Comptroller

Independent Auditor's Report

White County Executive and Board of County Commissioners White County, Tennessee

To the County Executive and Board of County Commissioners:

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of White County, Tennessee, as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the county's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the report of the other auditors, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of White County, Tennessee, as of June 30, 2025, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the General and Highway/Public Works funds for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of Internal School Fund of the White County School Department (a discretely presented component unit), which represent 1.11 percent, 1.26 percent, and 4.94 percent, respectively, of the assets, net position, and revenues of the discretely presented component unit. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Internal School Fund of the discretely presented White County School Department, is based solely on the report of the other auditors.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of White County, Tennessee, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Changes in Accounting Principle

As described in Note V.B., White County has adopted the provisions of Governmental Accounting Standards Board (GASB) Statement No. 101, Compensated Absences and GASB Statement No. 102, Certain Risk Disclosures. GASB 101 updates the recognition and measurement guidance for compensated absences under a unified model and amends certain previously required disclosures. GASB 102 provides users of government financial statements with essential information about risks related to a government's vulnerabilities due to certain concentrations or constraints.

Emphasis of Matter

We draw attention to Note I.D.11. to the financial statements, which describes restatements to the beginning Governmental Activities net position totaling (\$35,682) for the primary government and (\$353,937) for the discretely presented White County School Department. These restatements were necessary because of the transitional requirements of GASB Statement No. 101, Compensated Absences. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about White County's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of White County's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

 conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about White County's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Management has omitted the management's discussion and analysis, that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Accounting principles generally accepted in the United States of America require that the schedule of changes in the county's net pension liability (asset) and related ratios, schedules of county and school contributions, schedules of school's proportionate share of the net pension liability (asset), and schedules of county and school changes in the total other postemployment benefits liability and related ratios, as listed under Required Supplementary Information in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise White County's basic financial statements. The combining and individual nonmajor fund financial statements, budgetary comparison schedules of nonmajor governmental funds and the General Debt Service Fund, combining and individual fund financial statements of the White County School Department (a discretely presented component unit), and miscellaneous schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements, budgetary comparison schedules of nonmajor governmental funds and the General Debt Service Fund, combining and individual fund financial statements of the White County School Department (a discretely presented component unit), and miscellaneous schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory section but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Requirements by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated September 25, 2025, on our consideration of White County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of White County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering White County's internal control over financial reporting and compliance.

Very truly yours,

Jason E. Mumpower Comptroller of the Treasury

Nashville, Tennessee

September 25, 2025

Reconciliation of the Balance Sheet of Governmental Funds to the Statement of Net Position June 30, 2025

Amounts reported for governmental activities in the statement of net position (Exhibit A) are different because:

| Total fund balances - balance sheet - governmental funds (Exhibit C-1) | | \$ 24,800,451 |
|--|---|------------------|
| (1) Capital assets used in governmental activities are not financial resources and therefore are not reported in the governmental funds. Add: land Add: construction in progress Add: buildings and improvements net of accumulated depreciation Add: infrastructure net of accumulated depreciation Add: other capital assets net of accumulated depreciation | \$ 802,517 969,655 5,636,521 20,343,838 3,541,908 | 31,294,439 |
| (2) Internal service fund is used by management to account for transactions of the county's centralized fuel distribution facility. The assets and liabilities of the internal service fund are included in governmental activities in the statement of net position. | | 43 |
| (3) Long-term liabilities are not due and payable in the current period and therefore are not reported in the governmental funds. Less: bonds payable Less: accrued interest on bonds Less: unamortized premium on debt Less: compensated absences payable Less: net pension liability Less: net OPEB liability | \$ (14,395,000) (18,930) (260,661) (70,539) (273,971) (263,850) | (15,282,951) |
| (4) Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions and OPEB will be amortized and recognized as components of pension and OPEB expense in future years. Add: deferred outflows of resources related to pensions Less: deferred inflows of resources related to OPEB Less: deferred inflows of resources related to OPEB | \$ 2,305,302 (282,942) 75,198 (144,172) | 1,953,386 |
| (5) Other long-term assets are not available to pay for current-period expenditures and therefore are deferred in the governmental funds. | | 1,464,984 |
| Net position of governmental activities (Exhibit A) | | \$ 44,230,352 |

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities

For the Year Ended June 30, 2025

Amounts reported for governmental activities in the statement of activities (Exhibit B) are different because:

| of activities (Exhibit B) are different because. | | |
|---|--------------|--------------|
| Net change in fund balances - total governmental funds (Exhibit C-3) | | \$ 3,406,365 |
| (1) Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of these assets is allocated over their useful lives and reported as depreciation expense. The difference between capital outlays and depreciation is itemized as follows: | | |
| Add: capital assets purchased in the current period | \$ 4,673,479 | • 44.6.00.5 |
| Less: current-year depreciation expense | (2,257,474) | 2,416,005 |
| (2) The net effect of various miscellaneous transactions involving capital assets (sales, trade-ins, and donations) is to decrease net position. | | |
| Add: assets donated and capitalized | \$ 1,502,381 | |
| Less: book value of capital assets disposed | (98,387) | 1,403,994 |
| (3) Revenues in the statement of activities that do not provide current | | |
| financial resources are not reported as revenues in the funds. | | |
| Add: deferred delinquent property taxes and other deferred June 30, 2025 | \$ 1,464,984 | |
| Less: deferred delinquent property taxes and other deferred June 30, 2024 | (1,384,669) | 80,315 |
| (4) The issuance of long-term debt (e.g., bonds, notes, other loans) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the effect of these differences in the treatment of long-term debt and related items. Add: principal payments on bonds | \$ 950,000 | |
| Add: change in premium on debt issuances | 39,668 | 989,668 |
| (5) Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the governmental funds. | | |
| Change in accrued interest payable | \$ 2,098 | |
| Change in compensated absences payable | (34,857) | |
| Change in net pension liability | (253,874) | |
| Change in net OPEB liability | (71,770) | |
| Change in deferred outflows related to pensions | 586,001 | |
| Change in deferred inflows related to pensions | (205,331) | |
| Change in deferred outflows related to OPEB | 28,759 | |
| Change in deferred inflows related to OPEB | 31,232 | 82,258 |
| (6) Internal service fund is used by management to account for transactions of the county's centralized fuel distribution facility. The net revenue (expense) of certain activities of the internal service fund is reported with governmental | | |
| activities in the statement of activities. | | 29 |
| Change in net position of governmental activities (Exhibit B) | | \$ 8,378,634 |
| | | |

WHITE COUNTY, TENNESSEE NOTES TO THE FINANCIAL STATEMENTS

For the Year Ended June 30, 2025

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

White County's financial statements are presented in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments.

The following are the more significant accounting policies of White County:

A. Reporting Entity

White County is a public municipal corporation governed by an elected 14-member board. As required by GAAP, these financial statements present White County (the primary government) and its component units. The financial statements of the White County Emergency Communications District and the Industrial Development Board of White County, component units requiring discrete presentation, were excluded from this report due to materiality calculations; therefore, the effect of this omission did not affect the independent auditor's opinion thereon. The component units discussed below are included in the county's reporting entity because of the significance of their operational or financial relationships with the county.

Discretely Presented Component Units – The following entities meet the criteria for discretely presented component units of the county. They are reported in separate columns in the government-wide financial statements to emphasize that they are legally separate from the county.

The White County School Department operates the public school system in the county, and the voters of White County elect its board. The school department is fiscally dependent on the county because it may not issue debt, and its budget and property tax levy are subject to the county commission's approval. The school department's taxes are levied under the taxing authority of the county and are included as part of the county's total tax levy.

The White County Emergency Communications District provides a simplified means of securing emergency services through a uniform emergency number for the residents of White County, and the White County Commission appoints its governing body. The district is funded primarily through a service charge levied on telephone services. Before the issuance of most debt instruments, the district must obtain the county commission's approval. The financial statements of the White County Emergency Communications District were not material to the component units' opinion unit and therefore have been omitted from this report.

The Industrial Development Board of White County provides and assists industry in White County, and the White County Commission appoints its ten-member board of directors. The board is primarily funded by rentals and land sales at the county's industrial park. The financial statements of the Industrial Development Board of White County were not material to the component units' opinion unit and therefore have been omitted from this report.

The White County School Department does not issue separate financial statements from those of the county. Therefore, basic financial statements of the school department are included in this report as listed in the table of contents. Complete financial statements of the White County Emergency Communications District and the Industrial Development Board of White County can be obtained from their administrative offices at the following addresses:

Administrative Offices:

White County Emergency Communications District 403 Mose Drive P.O. Box 911 Sparta, TN 38583

Industrial Development Board of White County 1 East Bockman Way Sparta, TN 38583

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. However, when applicable, interfund services provided and used between functions are not eliminated in the process of consolidation in the Statement of Activities. Governmental activities are normally supported by taxes and intergovernmental revenues. Business-type activities, which rely to a significant extent on fees and charges, are required to be reported separately from governmental activities in government-wide financial statements. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable. The White County School Department component unit only reports governmental activities in the government-wide financial statements.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function, and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

White County issues all debt for the discretely presented White County School Department. There were no debt issues contributed by the county to the school department during the year ended June 30, 2025.

Separate financial statements are provided for governmental funds, proprietary funds (internal service and enterprise), and fiduciary funds. The internal service fund is reported with the governmental activities in the government-wide financial statements, and the fiduciary funds are excluded from the government-wide financial statements. Major individual governmental funds and the major enterprise fund are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary funds and fiduciary funds financial statements. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Fund financial statements of White County are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, deferred outflow of resources, liabilities, deferred inflow of resources, fund balance/fund net position, revenues, and expenditures/expenses. Funds are organized into three major categories: governmental, proprietary, and fiduciary. An emphasis is placed on major funds within the governmental and proprietary categories. White County reports two proprietary funds, a major enterprise fund and an internal service fund.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds. Major individual governmental funds and the major enterprise fund are reported as separate columns in the fund financial statements. All other governmental funds are aggregated into a single column on the fund financial statements. The internal service fund and the fiduciary funds in total are reported in single columns by fund type.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they become both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the county considers revenues other than grants to be available if they are collected within 30 days after year-end. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met and the revenues are available. White County considers grants and similar revenues to be available if they are collected within 60 days after year-end. Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. Principal and interest on long-term debt are recognized as fund liabilities when due or when amounts have been accumulated in the General Debt Service Fund for payments to be made early in the following year.

Property taxes for the period levied, in-lieu-of tax payments, sales taxes, interest, and miscellaneous taxes are all considered to be susceptible to accrual and have been recognized as revenues of the current period. Applicable business taxes, litigation taxes, state-shared excise taxes, fines, forfeitures, and penalties are not susceptible to accrual since they are not measurable (reasonably estimable). All other revenue items are considered to be measurable and available only when the county receives cash.

Proprietary funds and fiduciary funds financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category includes custodial funds.

White County reports the following major governmental funds:

General Fund – This is the county's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Highway/Public Works Fund – This special revenue fund accounts for transactions of the county's highway department. Local and state gasoline/fuel taxes are the foundational revenues of this fund.

General Debt Service Fund – This fund accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of governmental funds.

Additionally, White County reports the following fund types:

Capital Projects Funds – These funds are used to account for various capital projects within the county.

Enterprise Fund – The Solid Waste Disposal Fund was used to account for the county's solid waste landfill operations in prior years. The county sold the landfill on July 1, 2024, and this fund was closed as of June 30, 2025.

Internal Service Fund – The Central Service Fund is used to account for transactions of the county's centralized fuel distribution facility.

Custodial Funds – These funds account for amounts collected in a custodial capacity by the constitutional officers and local sales taxes received by the state to be forwarded to the various cities in White County.

The discretely presented White County School Department reports the following major governmental funds:

General Purpose School Fund – This fund is the primary operating fund for the school department. It is used to account for general operations of the school department.

School Federal Projects Fund – This special revenue fund is used to account for restricted federal revenues, which must be expended on specific education programs.

Additionally, White School Department reports the following fund type:

Education Capital Projects Fund – This fund was used to account for various capital projects within the school department. This fund was closed as of June 30, 2025.

The school department reports a nonmajor special revenue fund (Internal School Fund) which is used to account for funds held at the individual schools for internal school use such as the purchase of supplies, school clubs, and student activities. Collections from students and school activities are the foundational revenues of this fund. The current year (FY 25) report was not available from the auditor of the Internal School Fund in time for inclusion in this report. Therefore, the prior year balances (FY 24) are presented in this report. We do not believe using the prior year balances will affect the independent auditor's opinion on the Aggregate Discretely Presented Component Units. A more detailed reporting of the fund activities at each individual school may be found on the Tennessee Comptroller of the Treasury's website.

Amounts reported as program revenues include (1) charges to customers or applicants for goods, services, or privileges provided; (2) operating grants and contributions; and (3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. During the year, the county closed a major enterprise fund that had been used to account for the operations of the county's landfill; therefore, the county has one proprietary fund, an internal service fund used to account for the transactions at the county's central fuel distribution facility. Operating revenues and expenses generally result from providing services in connection with the fund's principal ongoing operations. The principal operating revenues of the county's proprietary fund are charges for services.

