special revenue funds), which are not budgeted. All annual appropriations lapse at fiscal year-end.

The county is required by state statute to adopt annual budgets. Annual budgets are prepared on the basis in which current available funds must be sufficient to meet current expenditures. Expenditures and encumbrances may not legally exceed appropriations authorized by the county commission and any authorized revisions. Unencumbered appropriations lapse at the end of each fiscal year.

The budgetary level of control is at the major category level established by the County Uniform Chart of Accounts, as prescribed by the Comptroller of the Treasury of the State of Tennessee. Major categories are at the department level (examples of General Fund major categories: County Commission, Board of Equalization, County Mayor, County Attorney, etc.). Management may make revisions within major categories, but only the county commission may transfer appropriations between major categories. During the year, several supplementary appropriations were necessary.

The county's budgetary basis of accounting is consistent with GAAP, except instances in which encumbrances are treated as budgeted expenditures. The difference between the budgetary basis and GAAP basis is presented on the face of each budgetary schedule.

On June 30, 2025, the discretely presented Clay County School Department's General Purpose School Fund reported outstanding encumbrances totaling \$193,889.

B. Expenditures Exceeded Appropriations

Expenditures exceeded appropriations approved by the county commission in the Finance - County Clerk's Office and Other Operations – Employee Benefits major appropriations categories (the legal level of control) of the General Fund by \$900 and \$2,104, respectively. Expenditures that exceed appropriations are a violation of state statutes. These expenditures in excess of appropriations were funded by available fund balance in the General Fund.

C. Investigation

On September 11, 2024, the Comptroller's Division of Investigations issued an investigative report that disclosed the Clay County Road Superintendent misappropriated highway department-purchased diesel fuel for his personal transportation business. In relation to this report, the road superintendent was indicted on one count of theft of property and three counts of official misconduct. A court date is scheduled for November 2025. Details of the investigation are available on the [Tennessee Comptroller of the Treasury's website](#).

IV. DETAILED NOTES ON ALL FUNDS

A. Deposits and Investments

Clay County and the Clay County School Department participate in an internal cash and investment pool through the Office of Trustee. The county trustee is the treasurer of the county and in this capacity is responsible for receiving, disbursing, and investing most county funds. Each fund's portion of this pool is displayed on the balance sheets or statements of net position as Equity in Pooled Cash and Investments. Cash reflected on the balance sheets or statements of net position represents nonpooled amounts held separately by individual funds.

Deposits

Legal Provisions. All deposits with financial institutions must be secured by one of three methods. One method involves financial institutions that participate in the bank collateral pool administered by the state treasurer. Participating banks determine the aggregate balance of their public fund accounts for the State of Tennessee and its political subdivisions. The amount of collateral required to secure these public deposits must equal at least 90 percent of the average daily balance of public deposits held. Collateral securities required to be pledged by the participating banks to protect their public fund accounts are pledged to the state treasurer on behalf of the bank collateral pool. The securities pledged to protect these accounts are pledged in the aggregate rather than against each account. The members of the pool may be required by agreement to pay an assessment to cover any deficiency. Under this additional assessment agreement, public fund accounts covered by the pool are considered to be insured for purposes of credit risk disclosure.

For deposits with financial institutions that do not participate in the bank collateral pool, state statutes require that all deposits be collateralized with collateral whose fair value is equal to 105 percent of the uninsured amount of the deposits. The collateral must be placed by the depository bank in an escrow account in a second bank for the benefit of the county.

In addition, counties may invest in FDIC insured certificates of deposit. The deposit is first made in a bank or savings and loan association, selected by the government entity, with a branch in the state of Tennessee that is authorized to accept county deposits (the depository bank). The depository bank then arranges for the transfer of the moneys into one or more federally insured banks or savings and loan associations, wherever located (secondary depositories), for the account of the county. In turn, the depository bank receives funds from customers of the secondary depositories equal to or greater

than the amount initially invested by the county. The balance of county funds with each secondary depository must not exceed FDIC insurance limits so that all funds are fully insured. Under this program, the trustee must provide the depository bank with a listing of all banks and savings and loan associations holding county funds under the same federal employer identification number (FEIN). To prevent deposits from exceeding FDIC coverage, the depository bank is prohibited from using any of those listed banks or savings and loan associations as secondary depositories. The use of this program must be approved by the county investment committee or finance committee as appropriate for the specific county. Further, the investment committee or finance committee must establish policies and procedures for the investments, including the establishment of controls to ensure that full FDIC insurance coverage is obtained. Service providers used by depositories must be approved by the state treasurer upon concurrence by the commissioner of financial institutions and finance and administration. There are currently only two eligible programs that have been approved by the state treasurer: the Certificate of Deposit Account Registry Service (CDARS) and the Insured Cash Sweep (ICS), which operate through IntraFi Network, LLC.

Investments

Legal Provisions. Counties are authorized to make direct investments in bonds, notes, or treasury bills of the U.S. government and obligations guaranteed by the U.S. government or any of its agencies; deposits at state and federal chartered banks and savings and loan associations; bonds of any state or political subdivision rated A or higher by any nationally recognized rating service; nonconvertible debt securities of certain federal government sponsored enterprises; and the county's own legally issued bonds or notes. These investments may not have a maturity greater than two years. The county may make investments with longer maturities if various restrictions set out in state law are followed. Counties are also authorized to make investments in the State Treasurer's Investment Pool, the State Treasurer's Intermediate Term Investment Fund, and in repurchase agreements. The primary oversight responsibility for the investments and operations of the State Treasurer's Investment Pool rests with the Funding Board of the State of Tennessee (Funding Board). The Funding Board has established an investment policy that is administered by the state treasurer. Investments in the State Treasurer's Investment Pool are reported both by the pool and the county at amortized cost using a stable net asset value. The primary oversight responsibility for the investments and operations of the Intermediate Term Investment Fund rests with the Funding Board of the State of Tennessee (Funding Board). The Funding Board has established an investment policy that is administered by the state treasurer. Investments in the Intermediate Term Investment Fund are reported both by the pool and the county at amortized cost using a floating net asset value. Repurchase agreements must be approved by the state Comptroller's Office and executed in accordance with procedures established by the State Funding Board. Securities purchased under a repurchase agreement must be obligations of the U.S. government or obligations guaranteed by the U.S. government or any of its agencies. When repurchase agreements are executed, the purchase of the securities must be priced at least two percent below the fair value of the securities on the day of purchase.

The county had no pooled and nonpooled investments as of June 30, 2025.

TCRS Stabilization Trust

Legal Provisions. The Clay County School Department is a member of the Tennessee Consolidated Retirement System (TCRS) Stabilization Reserve Trust. The school department has placed funds into the irrevocable trust as authorized by statute under *Tennessee Code Annotated (TCA)*, Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of the trust. Funds of trust members are held and invested in the name of the trust for the benefit of each member. Each member's funds are restricted for the payment of retirement benefits of that member's employees. Trust funds are not subject to the claims of general creditors of the school department.

The trust is authorized to make investments as directed by the TCRS Board of Trustees. The Clay County School Department may not impose any restrictions on investments placed by the trust on

their behalf. It is the intent of the plan trustees to allocate these funds in the future to offset pension costs.

On June 30, 2025, the Clay County School Department had the following investments held by the trust on its behalf. These funds are recognized as restricted assets in the General Purpose School Fund of the school department.

Investment	Weighted Average Maturity (days)	Maturities	Fair Value
Investments at Fair Value:			
U.S. Equity	N/A	N/A	\$ 61,857
Developed Market International Equity	N/A	N/A	27,936
Emerging Market International Equity	N/A	N/A	7,982
U.S. Fixed Income	N/A	N/A	39,908
Real Estate	N/A	N/A	19,954
Short-term Securities	N/A	N/A	1,995
NAV - Private Equity and Strategic Lending	N/A	N/A	39,908
Total			<u>\$ 199,540</u>

For further information concerning the legal provisions, investment policies, investment types, and credit risks of the school department's investments with the TCRS Stabilization Reserve Trust, audited financial statements of the Tennessee Consolidated Retirement System may be obtained on the [Tennessee Department of Treasury website](#).

