INTRODUCTORY SECTION

JASON E. MUMPOWER
Comptroller

December 12, 2023

The Honorable Bill Lee, Governor and Chairman
and
Members of the Tennessee State School Bond Authority

I am pleased to submit the Annual Comprehensive Financial Report of the Tennessee State School Bond Authority (the “Authority”), a component unit of the State of Tennessee, for the fiscal years ended June 30, 2023, and June 30, 2022. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the Authority. All disclosures necessary to enable the reader to gain an understanding of the Authority’s financial activities have been included.

This letter of transmittal is designed to complement Management’s Discussion and Analysis and should be read in conjunction with it. The Authority’s Management Discussion and Analysis can be found on pages 5- 11 of this report.

BUSINESS ENVIRONMENT

Legal Authority

The Tennessee State School Bond Authority, created in 1965, is a corporate governmental agency and instrumentality of the State of Tennessee whose purpose is to finance capital projects for public institutions of higher education located in Tennessee and to finance projects that were approved pursuant to Qualified School Construction Bond Program of the federal government for local education agencies. The Authority has no taxing power. Pursuant to Section 49-3-1204, *Tennessee Code Annotated* (“T.C.A.”) (the “Act”), the Governor serves as Chairman, and the Comptroller of the Treasury serves as Secretary to the Authority.

Higher Education Facilities Programs. Pursuant to the Higher Educational Facilities General Bond Resolution adopted in May 1967 (“1967 Resolution”), bonds were issued to provide funds to make loans to the institutions of higher education. In April 1998, the Authority adopted the Higher Educational Facilities Second Program General Bond Resolution (“1998 Resolution”) with the same purpose and closed the 1967 Resolution. All higher education bonds are now issued pursuant to the 1998 Resolution, as amended. Projects financed by the Authority must generate revenue sufficient to pay the debt service on the bonds. The fee charged for financing a project includes both a debt service and an administrative component. The Authority has financed a variety of projects including dormitories, athletic facilities, parking facilities and major equipment purchases. These projects could be contrasted with certain capital projects for higher education needs such as classrooms and libraries that may be funded with the proceeds of the State’s general obligation bonds.

On March 20, 2014, the Authority entered into a Revolving Credit Agreement (“RCA”) with Wells Fargo Bank, National Association, and U.S. Bank, National Association (collectively the “Banks”). The RCA was amended and restated on June 2, 2021, and December 1, 2022. Through the RCA, the Banks have agreed to make loans to the Authority in an aggregate amount not to exceed \$300 million. The loan proceeds are used to fund the construction phase of certain projects for the higher education facilities. When a project is completed or near completion, long-term, fixed-rate debt may be issued to finance the project. The debt issued to finance a project may be amortized over its useful life but not to exceed 30 years and proceeds from the issuance of the debt are used to repay the RCA. Certain equipment and property acquisitions are financed solely within the RCA program. Equipment financed solely within the RCA program is deemed to have a useful life of less than ten years.

Qualified School Construction Bond Program. In 2009, the General Assembly authorized the Authority to issue Qualified School Construction Bonds (“QSCB”) pursuant to program requirements approved by the Congress of the United States in Section 1521 of the American Recovery and Reinvestment Act of 2009. The QSCB program is a part of a federal government program designed to allow schools to borrow funds at minimal interest cost to the borrower. The bonds were issued under the provision of the Authority’s Qualified School Construction Bonds General Bond Resolution. The bonds are not supported by either the 1967 Resolution or the 1998 Resolution for Higher Education Facilities. The QSCB program provides loans to local governments to fund new construction, renovation, and rehabilitation of schools, as well as the purchase of land and equipment for use in a qualified project. The Series 2009 QSCBs were issued as tax credit bonds under which an eligible holder of a QSCB is generally allowed quarterly federal income tax credits in addition to quarterly supplemental interest payments from the issuer during the time the bond is outstanding. These credits compensate the bondholder for lending money to the borrower and function as partial payments of interest on the bonds. The Series 2010 QSCBs were issued as direct subsidy payment bonds under which the Authority has elected to receive direct interest subsidy payments from the United States Treasury rather than to provide a tax credit to the bondholder. The interest subsidy payments received by the Authority are then transferred to the borrowers as a reimbursement of the interest portion of their loan repayments. The U.S. Treasury allocated specific amounts of QSCBs for issuance in Tennessee in calendar years 2009 and 2010.

Responsibility of Management

Management assumes responsibility for the fair presentation of the financial statements found in this report in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP); for compliance with applicable laws, regulations, and the provisions of contracts (including bond resolutions); and for establishing and maintaining effective internal control over financial reporting, operations, and compliance.

Internal Control. In developing the Authority's accounting system, much consideration was given to the adequacy of internal accounting controls. Such controls are designed to provide reasonable, but not absolute assurance regarding (1) preventing, deterring, and detecting fraudulent activity, and (2) the reliability of financial records used in preparing financial statements. The concept of reasonable assurance is based on the assumption that the cost of internal accounting controls should not exceed the benefits expected to be derived from their implementation.

Independent Audit Committee. T.C.A. § 4-35-101 requires that a state governing board, council, commission, or equivalent body that (a) has the authority to hire and terminate its employees or (b) is responsible for the preparation of financial statements, whether included in the financial statements of other entities or free standing, shall create an audit committee. The Authority appointed an independent audit committee on August 12, 2004.

The Authority approved an Audit Charter created by the Audit Committee on September 14, 2006. The Audit Charter defines the responsibilities of the Audit Committee as follows:

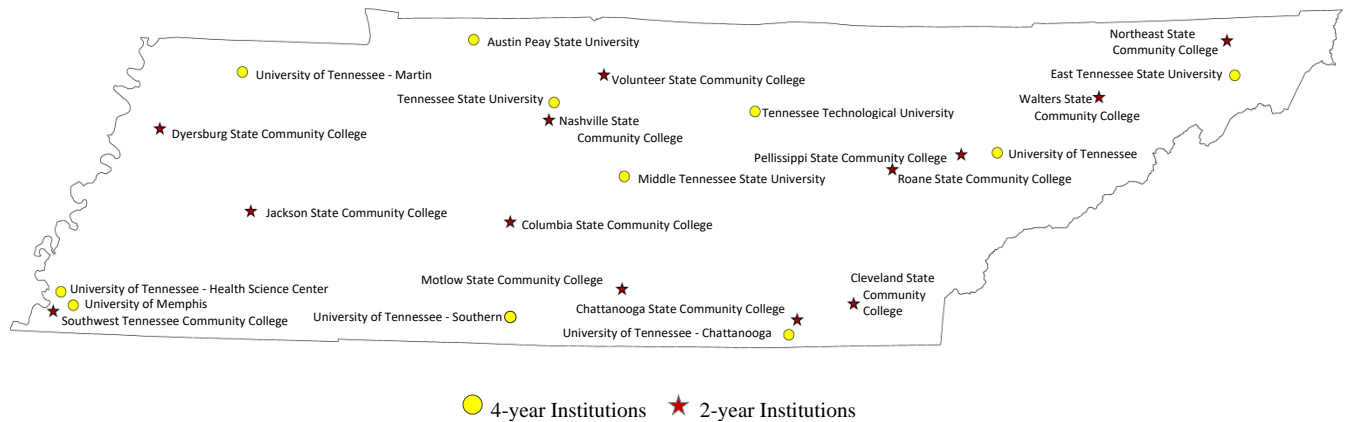

- Overseeing the Authority’s financial reporting and related disclosures, especially when financial statements are issued;
- Reviewing the adequacy of the management’s process for assessment of risk, including fraud risk;
- Reviewing documentation of assessment results to determine that internal controls are sufficient to mitigate the assessed risks in the agency;
- Formally reiterating, on a regular basis, to the Authority or its management and staff, the responsibility of the Authority or its management and staff to prevent, detect and report fraud, waste, and abuse;
- Serving as a facilitator of any audits or investigations of the Authority, including advising auditors and investigators of any information the Committee may receive pertinent to audit or investigative matters;
- Promptly notifying the Comptroller of the Treasury of any indications of fraud; and
- Establishing a process by which employees, taxpayers, investors, or other citizens may confidentially report suspected illegal, improper, wasteful, or fraudulent activity and ensure procedures exist for the receipt, retention, and treatment of such complaints.