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance

1. Deposits and Investments

For the purposes of the Statement of Cash Flows, cash includes cash on hand, demand deposits, and cash on deposit with the county trustee.

State statutes authorize the government to make direct investments in bonds, notes, or treasury bills of the U.S. government and obligations guaranteed by the U.S. government or any of its agencies; deposit accounts at state and federal chartered banks and savings and loan associations; repurchase agreements; the State Treasurer's Investment Pool; the State Treasurer's Intermediate Term Investment Fund; bonds of any state or political subdivision rated A or higher by any nationally recognized rating service; nonconvertible debt securities of certain federal government sponsored enterprises; and the county's own legally issued bonds or notes.

The county trustee maintains a cash and internal investment pool that is used by all funds and the discretely presented White County School Department. Each fund's portion of this pool is displayed on the balance sheets or statements of net position as Equity in Pooled Cash and Investments. Most income from these pooled investments is assigned to the General Debt Service Fund. White County and the school department have adopted a policy of reporting U.S. Treasury obligations, U.S. agency obligations, and repurchase agreements with maturities of one year or less when purchased on the balance sheet at amortized cost. Certificates of deposit are reported at cost.

Investments in the State Treasurer's Investment Pool are reported at amortized cost using a stable net asset value. The primary oversight responsibility for the investments and operations of the State Treasurer's Investment Pool rests with the Funding Board of the State of Tennessee (Funding Board). The Funding Board has established an investment policy that is administered by the state treasurer. These policies were designed to comply with generally accepted accounting principles. In addition, state statutes require the state treasurer to administer the pool under the same terms and conditions, including collateral requirements, as prescribed for other funds invested by the state treasurer. Compliance with Funding Board policies is audited by the Tennessee Comptroller of the Treasury, Division of State Audit. The latest audit opinion issued by the Division of State Audit concluded that the State Treasurer's Investment Pool complied with accounting principles generally accepted in the United States of America.

Investments in the State Treasurer's Intermediate Term Investment Fund are reported at amortized cost using a floating net asset value. The primary oversight responsibility for the investments and operations of the State Treasurer's Intermediate Term Investment Fund rests with the Funding Board of the State of Tennessee (Funding Board). The Funding Board has established an investment policy that is administered by the state treasurer. These policies were designed to comply with generally accepted accounting principles. In addition, state statutes require the state treasurer to administer the pool under the same terms and conditions as prescribed for other funds invested by the state treasurer. Compliance with Funding Board policies is audited by the Tennessee Comptroller of the Treasury, Division of State Audit. The latest audit opinion issued by the Division of State Audit concluded that the State Treasurer's Intermediate Term Investment Fund complied with accounting principles generally accepted in the United States of America. White County had no investments in the State Treasurer's Intermediate Term Investment Fund during the year.

All other investments are reported at fair value. Other than the pension stabilization trust discussed in Note IV.A., no investments required to be reported at fair value were held at the balance sheet date.

2. Receivables and Payables

Activity between funds for unremitted current collections at the end of the fiscal year is referred to as due to/from other funds.

Notes receivable in the Industrial/Economic Development Fund represent loans made by the county to local industries in the current and prior years and are included in the restricted fund balance.

All ambulance service, solid waste, and property taxes receivables are shown with an allowance for uncollectibles. Ambulance receivables allowances for uncollectibles are based on historical collection data. Solid waste receivables are classified as doubtful accounts after 90 days. The allowance for uncollectible property taxes is equal to 1.16 percent of total taxes levied.

Property taxes receivable are recognized as of the date an enforceable legal claim to the taxable property arises. This date is January 1 and is referred to as the lien date. However, revenues from property taxes are recognized in the period for which the taxes are levied, which is the ensuing fiscal year. Since the receivable is recognized before the period of revenue recognition, the entire amount of the receivable, less an estimated allowance for uncollectible taxes, is reported as a deferred inflow of resources as of June 30.

Property taxes receivable are also reported as of June 30 for the taxes that are levied, collected, and reported as revenue during the current fiscal year. These property taxes receivable are presented on the balance sheet as a deferred inflow of resources to reflect amounts not available as of June 30. Property taxes collected within 30 days of year-end are considered available and accrued. The allowance for uncollectible taxes represents the estimated amount of the receivable that will be filed in court for collection. Delinquent taxes filed in court for collection are not included in taxes receivable since they are neither measurable nor available.

Property taxes are levied as of the first Monday in October. Taxes become delinquent and begin accumulating interest and penalty the following March 1. Suit must be filed in Chancery Court between the following February 1 to April 1 for any remaining unpaid taxes. Additional costs attach to delinquent taxes after a court suit has been filed.

Most payables are disaggregated on the face of the financial statements.

Retainage payable in the General Capital Projects Fund represents amounts withheld from payments made on a waterline project pending completion. This amount is held by the county trustee as Equity in Pooled Cash.

3. Inventories

Inventories of the White County School Department are recorded at cost, determined on the first-in, first-out method. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased. Inventories are offset in the nonspendable fund balance account in governmental funds.

4. Restricted Assets

Restricted assets consist of amounts held in a pension stabilization trust by the Tennessee Consolidated Retirement System (TCRS) for the benefit of the discretely presented White County School Department's Teacher Retirement Plan. The purpose of this trust is to accumulate funds to provide stabilization (smoothing) of retirement costs to the school system in times of fluctuating investment returns and market downturns. These funds are held and invested by TCRS pursuant to an irrevocable agreement and may only be used for the benefit of the White County School Department to fund retirement benefits upon approval of the TCRS Board of Directors. To date, the White County School Department has not withdrawn any funds from the trust to pay pension cost. Trust documents provide that the funds are not subject to the claims of general creditors of the school department.

5. Capital Assets

Governmental funds do not capitalize the cost of capital outlays, these funds report capital outlays as expenditures upon acquisition.

Capital assets, which include property, plant, equipment, infrastructure assets (e.g., roads, bridges, and similar items), are reported in the governmental and business-type columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of \$20,000 or more and an estimated useful life exceeding five years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant, equipment, and infrastructure of the primary government and the discretely presented school department are depreciated using the straight-line method over the following estimated useful lives.

| Assets | Years |
|----------------------------|-------|
| | |
| Buildings and Improvements | 20-40 |
| Other Capital Assets | 5-15 |
| Infrastructure: | |
| Roads | 40 |
| Bridges | 40 |

6. Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The government has items that qualify for reporting in this category. Accordingly, the items are reported in the government-wide Statement of Net Position. These items are for pension and OPEB changes in experience, assumptions, and proportionate share, and employer contributions made to the pension and OPEB plans after the measurement date.

In addition to liabilities, the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The government has items that qualify for reporting in this category. Accordingly, the items are reported in the government-wide Statement of Net Position and the governmental funds Balance Sheet. These items are from the following sources: current and delinquent property taxes; pension and OPEB changes in experience and proportionate share, pension changes in investment earnings, OPEB changes in assumptions, and various receivables for revenues which do not meet the availability criteria in governmental funds. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

7. Compensated Absences

Primary Government

It is the county's policy not to allow for the accumulation of unused vacation days beyond fiscal year end. It is the county's policy to permit employees to accumulate earned but unused sick pay benefits. A portion of the unpaid accumulated sick leave is accrued. The criteria for accrual includes a "more likely than not," to be used or paid. Since White County does not have a policy to pay any amounts when employees separate from service with the government, only the portion of sick leave "more likely than not" expected to be used is accrued in the government-wide financial statements. Sick leave expected to be credited to TCRS service is not accrued. A liability for sick leave is reported in governmental funds only if amounts have matured, for example, as a result of employee resignations and retirements and payable under the county's policies.

Discretely Presented White County School Department

The general policy of the discretely presented school department allows for the accumulation of unlimited accumulation of vacation days beyond year-end for non-professional personnel. The Director of Schools is allowed accumulation of 20 days of vacation time that will be paid upon completion of term. All vacation pay is accrued when incurred in the government-wide financial statements for the discretely presented school department.

The school department's policy allows employees to accumulate sick days at varying rates depending upon their position. Only a portion of the unpaid accumulated sick leave is accrued. The criteria for accrual includes a "more likely than not," to be used or paid. The White County School Department has a policy allowing non-professional employees to be paid up to a maximum 60 days of unused sick leave upon separation from service depending on years of service. Since the school department has a policy to pay amounts to certain classes of employees upon separation from service, the portion of sick leave "more likely than not" expected to be used or paid out is accrued in the government-wide financial statements. Sick leave expected to be credited to TCRS service is not accrued. A liability for vacation pay or sick leave is reported in governmental funds only if amounts have matured, for example, as a result of employee resignations and retirements and payable under the county's policies.

8. Long-term Debt and Long-term Obligations

In the government-wide financial statements and the proprietary fund type in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities or proprietary fund type Statement of Net Position. Debt premiums and discounts are deferred and are amortized over the life of the new debt using the straight-line method. Debt issuance costs are expensed in the period incurred. In refunding transactions, the difference between the reacquisition price and the net carrying amount of the old debt is reported as a deferred outflow of resources or a deferred inflow of resources and recognized as a component of interest expense in a systematic and rational manner over the remaining life of the refunded debt or the life of the new debt issued, whichever is shorter.

In the fund financial statements, governmental funds recognize debt premiums and discounts, as well as debt issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Only the matured portion (the portion that has come due for payment) of long-term indebtedness, including bonds and notes payable, is recognized as a liability and expenditure in the governmental fund financial statements. Liabilities and expenditures for other long-term obligations, including compensated absences, pension liabilities, and other postemployment benefits, are recognized to the extent that the liabilities have matured (come due for payment) each period.

9. Net Position and Fund Balance

In the government-wide financial statements and the proprietary fund in the fund financial statements, equity is classified as net position and displayed in three components:

- a. Net investment in capital assets Consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net position Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position All other net position that does not meet the definition of restricted or net investment in capital assets.

As of June 30, 2025, White County had \$14,395,000 in outstanding debt for capital purposes for the discretely presented White County School Department. This debt is a liability of White County; but the capital assets acquired are reported in the financial statements of the school department. Therefore, White County has incurred a liability significantly decreasing its unrestricted net position with no corresponding increase in the county's capital assets.

It is the county's policy that restricted amounts would be reduced first followed by unrestricted amounts when expenditures are incurred for purposes for which both restricted and unrestricted fund balance is available. Also, it is the county's policy that committed amounts would be reduced first, followed by assigned amounts, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of these unrestricted fund balance classifications could be used.

In the fund financial statements, governmental funds report fund balance in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to

honor constraints on the specific purposes for which amounts in these funds can be spent. These classifications may consist of the following:

Nonspendable Fund Balance – includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Restricted Fund Balance – includes amounts that have constraints placed on the use of the resources that are either (a) externally imposed by creditors, grantors, contributors or laws and regulations of other governments or (b) imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance – includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal resolutions of the county commission, the county's highest level of decision-making authority and the Board of Education, the school department's highest level of decision-making authority, and shall remain binding unless removed in the same manner.

Assigned Fund Balance – includes amounts that are constrained by the county's intent to be used for specific purposes but are neither restricted nor committed (excluding stabilization arrangements). The county commission has by resolution authorized the county's Financial Management Committee to make assignments for the general government. The Board of Education makes assignments for the school department.

Unassigned Fund Balance – the residual classification of the General and General Purpose School funds. This classification represents fund balance that has not been assigned to other funds and has not been restricted, committed, or assigned to specific purposes within the General and General Purpose School funds. In the other governmental funds, funds expended that exceed the amounts that are restricted, committed, and assigned are reported as negative unassigned fund balance.

10. Minimum Fund Balance Policy

According to the policies and procedures manual for White County Government, each of the county's funds strives to maintain a minimum fund balance of no less than ten percent of its total appropriations.

11. Restatements

With the implementation of GASB Statement 101, Compensated Absences, White County must recognize a restatement to the beginning net position in the Government-wide financial statements for the primary government and the discretely presented White County School Department to record a compensated absences liability. A restatement of (\$35,682) has been presented to reflect the beginning balance of the primary government and (\$353,937) for the discretely presented White County School Department. The following table reflects the restatement amounts necessary to implement this standard:

| | | Government Wide - | | | | |
|--|----|-------------------------|-------------------|--|--|--|
| | _ | Governmental Activities | | | | |
| | | Discretely Presen | | | | |
| | | Primary | White County | | | |
| | | Government | School Department | | | |
| Net Position, as previously reported | \$ | 35,887,400 \$ | 79,011,639 | | | |
| Adjustments for GASB 101 Implementation: | | | | | | |
| Compensated Absences Liability | | (35,682) | (353,937) | | | |
| Net Change in Beginning Net Position | \$ | (35,682) \$ | (353,937) | | | |
| | | | | | | |
| Net Position, June 30, 2024, Restated | \$ | 35,851,718 \$ | 78,657,702 | | | |

E. Pension Plans

Primary Government

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of White County's participation in the Public Employee Pension Plan of the Tennessee Consolidated Retirement System (TCRS), and additions to/deductions from White County's fiduciary net position have been determined on the same basis as they are reported by the TCRS for the Public Employee Pension Plan. For this purpose, benefits (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms of the Public Employee Pension Plan of TCRS. Investments are reported at fair value.