B. Capital Assets

Capital assets activity for the year ended June 30, 2025, was as follows:

Primary Government

Governmental Activities:

	Balance 7-1-24	Increases	Decreases	Balance 6-30-25
Capital Assets Not Depreciated:				
Land	\$ 103,800	\$ 0	\$ 0	\$ 103,800
Construction in Progress	285,299	245,420	0	530,719
Total Capital Assets Not Depreciated	\$ 389,099	\$ 245,420	\$ 0	\$ 634,519
Capital Assets Depreciated:				
Buildings and Improvements	\$ 3,692,306	\$ 0	\$ 0	\$ 3,692,306
Infrastructure	13,169,148	1,032,609	(114,996)	14,086,761
Other Capital Assets	5,659,163	890,928	(130,273)	6,419,818
Total Capital Assets Depreciated	\$ 22,520,617	\$ 1,923,537	\$ (245,269)	\$ 24,198,885
Less Accumulated Depreciation For:				
Buildings and Improvements	\$ 1,244,649	\$ 58,523	\$ 0	\$ 1,303,172

Depreciation expense was charged to functions of the school department as follows:

Governmental Activities:

Instruction	\$	403,334
Support Services		124,698
Operation of Non-instructional Services		<u>14,198</u>
Total Depreciation Expense - Governmental Activities	\$	<u><u>542,230</u></u>

C. Construction Commitments

On June 30, 2025, the county had construction in progress of approximately \$292,800 for survey and design expenditures for a new jail. The construction contracts have not been bid for this project as of June 30, 2025. The county plans to fund these future expenditures through the issuance of general obligation bonds.

On June 30, 2025, the highway department had an uncompleted construction contract of approximately \$812,090 for bridge construction. Funding for these future expenditures is expected to be received from state grants.

D. Interfund Receivables, Payables, and Transfers

The composition of interfund balances as of June 30, 2025, was as follows:

Due to/from Other Funds:

Receivable Fund	Payable Fund	Amount
Primary Government:		
General	Nonmajor governmental	\$ 2,334
Solid Waste/Sanitation	General	25,000
Nonmajor governmental	"	2,400

These balances resulted from the time lag between the dates that interfund goods and services are provided or reimbursable expenditures occur and payments between funds are made.

Due to/from Primary Government and Component Unit:

Receivable Fund	Payable Fund	Amount
Primary Government:	Component Unit:	
Governmental Activities	School Department	
	Governmental Activities	\$ 2,390,000

The Due to Primary Government of \$2,390,000 is the balance of bonds issued by the county for the school department. The school department has agreed to contribute the funds annually to retire these bonds. These long-term obligations are reflected in the governmental activities on the Statement of Net Position.

Interfund Transfers:

Interfund transfers for the year ended June 30, 2025, consisted of the following amounts:

Discretely Presented Clay County School Department

Transfer Out	Transfer In	
	General Purpose School Fund	Purpose
School Federal Projects Fund	\$ 24,309	Indirect costs

Transfers are used to move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and to use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

E. Long Term Debt

Primary Government

General Obligation Bonds

General Obligation Bonds - Clay County issued general obligation bonds to refund other loans. General obligation bonds are direct obligations and pledge the full faith, credit, and taxing authority of the government. General obligation bonds were issued for original terms of up to 13 years. Repayment terms are generally structured with increasing amounts of principal maturing as interest requirements decrease over the term of the debt. All bonds included in long-term debt as of June 30, 2025, will be retired from the General Debt Service Fund.

General obligation bonds outstanding as of June 30, 2025, for governmental activities are as follows:

Type	Interest Rate	Final Maturity	Original Amount of Issue	Balance 6-30-25
General Obligation Bonds	3 %	6-1-31	\$ 4,660,000	\$ 2,390,000

The annual requirements to amortize all general obligation bonds outstanding as of June 30, 2025, including interest payments, are presented in the following tables:

Year Ending June 30	Bonds		
	Principal	Interest	Total
2026	\$ 370,000	\$ 71,700	\$ 441,700
2027	380,000	60,600	440,600
2028	390,000	49,200	439,200
2029	405,000	37,500	442,500
2030-2031	845,000	38,250	883,250
Total	\$ 2,390,000	\$ 257,250	\$ 2,647,250

There is \$3,847,304 available in the county's General Debt Service Fund to service long-term debt. Bonded debt per capita totaled \$315, based on the 2020 federal census.

The school department is currently contributing funds to service the debt issued on its behalf by the primary government as noted in the table below. This debt is reflected in the government-wide financial statements as Due to the Primary Government in the financial statements of the school department and as Due from Component Units in the financial statements of the primary government.

Description of Debt	Outstanding 6-30-25
Bonds Payable -	
Contributions from General Purpose School Fund	
General Obligation School Bonds, Series 2018	\$ 2,390,000

Changes in Long-term Debt

Long-term debt activity for the year ended June 30, 2025, was as follows:

Governmental Activities:

	Bonds
Balance, July 1, 2024	\$ 2,750,000
Reductions	(360,000)
Balance, June 30, 2025	\$ 2,390,000
Balance Due Within One Year	\$ 370,000

Analysis of Noncurrent Liabilities for Debt Presented on Exhibit A:

Total Noncurrent Liabilities - Debt - June 30, 2025	\$ 2,390,000
Less: Balance Due Within One Year - Debt	(370,000)
Noncurrent Liabilities - Due in More Than One Year - Debt - Exhibit A	\$ 2,020,000

F. Long Term Obligations

Primary Government

Changes in Long-term Obligations

Long-term obligations activity for the year ended June 30, 2025, was as follows:

Governmental Activities:

	Compensated Absences *
Balance, July 1, 2024	\$ 85,788
Additions	154,810
Reductions	<u>0</u>
Balance, June 30, 2025	<u>\$ 240,598</u>
Balance Due Within One Year	<u>\$ 174,982</u>

* Restated beginning balance - see Note I.D.9. The change in compensated absences is presented as a net change.

Analysis of Other Noncurrent Liabilities Presented on Exhibit A:

Total Noncurrent Liabilities - Other - June 30, 2025	\$ 240,598
Less: Balance Due Within One Year - Other	<u>(174,982)</u>
Noncurrent Liabilities - Due in More Than One Year - Other - Exhibit A	<u>\$ 65,616</u>

Compensated absences will be paid from the employing funds, primarily the General Fund.

Discretely Presented Clay County School Department

Changes in Long-term Obligations

Long-term obligations activity for the discretely presented Clay County School Department for the year ended June 30, 2025, was as follows:

Governmental Activities:

	Compensated Absences *	Other Postemployment Benefits
Balance, July 1, 2024	\$ 94,174	\$ 1,018,043
Additions	40,135	63,084
Reductions	<u>0</u>	<u>(38,021)</u>
Balance, June 30, 2025	<u>\$ 134,309</u>	<u>\$ 1,043,106</u>
Balance Due Within One Year	<u>\$ 134,309</u>	<u>\$ 0</u>

* Restated beginning balance - see Note I.D.9. The change in compensated absences is presented as a net change.

Analysis of Other Noncurrent Liabilities Presented on Exhibit A:

Total Noncurrent Liabilities - Other - June 30, 2025	\$ 1,177,415
Less: Balance Due Within One Year - Other	<u>(134,309)</u>
Noncurrent Liabilities - Due in More Than One Year - Other - Exhibit A	<u>\$ 1,043,106</u>

Compensated absences and other postemployment benefits will be paid from the employing funds, primarily the General Purpose School and School Federal Projects funds.

V. OTHER INFORMATION

A. Risk Management

Primary Government

The county is exposed to various risks related to general liability, property, and casualty losses. During 2024, the county decided it was more economically feasible to join a public entity risk pool instead of purchasing commercial insurance for general liability, property, and casualty coverage. The county joined the Local Government Property and Casualty Fund (LGPCF), which is a public entity risk pool established by the Tennessee County Services Association, an association of member counties. The county pays an annual premium to the LGPCF for its general liability, property, and casualty insurance coverage. The creation of the LGPCF provides for it to be self-sustaining through member premiums. The LGPCF reinsures through commercial insurance companies for claims exceeding \$250,000 for property and \$450,000 for liability for each insured event.

Clay County participates in the Local Government Workers' Compensation Fund (LGWCF), a public entity risk pool established under provisions of Section 29-20-401, *Tennessee Code Annotated*, by the Tennessee County Services Association to provide a program of workers' compensation coverage to employees of local governments. The county pays an annual premium to the LGWCF for its workers' compensation insurance coverage. The LGWCF is to be self-sustaining through member premiums. The LGWCF reinsures through commercial insurance companies for claims exceeding \$500,000.

Clay County provides commercial health insurance for its employees.