The Borrowers

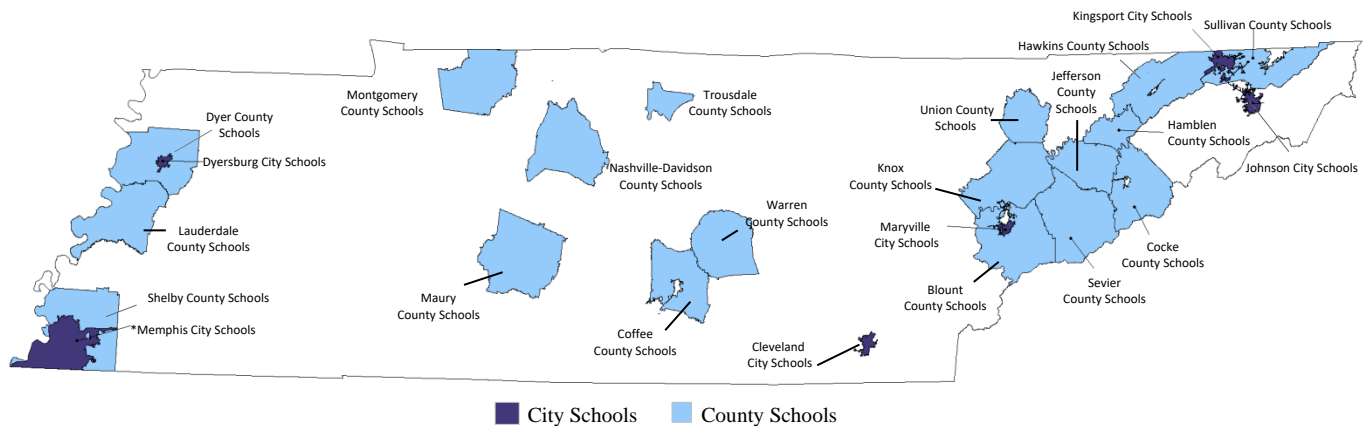

Higher Education Facilities Programs. Public higher education in Tennessee is coordinated by the Tennessee Higher Education Commission and consists of two systems: The University of Tennessee Board of Trustees (“Board of Trustees”) governs the University of Tennessee System, and the Tennessee Board of Regents (“Board of Regents”) of the State University and Community College System of Tennessee governs the state universities, community colleges, and colleges of applied technology. The Board of Trustees and the Board of Regents are referred to collectively as the “Boards”. The Boards are the governing bodies for all public higher education in Tennessee.

The definition of “Institution” was amended by Chapter 174, Public Laws of 2013 to be “(i) the University of Tennessee system, including all of its branches and divisions wherever located, and the services, programs and activities provided therein, and the board of trustees of the University of Tennessee, in the aggregate, and (ii) the state university and community college system, including all of its constituent institutions, wherever located (whether or not conferring degrees), and the services, programs and activities provided therein, and the Board of Regents of the state university and community college system, in the aggregate;”.

The University of Tennessee has five main campuses (at Knoxville, Martin, Health Science Center, Chattanooga and Southern), and the services, programs and activities provided therein constitute a single Institution. The Tennessee Board of Regents system includes 6 universities, 13 community colleges, and 24 colleges of applied technology, all of which constitute a single Institution. The colleges of applied technology are not permitted to borrow from the Authority.

Qualified School Construction Bond Program. The QSCB program is a capital financing program authorized by the federal government. The borrowers under the QSCB program are local government units that borrow on behalf of local education agencies that are governed by the Tennessee Department of Education. There are currently 23 local governments participating in the QSCB program.

*Shelby County borrowed QSCB funds from the Authority on behalf of both the Shelby County Schools and the Memphis City Schools.

The Programs

Higher Education Facilities Programs. The Authority and each Board have entered into separate financing agreements under which the Authority agrees to finance projects and the respective boards agree to make payments to the Authority. Under each financing agreement, the relevant board covenants and agrees to establish and collect fees and charges at each institution at a level sufficient to produce in each fiscal year no less than two times the amount required for the payment of the aggregate of financing charges. In the event a Board fails to make timely and full payment of amounts due and payable, the Commissioner of Finance and Administration, after notice from the Authority, shall deduct from the amounts appropriated by the General Assembly of the State of Tennessee for the operation and maintenance of the Institution for which such project was undertaken, the amount or amounts as may be required to make the Board current with respect to amounts due and payable.

Qualified School Construction Bond Program. To receive a QSCB loan, a local education agency, in cooperation with its city or county, completed an application provided by the Authority. The Tennessee Advisory Commission on Intergovernmental Relations (“TACIR”) recommended to the Authority the projects deemed worthy of funding. Each local education agency and respective city or county entered into a loan agreement with the Authority under which the Authority agreed to finance the projects and the respective city or county agreed to repay the loan.

For the QSCB program, local education agencies received their funding through the city and/or county where they are located. Debt service for these two federal programs is secured by the general obligation pledge of the borrower and the pledge of the borrower’s unobligated state-shared taxes. In the event the city or county should fail to make timely debt service payments, the Commissioner of Finance and Administration, after notice from the Authority, shall intercept a portion of the state-shared taxes sufficient to cover the debt service payment. Local education agencies do not have taxing power in Tennessee. The power to tax is vested in cities and counties.

Future Outlook

Enrollment Trends in Higher Education.

Tennessee continues to lead the nation in financial aid opportunities and, with recent access-focused investments in dual enrollment grants fully funding up to four postsecondary courses for high school students, the state anticipates enrollment to rebound in the coming years. A shining example of state investment in financial aid is the Tennessee Education Lottery Scholarship program (“TELS”), which has enabled more Tennesseans to attend college since it was created nearly two decades ago. In the 2022-2023 academic year, the Tennessee Lottery provided nearly \$450 million in scholarships to over 146,000 students. Increases to HOPE scholarship (a TELS award) amounts available to four- and two-year students fueled a nearly \$77 million dollar increase in state investment through the TELS program over last year. Reported as part of the TELS program, the Tennessee Promise program provides two years of tuition-free attendance at any of the state’s community colleges or colleges of applied technology for graduates of Tennessee high schools. The Tennessee Promise is a last-dollar scholarship, meaning it covers tuition and mandatory fees remaining once the federal Pell Grant, the HOPE scholarship (a TELS award), and the Tennessee Student Assistance Award (a state-funded grant program) are applied. In 2022-23, the Tennessee Promise program distributed over \$22 million to nearly 13,000 students. Beginning in 2018, Tennessee expanded the Promise program to adult students pursuing an associate degree, technical degree or technical diploma at a Tennessee community or technical college through the creation of TN Reconnect. In 2022-23 the Reconnect grant program distributed over \$21.6 million to more than 9,500 adult learners. The importance of receiving training beyond high school remains, especially during times of economic growth. The long-term demand for higher education guarantees that the higher education system in Tennessee can sustain its long-term debt commitments into the future.

FINANCIAL INFORMATION

Budget. The Authority has no formally approved operating budget. However, controls are in place to assure financial compliance for each project. All loans made and bonds issued must be approved by the Authority in public meetings. T.C.A. § 49-3-1201 et. seq. permits the Authority to make and collect charges from the borrowers for all administrative fees that it determines to be reasonable. These administrative fees include, but are not limited to costs relating to, the issuance and payment

of debt, liquidity facilities, trustee fees, and administrative costs of staff. All such fees and charges are subject to independent audit for reporting and compliance purposes.

Financial Statements. The financial statements included in this report present information on the financial condition of the Authority and whether resources were adequate to cover the costs of providing services during the reporting period. A discussion of the financial statements is included on pages 9 - 11 in the Management's Discussion and Analysis section of this Annual Comprehensive Financial Report.

Relevant Financial Policies. The Authority adopted a Debt Management Policy (the "Policy") on November 14, 2011. The Policy is reviewed annually. The Policy provides written guidance about the amount and type of debt issued as well as the method used for issuing the debt. The Policy governs the issuance of revolving credit facility loans as short-term debt as well as the issuance of long-term debt. During the fiscal year ending June 30, 2023, the Authority borrowed \$30,000,000 from the revolving credit facility and issued 2022 Series A and B bonds in the amount of \$307,565,000. During the fiscal year ending June 30, 2022, the Authority borrowed \$40,000,000 from the revolving credit facility.

OTHER INFORMATION

Securities and Exchange Commission Disclosures. The Tennessee State School Bond Authority has entered into Continuing Disclosure Undertakings ("Undertakings") with respect to certain debt issues. The Undertakings were made for the benefit of the holders of the debt pursuant to U.S. Securities and Exchange Commission Rule 15c2-12. The Authority has covenanted to provide certain annual financial information, including audited financial statements, as well as certain additional financial and operating data. However, certain financial and operating data required pursuant to the Undertakings are included in the Annual Comprehensive Financial Report of the State of Tennessee, not in this report.

Independent Audit. T.C.A. § 4-3-304 requires that the Department of Audit perform a post-audit of all accounts and other financial records of the state government, and any department, institution, office, or agency thereof in accordance with generally accepted auditing standards and in accordance with such procedures as may be established by the Comptroller of the Treasury.