Discretely Presented White County School Department

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Teacher Retirement Plan and the Teacher Legacy Pension Plan in the Tennessee Consolidated Retirement System, and additions to/deductions from fiduciary net position have been determined on the same basis as they are reported by the TCRS. For this purpose, benefits (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms of the Teacher Retirement Plan and the Teacher Legacy Pension Plan. Investments are reported at fair value.

F. Other Postemployment Benefit (OPEB) Plans

Primary Government

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, have been determined on the same basis as they are reported by White County. For this purpose, White County recognizes benefit payments when due and payable in accordance with benefit terms. White County's OPEB plan is not administered through a trust.

Discretely Presented White County School Department

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, have been determined on the same basis as they are reported by the discretely presented White County School Department. For this purpose, the school department recognizes benefit payments when due and payable in accordance with benefit terms. The school department's OPEB plan is not administered through a trust.

II. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

A. Explanation of certain differences between the governmental fund Balance Sheet and the government-wide Statement of Net Position

Primary Government

Exhibit C-2 includes explanations of the nature of individual elements of items required to reconcile the balance sheet of governmental funds with the government-wide Statement of Net Position.

Discretely Presented White County School Department

Exhibit J-3 includes explanations of the nature of individual elements of items required to reconcile the balance sheet of governmental funds with the government-wide Statement of Net Position.

B. Explanation of certain differences between the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances and the government-wide Statement of Activities

Primary Government

Exhibit C-4 includes explanations of the nature of individual elements of items required to reconcile the net change in fund balances – total governmental funds with the change in net position of governmental activities reported in the government-wide Statement of Activities.

Discretely Presented White County School Department

Exhibit J-5 includes explanations of the nature of individual elements of items required to reconcile the net change in fund balances – total governmental funds with the change in net position of governmental activities reported in the government-wide Statement of Activities.

III. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

Budgetary Information

Annual budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP) for all governmental funds except the Constitutional Officers - Fees Fund and the school department's Internal School Fund (special revenue funds), which are not budgeted, and the capital projects funds, which adopt project length budgets. All annual appropriations lapse at fiscal year-end.

The county is required by state statute to adopt annual budgets. Annual budgets are prepared on the basis in which current available funds must be sufficient to meet current expenditures. Expenditures and encumbrances may not legally exceed appropriations authorized by the county commission and any authorized revisions. Unencumbered appropriations lapse at the end of each fiscal year.

The budgetary level of control is at the major category level established by the County Uniform Chart of Accounts, as prescribed by the Comptroller of the Treasury of the State of Tennessee. Major categories are at the department level (examples of General Fund major categories: County Commission, Board of Equalization, County Mayor/Executive, County Attorney, etc.). Management may make revisions within major categories, but only the county commission may transfer appropriations between major categories. During the year, several supplementary appropriations were necessary.

The county's budgetary basis of accounting is consistent with GAAP, except instances in which encumbrances are treated as budgeted expenditures. The difference between the budgetary basis and GAAP basis is presented on the face of each budgetary schedule.

On June 30, 2025, White County and the discretely presented White County School Department reported the following encumbrances:

| Funds | Amount |
|------------------------|-----------------|
| | |
| Primary Government: | |
| Major Funds: | |
| General | \$ 2,367,234 |
| Highway/Public Works | 288,000 |

IV. DETAILED NOTES ON ALL FUNDS

A. Deposits and Investments

White County and the White County School Department participate in an internal cash and investment pool through the Office of Trustee. The county trustee is the treasurer of the county and in this capacity is responsible for receiving, disbursing, and investing most county funds. Each fund's portion of this pool is displayed on the balance sheets or statements of net position as Equity in Pooled Cash and Investments. Cash reflected on the balance sheets or statements of net position represents nonpooled amounts held separately by individual funds.

Deposits

Legal Provisions. All deposits with financial institutions must be secured by one of three methods. One method involves financial institutions that participate in the bank collateral pool administered by the state treasurer. Participating banks determine the aggregate balance of their public fund accounts for the State of Tennessee and its political subdivisions. The amount of collateral required to secure these public deposits must equal at least 90 percent of the average daily balance of public deposits held. Collateral securities required to be pledged by the participating banks to protect their public fund accounts are pledged to the state treasurer on behalf of the bank collateral pool. The securities pledged to protect these accounts are pledged in the aggregate rather than against each account. The members of the pool may be required by agreement to pay an assessment to cover any deficiency. Under this additional assessment agreement, public fund accounts covered by the pool are considered to be insured for purposes of credit risk disclosure.

For deposits with financial institutions that do not participate in the bank collateral pool, state statutes require that all deposits be collateralized with collateral whose fair value is equal to 105 percent of the uninsured amount of the deposits. The collateral must be placed by the depository bank in an escrow account in a second bank for the benefit of the county.

In addition, counties may invest in FDIC insured certificates of deposit. The deposit is first made in a bank or savings and loan association, selected by the government entity, with a branch in the state of Tennessee that is authorized to accept county deposits (the depository bank). The depository bank then arranges for the transfer of the moneys into one or more federally insured banks or savings and loan associations, wherever located (secondary depositories), for the account of the county. In turn, the depository bank receives funds from customers of the secondary depositories

equal to or greater than the amount initially invested by the county. The balance of county funds with each secondary depository must not exceed FDIC insurance limits so that all funds are fully insured. Under this program, the trustee must provide the depository bank with a listing of all banks and savings and loan associations holding county funds under the same federal employer identification number (FEIN). To prevent deposits from exceeding FDIC coverage, the depository bank is prohibited from using any of those listed banks or savings and loan associations as secondary depositories. The use of this program must be approved by the county investment committee or finance committee as appropriate for the specific county. Further, the investment committee or finance committee must establish policies and procedures for the investments, including the establishment of controls to ensure that full FDIC insurance coverage is obtained. Service providers used by depositories must be approved by the state treasurer upon concurrence by the commissioner of financial institutions and finance and administration. There are currently only two eligible programs that have been approved by the state treasurer: the Certificate of Deposit Account Registry Service (CDARS) and the Insured Cash Sweep (ICS), which operate through IntraFi Network, LLC.

Investments

Legal Provisions. Counties are authorized to make direct investments in bonds, notes, or treasury bills of the U.S. government and obligations guaranteed by the U.S. government or any of its agencies; deposits at state and federal chartered banks and savings and loan associations; bonds of any state or political subdivision rated A or higher by any nationally recognized rating service; nonconvertible debt securities of certain federal government sponsored enterprises; and the county's own legally issued bonds or notes. These investments may not have a maturity greater than two years. The county may make investments with longer maturities if various restrictions set out in state law are followed. Counties are also authorized to make investments in the State Treasurer's Investment Pool, the State Treasurer's Intermediate Term Investment Fund, and in repurchase agreements. The primary oversight responsibility for the investments and operations of the State Treasurer's Investment Pool rests with the Funding Board of the State of Tennessee (Funding Board). The Funding Board has established an investment policy that is administered by the state treasurer. Investments in the State Treasurer's Investment Pool are reported both by the pool and the county at amortized cost using a stable net asset value. The primary oversight responsibility for the investments and operations of the Intermediate Term Investment Fund rests with the Funding Board of the State of Tennessee (Funding Board). The Funding Board has established an investment policy that is administered by the state treasurer. Investments in the Intermediate Term Investment Fund are reported both by the pool and the county at amortized cost using a floating net asset value. Repurchase agreements must be approved by the state Comptroller's Office and executed in accordance with procedures established by the State Funding Board. Securities purchased under a repurchase agreement must be obligations of the U.S. government or obligations guaranteed by the U.S. government or any of its agencies. When repurchase agreements are executed, the purchase of the securities must be priced at least two percent below the fair value of the securities on the day of purchase.

Investment Balances. As of June 30, 2025, White County had the following investments carried at amortized cost using a Stable Net Asset Value. All investments are in the county trustee's investment pool. Separate disclosures concerning pooled investments cannot be made for White County and the discretely presented White County School Department since both pool their deposits and investments through the county trustee.

| | Weighted | | |
|---|--------------|----------|------------------|
| | Average | | |
| | Maturity | | Amortized |
| Investment | (days) | Maturity | Cost |
| Investments at Amortized Cost: State Treasurer's Investment Pool | 1 to 45 days | N/A | \$ 35,020,567 |

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. State statutes limit the maturities of certain investments as previously disclosed. White County does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. State statutes limit the ratings of certain investments as previously explained. White County has no investment policy that would further limit its investment choices. As of June 30, 2025, White County's investment in the State Treasurer's Investment Pool and the State Treasurer's Intermediate Term Investment Fund was unrated.

Further information concerning the legal provisions, investment policies, investment types, and credit risks for the State Treasurer's Investment Pool and the State Treasurer's Intermediate Term Investment Fund can be obtained by reviewing the <u>State of Tennessee Annual Comprehensive Financial Report</u>.

TCRS Stabilization Trust

Legal Provisions. The White County School Department is a member of the Tennessee Consolidated Retirement System (TCRS) Stabilization Reserve Trust. The school department has placed funds into the irrevocable trust as authorized by statute under *Tennessee Code Annotated (TCA)*, Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of the trust. Funds of trust members are held and invested in the name of the trust for the benefit of each member. Each member's funds are restricted for the payment of retirement benefits of that member's employees. Trust funds are not subject to the claims of general creditors of the school department.

The trust is authorized to make investments as directed by the TCRS Board of Trustees. The White County School Department may not impose any restrictions on investments placed by the trust on their behalf. It is the intent of the plan trustees to allocate these funds in the future to offset pension costs.

On June 30, 2025, the White County School Department had the following investments held by the trust on its behalf. These funds are recognized as restricted assets in the General Purpose School Fund of the school department.

| | Weighted | | |
|--|---------------------|-------------|---------------|
| | Average Maturity | | Fair |
| Investment | (days) | Maturities | Value |
| Investments at Fair Value: | (days) | 1,1acairaes | , arac |

| Short-term Securities | N/A | N/A | 5,204 |
| NAV - Private Equity and Strategic Lending | N/A | N/A | 104,098 |
| Total | | | \$ 520,490 |

For further information concerning the legal provisions, investment policies, investment types, and credit risks of the school department's investments with the TCRS Stabilization Reserve Trust, audited financial statements of the Tennessee Consolidated Retirement System may be obtained on the Tennessee Department of Treasury website.

B. Notes Receivable

Notes receivable of \$253,574 in the Industrial/Economic Development Fund resulted from a loan issued by the county to a local industry in the current year. This amount is included in restricted fund balance in this fund.

C. Capital Assets

Capital assets activity for the year ended June 30, 2025, was as follows:

Primary Government

Governmental Activities:

| | | Balance | | T + | | D | Balance |
|--|----|------------|----|-------------|----|-----------------------|------------|

|--|----------------------------|
| Total Depreciation Expense - Governmental Activities | \$ 2,213,111 |

D. Construction Commitments

On June 30, 2025, the county had an uncompleted construction contract of approximately \$4,460,744 for water line projects and new health department. A portion of the funding for these future expenditures was transferred from the General Fund to General Capital Projects Fund in the prior year, and the balance of the funding is expected to be received from federal grants.

On June 30, 2025, the school department had uncompleted construction contracts of approximately \$1,929,924 for an addition to Doyle Elementary School and heat and air upgrades for the career technical education building. Funding has been received for these future expenditures

E. Interfund Receivables, Payables, and Transfers

The composition of interfund balances as of June 30, 2025, was as follows:

Due to/from Other Funds:

| Receivable Fund | Payable Fund | A | Mount |
|--|---|----|-------------------|
| Primary Government: General | Nonmajor governmental Highway/Public Works | \$ | 25,603 211,000 |
| Discretely Presented School | | | |
| Department: School Federal Projects | General Purpose School | | 2,999 |

These balances resulted from the time lag between the dates that interfund goods and services are provided or reimbursable expenditures occur and payments between funds are made.

Due to/from Primary Government and Component Unit:

| Receivable Fund | Payable Fund | A | mount |
|---------------------|------------------------|----|--------|
| | | | |
| | Component Unit: | | |
| Primary Government: | School Department: | | |
| General | General Purpose School | \$ | 51,407 |

The receivable from the General Purpose School Fund represents amounts due for human resource costs.

Interfund Transfers:

Interfund transfers for the year ended June 30, 2025, consisted of the following amounts:

Primary Government

| | | Transfers In | | |
|-------------------------------|---------------|--------------|--------------|--|
| | · | Highway/ | Nonmajor | |
| | General | Public Works | governmental | |
| Transfers Out | Fund | Fund | funds | Purpose |
| Highway/ Public Works Fund | \$ 211,000 \$ | 0 \$ | 0 | Finance and central maintenance services |
| Nonmajor governmental funds | 0 | 557,513 | 0 | To close fund |
| Solid Waste Disposal | 0 | 0 | 1,163,825 | To close fund |
| Total | \$ 211,000 \$ | 557,513 \$ | 1,163,825 | |

Discretely Presented White County School Department

| | Transfer In | |
|------------------------------|-----------------|----------------|
| | General | |
| | Purpose | |
| | School | |
| Transfer Out | Fund | Purpose |
| | | |
| School Federal Projects Fund | \$ 10,354 | Indirect costs |
| Nonmajor governmental | 372,461 | To close fund |

Transfers are used to move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and to use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

F. Long-term Debt

Primary Government

General Obligation Bonds

General Obligation Bonds - White County issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities for the primary government and the discretely presented school department. In addition, general obligation bonds have been issued to refund other loans. General obligation bonds are direct obligations and pledge the full faith, credit, and taxing authority of the government. General obligation bonds were issued for original terms of up to 20 years. Repayment terms are generally structured with increasing amounts of principal maturing as interest requirements decrease over the term of the debt. All bonds included in long-term debt as of June 30, 2025, will be retired from the General Debt Service Fund.