Discretely Presented Clay County School Department

The school department participates in the Tennessee Risk Management Trust (TN-RMT), which is a public entity risk pool created under the auspices of the Tennessee Governmental Tort Liability Act to provide governmental insurance coverage. The school department pays an annual premium to the TN-RMT for its general liability, property, and casualty insurance coverage. The creation of the TN-RMT provides for it to be self-sustaining through member premiums.

The school department provides commercial health insurance for its employees.

B. Accounting Changes

GASB Statement No. 101, *Compensated Absences*, became effective for the fiscal year ending June 30, 2025. This statement updates the recognition and measurement guidance for compensated absences under a unified model and amends certain previously required disclosures.

GASB Statement No. 102, *Certain Risk Disclosures*, became effective for the fiscal year ending June 30, 2025. This statement provides users of government financial statements with essential information about risks related to a government's vulnerabilities due to certain concentrations or constraints.

C. *Contingent Liabilities*

The county has received various federal and state grants and other assistance for specific purposes that are subject to review and audit by grantor agencies. Such audits could result in reimbursements to the grantor agencies for expenditures disallowed under the terms of the grants. County management is not aware of any potential disallowances and believes that reimbursements, if any, would not be material.

According to the county and the school department attorneys there are no current or potential claims against the county not covered by insurance.

D. *Joint Venture*

The Thirteenth Judicial District Drug Task Force (DTF) is a joint venture formed by an interlocal agreement between the district attorney general of the Thirteenth Judicial District, Clay, Cumberland, DeKalb, Overton, Pickett, Putnam, and White counties, and participating municipalities within the district. The purpose of the DTF is to provide multi-jurisdictional law enforcement to promote the investigation and prosecution of drug-related activities. Funds for the operations of the DTF come primarily from federal grants, drug fines, and the forfeiture of drug-related assets to the DTF. The DTF is overseen by the district attorney general and is governed by a board of directors including the district attorney general, sheriffs, and police chiefs of participating law enforcement agencies within each judicial district. Clay County did not make appropriations to the DTF for the year ended June 30, 2025. Clay County does not have an equity interest in the DTF. Complete financial statements for the DTF can be obtained from its administrative office at the following address:

Administrative Office:

Office of District Attorney General
Thirteenth Judicial District Drug Task Force
1289 S. Walnut Ave.
Cookeville, TN 38501

E. *Jointly Governed Organization*

The Joint Industrial Development Board of Celina and Clay County is a corporate entity formed in 1997 to promote local industry development for the benefit of the residents of Celina and Clay County. Clay County is responsible for appointing four of the organization's board members, and the town of Celina is responsible for appointing three members. Clay County's accountability for this organization does not extend beyond making the appointments.

F. *Retirement Commitments*

1. *Tennessee Consolidated Retirement System (TCRS)*

Primary Government

General Information About the Pension Plan

Plan Description. Employees of Clay County and non-certified employees of the discretely presented Clay County School Department are provided a defined benefit pension plan

through the Public Employee Pension Plan, an agent multiple-employer pension plan administered by the TCRS. The primary government employees comprise 68.03 percent, the non-certified employees of the discretely presented school department comprise 31.97 percent of the plan based on contribution data. The TCRS was created by state statute under *Tennessee Code Annotated (TCA)*, Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publicly available financial report that can be obtained on the [Tennessee Department of Treasury website](#).

Benefits Provided. TCA, Title 8, Chapters 34-37 establish the benefit terms and can be amended only by the Tennessee General Assembly. The chief legislative body may adopt the benefit terms permitted by statute. Members are eligible to retire with an unreduced benefit at age 60 with five years of service credit or after 30 years of service credit regardless of age. Benefits are determined by a formula using the member's highest five consecutive year average compensation and the member's years of service credit. Reduced benefits for early retirement are available to vested members at age 55. Members vest with five years of service credit. Service-related disability benefits are provided regardless of length of service. Five years of service is required for nonservice-related disability eligibility. The service-related and nonservice-related disability benefits are determined in the same manner as a service retirement benefit but are reduced ten percent and include projected service credits. A variety of death benefits is available under various eligibility criteria.

Member and beneficiary annuitants are entitled to automatic cost of living adjustments (COLAs) after retirement. A COLA is granted each July for annuitants retired prior to the second of July of the previous year. The COLA is based on the change in the consumer price index (CPI) during the prior calendar year, capped at three percent, and applied to the current benefit. No COLA is granted if the change in the CPI is less than one-half percent. A one percent COLA is granted if the CPI change is between one-half percent and one percent. A member who leaves employment may withdraw their employee contributions plus any accumulated interest.

Employees Covered by Benefit Terms. At the measurement date of June 30, 2024, the following employees were covered by the benefit terms:

Inactive Employees or Beneficiaries Currently Receiving Benefits	91
Inactive Employees Entitled to But Not Yet Receiving Benefits	190
Active Employees	178
Total	<u><u>459</u></u>

Contributions. Contributions for employees are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly. Employees contribute five percent of their salary. Clay County makes employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. For the year ended June 30, 2025, the employer contribution for Clay County was \$412,917 based on a rate of 7.19 percent of covered payroll. By law, employer contributions are required to be paid. The TCRS may intercept Clay County's state shared taxes if required employer contributions are not remitted. The employer's actuarially determined contributions (ADC) and member contributions are expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

Net Pension Liability (Asset)

Clay County's net pension liability (asset) was measured as of June 30, 2024, and the total pension liability (asset) used to calculate net pension liability (asset) was determined by an actuarial valuation as of that date.

Actuarial Assumptions. The total pension liability as of the June 30, 2024, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.25%
Salary Increases	Graded Salary Ranges from 8.72% to 3.44% Based on Age, Including Inflation, Averaging 4%
Investment Rate of Return	6.75%, Net of Pension Plan Investment Expenses, Including Inflation
Cost of Living Adjustment	2.125%

Mortality rates were based on actual experience including an adjustment for some anticipated improvement.

The actuarial assumptions used in the June 30, 2024, actuarial valuation, were based on the results of an actuarial experience study performed for the period July 1, 2016, through June 30, 2020. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees in conjunction with the June 30, 2020, actuarial experience study. A blend of future capital market projections and historic market returns was used in a building-block method in which a best estimate of expected future real rates of return (expected returns, net of pension plan investments expense and inflation) is developed for each major asset class. These best estimates are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.25 percent. The best estimates of geometric real rates of return and the TCRS investment policy target asset allocation for each major asset class are summarized in the following table:

Asset Class	Percentage Long-term Expected Real Rate of Return		Percentage Target Allocations	
U.S. Equity Developed Market	4.88	%	31	%
International Equity Emerging Market	5.37		14	
International Equity Private Equity and Strategic Lending	6.09		4	
U.S. Fixed Income	6.57		20	
Real Estate	1.20		20	
Short-term Securities	4.38		10	
	0.00		1	
Total			100	%

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 6.75 percent based on a blending of the factors described above.

Discount Rate. The discount rate used to measure the total pension liability was 6.75 percent. The projection of cash flows used to determine the discount rate assumes that employee contributions will be made at the current rate and that contributions from Clay County will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Pension Expense (Negative Pension Expense) and Deferred Outflows of Resources and Deferred Inflows of Resources to Pensions

Pension Expense (Negative Pension Expense). For the year ended June 30, 2025, Clay County recognized (negative pension expense) of \$402,963.

Deferred Outflows of Resources and Deferred Inflows of Resources. For the year ended June 30, 2025, Clay County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference Between Expected and Actual Experience	\$ 445,440	\$ 117,004
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	0	161,695
Changes in Assumptions	234,966	0
Contributions Subsequent to the Measurement Date of June 30, 2024 (1)	412,917	N/A
Total	<u>\$ 1,093,323</u>	<u>\$ 278,699</u>

- (1) The amount shown above for “Contributions Subsequent to the Measurement Date of June 30, 2024,” will be recognized as a reduction (increase) to net pension liability (asset) in the subsequent fiscal period.

Allocation of Agent Plan Deferred Outflows of Resources and Deferred Inflows of Resources

	Deferred Outflows of Resources	Deferred Inflows of Resources
Primary Government	\$ 743,704	\$ 189,599
School Department	349,619	89,100
Total	<u>\$ 1,093,323</u>	<u>\$ 278,699</u>

Amounts reported as deferred outflows of resources, with the exception of contributions subsequent to the measurement date, and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending June 30	Amount
2026	\$ 100,636
2027	298,028
2028	54,593
2029	(51,550)
2030	0
Thereafter	0

In the table shown above, positive amounts will increase pension expense while negative amounts will decrease pension expense.

