SECOND PROGRAM BONDS
\$164,290,000 2025 SERIES A
\$53,645,000 2025 SERIES B (FEDERALLY TAXABLE)**

INTRODUCTION

The purpose of this Official Statement (including the cover and inside cover pages hereof and the Appendices hereto) is to set forth information concerning (i) the Tennessee State School Bond Authority (the “Authority”), (ii) the Board of Trustees of The University of Tennessee (the “Board of Trustees”), (iii) the Tennessee Board of Regents of the State University and Community College System of the State of Tennessee (the “Board of Regents”), (iv) the Institutions (as defined below), and (v) the Authority's \$164,290,000 aggregate principal amount of Higher Educational Facilities Second Program Bonds, 2025 Series A (the “2025A Bonds” and \$53,645,000 aggregate principal amount of Higher Educational Second Program Bonds, 2025 Series B (Federally Taxable) (the “2025B Bonds”). The 2025A Bonds and the 2025B Bonds are referred to herein collectively as the “Offered Bonds.” The Board of Trustees and the Board of Regents are referred to collectively as the “Boards.” “Institutions” consist of (i) the University of Tennessee system, including all of its branches and divisions wherever located, and the services, programs and activities provided therein, and the Board of Trustees, in the aggregate, and (ii) the State University and Community College System, including all of its constituent institutions, wherever located (whether or not conferring degrees), and the services, programs and activities provided therein, and the Board of Regents, in the aggregate. For further information regarding the Boards and Institutions see “TENNESSEE PUBLIC HIGHER EDUCATION – General.”

The capitalization of any word not conventionally capitalized and not otherwise defined herein indicates that such word is defined in the Glossary of Certain Terms attached hereto as Appendix C, in the Resolution (as defined herein), or in the Financing Agreements (as defined herein).

The Offered Bonds will be issued pursuant to the Tennessee State School Bond Authority Act, as amended, Sections 49-3-1201 *et seq.*, Tennessee Code Annotated (the “Act”); the Higher Educational Facilities Second Program General Bond Resolution adopted by the Authority on April 27, 1998, as amended July 26, 2004, and May 9, 2013, authorizing the issuance thereunder from time to time of Higher Educational Facilities Second Program Bonds (the “Bonds”); and a Supplemental Resolution adopted by the Authority on March 24, 2025, authorizing and providing for the issuance of the Offered Bonds (such General Bond Resolution as amended and supplemented from time to time, including by such Supplemental Resolution, the “Resolution”). For a “SUMMARY OF CERTAIN PROVISIONS OF THE RESOLUTION,” see Appendix E.

The Act empowers the Authority, among other things, to issue its bonds and notes to obtain funds, or to refund its bonds or notes issued to obtain funds, to finance higher education facilities (as defined in Appendix C, the “Projects”) for the purposes of the Institutions and the Boards.

A portion of the proceeds of the Offered Bonds will be used to prepay the principal (approximately \$132,007,622) of the loans outstanding under a Revolving Credit Agreement dated May 1, 2024 (the “Revolving Credit Agreement”), by and between the Authority and Bank of America, N.A. (the “Bank”) with respect to certain Projects and to finance additional costs of certain of such Projects and costs of other Projects. All loans under the Revolving Credit Agreement are referred to herein collectively as “Revolving Credit Loans.” For a description of the Revolving Credit Agreement, see “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS – Subordinated Obligations; Revolving Credit Agreement.” The remaining proceeds will be applied as described in “PURPOSES OF THE OFFERED BONDS –Application of the Offered Bond Proceeds.”

The Offered Bonds will be payable and secured under the Resolution on a parity with all other Bonds heretofore and hereafter issued pursuant to the Act and the Resolution, except as described herein with respect to the Debt Service Reserve Fund or otherwise as permitted by the Resolution. Currently, the aggregate principal amount of Bonds which may be issued under the Resolution is not limited by law or the Resolution. As of March 31, 2025, \$1,820,175,000 (unaudited) aggregate principal amount of Bonds was outstanding, adjusted to include the Offered Bonds. In addition, as of March 31, 2025, the Authority had \$171,374,107 (unaudited) aggregate principal amount of the Revolving Credit Loans outstanding, which included \$3,549,871 not yet allocated to Institutions and the Revolving Credit Loans that will be prepaid by the Offered Bonds. See “THE AUTHORITY – Outstanding Indebtedness of the Authority.”