General obligation bonds outstanding as of June 30, 2025, for governmental activities are as follows:

| | | | Original | |
|--------------------------|----------|-------------|---------------|------------|
| | Interest | Final | Amount | Balance |
| Type | Rate | Maturity | of Issue | 6-30-25 |
| | | | | _ |
| General Obligation Bonds | 3.18 | % 6-1-38 \$ | 19,735,000 \$ | 14,395,000 |

The annual requirements to amortize all general obligation bonds outstanding as of June 30, 2025, including interest payments, are presented in the following table:

| Year Ending | Bonds | | | |
|-------------|---------------------|--------------|------------|--|
| June 30 | Principal | Interest | Total | |
| | | | | |
| 2026 | \$ 915,000 \$ | 454,318 \$ | 1,369,318 | |
| 2027 | 940,000 | 432,588 | 1,372,588 | |
| 2028 | 975,000 | 394,987 | 1,369,987 | |
| 2029 | 1,005,000 | 365,738 | 1,370,738 | |
| 2030 | 1,035,000 | 335,587 | 1,370,587 | |
| 2031-2035 | 5,670,000 | 1,188,701 | 6,858,701 | |
| 2036-2038 | 3,855,000 | 261,356 | 4,116,356 | |
| | _ | _ | | |
| Total | \$ 14,395,000 \$ | 3,433,275 \$ | 17,828,275 | |

There is \$9,695,857 available in the General Debt Service Fund to service long-term debt. Bonded debt per capita totaled \$526, based on the 2020 federal census. Total debt per capita, including bonds and unamortized debt premiums, totaled \$536, based on the 2020 federal census.

Changes in Long-term Debt

Long-term debt activity for the year ended June 30, 2025, was as follows:

Governmental Activities:

| | | Bonds |
|---|----|---------------------------------------|
| Balance, July 1, 2024 Reductions | \$ | 15,345,000 (950,000) |
| Balance, June 30, 2025 | \$ | 14,395,000 |
| Balance Due Within One Year | \$ | 915,000 |
| Analysis of Noncurrent Liabilities for Debt Presented on Exhibit A: | | |
| Total Noncurrent Liabilities - Debt, June 30, 2025 Less: Balance Due Within One Year - Debt Add: Unamortized Premium on Debt Noncurrent Liabilities - Due in More Than | - | \$ 14,395,000 (915,000) 260,661 |

White County Solid Waste Disposal Fund (enterprise fund)

Notes

Direct Borrowing and Direct Placements - White County issues capital outlay notes to provide funds for the acquisition and construction of major capital facilities and other capital outlay purchases, such as equipment. Capital outlay notes are direct obligations and pledge the full faith, credit, and taxing authority of the government. Capital outlay notes outstanding were issued for original terms of up to eight years. Repayment terms are generally structured with increasing amounts of principal maturing as interest requirements decrease over the term of the debt. As of June 30, 2025, all notes had been retired from the Solid Waste Disposal Fund.

Changes in Long-term Debt

Long-term debt activity for the Solid Waste Disposal Fund (enterprise fund) for the year ended June 30, 2025, was as follows:

Business-type Activities:

| | Notes - Direct Placement |
|-------------------------------------|--------------------------------|
| Balance, July 1, 2024 Reductions | \$ 1,076,438 (1,076,438) |
| Balance, June 30, 2025 | \$ 0 |
| Balance Due Within One Year | \$ 0 |

G. Long-term Obligations

Primary Government

Changes in Long-term Obligations

Long-term obligations activity for the year ended June 30, 2025, was as follows:

Governmental Activities:

| | Compensated Absences * | Other Postemployment Benefits | Net Pension Liability - Agent Plan |
|--|----------------------------|-------------------------------------|--|
| Balance, July 1, 2024 Additions Reductions | \$ 35,682 \$ 34,857 | 192,080 \$ 72,607 (837) | 20,097 3,460,734 (3,206,860) |
| Balance, June 30, 2025 | \$ 70,539 \$ | 263,850 \$ | 273,971 |
| Balance Due Within One Year | \$ 5,238 \$ | 1,483 \$ | 0 |

^{*}Restated beginning balance – see Note I.D.11. The change in compensated absences is presented as a net change.

Analysis of Other Noncurrent Liabilities Presented on Exhibit A:

| Total Noncurrent Liabilities - Other, June 30, 2025 | \$ 608,360 |
|---|---------------|
| Less: Balance Due Within One Year - Other | (6,721) |
| | |
| Noncurrent Liabilities - Due in More Than | |
| One Year - Other - Exhibit A | \$ 601,639 |

Compensated absences, other postemployment benefits, and pension liabilities will be paid from the employing funds, primarily the General and Highway/Public Works funds.

Solid Waste Disposal (Enterprise) Fund

Changes in Long-term Obligations

Long-term obligations activity for the Solid Waste Disposal Fund (enterprise fund) for the year ended June 30, 2025, was as follows:

| Business-type Activities: | Closure/ Postclosure Care Costs | Net Pension Liability - Agent Plan |
|-------------------------------------|---|--|
| Balance, July 1, 2024 Reductions | \$ 7,720,428 \$ (7,720,428) | 864 (864) |
| Balance, June 30, 2025 | \$ 0 \$ | 0 |
| Balance Due Within One Year | \$ 0 \$ | 0 |

Discretely Presented White County School Department

Changes in Long-term Obligations

Long-term obligations activity for the discretely presented White County School Department for the year ended June 30, 2025, was as follows:

| Governmental Activities: | | Net | |
|-----------------------------|--------------|-------------|----------------|
| | | Pension | Other |
| | Compensated | Liability - | Postemployment |

Compensated absences, other postemployment benefits and pension liabilities will be paid from the employing funds, primarily the General Purpose School and Central Cafeteria funds.

H. On-Behalf Payments

Discretely Presented White County School Department

The State of Tennessee pays health insurance premiums for retired teachers on behalf of the White County School Department. These payments are made by the state to the Local Education Group Insurance Plan and the Medicare Supplement Plan. Both plans are administered by the State of Tennessee and reported in the state's Annual Comprehensive Financial Report. Payments by the state to the Local Education Group Insurance Plan and the Medicare Supplement Plan for the year ended June 30, 2025, were \$158,719. The school department has recognized these on-behalf payments as revenues and expenditures in the General Purpose School Fund.

V. OTHER INFORMATION

A. Risk Management

White County and the discretely presented White County School Department participate in the Tennessee Risk Management Trust (TN-RMT), which is a public entity risk pool created under the auspices of the Tennessee Governmental Tort Liability Act to provide governmental insurance coverage.

The county and the school department pay annual premiums to the TN-RMT for their general liability, property, casualty, and workers' compensation insurance coverage. The creation of the TN-RMT provides for it to be self-sustaining through member premiums.

Primary Government

White County participates in the Local Government Group Insurance Fund (LGGIF), a public entity risk pool established to provide a program of health insurance coverage for employees of local governments and quasi-governmental entities that was established for the primary purpose of providing services for or on behalf of state and local governments. In accordance with Section 8-27-207, Tennessee Code Annotated (TCA), all local governments and quasi-governmental entities described above are eligible to participate. The LGGIF is included in the Annual Comprehensive Financial Report of the State of Tennessee, but the state does not retain any risk for losses by this fund. The state statute provides for the LGGIF to be self-sustaining through member premiums.

Discretely Presented White County School Department

The school department participates in the Local Education Group Insurance Fund (LEGIF), a public entity risk pool established to provide a program of health insurance coverage for employees of local education agencies. In accordance with Section 8-27-301, *TCA*, all local education agencies are eligible to participate. The LEGIF is included in the Annual Comprehensive Financial Report of the State of Tennessee, but the state does not retain any risk for losses by this fund. Section 8-27-303, *TCA*, provides for the LEGIF to be self-sustaining through member premiums.

B. Accounting Changes

GASB Statement No. 101, *Compensated Absences*, became effective for the fiscal year ending June 30, 2025. This statement updates the recognition and measurement guidance for compensated absences under a unified model and amends certain previously required disclosures.

GASB Statement No. 102, *Certain Risk Disclosures*, became effective for the fiscal year ending June 30, 2025. This statement provides users of government financial statements with essential information about risks related to a government's vulnerabilities due to certain concentrations or constraints.

C. Contingent Liabilities

The county has received various federal and state grants and other assistance for specific purposes that are subject to review and audit by grantor agencies. Such audits could result in reimbursements to the grantor agencies for expenditures disallowed under the terms of the grants. County management is not aware of any potential disallowances and believes that reimbursements, if any, would not be material.

The county is involved in several pending lawsuits. The county attorney estimates that the potential claims against the county not covered by insurance resulting from such litigation would not materially affect the county's financial statements.

D. Landfill Closure/Postclosure Care Costs

White County sold its landfill July 1, 2024. The private company that purchased the landfill has provided financial assurances for estimated closure and postclosure liabilities as required by the State of Tennessee. These financial assurances are on file with the Department of Environment and Conservation. Future closure and postclosure care costs will be the responsibility of the private company.

E. Joint Ventures

The Upper Cumberland Regional Airport (UCRA) was established as a joint venture between White County, Putnam County, the city of Cookeville, and the city of Sparta. The Upper Cumberland Regional Airport operates the regional airport for the two-county area. The nine-member board of the airport is comprised of the chief executive of each participating government, a representative appointed by the governing body of each participating government, and one pilot representative elected by the airport tenants. Each participating government retains 25% ownership in the airport. White County contributed \$35,000 to the UCRA for the year ended June 30, 2025.

The Thirteenth Judicial District Drug Task Force (DTF) is a joint venture formed by an interlocal agreement between the district attorney general of the Thirteenth Judicial District, Clay, Cumberland, DeKalb, Overton, Pickett, Putnam, Overton, and White counties, and participating municipalities within the district. The purpose of the DTF is to provide multi-jurisdictional law enforcement to promote the investigation and prosecution of drug-related activities. Funds for the operations of the DTF come primarily from federal grants, drug fines, and the forfeiture of drug-related assets to the DTF. The DTF is overseen by the district attorney general and is governed by a board of directors including the district attorney general, sheriffs, and police chiefs of participating law enforcement agencies within each judicial district. White County did not make appropriations to the DTF for the year ended June 30, 2025.

White County does not have an equity interest in the DTF. Complete financial statements for the Upper Cumberland Regional Airport and the DTF can be obtained from their respective administrative offices at the following addresses:

Administrative Offices:

Upper Cumberland Regional Airport 750 Airport Road Sparta, TN 38583 Office of District Attorney General Thirteenth Judicial District Drug Task Force 1519A East Spring Street Cookeville, TN 38506

F. Jointly Governed Organization

The Tri-County Railroad Authority was jointly created by White, Coffee, and Warren counties. The Tri-County Railroad Authority's board comprises the county mayor/executive of each county and one member selected by the governing body of each county; however, the counties do not have any ongoing financial interest or responsibility for the entity.

G. Retirement Commitments

1. Tennessee Consolidated Retirement System (TCRS)

Primary Government

General Information About the Pension Plan

Plan Description. Employees of White County and non-certified employees of the discretely presented White County School Department are provided a defined benefit pension plan through the Public Employee Pension Plan, an agent multiple-employer pension plan administered by the TCRS. The primary government employees comprise 57.96 percent, the non-certified employees of the discretely presented school department comprise 42.04 percent of the plan based on contribution data. The TCRS was created by state statute under Tennessee Code Annotated (TCA), Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publicly available financial report that can be obtained on the Tennessee Department of Treasury website.

Benefits Provided. TCA, Title 8, Chapters 34-37 establish the benefit terms and can be amended only by the Tennessee General Assembly. The chief legislative body may adopt the benefit terms permitted by statute. Members are eligible to retire with an unreduced benefit at age 60 with five years of service credit or after 30 years of service credit regardless of age. Benefits are determined by a formula using the member's highest five consecutive year average compensation and the member's years of service credit. Reduced benefits for early retirement are available to vested members at age 55. Members vest with five years of service credit. Service-related disability benefits are provided regardless of length of service. Five years of service is required for nonservice-related disability eligibility. The service-related and nonservice-related disability benefits are determined in the same manner as a service retirement benefit but are reduced ten percent and include projected service credits. A variety of death benefits is available under various eligibility criteria.