Discretely Presented Clay County School Department - Non-certified Employees

General Information About the Pension Plans

Plan Description. As noted above under the primary government, employees of Clay County and non-certified employees of the discretely presented Clay County School Department are provided a defined benefit pension plan through the Public Employee Pension Plan, an agent multiple-employer pension plan administered by the TCRS. The primary government employees comprise 68.03 percent and the non-certified employees of the discretely presented school department comprise 31.97 percent of the plan based on contribution data.

Discretely Presented Clay County School Department - Certified Employees - Teacher Retirement Plan

General Information About the Pension Plan

Plan Description. Teachers of the Clay County School Department with membership in the TCRS before July 1, 2014, are provided with pensions through the Teacher Legacy Pension Plan, a cost-sharing multiple-employer pension plan administered by the TCRS. The Teacher Legacy Pension Plan is closed to new membership. Teachers with membership in the TCRS after June 30, 2014, are provided with pensions through a legally separate plan referred to as the Teacher Retirement Plan, a cost-sharing multiple-employer pension plan administered by the TCRS. The TCRS was created by state statute under *Tennessee Code Annotated (TCA)*, Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of all employer pension plans in the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publicly available financial report that can be obtained on the [Tennessee Department of Treasury website](#).

Benefits Provided. TCA, Title 8, Chapters 34-37 establish the benefit terms and can be amended only by the Tennessee General Assembly. Members are eligible to retire with an unreduced benefit at age 65 with five years of service credit or pursuant to the rule of 90 in which the member's age and service credit total 90. Benefits are determined by a formula using the member's highest five consecutive year average compensation and the member's years of service credit. A reduced early retirement benefit is available to vested members at age 60 or pursuant to the rule of 80. Members are vested with five years of service credit. Service-related disability benefits are provided regardless of length of service. Five years of service is required for nonservice-related disability eligibility. The service-related and nonservice-related disability benefits are determined in the same manner as a service retirement benefit but are reduced ten percent and include projected service credits. A variety of death benefits is available under various eligibility criteria. Member and beneficiary annuitants are entitled to automatic cost of living adjustments (COLAs) after retirement. A COLA is granted each July for annuitants

retired prior to the second of July of the previous year. The COLA is based on the change in the consumer price index (CPI) during the prior calendar year, capped at three percent, and applied to the current benefit. No COLA is granted if the change in the CPI is less than one-half percent. A one percent COLA is granted if the CPI change is between one-half percent and one percent. Members who leave employment may withdraw their employee contributions, plus any accumulated interest. Under the Teacher Retirement Plan, benefit terms and conditions, including COLAs, can be adjusted on a prospective basis. Moreover, there are defined cost controls and unfunded liability controls that provide for the adjustment of benefit terms and conditions on an automatic basis.

Contributions. Contributions for teachers are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly or by automatic cost controls set out in law. Teachers are required to contribute five percent of their salary to the plan. The Local Education Agencies (LEAs) make employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. Per the statutory provisions governing TCRS, the employer contribution rate cannot be less than four percent, except in years when the maximum funded level, approved by the TCRS Board of Trustees, is reached. By law, employer contributions for the Teacher Retirement Plan are required to be paid. The TCRS may intercept the state shared taxes of the sponsoring governmental entity of the LEA if the required employer contributions are not remitted. Employer contributions for the year ended June 30, 2025, to the Teacher Retirement Plan were \$68,442, which is three percent of covered payroll. In addition, employer contributions of \$20,326, which is one percent of covered payroll were made to the Pension Stabilization Reserve Trust Fund to fund future pension costs. The employer rate, when combined with member contributions and the stabilization reserve trust funds, is expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

Pension Liabilities (Assets), Pension Expense (Negative Pension Expense), and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Pension Liabilities (Assets). On June 30, 2025, the school department reported a liability (asset) of (\$60,204) for its proportionate share of the net pension liability (asset). The net pension liability (asset) was measured as of June 30, 2024, and the total pension liability (asset) used to calculate the net pension liability (asset) was determined by an actuarial valuation as of that date. The school department's proportion of the net pension liability (asset) was based on the school department's share of contributions to the pension plan relative to the contributions of all participating LEAs. At the measurement date of June 30, 2024, the school department's proportion was .084483 percent. The proportion as of June 30, 2023, was .089136 percent.

Pension Expense (Negative Pension Expense). For the year ended June 30, 2025, the school department recognized pension expense (negative pension expense) of \$50,565.

Deferred Outflows of Resources and Deferred Inflows of Resources. For the year ended June 30, 2025, the school department reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference Between Expected and Actual Experience	\$ 4,973	\$ 18,496
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	0	10,155
Changes in Assumptions	23,924	0
Changes in Proportion of Net Pension Liability (Asset)	11,400	7,929
LEA's Contributions Subsequent to the Measurement Date of June 30, 2024	68,442	N/A
Total	<u>\$ 108,739</u>	<u>\$ 36,580</u>

The school department's employer contributions of \$68,442 reported as pension related deferred outflows of resources subsequent to the measurement date, will be recognized as a reduction (increase) to the net pension liability (asset) in the year ending June 30, 2026. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending June 30	Amount
2026	\$ (5,622)
2027	8,428
2028	(3,484)
2029	(3,429)
2030	1,484
Thereafter	6,339

In the table above, positive amounts will increase pension expense, while negative amounts will decrease pension expense.

Actuarial Assumptions. The total pension liability in the June 30, 2024, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.25%
Salary Increases	Graded Salary Ranges from 8.72% to 3.44% Based on Age, Including Inflation, Averaging 4%
Investment Rate of Return	6.75%, Net of Pension Plan Investment Expenses, Including Inflation
Cost of Living Adjustment	2.125%

Mortality rates are based on actual experience including an adjustment for some anticipated improvement.

The actuarial assumptions used in the June 30, 2024, actuarial valuation were based on the results of an actuarial experience study performed for the period July 1, 2016, through June 30, 2020. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees in conjunction with the June 30, 2020, actuarial experience study. A blend of future capital market projections and historic market returns was used in a building-block method in which a best estimate of expected future real rates of return (expected returns, net of pension plan investments expense and inflation) is developed for each major asset class. These best estimates are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.25 percent. The best estimates of geometric real rates of return and the TCRS investment policy target asset allocation for each major asset class are summarized in the following table:

Asset Class	Percentage Long-term Expected Real Rate of Return	Percentage Target Allocations
U.S. Equity	4.88	31
Developed Market		
International Equity	5.37	14
Emerging Market		
International Equity	6.09	4
Private Equity and		
Strategic Lending	6.57	20
U.S. Fixed Income	1.20	20
Real Estate	4.38	10
Short-term Securities	0.00	1
Total		100

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 6.75 percent based on a blending of the factors described above.

Discount Rate. The discount rate used to measure the total pension liability was 6.75 percent. The projection of cash flows used to determine the discount rate assumes that employee contributions will be made at the current rate and that contributions from all the LEAs will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Proportionate Share of Net Pension Liability (Asset) to Changes in the Discount Rate. The following presents the school department's proportionate share of the net pension liability (asset) calculated using the discount rate of 6.75 percent, as well as what the school department's proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is one percentage point lower (5.75 percent) or one percentage point higher (7.75 percent) than the current rate:

School Department's Proportionate Share of the Net Pension Liability (Asset)	1% Decrease 5.75%	Current Discount Rate 6.75%	1% Increase 7.75%
Net Pension Liability (Asset)	\$ 158,776	\$ (60,204)	\$ (223,170)

Pension Plan Fiduciary Net Position. Detailed information about the pension plan's fiduciary net position is available in a separately issued TCRS financial report.

Discretely Presented Clay County School Department - Certified Employees - Teacher Legacy Pension Plan

General Information About the Pension Plan

Plan Description. Teachers of the Clay County School Department with membership in the TCRS before July 1, 2014, are provided with pensions through the Teacher Legacy Pension Plan, a cost-sharing multiple-employer pension plan administered by the TCRS. The Teacher Legacy Pension Plan closed to new membership on June 30, 2014, but will continue providing benefits to existing members and retirees. Beginning July 1, 2014, the Teacher Retirement Plan became effective for teachers employed by LEAs after June 30, 2014. The Teacher Retirement Plan is a separate cost-sharing, multiple-employer defined benefit plan. The TCRS was created by state statute under *Tennessee Code Annotated (TCA)*, Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of all employer pension plans in the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publicly available financial report that can be obtained on the [Tennessee Department of Treasury website](#).