Awards. The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Tennessee State School Bond Authority for its annual comprehensive financial report for the fiscal year ended June 30, 2022. This was the twenty-first consecutive year that the Authority has achieved this prestigious award. To be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized annual comprehensive financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current annual comprehensive financial report continues to meet the Certificate of Achievement Program's requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

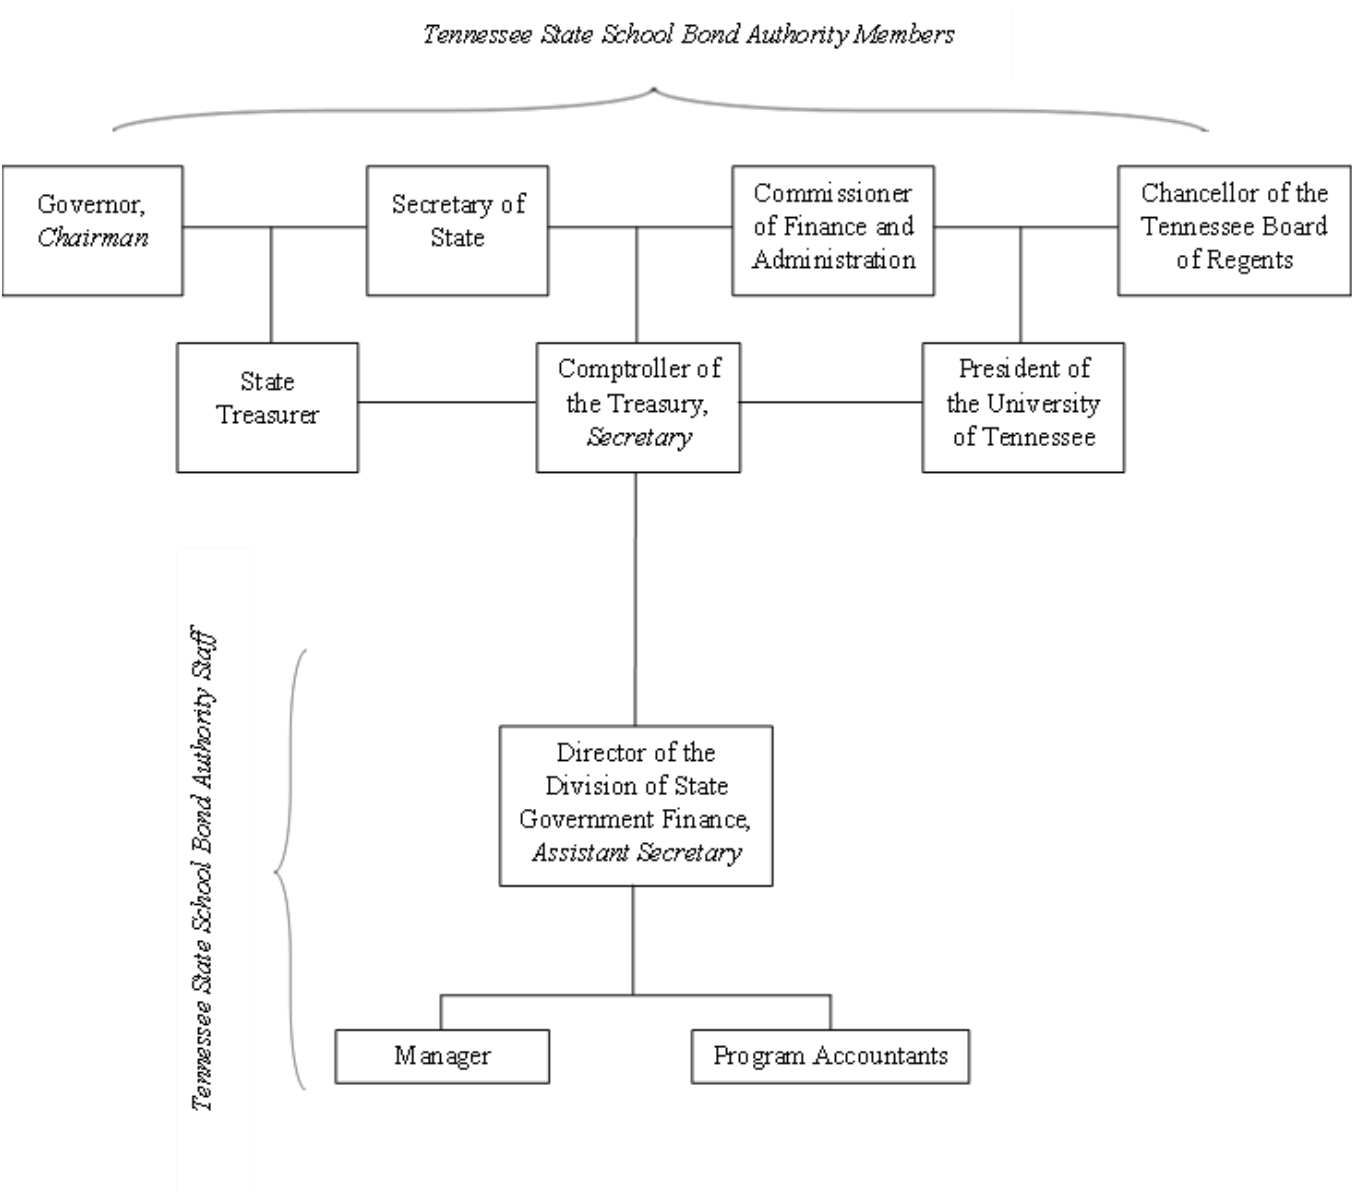

Acknowledgements. The preparation of the annual comprehensive financial report was made possible by the dedication of the staff of the Division of State Government Finance in the Office of the Comptroller of the Treasury.

Respectfully submitted,

Sandra Thompson, Assistant Secretary
Tennessee State School Bond Authority

Comptroller

Independent Auditor's Report

The Honorable Bill Lee, Governor
Members of the General Assembly
Members of the Tennessee State School Bond Authority

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of the Tennessee State School Bond Authority, a component unit of the State of Tennessee, as of and for the years ended June 30, 2023, and June 30, 2022, and the related notes to the financial statements, which collectively comprise the Tennessee State School Bond Authority's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Tennessee State School Bond Authority as of June 30, 2023, and June 30, 2022, and the changes in financial position and cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibility for the Audit of the Financial Statements section of our report. We are required to be independent of the Tennessee State School Bond Authority and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion. Tennessee statutes, in addition to audit responsibilities, entrust certain other responsibilities to the Comptroller of the Treasury. Those responsibilities include serving as a member of the board of directors of the Tennessee State School Bond Authority. We do not believe that the Comptroller's service in this capacity affected our ability to conduct an independent audit of the Tennessee State School Bond Authority.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Tennessee State School Bond Authority's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- exercise professional judgment and maintain professional skepticism throughout the audit;
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks; such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements;
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Tennessee State School Bond Authority's internal control; accordingly, no such opinion is expressed;
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements; and

- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Tennessee State School Bond Authority's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis listed in the accompanying table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management, and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, which considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Tennessee State School Bond Authority's basic financial statements. The supplementary schedules listed in the accompanying table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audits of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the *Tennessee State School Bond Authority Annual Comprehensive Financial Report*. The other information comprises the introductory section and the statistical section listed in the accompanying table of contents but does not include the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the financial statements, or whether the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 12, 2023, on our consideration of the Tennessee State School Bond Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Tennessee State School Bond Authority's internal control over financial reporting and compliance.

Katherine J. Stickel, CPA, CGFM, Director
Division of State Audit
December 12, 2023

Management's Discussion and Analysis

As management of the Tennessee State School Bond Authority (the Authority), we offer readers of the Authority's financial statements this narrative overview and analysis of the financial activities as presented in the financial statements and notes to the financial statements of the Authority for the fiscal year ended June 30, 2023. These activities are compared to the results of the fiscal years ended June 30, 2022, and June 30, 2021. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal along with the Independent Auditor's Report, the audited financial statements, and accompanying notes of this report.

Program Activity Highlights

The Authority's purpose is to provide loans to the state's higher educational institutions by issuing bonds and notes of the Authority and to local governments on behalf of local education agencies (LEAs) through Qualified School Construction Bonds (QSCBs). The tables below summarize this business activity for the Higher Educational Facilities Program and the QSCB Program.

	Higher Educational Facilities Program		
	2023	2022	2021
Number of higher educational facilities with outstanding loans	11	16	17
Balance of outstanding loans	\$ 1,784,631,129	\$ 1,804,131,803	\$ 1,849,746,998
Total number of projects with outstanding loans*	182	192	195
Number of projects and project increases approved in fiscal year	3	9	3
Dollar amount of loans/increases approved in fiscal year	\$ 137,600,000	\$ 161,648,000	\$ 28,600,000
Dollar amount of loans/increases approved in fiscal year - unspent	\$ 137,600,000	\$ 160,458,035	\$ 14,150,000
Dollar amount of loans financed in fiscal year	\$ 78,259,357	\$ 42,437,847	\$ 118,792,617
Balance of outstanding debt	\$ 1,964,082,392	\$ 1,866,136,785	\$ 1,929,187,212
Bonds issued in fiscal year	\$ 307,565,000	\$ -	\$ 713,365,000
Revolving credit facility loans issued in fiscal year	\$ 30,000,000	\$ 40,000,000	\$ 45,000,000
*Includes projects that have not yet started spending.			