Employees Covered by Benefit Terms. At the measurement date of June 30, 2024, the following employees were covered by the benefit terms:

| Inactive Employees or Beneficiaries Currently Receiving Benefits | 314 |
|--|-------|
| Inactive Employees Entitled to But Not Yet Receiving Benefits | 838 |
| Active Employees | 459 |
| | |
| Total | 1.611 |

Contributions. Contributions for employees are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly. Employees contribute five percent of salary to the plan. White County makes employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. For the year ended June 30, 2025, the employer contribution for White County was \$1,262,324 which is 7.5 percent of covered payroll. By law, employer contributions are required to be paid. The TCRS may intercept White County's state shared taxes if required employer contributions are not remitted. The employer's actuarially determined contributions (ADC) and member contributions are expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

Net Pension Liability (Asset)

White County's net pension liability (asset) was measured as of June 30, 2024, and the total pension liability (asset) used to calculate net pension liability (asset) was determined by an actuarial valuation as of that date.

Actuarial Assumptions. The total pension liability as of the June 30, 2024, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 2.25%

Salary Increases Graded Salary Ranges from 8.72%

to 3.44% Based on Age, Including

Inflation, Averaging 4%

Investment Rate of Return 6.75%, Net of Pension Plan

Investment Expenses, Including

Inflation

Mortality rates were based on actual experience including an adjustment for some anticipated improvement.

The actuarial assumptions, used in the June 30, 2024, actuarial valuation, were based on the results of an actuarial experience study performed for the period July 1, 2016, through June 30, 2020. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees in conjunction with the June 30, 2020, actuarial experience study. A blend of future capital market projections and historic market returns was used in a building-block method in which a best estimate of expected future real rates of return (expected returns, net of pension plan investments expense and inflation) is developed for each major asset class. These best estimates are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.25 percent. The best estimates of geometric real rates of return and the TCRS investment policy target asset allocation for each major asset class are summarized in the following table:

| | Percentage | | | |
|-----------------------|------------|---|-------------|---|
| | Long-term | | | |
| | Expected | | Percentage | |
| | Real Rate | | Target | |
| Asset Class | of Return | | Allocations | |
| | | | | |
| U.S. Equity | 4.88 | % | 31 | % |
| Developed Market | | | | |
| International Equity | 5.37 | | 14 | |
| Emerging Market | | | | |
| International Equity | 6.09 | | 4 | |
| Private Equity and | | | | |
| Strategic Lending | 6.57 | | 20 | |
| U.S. Fixed Income | 1.20 | | 20 | |
| Real Estate | 4.38 | | 10 | |
| Short-term Securities | 0.00 | _ | 1 | |
| Total | | _ | 100 | % |

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 6.75 percent based on a blending of the factors described above.

Discount Rate. The discount rate used to measure the total pension liability was 6.75 percent. The projection of cash flows used to determine the discount rate assumes that employee contributions will be made at the current rate and that contributions from White County will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Changes in the Net Pension Liability (Asset)

| | Increase (Decrease) | | | |
|------------------------------|---------------------|---------------|--------------|--------------|
| | | Total | Plan | Net Pension |
| | | Pension | Fiduciary | Liability |
| | | Liability | Net Position | (Asset) |

Allocation of Agent Plan Changes in the Net Pension Liability (Asset)

| | | Total Pension Liability | Plan Fiduciary Net Position | Net Pension Liability (Asset) |
|---|------------------|-----------------------------------|--------------------------------------|--|
| Primary Government School Department | 57.96% 42.04% | \$ 23,498,403 \$ 17,044,046 | 23,224,433 \$ 16,845,327 | 273,971 198,718 |
| Total | | \$ 40,542,449 \$ | 40,069,760 \$ | 472,689 |

Sensitivity of the Net Pension Liability (Asset) to Changes in the Discount Rate. The following presents the net pension liability (asset) of White County calculated using the discount rate of 6.75 percent, as well as what the net pension liability (asset) would be if it were calculated using a discount rate that is one percentage point lower (5.75 percent) or one percentage point higher (7.75 percent) than the current rate:

| | Current | | | | |
|-------------------------------|---------|-----------|----------|----|-------------|
| | 1 | 0/0 | Discount | | 1% |
| | Dec | crease | Rate | | Increase |
| White County | 5.7 | 75% | 6.75% | | 7.75% |
| | | | | | |
| Net Pension Liability (Asset) | \$ 6,0 | 82,161 \$ | 472,689 | \$ | (4,079,747) |

Pension Expense (Negative Pension Expense) and Deferred Outflows of Resources and Deferred Inflows of Resources to Pensions

Pension Expense (Negative Pension Expense). For the year ended June 30, 2025, White County recognized pension expense (negative pension expense) of \$1,154,090.

Deferred Outflows of Resources and Deferred Inflows of Resources. For the year ended June 30, 2025, White County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| | Deferred Outflows of Resources | Deferred Inflows of Resources |
|---|---|-------------------------------|
| | 11000 01000 | 12000 01000 |
| Difference Between Expected and Actual | | |
| Experience | \$ 2,139,010 | \$ 68,403 |
| Net Difference Between Projected and Actual | | |
| Earnings on Pension Plan Investments | 0 | 419,766 |
| Changes in Assumptions | 563,175 | 0 |
| Contributions Subsequent to the | | |
| Measurement Date of June 30, 2024 (1) | 1,262,324 | N/A |
| Total | \$ 3,964,509 | \$ 488,169 |

(1) The amount shown above for "Contributions Subsequent to the Measurement Date of June 30, 2024," will be recognized as a reduction (increase) to net pension liability (asset) in the subsequent fiscal period.

Allocation of Agent Plan Deferred Outflows of Resources and Deferred Inflows of Resources

| | | | Deferred | |
|---|----|---------------------------|--------------------|--|
| | | | Inflows of | |
| | | Resources | Resources | |
| Primary Government School Department | \$ | 2,305,302 \$ 1,659,207 | 282,942 205,227 | |
| Total | \$ | 3,964,509 \$ | 488,169 | |

Amounts reported as deferred outflows of resources, with the exception of contributions subsequent to the measurement date, and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| Year Ending | |
|-------------|---------------|
| June 30 | Amount |
| | |
| 2026 | \$ 566,379 |
| 2027 | 1,113,857 |
| 2028 | 300,874 |
| 2029 | 232,900 |
| 2030 | 0 |
| Thereafter | 0 |

In the table shown above, positive amounts will increase pension expense while negative amounts will decrease pension expense.

Payable to the Pension Plan

On June 30, 2025, White County reported a payable of \$81,596 for the outstanding amount of contributions to the pension plan required at the year ended June 30, 2025.

Discretely Presented White County School Department - Non-certified Employees

General Information About the Pension Plans

Plan Description. As noted above under the primary government, employees of White County and non-certified employees of the discretely presented White County School Department are provided a defined benefit pension plan through the Public Employee Pension Plan, an agent multiple-employer pension plan administered by the TCRS. The primary government employees comprise 57.96 percent and the non-certified employees of the discretely presented school department comprise 42.04 percent of the plan based on contribution data.

Discretely Presented White County School Department - Certified Employees - Teacher Retirement Plan

General Information About the Pension Plan

Plan Description. Teachers of the White County School Department with membership in the TCRS before July 1, 2014, are provided with pensions through the Teacher Legacy Pension Plan, a cost-sharing multiple-employer pension plan administered by the TCRS. The Teacher Legacy Pension Plan is closed to new membership. Teachers with membership in the TCRS after June 30, 2014, are provided with pensions through a legally separate plan referred to as the Teacher Retirement Plan, a cost-sharing multiple-employer pension plan administered by the TCRS. The TCRS was created by state statute under Tennessee Code Annotated (TCA), Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of all employer pension plans in the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publicly available financial report that can be obtained on the Tennessee Department of Treasury website.

Benefits Provided. TCA, Title 8, Chapters 34-37 establish the benefit terms and can be amended only by the Tennessee General Assembly. Members are eligible to retire with an unreduced benefit at age 65 with five years of service credit or pursuant to the rule of 90 in which the member's age and service credit total 90. Benefits are determined by a formula using the member's highest five consecutive year average compensation and the member's years of service credit. A reduced early retirement benefit is available to vested members at

age 60 or pursuant to the rule of 80. Members are vested with five years of service credit. Service-related disability benefits are provided regardless of length of service. Five years of service is required for nonservice-related disability eligibility. The service-related and nonservice-related disability benefits are determined in the same manner as a service retirement benefit but are reduced ten percent and include projected service credits. A variety of death benefits is available under various eligibility criteria. Member and beneficiary annuitants are entitled to automatic cost of living adjustments (COLAs) after retirement. A COLA is granted each July for annuitants retired prior to the second of July of the previous year. The COLA is based on the change in the consumer price index (CPI) during the prior calendar year, capped at three percent, and applied to the current benefit. No COLA is granted if the change in the CPI is less than one-half percent. A one percent COLA is granted if the CPI change is between one-half percent and one percent. Members who leave employment may withdraw their employee contributions, plus any accumulated interest. Under the Teacher Retirement Plan, benefit terms and conditions, including COLAs, can be adjusted on a prospective basis. Moreover, there are defined cost controls and unfunded liability controls that provide for the adjustment of benefit terms and conditions on an automatic basis.

Contributions. Contributions for teachers are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly or by automatic cost controls set out in law. Teachers are required to contribute five percent of their salary to the plan. The Local Education Agencies (LEAs) make employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. Per the statutory provisions governing TCRS, the employer contribution rate cannot be less than four percent, except in years when the maximum funded level, approved by the TCRS Board of Trustees, is reached. By law, employer contributions for the Teacher Retirement Plan are required to be paid. The TCRS may intercept the state shared taxes of the sponsoring governmental entity of the LEA if the required employer contributions are not remitted. Employer contributions for the year ended June 30, 2025, to the Teacher Retirement Plan were \$218,282, which is 3.06 percent of covered payroll. In addition, employer contributions of \$64,646, which is .94 percent of covered payroll, were made to the Pension Stabilization Reserve Trust Fund to fund future pension costs. The employer rate, when combined with member contributions, is expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

Pension Liabilities (Assets), Pension Expense (Negative Pension Expense), and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Pension Liabilities (Assets). On June 30, 2025, the school department reported a liability (asset) of (\$184,536) for its proportionate share of the net pension liability (asset). The net pension liability (asset) was measured as of June 30, 2024, and the total pension liability (asset) used to calculate the net pension liability (asset) was determined by an actuarial valuation as of that date. The school department's proportion of the net pension liability (asset) was based on the school department's share of contributions to the pension plan relative to the contributions of all participating LEAs. At the measurement date of June 30, 2024, the school department's proportion was .258959 percent. The proportion as of June 30, 2023, was .250637 percent

Pension Expense (Negative Pension Expense). For the year ended June 30, 2025, the White County School Department recognized pension expense (negative pension expense) of \$149,568.

Deferred Outflows of Resources and Deferred Inflows of Resources. For the year ended June 30, 2025, the school department reported deferred outflows and deferred inflows of resources related to pensions from the following sources:

| | Deferred | | Deferred | |
|---|----------|-----------|----------|-----------|
| | Outflows | | Inflows | |
| | | of | | of |
| | | Resources | | Resources |
| Difference Between Expected and Actual | | | | |
| Experience | \$ | 15,243 | \$ | 56,695 |
| Net Difference Between Projected and Actual | | | | |
| Earnings on Pension Plan Investments | | 0 | | 31,128 |
| Changes in Assumptions | | 73,331 | | 0 |
| Changes in Proportion of Net Pension | | | | |
| Liability (Asset) | | 0 | | 35,753 |
| LEA's Contributions Subsequent to the | | | | |
| Measurement Date of June 30, 2024 | | 218,282 | | N/A |
| Total | \$ | 306,856 | \$ | 123,576 |

The school department's employer contributions of \$218,282, reported as pension related deferred outflows of resources subsequent to the measurement date, will be recognized as a reduction (increase) to the net pension liability (asset) in the year ending June 30, 2026. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| Year Ending | |
|-------------|----------------|
| June 30 | Amount |
| | |
| 2026 | \$ (22,657) |
| 2027 | 20,410 |
| 2028 | (16,103) |
| 2029 | (15,933) |
| 2030 | (642) |
| Thereafter | (76) |

In the table shown above, positive amounts will increase pension expense while negative amounts will decrease pension expense.

Actuarial Assumptions. The total pension liability as of the June 30, 2024, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

| Inflation | 2.25% |
|---------------------------|----------------------------------|
| Salary Increases | Graded Salary Ranges from 8.72% |
| | to 3.44% Based on Age, Including |
| | Inflation, Averaging 4% |
| Investment Rate of Return | 6.75%, Net of Pension Plan |
| | Investment Expenses, Including |
| | Inflation |
| Cost of Living Adjustment | 2.125% |

Mortality rates were based on actual experience including an adjustment for some anticipated improvement.

The actuarial assumptions, used in the June 30, 2024, actuarial valuation, were based on the results of an actuarial experience study performed for the period July 1, 2016, through June 30, 2020. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees in conjunction with the June 30, 2020, actuarial experience study. A blend of future capital market projections and historic market returns was used in a building-block method in which a best estimate of expected future real rates of return (expected returns, net of pension plan investments expense and inflation) is developed for each major asset class. These best estimates are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.25 percent. The best estimates of geometric real rates of return and the TCRS investment policy target asset allocation for each major asset class are summarized in the following table:

| | Percentage | | | |
|-----------------------|------------|---|-------------|---|
| | Long-term | | | |
| | Expected | | Percentage | |
| | Real Rate | | Target | |
| Asset Class | of Return | | Allocations | |
| | | | | |
| U.S. Equity | 4.88 | % | 31 | % |
| Developed Market | | | | |
| International Equity | 5.37 | | 14 | |
| Emerging Market | | | | |
| International Equity | 6.09 | | 4 | |
| Private Equity and | | | | |
| Strategic Lending | 6.57 | | 20 | |
| U.S. Fixed Income | 1.20 | | 20 | |
| Real Estate | 4.38 | | 10 | |
| Short-term Securities | 0.00 | _ | 1 | |
| Total | | _ | 100 | % |

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 6.75 percent based on a blending of the factors described above.