Benefits Provided. TCA, Title 8, Chapters 34-37 establish the benefit terms and can be amended only by the Tennessee General Assembly. Members of the Teacher Legacy Pension Plan are eligible to retire with an unreduced benefit at age 60 with five years of service credit or after 30 years of service credit regardless of age. Benefits are determined by a formula using the member's highest five consecutive year average compensation and the member's years of service credit. A reduced early retirement benefit is available to vested members at age 55. Members are vested with five years of service credit. Service-related disability benefits are provided regardless of length of service. Five years of service is required for nonservice-related disability eligibility. The service-related and nonservice-related disability benefits are determined in the same manner as a service retirement benefit but are reduced ten percent and include projected service credits. A variety of death benefits is available under various eligibility criteria. Member and beneficiary annuitants are entitled to automatic cost of living adjustments (COLAs) after retirement. A COLA is granted each July for annuitants retired prior to the second of July of the previous year. The COLA is based on the change in the consumer price index (CPI) during the prior calendar year, capped at three percent, and applied to the current benefit. No COLA is granted if the change in the CPI is less than one-half percent. A one percent COLA is granted if the CPI change is between one-half and one percent. A member who leaves employment may withdraw their employee contributions, plus any accumulated interest.

Contributions. Contributions for teachers are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly. Teachers are required to contribute five percent of their salaries. The Local Education Agencies (LEAs) make employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. By law, employer contributions for the Teacher Legacy Pension Plan are required to be paid.

The TCRS may intercept the state shared taxes of the sponsoring governmental entity of the LEA if the required employer contributions are not remitted. Employer contributions by the Clay County School Department for the year ended June 30, 2024, to the Teacher Legacy Pension Plan were \$264,275, which is 6.36 percent of covered payroll. The employer rate, when combined with member contributions, is expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

Pension Liabilities (Assets), Pension Expense (Negative Pension Expense), and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Pension Liability (Assets). On June 30, 2025, the school department reported a liability (asset) of (\$2,115,068) for its proportionate share of the net pension liability (asset). The net pension liability (asset) was measured as of June 30, 2024, and the total pension liability used to calculate the net pension liability (asset) was determined by an actuarial valuation as of that date. The school department's proportion of the net pension liability (asset) was based on the school department's long-term share of contributions to the pension plan relative to the contributions of all participating LEAs. At the measurement date of June 30, 2024, the school department's proportion was .122765 percent. The proportion measured at June 30, 2023, was .124485 percent.

Pension Expense (Negative Pension Expense). For the year ended June 30, 2025, the school department recognized pension expense (negative pension expense) of \$426,931.

Deferred Outflows of Resources and Deferred Inflows of Resources. For the year ended June 30, 2025, the school department reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference Between Expected and Actual Experience	\$ 564,032	\$ 0
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	0	411,929
Changes in Proportion of Net Pension Liability (Asset)	22,859	62,612
LEA's Contributions Subsequent to the Measurement Date of June 30, 2024	264,275	N/A
Total	<u>\$ 851,166</u>	<u>\$ 474,541</u>

The school department's employer contributions of \$264,275 reported as pension related deferred outflows of resources subsequent to the measurement date, will be recognized as a reduction (increase) to the net pension liability (asset) in the year ending June 30, 2026. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending June 30	Amount
2026	\$ (258,743)
2027	802,623
2028	(214,916)
2029	(216,883)
2030	0
Thereafter	0

In the table above, positive amounts will increase pension expense, while negative amounts will decrease pension expense.

Actuarial Assumptions. The total pension liability as of the June 30, 2024, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.25%
Salary Increases	Graded Salary Ranges from 8.72% to 3.44% Based on Age, Including Inflation, Averaging 4%
Investment Rate of Return	6.75%, Net of Pension Plan Investment Expenses, Including Inflation
Cost of Living Adjustment	2.125%

Mortality rates are based actual experience including an adjustment for some anticipated improvement.

The actuarial assumptions used in the June 30, 2024, actuarial valuation were based on the results of an actuarial experience study performed for the period July 1, 2016, through June 30, 2020. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees in conjunction with the June 30, 2020, actuarial experience study. A blend of future capital market projections and historic market returns was used in a building-block method in which a best estimate of expected future real rates of return (expected returns, net of pension plan investments expense and inflation) is developed for each major asset class. These best estimates are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.25 percent. The best estimates of geometric real rates of return and the TCRS investment policy target asset allocation for each major asset class are summarized in the following table:

Asset Class	Percentage Long-term Expected Real Rate of Return		Percentage Target Allocations	
U.S. Equity	4.88	%	31	%
Developed Market				
International Equity	5.37		14	
Emerging Market				
International Equity	6.09		4	
Private Equity and				
Strategic Lending	6.57		20	
U.S. Fixed Income	1.20		20	
Real Estate	4.38		10	
Short-term Securities	0.00		1	
Total			100	%

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 6.75 percent based on a blending of the factors described above.

Discount Rate. The discount rate used to measure the total pension liability was 6.75 percent. The projection of cash flows used to determine the discount rate assumes that employee contributions will be made at the current rate and that contributions from all the LEAs will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Proportionate Share of Net Pension Liability (Asset) to Changes in the Discount Rate. The following presents the school department's proportionate share of the net pension liability (asset) calculated using the discount rate of 6.75 percent, as well as what the school department's proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is one percentage point lower (5.75 percent) or one percentage point higher (7.75 percent) than the current rate:

School Department's Proportionate Share of the Net Pension Liability (Asset)	1% Decrease 5.75%	Current Discount Rate 6.75%	1% Increase 7.75%
Net Pension Liability (Asset)	\$ 2,686,869	\$ (2,115,068)	\$ (6,097,619)

Pension Plan Fiduciary Net Position. Detailed information about the pension plan's fiduciary net position is available in a separately issued TCRS financial report.

2. Deferred Compensation

The discretely presented Clay County School Department offers its employees two deferred compensation plans, one established pursuant to IRC Section 457 and the other pursuant to IRC Section 403(b). All costs of administering and funding these programs are the

responsibility of plan participants. Section 403(b) and Section 457 plan assets remain the property of the contributing employees and are not presented in the accompanying financial statements. IRC Sections 403(b) and 457 establish participation, contribution, and withdrawal provisions for the plans.

Teachers hired after July 1, 2014, by the school department are required to participate in a hybrid pension plan consisting of a defined benefit portion, which is detailed in the pensions footnote above and is managed by the Tennessee Consolidated Retirement System, and a defined contribution portion which is placed into the state's 401(k) plan and is managed by the employee. The defined contribution portion of the plan requires that the school department contribute five percent of each teacher's salary into their deferred compensation plan. In addition, teachers are required to contribute two percent of their salaries into this deferred compensation plan, unless they opt out of the employee portion. During the year, the school department contributed \$135,640 and teachers contributed \$104,945 to this deferred compensation pension plan.

G. Other Postemployment Benefits (OPEB)

Until December 31, 2024, the discretely presented Clay County School Department provided OPEB benefits to its employees through a commercial insurance plan. Beginning January 1, 2025, the school department converted to the state group health insurance plan. Since the state's actuary prepares an actuarial report based on the last fiscal year, the school department will not be included in the state's report for the fiscal year ending June 30, 2025.

The county's actuary provided an actuarial report dated December 31, 2024; therefore, the amounts shown in the county's financial statements on June 30, 2025, are taken from that report. So, all OPEB amounts shown in this report are for the six-month period ending December 31, 2024, and reflect the valuation of liabilities and cost as of that date.

Commercial Postemployment Benefits Plan

Plan Description. The school department participates in a commercial postemployment benefits plan administered by Blue Cross Blue Shield for its retirees and their covered dependents. Employees are eligible for OPEB benefits if they retire at any age with at least 30 years of service or if they are over the age 60 and have at least five years of service. For accounting purposes, the plan is a single-employer defined benefit OPEB plan. Benefits are established and amended by the Board of Education. No assets are accumulated in a trust that meets the criteria of paragraph 4 of GASB Statement 75.

Benefits Provided. The plan provides healthcare, dental, vision, and life insurance benefits to retirees and their dependents.