	Qualified School Construction Bond Program		
	2023	2022	2021
Number of LEAs with outstanding loans	23	23	23
Total number of outstanding loans	28	28	28
Balance of outstanding loans	\$ 89,285,932	\$ 113,783,149	\$ 138,083,337
Balance held in Sinking Fund	\$ 291,759,726	\$ 274,411,616	\$ 274,715,760
Balance of outstanding debt	\$ 389,440,000	\$ 389,440,000	\$ 389,440,000

The financial statements and the analysis provided in the remainder of this report reflect the financial results of this activity.

Debt Administration

Pursuant to *Tennessee Code Annotated*, Section 49-3-1201 et seq., the General Assembly of the state created the Tennessee State School Bond Authority to issue revenue bonds and notes to finance capital projects for the higher educational institutions, including both four-year institutions and two-year community colleges. Such loans are payable from fees and charges, or in the case of energy conservation projects, the cost savings generated from the projects. The statute was amended in 2009 to authorize the Authority to issue QSCBs on behalf of LEAs throughout the State. For more specific financial information on long-term debt activity, see **Note 5, Debt Payable, on pages 22 - 27 in the Notes to the Financial Statements.**

The State is not liable on the bonds, and the bonds are not a debt of the State of Tennessee.

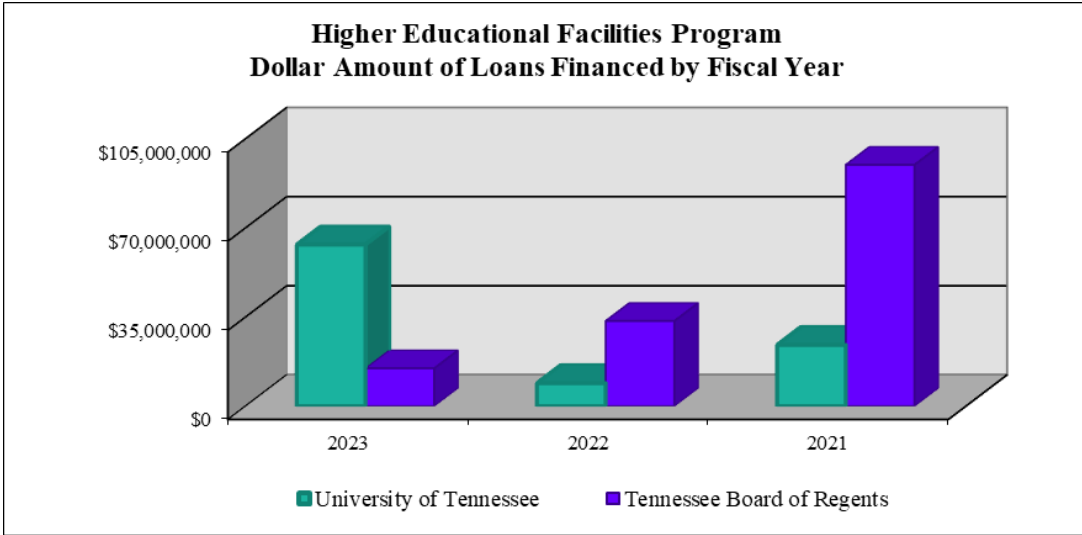

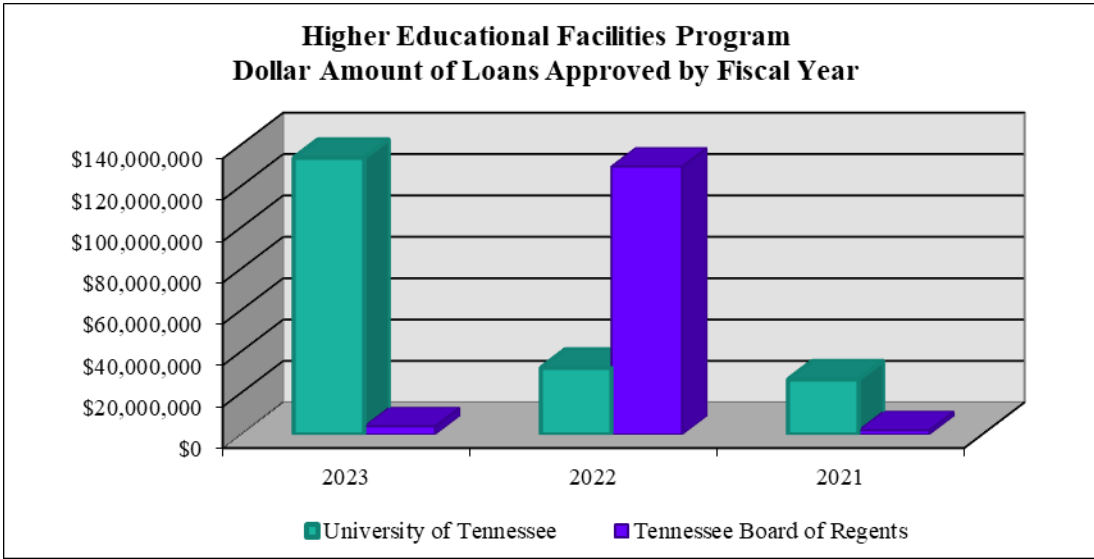

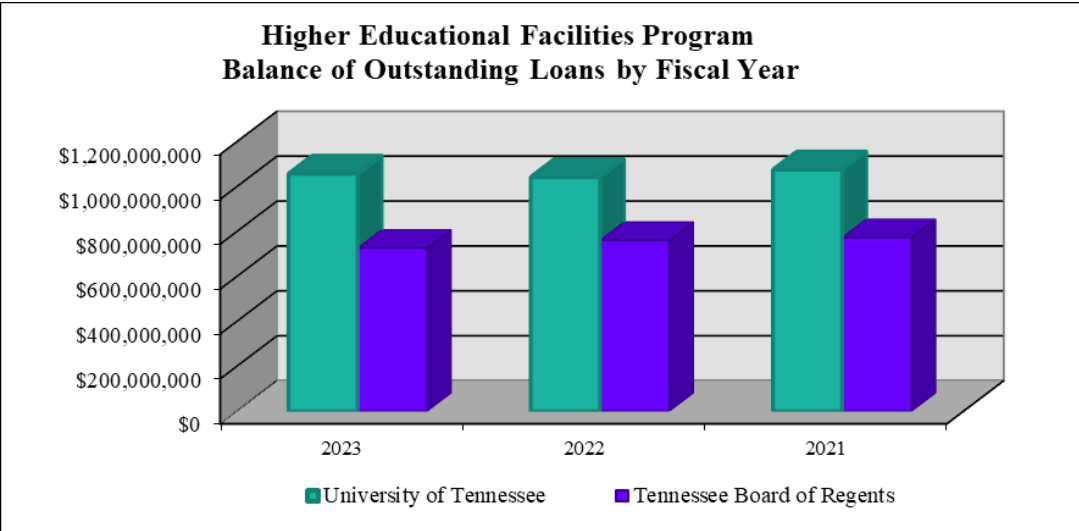

Higher Educational Facilities Program. When a higher educational facility applies for project funding through the Authority, the financial feasibility of each loan request is evaluated by comparing the projected debt service to the pledged revenue prior to submission to the Authority for approval. Once approved by the Authority, the project is included in the Financing Agreement between the Authority and the respective higher educational system (the Board of Trustees of the University of Tennessee and the Tennessee Board of Regents of the State University and Community College System of the State of Tennessee, referred to collectively as the Boards). The agreement with the Tennessee Board of Regents covers all entities included in the State University and Community College System. The Boards covenant and agree in the Financing Agreements to establish and collect fees and charges at each institution at a level sufficient to generate in each fiscal year no less than two times the amount required for the payment of total debt service. Fees and charges include all revenues, fees, rentals, and other charges received by or on behalf of an institution which are available to pay debt service. In addition, the Boards agree in the Financing Agreements that the Commissioner of Finance and Administration, after notice from the Authority that a Board has failed to pay its annual financing charges or administrative fees, shall deduct from the institution's appropriations the amount required to make it current with respect to the unpaid annual financing charges and administrative fees.

On March 20, 2014, the Authority entered into a Revolving Credit Agreement (RCA) with Wells Fargo Bank, National Association, and U.S. Bank, National Association. The original RCA expired on June 2, 2021, when the Authority entered into an Amended and Restated RCA. On December 1, 2022, the Amended and Restated RCA expired when the Authority entered into a Second Amended and Restated RCA. Projects are funded through the RCA during the construction phase. For projects in the construction phase that are completed or near completion, the Authority may fix the interest rate for the term of the projects by issuing long-term debt. The range of RCA interest rates are shown below for the fiscal year ended June 30, 2023, as compared to fiscal years 2022 and 2021.