Discount Rate. The discount rate used to measure the total pension liability was 6.75 percent. The projection of cash flows used to determine the discount rate assumes that employee contributions will be made at the current rate and that contributions from all the LEAs will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Proportionate Share of Net Pension Liability (Asset) to Changes in the Discount Rate. The following presents the net pension liability (asset) of the school department calculated using the discount rate of 6.75 percent, as well as what the net pension liability (asset) would be if it were calculated using a discount rate that is one percentage point lower (5.75 percent) or one percentage point higher (7.75 percent) than the current rate:

| School Department's | | Current | |
|-------------------------------|------------------|--------------|-----------|
| Proportionate Share of | 1% | Discount | 1% |
| the Net Pension | Decrease | Rate | Increase |
| Liability (Asset) | 5.75% | 6.75% | 7.75% |
| | | | |
| Net Pension Liability (Asset) | \$ 486,682 \$ | (184,536) \$ | (684,063) |

Pension Plan Fiduciary Net Position. Detailed information about the pension plan's fiduciary net position is available in a separately issued TCRS financial report.

Payable to the Pension Plan

On June 30, 2025, the White County School Department reported a payable of \$73,838 for the outstanding amount of contributions to the pension plan required for the year ended June 30, 2025.

Discretely Presented White County School Department - Certified Employees - Teacher Legacy Pension Plan

General Information About the Pension Plan

Plan Description. Teachers of the White County School Department with membership in the TCRS before July 1, 2014, are provided with pensions through the Teacher Legacy Pension Plan, a cost-sharing multiple-employer pension plan administered by the TCRS. The Teacher Legacy Pension Plan closed to new membership on June 30, 2014, but will continue providing benefits to existing members and retirees. Beginning July 1, 2014, the Teacher Retirement Plan became effective for teachers employed by LEAs after June 30, 2014. The Teacher Retirement Plan is a separate cost-sharing, multiple-employer defined benefit plan. The TCRS was created by state statute under Tennessee Code Annotated (TCA), Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of all employer pension plans in the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publicly available financial report that can be obtained on the Tennessee Department of Treasury website.

Benefits Provided. TCA, Title 8, Chapters 34-37 establish the benefit terms and can be amended only by the Tennessee General Assembly. Members of the Teacher Legacy Pension Plan are eligible to retire with an unreduced benefit at age 60 with five years of service credit or after 30 years of service credit regardless of age. Benefits are determined by a formula using the member's highest five consecutive year average compensation and the member's years of service credit. A reduced early retirement benefit is available to vested members at age 55. Members are vested with five years of service credit. Service-related disability benefits are provided regardless of length of service. Five years of service is required for nonservice-related disability eligibility. The service-related and nonservice-related disability benefits are determined in the same manner as a service retirement benefit but are reduced ten percent and include projected service credits. A variety of death benefits is available under various eligibility criteria. Member and beneficiary annuitants are entitled to automatic cost of living adjustments (COLAs) after retirement. A COLA is granted each July for annuitants retired prior to the second of July of the previous year. The COLA is based on the change in the consumer price index (CPI) during the prior calendar year, capped at three percent, and applied to the current benefit. No COLA is granted if the change in the CPI is less than one-half percent. A one percent COLA is granted if the CPI change is between

one-half and one percent. A member who leaves employment may withdraw their employee contributions, plus any accumulated interest.

Contributions. Contributions for teachers are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly. Teachers are required to contribute five percent of their salaries. The Local Education Agencies (LEAs) make employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. By law, employer contributions for the Teacher Legacy Pension Plan are required to be paid. The TCRS may intercept the state shared taxes of the sponsoring governmental entity of the LEA if the required employer contributions are not remitted. Employer contributions by the White County School Department for the year ended June 30, 2025, to the Teacher Legacy Pension Plan were \$943,747, which is 6.39 percent of covered payroll. The employer rate, when combined with member contributions, is expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

Pension Liabilities (Assets), Pension Expense (Negative Pension Expense), and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Pension Liability (Assets). On June 30, 2025, the school department reported a liability (asset) of (\$7,036,457) for its proportionate share of the net pension liability (asset). The net pension liability (asset) was measured as of June 30, 2024, and the total pension liability used to calculate the net pension liability (asset) was determined by an actuarial valuation as of that date. The school department's proportion of the net pension liability (asset) was based on the school department's long-term share of contributions to the pension plan relative to the contributions of all participating LEAs. At the measurement date of June 30, 2024, the school department's proportion was .408417 percent. The proportion as of June 30, 2023, was .390753 percent.

Pension Expense (Negative Pension Expense). For the year ended June 30, 2025, the school department recognized pension expense (negative pension expense) of \$1,501,504.

Deferred Outflows of Resources and Deferred Inflows of Resources. For the year ended June 30, 2025, the school department reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| | Deferred Outflows of Resources | Deferred Inflows of Resources |
|---|---|--|
| Difference Between Expected and Actual | | |
| Experience | \$ 1,876,436 \$ | 0 |
| Net Difference Between Projected and Actual | | |
| Earnings on Pension Plan Investments | 0 | 1,370,416 |
| Changes in Proportion of Net Pension | | |
| Liability (Asset) | 85,944 | 234,790 |
| LEA's Contributions Subsequent to the | | |
| Measurement Date of June 30, 2024 | 943,747 | N/A |
| Total | \$ 2,906,127 \$ | 1,605,206 |

The school department's employer contributions of \$943,747 reported as pension related deferred outflows of resources subsequent to the measurement date, will be recognized as reduction (increase) to the net pension liability (asset) in the year ending June 30, 2026. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| Year Ending | |
|-------------|-----------------|
| June 30 | Amount |
| | |
| 2026 | \$ (829,538) |
| 2027 | 2,623,232 |
| 2028 | (714,988) |
| 2029 | (721,532) |
| 2030 | 0 |
| Thereafter | 0 |

In the table above, positive amounts will increase pension expense, while negative amounts will decrease pension expense.

Actuarial Assumptions. The total pension liability as of the June 30, 2024, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

| Inflation | 2.25% |
|---------------------------|----------------------------------|
| Salary Increases | Graded Salary Ranges from 8.72% |
| | to 3.44% Based on Age, Including |
| | Inflation, Averaging 4% |
| Investment Rate of Return | 6.75%, Net of Pension Plan |
| | Investment Expenses, Including |
| | Inflation |
| Cost of Living Adjustment | 2.125% |

Mortality rates were based on actual experience including an adjustment for some anticipated improvement.

The actuarial assumptions, used in the June 30, 2024, actuarial valuation, were based on the results of an actuarial experience study performed for the period July 1, 2016, through June 30, 2020. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees in conjunction with the June 30, 2020, actuarial experience study. A blend of future capital market projections and historic market returns was used in a building-block method in which a best estimate of expected future real rates of return (expected returns, net of pension plan investments expense and inflation) is developed for each major asset class. These best estimates are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.25 percent. The best estimates of geometric real rates of return and the TCRS investment policy target asset allocation for each major asset class are summarized in the following table:

| | Percentage | | | |
|-----------------------|------------|---|-------------|---|
| | Long-term | | | |
| | Expected | | Percentage | |
| | Real Rate | | Target | |
| Asset Class | of Return | | Allocations | |
| | | | | |
| U.S. Equity | 4.88 | % | 31 | % |
| Developed Market | | | | |
| International Equity | 5.37 | | 14 | |
| Emerging Market | | | | |
| International Equity | 6.09 | | 4 | |
| Private Equity and | | | | |
| Strategic Lending | 6.57 | | 20 | |
| U.S. Fixed Income | 1.20 | | 20 | |
| Real Estate | 4.38 | | 10 | |
| Short-term Securities | 0.00 | _ | 1 | |
| Total | | _ | 100 | % |

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 6.75 percent based on a blending of the factors described above.

Discount Rate. The discount rate used to measure the total pension liability was 6.75 percent. The projection of cash flows used to determine the discount rate assumes that employee contributions will be made at the current rate and that contributions from all the LEAs will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Proportionate Share of Net Pension Liability (Asset) to Changes in the Discount Rate. The following presents the net pension liability (asset) of the school department calculated using the discount rate of 6.75 percent, as well as what the net pension liability (asset) would be if it were calculated using a discount rate that is one percentage point lower (5.75 percent) or one percentage point higher (7.75 percent) than the current rate:

| School Department's | | Current | |
|------------------------|----------|----------|----------|
| Proportionate Share of | 1% | Discount | 1% |
| the Net Pension | Decrease | Rate | Increase |
| Liability (Asset) | 5.75% | 6.75% | 7.75% |
| | | | |

Net Pension Liability (Asset) \$ 8,938,739 \$ (7,036,457) \$ (20,285,703)

Pension Plan Fiduciary Net Position. Detailed information about the pension plan's fiduciary net position is available in a separately issued TCRS financial report.

Payable to the Pension Plan

On June 30, 2025, the White County School Department reported a payable of \$221,515 for the outstanding amount of contributions to the pension plan required for the year ended June 30, 2025.

2. Deferred Compensation

White County offers its employees two deferred compensation plans, one established pursuant to IRC Section 457 and the other pursuant to IRC Section 401(k). The White County School Department offers its employees a deferred compensation plan established pursuant to IRC Section 403(b). All costs of administering and funding these programs are the responsibility of the plan participants. The Section 401(k), 457 and 403(b) plan assets remain the property of the contributing employees and are not presented in the accompanying financial statements. IRC Sections 401(k), 457 and 403(b) establish participation, contribution, and withdrawal provisions for the plans.

Teachers hired after July 1, 2014, by the school department are required to participate in a hybrid pension plan consisting of a defined benefit portion, which is detailed in the pensions footnote above and is managed by the Tennessee Consolidated Retirement System, and a defined contribution portion, which is placed into the state's 401(k) plan and is managed by the employee. The defined contribution portion of the plan requires that the school department contribute five percent of each teacher's salary into their deferred compensation plan. In addition, teachers are required to contribute two percent of their salaries into this deferred compensation plan, unless they opt out of the employee portion. During the year, the school department contributed \$390,122 and teachers contributed \$344,991 to this deferred compensation pension plan.

H. Other Postemployment Benefits (OPEB)

White County and the discretely presented White County School Department provide OPEB benefits to its retirees through state administered public entity risk pools. For reporting purposes, the plans are considered single employer defined benefit OPEB plans based on criteria in Statement No. 75 of the Governmental Accounting Standards Board (GASB). The plans are funded on a pay-asyou-go basis and there are no assets accumulating in a trust that meets the criteria of paragraph 4 of GASB Statement No. 75.

OPEB Provided through State Administered Public Entity Risk Pools

Primary Government

Retirees of White County are provided healthcare under a Local Government Plan (LGP) until they reach Medicare eligibility. Likewise, the school department provides healthcare benefits to its employees under the Local Education Plan (LEP) until they reach Medicare eligibility. Certified and noncertified employees of the school department may then join the Tennessee Plan - Medicare (TNM) which provides supplemental medical insurance for retirees with Medicare. However, the White County School Department does not provide premium support for teachers in the TNM plan.

The county's total OPEB liability was measured as of June 30, 2024, and was determined by an actuarial valuation as of that date.

Actuarial Assumptions and other inputs. The total OPEB liability in the June 30, 2024, actuarial valuation of each plan was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Actuarial Cost Method Entry Age Normal

Inflation 2.25%

Salary Increases Salary increases used in the July 1, 2021,

TCRS actuarial valuation; 3.44% to 8.72%, including inflation

Discount Rate 3.93%

Healthcare Cost Trend Rates Based on the Getzen Model, with trend

starting at 10.68% for pre-65 retirees in the 2024 calendar year, and decreasing annually over a 13-year period to an

ultimate trend rate of 4.5%

Retirees Share of Benefit

Related Cost Discussed under each plan

The discount rate was 3.93 percent, based on an average rating of AA/Aa as shown on the Bond Buyers 20-Year Municipal GO AA index closest to but not later than the measurement date.

Mortality rates were based on the results of a statewide experience study undertaken on behalf of the Tennessee Consolidated Retirement System (TCRS). These mortality rates were used in the July 1, 2024, actuarial valuation of the TCRS.