The benefit terms provide for the school department to pay a percentage of the certified retirees healthcare costs depending on years of service with the school department. The school department pays 45 percent of the healthcare cost for employees with over 30 years of service, 35 percent for employees with 20-29 years of service, and 25 percent for employees with less than 20 years of service. Non-certified employees are required to pay 100 percent of the healthcare premium. Both certified and non-certified employees are eligible to participate in the healthcare plan until they reach age 65. Surviving spouses of eligible retirees may be able to continue coverage until they reach Medicare eligibility.

The benefit terms provide for eligible retirees to receive vision and dental benefits for life by paying 100 percent of the premium cost.

Employees Covered by Benefit Terms. At the measurement date of December 31, 2024, the following employees were covered by the benefit terms:

Inactive Employees Currently Receiving Benefits	8
Inactive Employees Entitled To But Not Yet Receiving Benefits	0
Active Employees Eligible for Benefits	<u>94</u>
Total	<u><u>102</u></u>

Total OPEB Liability

The school department's total OPEB liability of \$1,043,106 was measured as of December 31, 2024, and was determined by an actuarial valuation as of that date.

Actuarial Assumptions and other inputs. The total OPEB liability in the December 31, 2024, actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.5%
Discount Rate	4.28%
Healthcare Cost Trend Rates	4.5%
Retirees share of Benefit-related Cost	45% to 100% depending on years of service and employee classification

The discount rate was based on the S&P Municipal Bond 20 Year High Grade Rate Index.

Mortality rates were based on RHP-2014 Total Table with Projection MP-2021.

The actuarial assumptions used in the December 31, 2024, valuation were based on plan data and costs presented by the school department with concurrence by the actuary.

Changes in the Total OPEB Liability – As of the Measurement Date

	Total OPEB Liability
Balance July 1, 2024	<u>\$ 1,018,043</u>
Changes for the Year:	
Service Cost	\$ 15,795
Interest	21,424
Difference between Expected and Actual Experience	25,865
Changes in Assumption	(5,919)
Benefit Payments	<u>(32,102)</u>
Net Changes	<u>\$ 25,063</u>
Balance December 31, 2024	<u><u>\$ 1,043,106</u></u>

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources. For the year ended June 30, 2025, the school department recognized a negative OPEB expense of \$(20,522). On June 30, 2025, the county reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference Between Actual and Expected Experience	\$ 101,141	\$ 99,445
Changes of Assumptions	11,547	160,643
Total	<u>\$ 112,688</u>	<u>\$ 260,088</u>

The amount shown above for “Benefits Paid After the Measurement Date” will be recognized as a reduction to OPEB liability in the following measurement period.

Amounts reported as deferred inflows and deferred outflows of resources (excluding benefits paid after the measurement date) related to OPEB will be recognized in OPEB expense as follows:

Year Ending June 30	School Department
2026	\$ (56,194)
2027	(47,064)
2028	(45,291)
2029	(16,425)
2030	12,380
Thereafter	5,194

In the table shown above, positive amounts will increase OPEB expense while negative amounts will decrease OPEB expense.

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate. The following presents the total OPEB liability of the school department calculated using the discount rate of 4.28 percent, as well as what the OPEB liability would be if it was calculated using a discount rate that is one percentage point lower (3.21%) or one percentage point higher (5.21%) than the current rate:

Discount Rate	1% Decrease 3.28%	Current Discount Rate 4.28%	1% Increase 5.28%
Total OPEB Liability	\$ 1,130,795	\$ 1,043,106	\$ 962,279

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rate. The following presents the total OPEB liability of the school department calculated using the healthcare cost trend rate of 4.5 percent, as well as what the OPEB liability would be if it was calculated using a trend rate that is one percentage point lower (3.5%) or one percentage point higher (5.5%) than the current rate:

Healthcare Cost Trend Rate	Current		
	1%	Trend	1%
	Decrease	Rate	Increase
	3.5%	4.5%	5.5%
<hr/>			
Total OPEB Liability	\$ 942,336	\$ 1,043,106	\$ 1,160,442

H. Purchasing Laws

Office of County Mayor

Purchasing procedures for the Office of County Mayor are governed by the County Purchasing Law of 1983, Sections 5-14-201 through 5-14-206, *Tennessee Code Annotated (TCA)*, which provide for all purchases exceeding \$10,000 to be made after public advertisement and solicitation of competitive bids.

Office of Road Superintendent

Chapter 565, Private Acts of 1951, as amended, and Section 54-7-113, *TCA* (Uniform Road Law), govern purchasing procedures for the highway department. Provisions of the Uniform Road Law require all purchases exceeding \$25,000 to be made on the basis of publicly advertised competitive bids.

Office of Director of Schools

Purchasing procedures for the discretely presented Clay County School Department are governed by purchasing laws applicable to schools as set forth in Section 49-2-203, *TCA*, which provides for the county Board of Education, through its executive committee (director of schools and chairman of the Board of Education), to make all purchases. Furthermore, the Board of Education adopted the provisions of Section 12-3-1212, *TCA*, on May 18, 2023. This statute requires competitive bids to be solicited through newspaper advertisement on all purchases exceeding \$25,000.

Note 1: Ten years of data will be presented when available.

Note 2: Changes in assumptions.

(a) The following are the discount rates used in each period:

2018	3.58%
2019	3.50%
2020	2.21%
2021	2.16%
2022	3.54%
2023	4.13%
2024	4.21%
2025	4.28%

(b) The assumed initial trend rate applicable to plan years was revised as follows:

- For the 2019 plan year - rate was 5.5%
- For the 2020 plan year - from 5.5% to 5.0%
- For the 2021 plan year - from 5.0 to 4.5%
- For the 2022 plan year - rate was 4.5%
- For the 2023 plan year - rate was 4.5%
- For the 2024 plan year - rate was 4.5%
- For the 2025 plan year - rate was 4.5%

Note 3: No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75.

CLAY COUNTY, TENNESSEE
NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION
For the Year Ended June 30, 2025

TENNESSEE CONSOLIDATED RETIREMENT SYSTEM

Valuation Date: Actuarially determined contribution rates for fiscal year 2025 were calculated based on the June 30, 2023, actuarial valuation.

Methods and assumptions used to determine contribution rates:

Actuarial Cost Method	Entry Age Normal
Amortization Method	Level Dollar, Closed (Not to Exceed 20 Years)
Remaining Amortization Period	Varies by Year
Asset Valuation	10-Year Smoothed Within a 20% Corridor to Fair Value
Inflation	2.25%
Salary Increases	Graded Salary Ranges from 8.72% to 3.44% Based on Age, Including Inflation, Averaging 4%
Investment Rate of Return	6.75%, Net of Investment Expense, Including Inflation
Retirement Age	Pattern of Retirement Determined by Experience Study
Mortality	Customized Table Based on Actual Experience Including an Adjustment for Some Anticipated Improvement
Cost of Living Adjustment	2.125%

Changes of assumptions. In 2021, the following assumptions were changed: decreased inflation rate from 2.5 percent to 2.25 percent; decreased the investment rate of return from 7.25 percent to 6.75 percent; decreased the cost-of-living adjustment from 2.25 percent to 2.125 percent; and modified mortality assumptions. In 2017, the following assumptions were changed: decreased inflation rate from 3 percent to 2.5 percent; decreased the investment rate of return from 7.5 percent to 7.25 percent; decreased the cost-of-living adjustment from 2.5 percent to 2.25 percent; decreased salary growth graded ranges from an average of 4.25 percent to an average of 4 percent; and modified mortality assumptions.

COMBINING AND INDIVIDUAL FUND FINANCIAL STATEMENTS AND SCHEDULES

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Special Revenue Funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

Courthouse and Jail Maintenance Fund – The Courthouse and Jail Maintenance Fund is used to account for a special tax levied by private act on litigation and the recording of certain instruments. The proceeds of the tax must be used to pay for improvements or maintenance of the courthouse and jail.

Drug Control Fund – The Drug Control Fund is used to account for revenues received from drug-related fines, forfeitures, and seizures.

Other Special Revenue Fund – The Other Special Revenue Fund is used to account for revenues received from the American Rescue Plan Act (ARPA).

Constitutional Officers - Fees Fund – The Constitutional Officers - Fees Fund is used to account for operating expenses paid directly from the fee and commission accounts of the trustee, clerks, register of deeds, and sheriff.