Higher Educational Facilities Program Revolving Credit Facility Interest Rates Ranges				
Fiscal Year	Tax-Exempt		Federally Taxable	
	Low	High	Low	High
2023	1.791%	4.548%	2.243%	5.690%
2022	0.486%	1.269%	0.612%	1.592%
2021	0.494%	0.557%	0.622%	0.701%

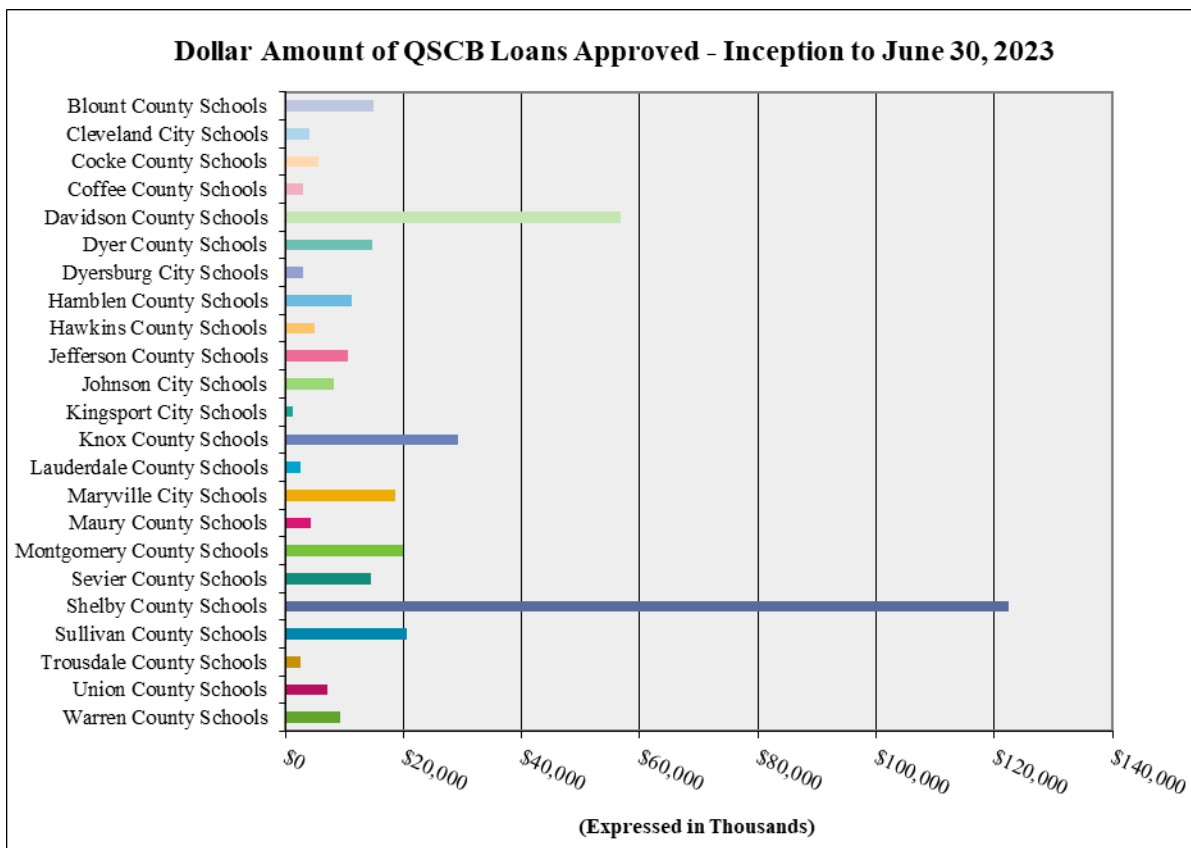

For the fiscal year ended June 30, 2023, the interest rates on the higher educational facilities long-term, fixed-rate, tax-exempt bonds are 5.00%, and the interest rates on the higher educational facilities long-term, fixed-rate, federally taxable bonds ranged from a low of 0.217% to a high of 5.100%. By pooling the financing of the capital needs for all public higher educational facilities, management believes that economic efficiency is achieved through a single borrowing administered by one agency. The creditworthiness of the program is based on the strong debt service coverage from the gross revenue pledge of the Boards. In addition, should the Boards fail to pay their annual financing charges, the Authority is authorized to intercept the Boards' state appropriations. This financing mechanism provides for a lower cost of borrowing for the program and the borrowers.

Higher Educational Facilities Program Debt Ratings. As of the fiscal year ended June 30, 2023, the Authority's higher educational facilities program is rated AA+ and AA+ by Fitch and S&P Global Ratings, respectively. Moody's Investors Service has assigned the Authority's bonds a Aa1 enhanced rating and a Aa1 programmatic rating.

Qualified School Construction Bond Program. The QSCB program is a capital financing program originally authorized by the federal government under the American Recovery and Reinvestment Act of 2009 and *Tennessee Code Annotated*, Section 49-3-12, as amended. The QSCBs are bonds issued by the Authority, the proceeds of which were used to finance certain eligible public schools' renovation and rehabilitation projects, equipment purchases, new building construction and land acquisition. The Series 2009 QSCB is structured as a tax credit bond under which an eligible holder of a QSCB is generally allowed quarterly federal income tax credits in addition to quarterly supplemental interest payments from the issuer during the period the bond is outstanding. These credits compensate the bondholder for lending money to the Authority and function as partial payments of interest on the bonds. The Series 2010 QSCB is structured as a direct subsidy payment bond under which the holder of the bond is compensated with a semi-annual cash interest payment that is subsidized by the federal government. The Authority elects to receive the direct interest subsidy payments from the United States Treasury, and the loan agreements provide that the subsidy payments received by the Authority will then be transferred to the borrowers.

The local government supporting the LEA must pledge its full faith and credit and unlimited taxing power to the Authority for the repayment of its loans. Should the LEA/local government fail to repay its loan timely, the Authority is authorized to intercept the local government's unobligated state-shared taxes.

Qualified School Construction Bonds Program Debt Ratings. As of the fiscal year ended June 30, 2023, the Authority's Series 2009 QSCB were rated Aa1 and AA+ by Moody's Investors Service, Inc., and S&P Global Ratings respectively, and the Series 2010 QSCB were rated Aa1, AA+, and AA, by Moody's Investors Service, Inc., S&P Global Ratings, and Fitch Ratings, respectively.

Overview of the Financial Statements

The Authority is a discretely presented component unit of the State of Tennessee and uses proprietary fund accounting. The financial statements are prepared in accordance with accounting principles generally accepted in the United States of America using the accrual basis of accounting and the flow of economic resources measurement focus. This basis recognizes revenues when earned and expenses at the time liabilities are incurred regardless of the timing of related cash flows. Using the economic resources measurement focus, a reader is presented information that allows him/her to determine the transactions and events that have increased or decreased the total economic resources for the period.

This discussion and analysis are intended to serve as an introduction to the Authority's basic financial statements. The Authority's basic financial statements are comprised of two components: 1) the financial statements and 2) the notes to the financial statements. The financial statements consist of the Statement of Net Position; Statement of Revenues, Expenses and Changes in Net Position; and the Statement of Cash Flows.

The Statements of Net Position on **page 15** present the Authority's financial position at June 30, 2023, and June 30, 2022. The Statements of Revenues, Expenses and Changes in Net Position on **page 16** set forth the results of operations and the change in net position for the years presented. The Statements of Cash Flows on **pages 17 - 18** summarize the sources and uses of cash for the fiscal years presented. These statements are accompanied by notes to the financial statements that provide information that is essential to the reader's understanding of the financial statements. The Authority's basic financial statements are followed by supplementary information containing the financial statement information at the program level.

Financial Analysis of the Authority

Standard indicators of financial success are not applicable to the Authority. The financial goals of the Authority are to provide timely access to the capital markets for public higher educational institutions and local governments on behalf of LEAs at the lowest possible cost, to repay debt timely, and to achieve the highest possible rating for its debt. During the fiscal year ended June 30, 2023, the Authority issued two (2) series of bonds. During the fiscal year ended June 30, 2021, the Authority issued one (1) series of bonds. At no time did the Authority deny approval of a loan application due to its inability to access the capital market. For long-term debt, the Authority made all debt service payments timely without the need to intercept the state appropriations for the higher educational institutions. For short-term debt, No Event of Default, as defined in the RCA, had occurred. As of June 30, 2023, the Authority's long-term credit ratings remained unchanged with all rating agencies.