Unless noted otherwise, the actuarial demographic assumptions used in the June 30, 2024, valuations were the same as those employed in the July 1, 2022, Pension Actuarial Valuation of the TCRS. These assumptions were developed by TCRS based on the results of an actuarial experience study for the period July 1, 2016 - June 30, 2020. The demographic assumptions were adjusted to more closely reflect actual and expected future experience. Mortality tables are used to measure the probabilities of participants dying before and after retirement. The mortality rates employed in this valuation are taken from the PUB-2010 Headcount-weighted employee mortality table for non-disabled pre-retirement mortality, with mortality improvement projected generationally with MP-2021 from 2010. Post-retirement rates are headcount-weighted below median healthy annuitant and adjusted with a 6 percent load for males and a 14 percent load for females, projected generationally with MP-2021 from 2010. Mortality rates for impaired lives are the same as those used by TCRS and are taken from a gender distinct table published in the IRS Ruling 96-7 for disabled lives with a 10 percent load, projected generationally from 2018 with MP-2021.

Changes in Assumptions. The discount rate changed from 3.65 percent as of the beginning of the measurement period to 3.93 percent as of the measurement date of June 30, 2024. This change in assumption decreased the total OPEB liability. Other changes in assumptions include adjustments to initial per capita costs and health trend rates. The trend rate applicable to the 2024 plan year was revised from 10.31 percent to 10.68 percent.

Local Government OPEB Plan (Primary Government)

Plan Description. Employees of White County are provided with pre-65 retiree health insurance benefits through the closed Local Government Plan (LGP) administered by the Tennessee Department of Finance and Administration. All eligible pre-65 retired employees and disability participants of local governments, who choose coverage, participate in the LGP.

Benefits Provided. White County offers the LGP to provide health insurance coverage to eligible pre-65 retirees and disabled participants of local governments. With the exception of a small group of grandfathered individuals, retirees are required to discontinue coverage under the LGP upon obtaining Medicare eligibility. Insurance coverage is the only postemployment benefit provided to retirees. An insurance committee created in accordance with TCA 8-27-701 establishes and amends the benefit terms of the LGP. All members have the option of choosing between the premier preferred provider organization (PPO), standard PPO, limited PPO, or the wellness health savings

consumer-driven health plan (CDHP) for healthcare benefits. Retired plan members, of the LGP, receives the same plan benefits as active employees, at a blended premium rate that considers the cost of all participants. This creates an implicit subsidy for retirees. Participating employers determine their own policy related to direct subsidies provided for the retiree premiums. White County does not provide a direct subsidy and is only subject to the implicit subsidy.

Employees Covered by Benefit Terms. At the measurement date of June 30, 2024, the following employees were covered by the benefit terms:

| Inactive Employees Currently Receiving Benefits | 0 |
|---|-----|
| Inactive Employees Entitled To But Not Yet Receiving Benefits | 0 |
| Active Employees Eligible for Benefits | 190 |
| Total | 190 |

An insurance committee, created in accordance with *TCA* 8-27-701, establishes the required payments to the LGP by member employers and employees through the blended premiums established for active and retired employees. Claims liabilities of the plan are periodically computed using actuarial and statistical techniques to establish premium rates. For the fiscal year ended June 30, 2025, the county paid \$1,483 to the LGP for OPEB benefits as they came due.

Changes in the Total OPEB Liability - As of the Measurement Date

| | White County | |
|-----------------------------|-----------------|---------|
| Balance July 1, 2023 | \$ | 192,080 |
| Changes for the Year: | Ψ | 172,000 |
| Service Cost | \$ | 25,437 |
| Interest | | 7,924 |
| Difference between Expected | | |
| and Actual Experience | | 8,097 |
| Changes in Assumption | | 31,149 |
| Benefit Payments | | (837) |
| Net Changes | \$ | 71,770 |
| Balance June 30, 2024 | \$ | 263,850 |

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources. For the year ended June 30, 2025, the county recognized OPEB expense of \$13,262. On June 30, 2025, the county reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

| | Deferred | Deferred |
|--|--------------|---------------|
| | Outflows | Inflows |
| | of | of |
| | Resources | Resources |
| | | |
| Difference Between Actual and | | |
| Expected Experience | \$ 7,118 | \$ 56,603 |
| Changes of Assumptions | 66,597 | 87,569 |
| Benefits paid after the measurement date | | |
| of June 30, 2024 | 1,483 | 0 |
| Total | \$ 75,198 | \$ 144,172 |

The amount shown above for "Benefits Paid After the Measurement Date" will be recognized as a reduction to OPEB liability in the following measurement period.

Amounts reported as deferred inflows and deferred outflows of resources (excluding benefits paid after the measurement date) related to OPEB will be recognized in OPEB expense as follows:

| Year Ending | White | |
|-------------|------------|---|
| June 30 | County | |
| | | |
| 2026 | \$ (20,099 |) |
| 2027 | (20,099 |) |
| 2028 | (20,099 |) |
| 2029 | (19,409 |) |
| 2030 | (5,985 |) |
| Thereafter | 15,234 | |

In the table shown above positive amounts will increase OPEB expense while negative amounts will decrease OPEB expense.

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate. The following presents the total OPEB liability of the county calculated using the current discount rate as well as what the OPEB liability would be if it was calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

Discount Rate

| | Current | | | |
|----------------------|------------------|------------|----------|--|
| | 1% Discount | | 1% | |
| | Decrease | Rate | Increase | |
| White County | 2.93% | 3.93% | 4.93% | |
| | | | | |
| Total OPEB Liability | \$ 287,370 \$ | 263,850 \$ | 242,190 | |

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rate. The following presents the total OPEB liability of the county calculated using the current healthcare cost trend rate, as well as what the OPEB liability would be if it was calculated using a trend rate that is one percentage point lower or one percentage point higher than the current rate:

Healthcare Cost Trend Rate

| | | 1% | Trend | 1% |
|----------------------|----|-------------|---------------|---------------|
| | | Decrease | Rate | Increase |
| White County | 9 | .68 to 3.5% | 10.68 to 4.5% | 11.68 to 5.5% |
| Total OPEB Liability | \$ | 233,182 \$ | 263,850 \$ | 300,406 |

Closed Local Education (LEP) OPEB Plan (Discretely Presented School Department)

Plan Description. Employees of the White County School Department who were hired prior to July 1, 2015, are provided with pre-65 retiree health insurance benefits through the closed Local Education Plan (LEP) administered by the Tennessee Department of Finance and Administration. All eligible pre-65 retired teachers, support staff, and disability participants of local education agencies, who choose coverage, participate in the LEP. This plan is closed to the employees of all participating employers that were hired on or after July 1, 2015.

Benefits Provided. The White County School Department offers the LEP to provide health insurance coverage to eligible pre-65 retirees, support staff, and disabled participants of local education agencies. Retirees are required to discontinue coverage under the LEP upon obtaining Medicare eligibility. Insurance coverage is the only postemployment benefit provided to retirees. An insurance committee created in accordance with TCA 8-27-301 establishes and amends the benefit terms of the LEP. All members have the option of choosing between the premier preferred provider organization (PPO), standard PPO, limited PPO, or the wellness health savings consumer-driven health plan (CDHP) for healthcare benefits. Retired plan members of the LEP receive the same plan benefits as active employees at a blended premium rate that considers the cost of all participants. This creates an implicit subsidy for retirees. Participating employers determine their own policy related to direct subsidies provided for the retiree premiums. The school department does not provide a direct subsidy and is only subject to the implicit subsidy.

Employees Covered by Benefit Terms. At the measurement date of June 30, 2024, the following employees were covered by the benefit terms:

| Inactive Employees Currently Receiving Benefits | 31 |
|---|-----|
| Inactive Employees Entitled To But Not Yet Receiving Benefits | 0 |
| Active Employees Eligible for Benefits | 292 |
| Total | 323 |
| Total | 323 |

A state insurance committee, created in accordance with TCA 8-27-301, establishes the required payments to the LEP by member employers and employees through the blended premiums established for active and retired employees. Claims liabilities of the plan are periodically computed using actuarial and statistical techniques to establish premium rates. Administrative costs are allocated to plan participants. Employers contribute towards employee costs based on their own developed policies. During the current reporting period, the school department paid \$196,626 to the LEP for OPEB benefits as they came due.

Changes in the Collective Total OPEB Liability - As of the Measurement Date

| | Share of Collective Liability | | | | | | | | | |
|-----------------------|-------------------------------|-------------------|--------------|------------|--|--|--|--|--|--|
| | | White County | State of | | | | | | | |
| | S | School Department | TN | Total OPEB | | | | | | |
| | | 60.6% | 39.4% | Liability | | | | | | |
| Balance July 1, 2023 | \$ | 4,778,817 \$ | 3,133,579 \$ | 7,912,396 | | | | | | |
| Changes for the Year: | | | | | | | | | | |
| Service Cost | \$ | 188,333 \$ | 122,290 \$ | 310,623 | | | | | | |
| Interest | | 177,773 | 115,432 | 293,205 | | | | | | |
| Difference between | | | | | | | | | | |
| Expected and Actual | | | | | | | | | | |
| Experience | | (66,342) | (43,077) | (109,419) | | | | | | |
| Changes in Proportion | | 18,531 | (18,531) | 0 | | | | | | |
| Changes in Assumption | | 83,042 | 53,921 | 136,963 | | | | | | |
| Benefit Payments | | (232,471) | (150,950) | (383,421) | | | | | | |
| Net Changes | \$ | 168,866 \$ | 79,085 \$ | 247,951 | | | | | | |
| Balance June 30, 2024 | \$ | 4,947,683 \$ | 3,212,664 \$ | 8,160,347 | | | | | | |

The White County School Department has a special funding situation related to benefits paid by the State of Tennessee for its eligible retired employees participating in the LEP. The White County School Department's proportionate share of the collective total OPEB liability was based on a projection of the employer's long-term share of benefit payments to the OPEB plan relative to the projected share of benefit payments of all participating employers and nonemployer contributing entities, actuarially determined. The school department recognized \$350,286 in revenue for subsidies provided by nonemployer contributing entities for benefits paid by the LEP for school department retirees.

During the year, the White County School Department's proportionate share of the collective OPEB liability was 60.6 percent and the State of Tennessee's share was 39.4 percent.

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources. For the year ended June 30, 2025, the school department recognized OPEB expense of \$809,398, including the state's share of the expense. On June 30, 2025, the school department reported deferred outflows of resources and deferred inflows of resources related to its proportionate share of OPEB from the following sources:

| | Deferred | Deferred |
|--|--------------------|-----------|
| | Outflows | Inflows |
| | of | of |
| | Resources | Resources |
| | | |
| Difference Between Actual and | | |
| Expected Experience | \$ 444,293 \$ | 222,443 |
| Changes in Proportion | 49,501 | 233,613 |
| Changes of Assumptions | 888,785 | 440,092 |
| Benefits Paid After the Measurement Date | | |
| of June 30, 2024 | 196,626 | 0 |
| Total | \$ 1,579,205 \$ | 896,148 |

The amount shown above for "Benefits Paid After the Measurement Date" will be recognized as a reduction to OPEB liability in the following measurement period.

Amounts reported as deferred inflows and deferred outflows of resources (excluding benefits paid after the measurement date) related to OPEB will be recognized in OPEB expense as follows:

| Year Ending | | School |
|-------------|----|-----------|
| June 30 | D | epartment |
| | | |
| 2026 | \$ | 93,006 |
| 2027 | | 93,006 |
| 2028 | | 98,618 |
| 2029 | | 99,771 |
| 2030 | | 72,239 |
| Thereafter | | 29,791 |

In the table shown above, positive amounts will increase OPEB expense while negative amounts will decrease OPEB expense.

Sensitivity of Proportionate Share of the Collective Total OPEB Liability to Changes in the Discount Rate. The following presents the school department's proportionate share of the collective total OPEB liability related to the LEP, as well as what the proportionate share of the collective total OPEB liability would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current discount rate.

| Discount Rate | Current | | | | | | | | | |
|------------------------------------|---------|--------------|--------------|-----------|--|--|--|--|--|--|
| | | 1% | Discount | 1% | | | | | | |
| | | Decrease | Rate | Increase | | | | | | |

| Proportionate Share of the | | | | | | | | | | |
| Collective Total OPEB Liability | \$ | 5,316,683 \$ | 4,947,683 \$ | 4,597,198 | | | | | | |

Sensitivity of Proportionate Share of the Collective Total OPEB Liability to Changes in the Healthcare Cost Trend Rate. The following presents the school department's proportionate share of the collective total OPEB liability related to the LEP, as well as what the proportionate share of the collective total OPEB liability would be if it were calculated using a healthcare cost trend rate that is one percentage point lower or one percentage point higher than the current healthcare cost trend rate.

| Healthcare Cost Trend Rate | Current | | | | | | | | |
|---------------------------------|---------|--------------|---------------|---------------|--|--|--|--|--|

| Collective Total OPEB Liability | \$ | 4,454,476 \$ | 4,947,683 \$ | 5,517,144 | | | | | |

I. Office of Central Accounting, Budgeting, and Purchasing

White County operates under the provisions of the County Financial Management System of 1981. This act provides for a central system of accounting, budgeting, and purchasing for all county departments. The act also provides for the creation of a finance department operated under the direction of the finance director.

J. Purchasing Law

The County Financial Management System of 1981 provides for the finance director, or a deputy appointed by him, to serve as the county purchasing agent. The finance director serves as the purchasing agent for White County. All purchase orders are issued by the finance department. Purchases exceeding \$25,000 are required to be competitively bid.