CUSTODIAL FUNDS

Custodial Funds are used to account for assets held by the county in a custodial capacity or as an agent for individuals, private organizations, other governments, and/or other funds. Custodial Funds are reported using the economic resources measurement focus and the accrual basis of accounting. Custodial fund reporting focuses on net position and changes in net position. Custodial funds are distinguished from trust funds by the absence of a trust agreement or equivalent arrangement.

Cities - Sales Tax Fund – The Cities - Sales Tax Fund is used to account for the second half of the sales tax revenues collected inside incorporated cities of the county. These revenues are received by the county from the state of Tennessee and forwarded to the various cities on a monthly basis.

Constitutional Officers - Custodial Fund – The Constitutional Officers - Custodial Fund is used to account for amounts collected in a custodial capacity by the county clerk, circuit and general sessions courts clerk, clerk and master, register of deeds, and sheriff. Such collections include amounts due the state, cities, litigants, heirs, and others.

CLAY COUNTY SCHOOL DEPARTMENT

This section presents combining and individual fund financial statements for the Typical County School Department, a discretely presented component unit. The school department uses a General Fund and three Special Revenue Funds.

General Purpose School Fund – The General Purpose School Fund is used to account for general operations of the school department.

School Federal Projects Fund – The School Federal Projects Fund is used to account for restricted federal revenues, which must be expended on specific education programs.

Central Cafeteria Fund – The Central Cafeteria Fund is used to account for the cafeteria operations in each of the schools.

Internal School Fund – The Internal School Fund is used to account for funds held at the individual schools for internal school use such as the purchase of supplies, school clubs, and student activities.

CLAY COUNTY, TENNESSEE**Reconciliation of the Balance Sheet of Governmental Funds to the Statement of Net Position**

Discretely Presented Clay County School Department

June 30, 2025

Amounts reported for governmental activities in the statement
of net position (Exhibit A) are different because:

Total fund balances - balance sheet - governmental funds (Exhibit I-2)		\$ 10,607,248
(1) Capital assets used in governmental activities are not financial resources and therefore are not reported in the governmental funds.		
Add: land	\$ 298,098	
Add: construction in progress	542,609	
Add: buildings and improvements net of accumulated depreciation	7,750,735	
Add: infrastructure net of accumulated depreciation	163,676	
Add: other capital assets net of accumulated depreciation	<u>1,787,853</u>	10,542,971
(2) Long-term liabilities are not due and payable in the current period and therefore are not reported in the governmental funds.		
Less: contributions due on primary government debt for other loans	\$ (2,390,000)	
Less: compensated absences payable	(134,309)	
Less: net OPEB liability	<u>(1,043,106)</u>	(3,567,415)
(3) Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions/OPEB will be amortized and recognized as components of pension/OPEB expense in future years.		
Add: deferred outflows of resources related to pensions	\$ 1,309,524	
Less: deferred inflows of resources related to pensions	(600,221)	
Add: deferred outflows of resources related to OPEB	112,688	
Less: deferred inflows of resources related to OPEB	<u>(260,088)</u>	561,903
(4) Net pension assets are not current financial resources and therefore are not reported in the governmental funds.		
Add: net pension asset - agent plan	\$ 151,978	
Add: net pension asset - teacher retirement plan	60,204	
Add: net pension asset - teacher legacy pension plan	<u>2,115,068</u>	2,327,250
(5) Other long-term assets are not available to pay for current-period expenditures and therefore are deferred in the governmental funds.		<u>152,084</u>
Net position of governmental activities (Exhibit A)		<u><u>\$ 20,624,041</u></u>

Fund Balance, June 30, 2025	<u>\$ 9,358,922</u>	<u>\$ 500,000</u>	<u>\$ 748,326</u>	<u>\$ 10,607,248</u>

CLAY COUNTY, TENNESSEE**Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances
of Governmental Funds to the Statement of Activities**

Discretely Presented Clay County School Department

For the Year Ended June 30, 2025

Amounts reported for governmental activities in the statement
of activities (Exhibit B) are different because:

Net change in fund balances - total governmental funds (Exhibit I-4)		\$ 375,085
(1) Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of these assets is allocated over their useful lives and reported as depreciation expense. The difference between capital outlays and depreciation is itemized as follows:		
Add: capital assets purchased in the current period	\$ 1,749,248	
Less: current-year depreciation expense	<u>(542,230)</u>	1,207,018
(2) The net effect of various miscellaneous transactions involving capital assets (sales, trade-ins, and donations) is to decrease net position.		
Less: book value of capital assets disposed		(24,768)
(3) Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.		
Add: deferred delinquent property taxes and other deferred June 30, 2025	\$ 152,084	
Less: deferred delinquent property taxes and other deferred June 30, 2024	<u>(160,849)</u>	(8,765)
(4) The contributions of long-term debt (e.g., notes, bonds, leases) by the primary government provide current financial resources to governmental funds, while the contributions by the school department of the principal of long-term debt consume the current financial resources of governmental funds. Neither transaction, however, has any effect on net position.		
Add: change in contribution due to primary government		360,000
(5) Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the governmental funds.		
Change in compensated absences payable	\$ (40,135)	
Change in net pension asset - agent plan	126,383	
Change in net pension asset - teacher retirement plan	22,407	
Change in net pension asset - teacher legacy pension plan	647,428	
Change in deferred outflows related to pensions	(605,558)	
Change in deferred inflows related to pensions	(335,359)	
Change in OPEB liability	(25,063)	
Change in deferred outflows related to OPEB	(169)	
Change in deferred inflows related to OPEB	<u>77,856</u>	<u>(132,210)</u>
Change in net position of governmental activities (Exhibit B)		<u>\$ 1,776,360</u>

SINGLE AUDIT SECTION

JASON E. MUMPOWER
Comptroller

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Clay County Mayor and
Board of County Commissioners
Clay County, Tennessee

To the County Mayor and Board of County Commissioners:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Clay County, Tennessee, as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise Clay County's basic financial statements as listed in the table of contents, and have issued our report thereon dated October 3, 2025. Our report includes a reference to other auditors who audited the financial statements of the Internal School Fund of the Clay County School Department (discretely presented component unit) as described in our report on Clay County's financial statements. This report does not include the results of the other auditor's testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Clay County's internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Clay County's internal control. Accordingly, we do not express an opinion on the effectiveness of Clay County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We identified the following deficiencies in internal control, described in the accompanying Schedule of Findings and Questioned Costs, that we consider to be significant deficiencies: 2025-001 and 2025-002.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Clay County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Clay County's Responses to Findings

Government Auditing Standards requires the auditor to perform limited procedures on Clay County's responses to the findings identified in our audit and described in the accompanying Schedule of Findings and Questioned Costs. Clay County's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the responses.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Clay County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Very truly yours,

Jason E. Mumpower
Comptroller of the Treasury
Nashville, Tennessee

October 3, 2025

JEM/gc

JASON E. MUMPOWER
Comptroller

Independent Auditor's Report on Compliance for Each Major Federal Program; Report on Internal Control Over Compliance; and Report on the Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

Clay County Mayor and
Board of County Commissioners
Clay County, Tennessee

To the County Mayor and Board of County Commissioners:

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Clay County's compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of Clay County's major federal programs for the year ended June 30, 2025. Clay County's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

In our opinion, Clay County complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2025.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Clay County, Tennessee, and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Clay County's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Clay County's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Clay County's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for noncompliance resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Clay County's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Clay County's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of Clay County's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Clay County's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal

control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that have not been identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Clay County, Tennessee, as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise Clay County's basic financial statements. We issued our report thereon dated October 3, 2025, which contained unmodified opinions on those financial statements. Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

Very truly yours,

Jason E. Mumpower
Comptroller of the Treasury
Nashville, Tennessee

October 3, 2025

JEM/gc

CLAY COUNTY, TENNESSEE
Summary Schedule of Prior-year Findings
For the Year Ended June 30, 2025

Government Auditing Standards require auditors to report the status of uncorrected findings from prior audits. In addition, OMB's Uniform Guidance requires auditees to report the status of all prior-year findings whether corrected or not. Presented below are financial statement findings along with their current status from the Annual Financial Report for Clay County, Tennessee, for the year ended June 30, 2025.