Total liabilities	<u>2,372,620</u>	<u>2,273,055</u>	<u>2,328,256</u>
Deferred inflows of resources	<u>1,623</u>	<u>1,468</u>	<u>1,313</u>
Net position (unrestricted)	<u>\$ (3,811)</u>	<u>\$ 2,649</u>	<u>\$ 27,707</u>
<i>Note: The Authority owns no capital assets.</i>			

As of June 30, 2023, current assets included \$128,944,786 of unexpended proceeds from prior debt issued, long-term and short-term, that will fund approved higher educational loans as compared to \$23,063,390 at June 30, 2022, and \$27,898,465 at June 30, 2021. During the fiscal year ended, June 30, 2023, the Authority issued \$307,565,000 in Higher Educational Facilities Second Program Bonds which were used to redeem \$152,072,693 of the Authority's revolving credit facility with the balance of the bond proceeds to be used to fund various project costs and costs of issuance. During the fiscal year ended June 30, 2021, the Authority issued \$713,365,000 in Higher Educational Facilities Second Program Bonds which were used to refund \$605,615,000 of the Authority's outstanding long-term debt with the balance of the bond proceeds to be used to fund various project costs and costs of issuance. The Authority did not issue any bonds during the fiscal year ended June 30, 2022.

Principal was repaid on the higher educational outstanding long-term bonds in the amounts of \$92,000,000 in 2023; \$78,960,000 in 2022; and \$78,055,000 in 2021. QZAB Series 2004 Bonds and Series 2005 Bonds in the amount of \$30,145,000 were retired during the fiscal year ended June 30, 2021. Deposits to the Sinking Fund for the QSCBs were made in the amounts of \$24,516,222 in fiscal year 2023; \$24,300,789 in fiscal year 2022; and \$24,316,090 in fiscal year 2021. No QSCB bonds were retired during the fiscal years 2023, 2022, or 2021.

Net position is available to fund ongoing operations and other expenses necessary to meet the goals of the Authority. Assets and liabilities increase and decrease together in correlation to the issuance and repayment of debt and the resulting loans. The change in net position from fiscal year ended June 30, 2022, to fiscal year June 30, 2023, was primarily due to the unrealized loss on the QSCB investments. The change in net position from fiscal year ended June 30, 2021, to fiscal year ended June 30, 2022, was primarily due to the unrealized loss on the QSCB investments.

Statements of Revenues, Expenses, and Changes in Net Position Summary (in thousands of dollars)			
	2023	2022	2021
Operating Revenues			
Revenue from loans	\$ 69,162	\$ 60,640	\$ 62,959
Investment earnings (loss)	1,143	(21,655)	(7,043)
Total operating revenues	70,305	38,985	55,916
Operating Expenses			
Interest expense	67,710	60,291	61,861
Subsidy to borrowers	16,872	12,693	13,131
Other expenses	1,893	771	2,217
Total operating expenses	86,475	73,755	77,209
Operating gain (loss)	(16,170)	(34,770)	(21,293)
Nonoperating Revenues			
Federal subsidy on bonds	9,710	9,712	9,708
Total nonoperating revenues	9,710	9,712	9,708
Increase (decrease) in net position	(6,460)	(25,058)	(11,585)
Net Position			
Net position, July 1	2,649	27,707	39,292
Net position, June 30	\$ (3,811)	\$ 2,649	\$ 27,707

The Authority's operating revenues include revenue from loans in the form of administrative fees, interest on loans, and income earned on investments. Operating expenses include interest expense on outstanding short-term and long-term debt and administrative expenses. The change in operating revenues and expenses for fiscal year ended June 30, 2023, can primarily be attributed to the rising interest rates. The rising interest rates resulted in an increase in interest expense on the higher educational revolving credit facility and the additional higher educational second program bond series bonds that were issued in November 2022. The borrowers bear the increase in the interest expense cost that is also reflected in the statements as an increase in the revenues from loans.

The change in operating revenues and expenses for the fiscal year ended June 30, 2022, can primarily be attributed to the QSCB program. The QSCB had a loss on investments which resulted in a significant decrease in unrealized investment earnings and a decrease in net position. In addition, due to the bond refunding and lower interest rates in the Higher Educational Program, revenue from loans and interest expenses for fiscal year ended June 30, 2021, had decreased.

Investment earnings related to the QSCB program are held by the Authority for the benefit of the local governments participating in the program and are applied as a credit toward the amounts due on each LEA's individual debt service principal and interest payments.

Future Financing Activities

Higher Educational Facilities Programs. As Tennessee continues into an economic era that emphasizes the human capital potential of its citizens rather than physical capital and natural resources, the higher education system must be positioned to serve the broader-based need for access to post-secondary education and to produce degree and certificate holding work-ready citizens. A host of policy and environmental factors influence the demands for access and completion, and the means through which this demand will be met. Tennessee has implemented two programs to increase the number of Tennesseans with a postsecondary credential – Tennessee Promise and Tennessee Reconnect. With these programs, Tennessee is the first state in the country to offer all high school graduates and adults two years of community or technical college free of tuition and

mandatory fees. Tennessee has also greatly increased its dual enrollment financial aid opportunities, leading to expansions in dual enrolled students across the State in communities that previously had less access to higher education. As the State continues to promote educational attainment to its citizens, we anticipate a continuing need for funding of various facilities through the Authority.

Qualified School Construction Bonds Programs. The issuance of bonds within the QSCB program was limited to the amounts allocated by the federal government. The QSCB program only received allocations for 2009 and 2010.

Contacting the Authority's Management Team

This discussion and analysis is designed to provide our citizens, educational agencies, investors, and creditors with a general overview of the Authority's finances and to demonstrate its accountability for the monies it receives. If you have questions about this report or need additional financial information, contact the Director of the Division of State Government Finance, State of Tennessee, Cordell Hull Building, 425 Rep. John Lewis Way N., Nashville, Tennessee 37243-3400, visit our website at <https://www.comptroller.tn.gov/boards/tennessee-state-school-bond-authority>, or call (615) 747-5369.

Tennessee State School Bond Authority
Notes to the Financial Statements
June 30, 2023, and June 30, 2022

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

The Tennessee State School Bond Authority (the Authority) was created to provide a mechanism to finance capital projects for the State of Tennessee's higher education institutions. During 1999, the General Assembly empowered the Authority to issue Qualified Zone Academy Bonds (QZABs) the proceeds of which were loaned to local governments to finance improvement projects on behalf of local education agencies pursuant to the federal program authorized in the Taxpayer Relief Act of 1997. In addition, under the American Recovery and Reinvestment Act of 2009, the Authority was authorized to issue Qualified School Construction Bonds (QSCBs) the proceeds of which were loaned to local governments on behalf of local education agencies at nominal or zero percent interest to finance renovation and rehabilitation projects, equipment purchases, new building construction and land acquisition.

The Authority is a component unit of the State of Tennessee and a separate legal entity. In accordance with the Governmental Accounting Standards Board's (GASB) Statement No. 14 (as amended), *The Financial Reporting Entity*, the Authority is discretely presented in the *Tennessee Annual Comprehensive Financial Report* (posted on the state's website at <https://www.tn.gov/finance/rd-doa/fa-accf-in-ar.html>) because a majority of the Authority's board consists of state officials which include the Governor, the State Treasurer, the Secretary of State, the Commissioner of Finance and Administration, the Comptroller of the Treasury, the Chancellor of the Tennessee Board of Regents, and the President of the University of Tennessee. The Governor serves as chairman, and the Comptroller of the Treasury serves as secretary. The Director of the Division of State Government Finance serves as the assistant secretary; the finance staff within the Division of State Government Finance provide administrative and financial services to the Authority. Therefore, the State has the ability to affect the day-to-day operations of the Authority.

The Authority does not have any employees. The members serve without compensation but are entitled to reimbursement for their actual and necessary expenses incurred in the performance of their official duty.

Basis of Presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board.

Measurement Focus and Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting and the flow of economic resources measurement focus. Under this basis, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of the timing of related cash flows.

The Authority distinguishes operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with principal ongoing operations. The Authority's principal ongoing operation is to provide loans for constructing capital projects, renovating, and rehabilitating facilities, and acquiring land and equipment to higher educational facilities and to local government units pursuant to the criteria set by the federal government for the QSCB programs. Therefore, the Authority also recognizes income from investments as operating revenue. The Authority's operating expenses include interest paid on borrowings, subsidies to borrowers, bond issuance costs, arbitrage rebate, and administrative expenses.

Tennessee State School Bond Authority
Notes to the Financial Statements (cont.)
June 30, 2023, and June 30, 2022

Any revenues and expenses not meeting this definition would be reported as nonoperating revenues and expenses.

Cash and Cash Equivalents

This classification includes deposits in demand accounts as well as short-term investments with a maturity date within three months of the date acquired by the State.

Investments

Investments for the Higher Education and QSCB Programs are stated at fair value.