K Subsequent Event

On July 1, 2025, White County loaned Jackson Kayak \$200,000 from the Industrial/Economic Development Fund. The loan is for a term of ten years at an interest rate of four percent.

For the Fiscal Year Ended June 30

| | 2016 | 2017 | 2018 | 2019 | 2020 | 2021 | 2022 | 2023 | 2024 | 2025 |
|---|------------------|------------|--------------|--------------|--------------|--------------|--------------|--------------|--------------|-----------|
| Contractually Required Contribution Less: Contributions in Relation to the | \$ 22,189 \$ | 38,413 \$ | 66,228 \$ | 40,555 \$ | 50,747 \$ | 65,566 \$ | 85,752 \$ | 143,078 \$ | 179,459 \$ | 218,282 |
| Contractually Required Contribution | (22,189) | (38,413) | (66,228) | (40,555) | (50,747) | (65,566) | (85,752) | (143,078) | (179,459) | (218,282) |
| Contribution Deficiency (Excess) | \$ 0 \$ | 0 \$ | 0 \$ | 0 \$ | 0 \$ | 0 \$ | 0 \$ | 0 \$ | 0 \$ | 0 |
| Covered Payroll | \$ 554,731 \$ | 960,319 \$ | 1,655,692 \$ | 2,090,474 \$ | 2,499,860 \$ | 3,262,390 \$ | 4,266,210 \$ | 4,985,284 \$ | 6,083,314 \$ | 7,130,195 |
| Contributions as a Percentage of Covered Payroll | 4.00% | 4.00% | 4.00% | 1.94% | 2.03% | 2.01% | 2.01% | 2.87% | 2.95% | 3.06% |

Note 1: Beginning in FY 2019, the school department placed the actuarially determined contribution rate of covered payroll into the pension plan and placed the remainder of the four percent contractually required contribution into the Pension Stabilization Reserve Trust (SRT).

2019: Pension - 1.94%, SRT - 2.02%

2020: Pension - 2.03%, SRT - 1.97%

2021: Pension - 2.02%, SRT - 1.98%

2022: Pension - 2.01%, SRT - 1.99%

2023: Pension - 2.87%, SRT - 1.13%

2024: Pension - 2.95%, SRT - 1.05%

2025: Pension - 3.00%, SRT - 1.00%

Note 2: The county started accruing payroll in the prior year and the additional covered payroll amounts caused the pension and SRT percentages to be 3.06 and .94, respectively.

Note 1: Ten years of data will be presented when available.

Note 2: Changes in assumptions.

(a) The following are the discount rates used in each period:

 2016
 2.92%

 2017
 3.56%

 2018
 3.62%

 2019
 3.51%

 2020
 2.21%

2021 2.16%

2022 3.54% 2023 3.65%

2024 3.93%

(b) The assumed initial trend rate applicable to plan years was revised as follows:

For the 2019 plan year - from 5.4% to 6.75%

For the 2020 plan year - from 6.75% to 6.03%

For the 2021 plan year - from 6.03% to 9.02%

For the 2022 plan year - from 9.02% to 7.36%

For the 2023 plan year - from 7.36% to 8.37%

For the 2024 plan year - from 8.37% to 10.31%

For the 2025 plan year - from 10.31% to 10.68%

Note 3: No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75.

WHITE COUNTY, TENNESSEE NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION

For the Year Ended June 30, 2025

TENNESSEE CONSOLIDATED RETIREMENT SYSTEM

Valuation Date: Actuarially determined contribution rates for fiscal year 2025 were calculated based on the June 30, 2023, actuarial valuation.

Methods and assumptions used to determine contribution rates:

Actuarial Cost Method Entry Age Normal

Amortization Method Level Dollar, Closed (Not to Exceed 20 Years)

Remaining Amortization

Period Varies by Year

Asset Valuation 10-Year Smoothed Within a 20%

Corridor to Fair Value

Inflation 2.25%

Salary Increases Graded Salary Ranges from 8.72% to

3.44% Based on Age, Including Inflation,

averaging 4%

Investment Rate of Return 6.75%, Net of Investment Expense,

Including Inflation

Retirement Age Pattern of Retirement Determined by

Experience Study

Mortality Customized Table Based on Actual

Experience Including an Adjustment for

Some Anticipated Improvement

Cost of Living Adjustment 2.125%

Changes of assumptions. In 2021, the following assumptions were changed: decreased inflation rate from 2.5 percent to 2.25 percent; decreased the investment rate of return from 7.25 percent to 6.75 percent; decreased the cost-of-living adjustment from 2.25 percent to 2.125 percent; and modified mortality assumptions. In 2017, the following assumptions were changed: decreased inflation rate from 3 percent to 2.5 percent; decreased the investment rate of return from 7.5 percent to 7.25 percent; decreased the cost-of-living adjustment from 2.5 percent to 2.25 percent; decreased salary growth graded ranges from an average of 4.25 percent to an average of 4 percent; and modified mortality assumptions.

COMBINING AND INDIVIDUAL FUND FINANCIAL STATEMENTS AND SCHEDULES

NONMAJOR GOVERNMENTAL FUNDS SPECIAL REVENUE FUNDS

Special Revenue Funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

Solid Waste/Sanitation Fund – The Solid Waste/Sanitation Fund is used to account for transactions involving the county's solid waste collection.

Industrial/Economic Development Fund – The Industrial/Economic Development Fund is used to account for transactions involving notes receivable from corporations.

Drug Control Fund – The Drug Control Fund is used to account for revenues received from drug-related fines, forfeitures, and seizures.

Constitutional Officers - Fees Fund – The Constitutional Officers - Fees Fund is used to account for operating expenses paid directly from the fee and commission accounts of the trustee, clerks, register of deeds, and sheriff.

CAPITAL PROJECT FUNDS

Capital Projects Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

General Capital Projects Fund – The General Capital Projects Fund is used to account for general capital expenditures of the county.

Highway Capital Projects Fund – The Highway Capital Projects Fund is used to account for general capital expenditures of the highway department. This fund was closed on June 30, 2025.

CUSTODIAL FUNDS

Custodial Funds are used to account for assets held by the county in a custodial capacity or as an agent for individuals, private organizations, other governments, and/or other funds. Custodial Funds are reported using the economic resources measurement focus and the accrual basis of accounting. Custodial fund reporting focuses on net position and changes in net position. Custodial funds are distinguished from trust funds by the absence of a trust agreement or equivalent arrangement.

Cities - Sales Tax Fund – The Cities - Sales Tax Fund is used to account for the second half of the sales tax revenues collected inside incorporated cities of the county. These revenues are received by the county from the state of Tennessee and forwarded to the various cities on a monthly basis.

Constitutional Officers - Custodial Fund – Constitutional Officers - Custodial Fund is used to account for amounts collected in a custodial capacity by the county clerk, circuit and general sessions courts clerk, clerk and master, register of deeds, and sheriff. Such collections include amounts due the state, cities, litigants, heirs, and others.

WHITE COUNTY SCHOOL DEPARTMENT

This section presents combining and individual fund financial statements for the White County School Department, a discretely presented component unit. The school department uses a General Fund, three Special Revenue Funds, and one Capital Projects Fund.

General Purpose School Fund – The General Purpose School Fund is used to account for general operations of the school department.

School Federal Projects Fund – The School Federal Projects Fund is used to account for restricted federal revenues, which must be expended on specific education programs.

Central Cafeteria Fund – The Central Cafeteria Fund is used to account for the cafeteria operations in each of the schools.

Internal School Fund – The Internal School Fund is used to account for funds held at the individual schools for internal school use such as the purchase of supplies, school clubs, and student activities.

Education Capital Projects Fund – The Education Capital Projects Fund is used to account for building construction and renovations of the school department. This fund was closed on June 30, 2025.

Reconciliation of the Balance Sheet of Governmental Funds to the Statement of Net Position Discretely Presented White County School Department

June 30, 2025

Amounts reported for governmental activities in the statement of net position (Exhibit A) are different because:

| Total fund balances - balance sheet - governmental funds (Exhibit J-2) | | \$ 21,523,932 |
|--|--|------------------|
| (1) Capital assets used in governmental activities are not financial resources and therefore are not reported in the governmental funds. Add: land Add: construction in progress Add: buildings and improvements net of accumulated depreciation Add: other capital assets net of accumulated depreciation | \$ 1,809,892 94,124 46,936,552 2,467,351 | 51,307,919 |
| (2) Long-term liabilities are not due and payable in the current period and therefore are not reported in the governmental funds. Less: compensated absences payable Less: net pension liability - agent plan Less: other postemployment benefits liability (OPEB) | \$ (1,139,328) (198,718) (4,947,683) | (6,285,729) |
| (3) Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions and OPEB will be amortized and recognized as components of pension and OPEB expense in future years. Add: deferred outflows of resources related to pensions Less: deferred inflows of resources related to OPEB Less: deferred inflows of resources related to OPEB | \$ 4,872,190 (1,934,009) 1,579,205 (896,148) | 3,621,238 |
| (4) Net pension assets are not current financial resources and therefore are not reported in the governmental funds. Add: net pension asset - teacher retirement plan Add: net pension asset - teacher legacy pension plan | \$ 184,536 7,036,457 | 7,220,993 |
| (5) Other long-term assets are not available to pay for current-period expenditures and therefore are deferred in the governmental funds. | | 355,503 |
| Net position of governmental activities (Exhibit A) | | \$ 77,743,856 |

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities

Discretely Presented White County School Department

For the Year Ended June 30, 2025

Amounts reported for governmental activities in the statement of activities (Exhibit B) are different because:

| Net change in fund balances - total governmental funds (Exhibit J-4) | | | \$ 783,118 |
|--|----|-------------|-----------------|
| (1) Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of these assets is allocated over their useful lives and reported as depreciation expense. The difference between capital outlays and depreciation is itemized as follows: Add: capital assets purchased in the current period | \$ | 1,118,966 | |
| Less: current-year depreciation expense | ψ | (2,213,111) | (1,094,145) |
| | | | , |
| (2) Revenues in the statement of activities that do not provide current | | | |
| financial resources are not reported as revenues in the funds. | d* | 255 502 | |
| Add: deferred delinquent property taxes and other deferred June 30, 2025 | \$ | 355,503 | (2.257) |
| Less: deferred delinquent property taxes and other deferred June 30, 2024 | | (357,760) | (2,257) |
| (3) Some expenses reported in the statement of activities do not require | | | |
| the use of current financial resources and therefore are not reported | | | |
| as expenditures in the governmental funds. | | | |
| Change in compensated absences payable | \$ | 9,055 | |
| Change in net pension liability/asset - agent plan | | (184,254) | |
| Change in net pension liability/asset - teacher retirement plan | | 78,257 | |
| Change in net pension liability/asset - teacher legacy pension plan | | 2,429,577 | |
| Change in deferred outflows related to pensions | | (1,103,543) | |
| Change in deferred inflows related to pensions | | (1,567,168) | |
| Change in other postemployment benefits liability (OPEB) | | (168,866) | |
| Change in deferred outflows related to pensions | | (211,928) | |
| Change in deferred inflows related to pensions | | 118,308 | (600,562) |
| Change in net position of governmental activities (Exhibit B) | | | \$ (913,846) |

SINGLE AUDIT SECTION

Jason E. Mumpower *Comptroller*

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

White County Executive and Board of County Commissioners White County, Tennessee

To the County Executive and Board of County Commissioners:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of White County, Tennessee, as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise White County's basic financial statements as listed in the table of contents, and have issued our report thereon dated September 25, 2025. Our report includes a reference to other auditors who audited the financial statements of the Internal School Fund of the White County School Department (a discretely presented component unit) as described in our report on White County's financial statements. This report does not include the results of the other auditor's testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered White County's internal control over financial reporting (internal control) as a basis for determining the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of White County's internal control. Accordingly, we do not express an opinion on the effectiveness of White County's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material meakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether White County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering White County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Very truly yours,

Jason E. Mumpower Comptroller of the Treasury

Nashville, Tennessee

JEM/gc

JASON E. MUMPOWER

Comptroller

Independent Auditor's Report on Compliance for Each Major Federal Program; Report on Internal Control Over Compliance; and Report on the Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

White County Executive and Board of County Commissioners White County, Tennessee

To the County Executive and Board of County Commissioners:

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited White County's compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of White County's major federal programs for the year ended June 30, 2025. White County's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

In our opinion, White County complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2025.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of White County, Tennessee, and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of White County's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to White County's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on White County's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for noncompliance resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about White County's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding White County's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of White County's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of White County's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that have not been identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of White County, Tennessee, as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise White County's basic financial statements. We issued our report thereon dated September 25, 2025, which contained unmodified opinions on those financial statements. Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

Very truly yours,

Jason E. Mumpower Comptroller of the Treasury Nashville, Tennessee

WHITE COUNTY, TENNESSEE Summary Schedule of Prior-year Findings For the Year Ended June 30, 2025

Government Auditing Standards require auditors to report the status of uncorrected findings from prior audits. In addition, OMB's Uniform Guidance requires auditees to report the status of all prior-year findings whether corrected or not. Presented below are financial statement findings along with their current status from the Annual Financial Report for White County, Tennessee, for the year ended June 30, 2025.

Prior-year Financial Statement Findings