Prior-year Financial Statement Findings

Fiscal Year	Page Number	Finding Number	Title of Finding	ALN	Current Status
OFFICES OF COUNTY MAYOR AND ROAD SUPERINTENDENT					
2024	169	2024-001	The offices had not established formal purchase order systems.	N/A	Not Corrected - See Explanation on Corrective Action Plan
OFFICE OF ROAD SUPERINTENDENT					
2024	169	2024-002	An investigation revealed the road superintendent misappropriated highway department fuel for his personal use.	N/A	No New Reports in Current Year - Prosecution Still Pending

Prior-year Federal Awards Findings

There were no prior-year federal award findings to report.

CLAY COUNTY, TENNESSEE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
For the Year Ended June 30, 2025

PART I, SUMMARY OF AUDITOR'S RESULTS

Financial Statements:

1. Our report on the financial statements of Clay County is unmodified.
2. Internal Control Over Financial Reporting:
 - * Material weakness identified? **NO**
 - * Significant deficiency identified? **YES**
3. Noncompliance material to the financial statements noted? **NO**

Federal Awards:

4. Internal Control Over Major Federal Programs:
 - * Material weakness identified? **NO**
 - * Significant deficiency identified? **NONE REPORTED**
5. Type of report auditor issued on compliance for major programs. **UNMODIFIED**
6. Any audit findings disclosed that are required to be reported in accordance with 2 CFR 200.516(a)? **NO**
7. Identification of Major Federal Programs:
 - * Assistance Listing Numbers: 10.553 and 10.555 Child Nutrition Cluster: School Breakfast Program and National School Lunch Program
 - * Assistance Listing Number: 84.010 Title I Grants to Local Education Agencies
 - * Assistance Listing Numbers: 84.027 and 84.173 Special Education Cluster: Special Education Grants to States and Special Education Preschool Grants
8. Dollar threshold used to distinguish between Type A and Type B Programs. **\$750,000**
9. Auditee qualified as low-risk auditee? **NO**

PART II, FINDINGS RELATING TO THE FINANCIAL STATEMENTS

Findings and recommendations, as a result of our audit, are presented below. We reviewed these findings and recommendations with management to provide an opportunity for their response. Written responses for all findings are paraphrased and presented following each finding and recommendation. Management's corrective action plans, whether related to the financial statements or federal awards, are presented separately in the Management's Corrective Action Plan in the Single Audit Section of this report. Findings relating specifically to the audit of federal awards, if any, are separately presented under Part III, Findings and Questioned Costs for Federal Awards.

OFFICES OF COUNTY MAYOR AND ROAD SUPERINTENDENT

FINDING 2025-001

THE OFFICES HAD NOT ESTABLISHED FORMAL PURCHASE ORDER SYSTEMS

(Internal Control – Significant Deficiency Under *Government Auditing Standards*)

Formal purchase order systems had not been established in the Offices of County Mayor and Road Superintendent. Purchase orders are necessary to control who has purchasing authority for the offices and to document purchasing commitments. The absence of a formal purchase order system increases the risks of unauthorized purchases. This deficiency exists due to management's failure to correct the findings noted in the prior-year audit reports.

RECOMMENDATION

Management in the Offices of County Mayor and Road Superintendent should establish formal purchase order systems to improve internal controls over the purchasing process and to document purchasing commitments.

MANAGEMENT'S RESPONSE – COUNTY MAYOR

I concur with this finding.

MANAGEMENT'S RESPONSE – ROAD SUPERINTENDENT

I concur with this finding.

OFFICE OF ROAD SUPERINTENDENT

FINDING 2025-002

THE OFFICE DID NOT MAINTAIN ADEQUATE CONTROLS OVER CONSUMABLE ASSETS

(Internal Control – Significant Deficiency Under *Government Auditing Standards*)

The office did not have adequate inventory controls of consumable assets, such as fuel, materials, and parts.

- A. The highway department dispenses fuel (gasoline and diesel) from pumps located at the department. When fuel is dispensed from pumps, an employee logs their name, the fuel type dispensed, gallons pumped, and vehicle or equipment used into a manual fuel usage log. However, the department did not reconcile amounts used with amounts purchased and on hand. Furthermore, the highway department utilizes several mobile fuel tanks located on the beds of highway department trucks. No records are maintained for the fuel dispensed from the mobile fuel tanks.
- B. The highway department did not have a system to account for materials and parts. These items were purchased by the department, but there were no records maintained to show where materials were used or what vehicles or equipment received parts.

Failure to maintain adequate records of consumable assets weakens control over the assets and increases the risks that assets could be misappropriated without detection. This deficiency can be attributed to the failure of management to adequately monitor controls over consumable assets.

RECOMMENDATION

The office should develop and implement a system to account for consumable assets, such as fuel, materials, and parts.

MANAGEMENT'S RESPONSE – ROAD SUPERINTENDENT

I concur with this finding. All drivers have a notebook in the truck to log for rock. A notebook is at the pumps to log for gas and diesel. Receipts or invoices for parts now have the truck or equipment name or number on them.

PART III, FINDINGS AND QUESTIONED COSTS FOR FEDERAL AWARDS

There were no findings and questioned costs related to federal awards for the year ended June 30, 2025.

CLAY COUNTY, TENNESSEE
MANAGEMENT'S CORRECTIVE ACTION PLAN
For the Year Ended June 30, 2025

We reviewed the financial statement and federal award findings and recommendations with management to provide an opportunity for their response as required by the auditee requirements within Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Management's corrective action plans for all financial statement findings and federal award findings are presented in this section and have been indexed below. The corrective action plans were prepared by management and have been presented as they were submitted.

Corrective Action Plan

FINDING: THE OFFICE HAD NOT ESTABLISHED A FORMAL PURCHASE ORDER SYSTEM

Response and Corrective Action Plan Prepared by:

Dale Reagan, Clay County Mayor
Donna Hamilton, Finance Director for Clay County Govt

Person Responsible for Implementing the Corrective Action:

Dale Reagan, Clay County Mayor
Donna Hamilton, Finance Director for Clay County Govt

Anticipated Completion Date of Corrective Action:

N/A

Repeat Finding:

Yes

Reason Corrective Action was Not Taken in the Prior Year:

N/A

Planned Corrective Action:

Clay County Government does not have a formal purchasing order system. Although best practice would be to establish a central system of accounting with the Clay County Highway Department and the Clay County School System, Clay County, at this time, is not financially equipped to establish said system. Therefore, this finding cannot be corrected at this time.

A blue ink signature of Dale Reagan, written in a cursive style, is positioned above a horizontal line.

Jason Browning, Highway Commissioner

Anticipated Completion Date of Corrective Action:

Repeat Finding:
No

Reason Corrective Action was Not Taken in the Prior Year:

N/A

Planned Corrective Action:

This finding has been corrected. All drivers have notebooks in trucks to log for rock. There is a notebook to log for gas and diesel. Receipts or invoices for parts have the truck or equipment name or number for which it will be used.

Signature:

A handwritten signature in blue ink, appearing to read "James Brown", is written over a horizontal line.

AUDITOR'S COMMENT ON COUNTY MAYOR AND ROAD SUPERINTENDENT'S CORRECTIVE ACTION PLANS

FINDING 2025-001

THE OFFICES HAD NOT ESTABLISHED FORMAL PURCHASE ORDER SYSTEMS

A formal purchase order system can be implemented without a central system of accounting, budgeting, and purchasing at nominal cost to the county. Many non-centralized counties have implemented a formal purchase order system. Purchase orders are an important internal control over the purchasing process.

BEST PRACTICE

Accounting literature describes a best practice as a recommended policy, procedure, or technique that aids management in improving financial performance. Historically, a best practice has consistently shown superior results over conventional methods.

The Division of Local Government Audit strongly believes that the item noted below is a best practice that should be adopted by the governing body as a means of significantly improving accountability and the quality of services provided to the citizens of Clay County.

CLAY COUNTY SHOULD ADOPT A CENTRAL SYSTEM OF ACCOUNTING, BUDGETING, AND PURCHASING

Clay County does not have a central system of accounting, budgeting, and purchasing. Sound business practices dictate that establishing a central system would significantly improve internal controls over the accounting, budgeting, and purchasing processes. The absence of a central system of accounting, budgeting, and purchasing has been a management decision by the county commission resulting in decentralization and some duplication of effort. The Division of Local Government Audit strongly believes that the adoption of a central system of accounting, budgeting, and purchasing is a best practice that would significantly improve accountability and the quality of services provided to the citizens of Clay County. Therefore, we recommend the adoption of the County Financial Management System of 1981 or a private act, which would provide for a central system of accounting, budgeting, and purchasing covering all county departments.