Amortized Amounts

- A. *Bond Discounts, Premiums, and Deferred Amount on Refundings.* The Authority amortizes bond discounts and premiums using the straight-line method over the life of the bonds. The deferred amount on refundings is amortized using the straight-line method over the remaining life of the old debt or the life of the new debt, whichever is shorter.

Amortization of bond discount, premium, and deferred amount on refundings is reported with bond interest expense in the financial statements.

- B. *Unearned Revenue.* The Authority requires the QSCB borrowers to prepay bondholder interest to the Debt Service Fund as outlined in the loan agreements. The interest earned on the investments in the Debt Service Fund is applied as a credit to the bondholder interest payment amount due from the borrower. The prepaid interest is reported on the statement of net position as unearned revenue and is not amortized.

NOTE 2. DEPOSITS AND INVESTMENTS

Moneys pertaining to the Higher Education Second Program General Bond Resolution and the Qualified School Construction Bonds General Bond Resolution of the Tennessee State School Bond Authority, pursuant to Section 49-3-1205, *Tennessee Code Annotated*, may be invested, pursuant to each respective Bond Resolution listed above, in obligations of the United States or its agencies under flexible repurchase agreements which are fully collateralized by obligations of the United States or obligations, the timely payment of the principal of and interest on which are guaranteed by the United States, the State's pooled investment fund as provided in Section 9-4-603, *Tennessee Code Annotated*, and any other investment authorized by the State Investment Policy adopted by the State Funding Board pursuant to Section 9-4-602, *Tennessee Code Annotated*.

The Authority has deposits with financial institutions that participate in the bank collateral pool administered by the State Treasurer. The Authority had \$14,941,591 with the financial institutions at June 30, 2023, and \$26,570 at June 30, 2022. The securities pledged to secure these accounts are pledged in the aggregate rather than applied toward each individual account. The members of the pool may be required by agreement to pay an assessment to cover any deficiency. Under this additional assessment agreement, public fund accounts covered by the pool are considered to be insured for purposes of credit risk disclosure.

The Authority's Higher Educational Program cash and a portion of QSCB cash used for operating purposes is invested in the State Pooled Investment Fund (SPIF) administered by the State Treasurer. The remaining QSCB funds are held in the Local Government Investment Pool (LGIP). The LGIP funds are consolidated with the SPIF for investment purposes. The Authority had \$138,069,993 in the SPIF for operating cash purposes and \$10,537,127 in the LGIP at June 30, 2023. The Authority had \$29,041,123 in the SPIF and \$9,937,721 in the LGIP at June 30, 2022. Participants may invest any amount for any length of time in the SPIF. There are no limitations or restrictions on participant withdrawals. The SPIF is not rated by a nationally recognized statistical rating organization. The pooled

investment fund's investment policy and required risks disclosures are presented in the SPIF financial statements and notes, which are available on the state treasurer's website at:

<https://treasury.tn.gov/Explore-Your-TN-Treasury/About-the-Treasury/Department-Reports>.

As of June 30, 2023, the Authority has the following investments:

Investment	Maturity	Fair Value (Level 1)
U.S. Treasury Notes	August 15, 2026	\$ 45,406,563
	August 15, 2027	41,976,420
U.S. Treasury Securities:		
Agency Zeroes & Strips	August 15, 2026	93,813,416
	August 15, 2027	108,963,638
Total Level 1 Investments		<u>\$ 290,160,037</u>

As of June 30, 2022, the Authority had the following investments:

2022

Investment	Maturity	Fair Value (Level 1)
U.S. Treasury Notes	August 15, 2026	\$ 47,312,585
	August 15, 2027	44,223,843
U.S. Treasury Securities:		
Agency Zeroes & Strips	August 15, 2026	83,974,404
	August 15, 2027	97,516,167
Total Level 1 Investments		<u>\$ 273,026,999</u>

Debt and equity securities classified as Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices.

Interest Rate Risk

Interest rate risk is the risk that future changes in prevailing market rates of interest will have an adverse effect on the fair value of debt investments. The State's Investment Policy does not formally address interest rate risk. As a matter of practice, higher education investments are invested no longer than five years to reduce the interest rate risk. QSCB investments are intended to be held to maturity at which time par value will be received, which significantly alleviates the concerns related to interest rate risk. The Authority's investments are specifically identified above.

NOTE 3. LOANS RECEIVABLE

Higher Education Facilities Programs

The Authority has entered into financing agreements with both the Board of Trustees of the University of Tennessee (the Board of Trustees) and the Tennessee Board of Regents of the State University and Community College System of the State of Tennessee (the Tennessee Board of Regents). The agreement

Tennessee State School Bond Authority
Notes to the Financial Statements (cont.)
June 30, 2023, and June 30, 2022

with the Tennessee Board of Regents covers all entities included in the State University and Community College System. The Second Financing Agreement, (the "Agreement"), is dated November 1, 1997, and was amended and restated on May 9, 2013. Under the Agreement, the Authority agrees to finance construction projects for the Board of Trustees or the Tennessee Board of Regents. Annual financing charges payable under the Agreement must be sufficient to pay the debt obligations of the Authority and the costs of administering the program.

When the Authority issues bonds to make loans to finance capital projects for the higher education institutions, the principal amount of the loan may differ from the actual amount of funds available for capital expenditures because the par amount of the bonds is adjusted for any bond discounts and premiums in order to provide the amount of bond proceeds needed for capital expenditures. These discounts and premiums are amortized on a straight-line basis over the life of the related bond because the higher education institutions and the local governments either receive the benefit or bear the cost of this difference. These differences are included in loans receivable on the statement of net position.

Qualified School Construction Bonds Program

The Authority has entered into loan agreements with the local governments on behalf of local education agencies for the 2009 QSCBs, dated December 1, 2009, and the 2010 QSCBs, dated October 1, 2010. Under the agreements, the Authority agrees to finance renovation and rehabilitation projects, equipment purchases, new building construction, and land acquisition for the local education agencies. On the dates designated in the agreements, monthly financing charges must be paid by the borrower that are sufficient to pay the monthly principal payment, interest payment, and the costs of administering the program. The principal payments are deposited into a bond sinking fund held by the State Treasurer that will redeem the bonds at maturity.

NOTE 4. RESTRICTED ASSETS

Cash and Investments

The Higher Education Facilities Second Program General Bond Resolution, effective for all bonds issued in 1998 and thereafter, permits the Authority to satisfy the debt service reserve requirement by either placing an amount equal to the maximum semiannual debt service requirement in a debt service reserve account or by maintaining a Reserve Fund Credit Facility. The Authority elected to establish a separate debt service reserve fund solely for the 2012 Series A, B, and C; 2013 Series A; 2014 Series A and B; 2015 Series A and B; 2017 Series A, B, and C; 2019 Series A and B; 2021A; and 2022 Series A and B bonds with no current funding requirement.

The first program bond resolution of the QSCBs requires the establishment of a special trust fund, the bond Sinking Fund account. Funds are accumulated in this account to redeem the QSCBs at maturity.

NOTE 5. DEBT PAYABLE

The State of Tennessee shall not be liable on the bonds issued by the Authority, and the bonds shall not be a debt of the State.

Higher Education Facilities Programs

- A. *Bonds.* The principal, Sinking Fund installments, if any, and redemption price of and interest on the bonds are payable solely from the annual financing charges, legislative appropriations, and other moneys and securities held or set aside under the resolutions.
- B. *Revolving Credit Facility.* Revolving credit facility constitutes a special obligation of the Authority. Principal and interest on the revolving credit facility is payable from the following sources: (i) as to principal only, the proceeds of the draw on the revolving credit facility to pay the principal of other

Tennessee State School Bond Authority
Notes to the Financial Statements (cont.)
June 30, 2023, and June 30, 2022

outstanding revolving credit facility, (ii) available revenues, (iii) the money and securities (if any) on deposit in the Reimbursement Fund and in the Debt Service Fund, (iv) the moneys and securities (if any) on deposit in the Project Construction Account for such projects, and (v) the proceeds of bonds or notes issued to make such payments.

Qualified School Construction Bonds Program

On November 5, 2009, the Authority adopted a Qualified School Construction Bond Resolution authorizing the issuance of QSCBs to make loans to local governments on behalf of local education agencies for the purpose of financing eligible costs of certain projects. The Tennessee Advisory Commission on Intergovernmental Relations recommended the projects to be funded by the Authority under the QSCB program. The American Recovery and Reinvestment Act of 2009 provided this financial tool whereby interest on QSCBs, Series 2009, is paid by the federal government in the form of a quarterly tax credit to the financial institutions that hold the QSCBs. Market conditions at the time of issuance demanded the borrowers pay an additional quarterly interest payment to supplement the tax credit to the investors. The 2010 QSCBs were issued as direct subsidy payment bonds, a financial tool whereby the interest on the QSCBs is intended to be fully subsidized by the federal government. The bonds are secured solely by the payments made by the borrowers under the Loan Agreements, including amounts collected from unobligated state-shared taxes in the event of non-payment by the local governments and by certain funds held under the Qualified School Construction Bond Resolution. The March 15, 2023, federal interest subsidy payment for the 2010 QSCBs was reduced by 5.7%, or \$293,524, as a part of the Budget Control Act of 2011. The sequestration reduction rate was applicable until the end of the federal fiscal year, September 30, 2023. On September 24, 2020, the Internal Revenue Service announced that federal subsidy payments would be reduced by 5.7% during the 2021-2030 federal fiscal years.

Changes in debt payable for the years ended June 30, 2023, and June 30, 2022, are as follows (expressed in thousands):

The Authority may issue taxable and/or tax-exempt bonds. Proceeds for the tax-exempt bonds issued after September 1, 1986, are subject to the 1986 Tax Reform Act. The Authority invests, records, and reports these proceeds in the manner set forth by the U.S. Treasury and Internal Revenue Service to

Tennessee State School Bond Authority
Notes to the Financial Statements (cont.)
June 30, 2023, and June 30, 2022

maintain the tax-exempt status of the bonds. Arbitrage liabilities, when applicable, are reported as a current accrued liability. For the year ended June 30, 2023, and June 30, 2022, the Authority did not have a liability for arbitrage.

On November 15, 2022, the Authority issued the 2022 Series A bonds ("2022A") and the 2022 Series B Bonds (Federally Taxable) ("2022B"). The 2022A tax-exempt bonds were sold in the amount of \$282,330,000 and generated an original issue premium of \$16,692,958. The 2022B taxable bonds were sold at par in the amount of \$25,235,000. The 2022A and 2022B bonds were issued to prepay \$152,072,693 of the principal amount of the revolving credit loans outstanding. The balance of the proceeds of the 2022A and 2022B bonds will be used to pay for construction costs of certain projects and various costs of issuance.

Revolving Credit Facility

The Authority issues short-term debt to finance certain capital projects for the State's higher education institutions. On March 20, 2014, the Authority entered into a Revolving Credit Agreement (RCA) with Wells Fargo Bank, National Association, and U.S. Bank, National Association. The original RCA expired on June 2, 2021, when the Authority entered into an Amended and Restated RCA. On December 1, 2022, the Amended and Restated RCA expired when the Authority entered into a Second Amended and Restated RCA. The RCA permits loans (the Revolving Credit Facility or RCF) to be made from time to time (and prepayments and reborrowings) in an aggregate principal amount outstanding at any time not to exceed \$300,000,000. The RCF may be issued and the proceeds utilized to fund either tax-exempt or taxable loans. As of June 30, 2023, of the \$300,000,000, \$19,902,784 of tax-exempt RCF loans and \$8,971,323 of taxable RCF loans were outstanding and \$271,125,893 was unused. As of June 30, 2022, of the \$300,000,000, \$119,947,265 of tax-exempt RCF loans and \$32,713,425 of taxable RCF loans were outstanding and \$147,339,310 was unused.

Events of Default

Debt issued and outstanding under the Higher Education Facilities Programs is secured by a payment from the annual financing charges by the Tennessee Board of Regents and the Board of Trustees of the University of Tennessee (the "Boards"). In the event the Authority has been notified that one of the Boards does not have sufficient funds to make a full payment, the Assistant Secretary to the Authority will notify the Commissioner of Finance and Administration that the Board has failed to pay and request the Commissioner to intercept sufficient available appropriations. The Commissioner will, within one business day, notify his accounting staff to withhold the Legislative appropriations as may be required to make the Board whole with respect to the unpaid annual financing charges.

Debt issued and outstanding under the Qualified School Construction Bond Program is secured by a monthly payment from each borrower. A borrower is a Local Government Unit. In the event a borrower has failed to make a loan repayment in full, the Assistant Secretary to the Authority will notify the Commissioner of Finance and Administration that the borrower has failed to pay and request the Commissioner to intercept sufficient available state-shared taxes to the borrower. The Commissioner will notify the Division of Accounts, to withhold the state-shared taxes due and payable to the Local Government Unit starting with the payment due to the Local Government Unit on the 20th day of the current month in the amount of the unpaid loan payment to the Authority. The Division of Accounts will deposit such available state-shared taxes, as soon as available, with the representatives of the TSSBA and prior to releasing any remaining funds to the Local Government Unit. The Division of Accounts will continue such monthly deposits to the Authority's account until notified by the Commissioner of Finance and Administration that the Local Government Unit is current on all of its obligations to the TSSBA. The TSSBA will use the proceeds of the state-shared tax intercept to timely fund debt service and sinking fund payments due on the Bond Debt Service Payment Dates and to fully fund the Local Government Unit's portion of the Sinking Fund.

Tennessee State School Bond Authority
Notes to the Financial Statements (cont.)
June 30, 2023, and June 30, 2022

If the Authority should default in the payment of the principal, sinking fund installments, or interest the bond resolutions contain a provision that the Trustee may proceed, (1) by suit, action or proceeding at law or in equity in any court of competent jurisdiction, enforce all rights of the Bondowners, including the right to require the Authority to enforce the Agreements and collect the Annual Financing Charges and Legislative Appropriations payable thereunder, or to carry out any other covenant or agreement with Bondowners under the Resolution and to perform its duties under the Act, the Agreements and the Resolution; (2) bring suit upon the Bonds; (3) by action or suit, require the Authority to account as if it were the trustee of an express trust for the Owners of the Bonds; (4) by action or suit, enjoin any acts or things which may be unlawful or in violation of the rights of the Owners of the Bonds; or (5) in accordance with the provisions of the Act, declare all Bonds due and payable, and if all defaults shall be made good, then, with the written consent of the Owners of not less than twenty-five per centum (25%) in principal amount of the Outstanding Bonds, to annul such declaration and consequences, but no such annulment shall extend to or effect any subsequent default or impair or exhaust any right or power consequent thereon.

NOTE 6. UNEARNED REVENUE

Changes in unearned revenue for the years ended June 30, 2023, and June 30, 2022, are as follows (expressed in thousands):

	Balance July 1, 2022		Additions	Reductions	Balance June 30, 2023	
Prepaid Interest	\$	2,172	\$	2,201	\$	2,172

Prepaid Interest	\$	2,173	\$	2,172	\$	2,173
Total unearned revenue	\$	2,173	\$	2,172	\$	2,172

NOTE 7. SUBSEQUENT EVENTS

The September 15, 2023, federal interest subsidy payment for the 2010 QSCBs was reduced by 5.7%, or \$293,331, as a part of the Budget Control Act of 2011. On September 24, 2020, the Internal Revenue Service announced that federal subsidy payments would be reduced by the 5.7% sequestration rate during the 2021-2030 federal fiscal years.

As of November 15, 2023, the Authority has \$19,902,784 outstanding in tax-exempt RCF loans and \$8,971,323 in taxable RCF loans. Between June 30, 2023, and November 15, 2023, the Authority has not drawn any RCF loans to pay construction expenditures.

ALLOCABLE DEBT TO BORROWERS

The Tennessee State School Bond Authority (“Authority”) is a corporate governmental agency and instrumentality of the State of Tennessee which was created to provide a means of financing projects for its borrowers through the issuance of debt. The Authority consists of three different programs: Higher Education Facilities Program, Qualified Zone Academy Bond Program, and Qualified School Construction Bond Program. The following charts present each borrower’s allocable amount of the outstanding debt of each program under the Authority. The allocable debt to the borrower is equal to the amount of outstanding loans to the borrowers. The allocable debt would not include certain debt proceeds issued by the Authority that are held on deposit for the borrowers in the form of debt service reserve funds, capitalized interest funds, and unspent construction funds. In addition, the allocable debt would not include borrowers’ debt service payments held on deposit in sinking funds. Amounts held on deposit are available for the Authority to pay debt service when needed.

The following charts present the allocable debt for each borrower on a per capita basis. In the case of the Higher Education Facilities Program, this amount is expressed on a per student basis – as measured by the Fall Term Full-Time Enrollment (“FTE”) of each respective higher education institution. In the case of the Qualified Zone Academy Bonds Program and Qualified School Construction Bonds Program, this amount is expressed on a per resident basis for the county of each respective school district.

ALLOCABLE DEBT TO BORROWERS PER FTE* HIGHER EDUCATION FACILITIES PROGRAMS FOR THE LAST TEN YEARS

(Expressed in Thousands)				
Fiscal Year	University of Tennessee		Tennessee Board of Regents	
	Total Allocable Debt	Debt Per FTE	Total Allocable Debt	Debt Per FTE
2023	\$ 1,057,855	\$ 21.46	\$ 726,776	\$ 6.37
2022	1,049,727	22.41	754,405	6.55
2021	1,085,715	23.33	764,032	6.26
2020	1,063,460	23.29	758,467	5.84