The Bonds, including the Offered Bonds, constitute special obligations of the Authority. The principal, Sinking Fund Installments, if any, and Redemption Price of and interest on the Bonds shall be payable solely from and secured by the Annual Financing Charges, Legislative Appropriations, and other moneys and securities held or set aside under the Resolution, subject to the application thereof to the purposes and on the conditions permitted by the Resolution.

The Authority and each Board have entered into a separate Second Program Financing Agreement dated as of November 1, 1997, as amended (each, a “Financing Agreement”). The Financing Agreements obligate the Authority to use its best efforts to finance Projects for the respective Boards under certain terms and conditions. Annual Financing Charges payable with respect to a Project (including debt service on the portion of the Bonds issued for that Project) are required under the Financing Agreements to be paid by the Boards, as and when the same become due, only from Fees and Charges collected by or on behalf of the Institution for which the project was financed and, if necessary, from Legislative Appropriations for the operation and maintenance of such Institution as described herein. See “SECURITY FOR THE PAYMENT OF THE BONDS – Annual Financing Charges; Fees and Charges” and “– Legislative Appropriations.” Under each Financing Agreement, the relevant Board covenants and agrees to establish and collect Fees and Charges at each Institution at a level sufficient to produce in each Fiscal Year no less than two times the amount required for the payment of the aggregate (without duplication) of (i) all Annual Financing Charges in such Fiscal Year payable with respect to all Projects for the Institution, plus (ii) the aggregate of all prior charges, pledges, liens and claims on or payable from said Fees and Charges in such Fiscal Year with respect to the Institution.

The Offered Bonds are not currently secured by any debt service reserve and the Authority has no present intent to fund such a reserve at a later date. See “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS – Debt Service Reserve Fund.”

The Financing Agreements and the Resolution constitute the second and only presently available Authority loan program for the Boards.

For a summary of the provisions of the Financing Agreements, see Appendix D – “SUMMARY OF CERTAIN PROVISIONS OF THE FINANCING AGREEMENTS.” For a discussion regarding the security and sources of payment for the Offered Bonds, see “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS.”

Optional Redemption – 2025B Bonds. The 2025B Bonds maturing on or after November 1, 2035, are subject to optional redemption prior to their stated maturities from any available moneys, at any time on and after November 1, 2034, as a whole, or in part from time to time in any order of maturity determined by the Authority, at a Redemption Price equal to the principal amount of such 2025B Bonds or portions thereof to be redeemed, together with the interest accrued on such principal amount to the date fixed for redemption.

The redemption price of such 2025B Bonds to be redeemed will be determined by an independent accounting firm, investment banking firm or financial advisor retained by the Authority to calculate such redemption price. The Authority may conclusively rely on the determination of such redemption price by such independent accounting firm, investment banking firm or financial advisor and will not be liable for such reliance.

	<u>\$ 15,765,000</u>

Selection of the 2025A Bonds to be Redeemed. If less than all of the 2025A Bonds of a maturity are to be redeemed, the particular 2025A Bonds or portions thereof of such maturity to be redeemed shall be selected by the Registrar in any manner which it deems fair and appropriate. For so long as a book-entry only system is in effect with respect to the 2025A Bonds and DTC or a successor securities repository is the sole registered owner of such 2025A Bonds, in the event of a redemption of less than all of the 2025A Bonds of a maturity, the particular ownership interests of the 2025A Bonds of such maturity to be redeemed shall be selected by DTC and Direct DTC Participants and Indirect DTC Participants, or by any such successor securities depository or any other intermediary, in accordance with their respective operating rules and procedures. In the event of a partial redemption, DTC’s rules and procedures currently provide for the redemption to be processed by random lottery. Any failure of DTC or its successor, or of a Direct DTC Participant or Indirect DTC Participant, or any other intermediary, to make such selection, or to make or fail to make any such selection in any particular manner, will not affect the sufficiency or the validity of the redemption of the 2025A Bonds. See Appendix F- “BOOK-ENTRY ONLY SYSTEM.”

Selection of the 2025B Bonds to be Redeemed. If less than all of the 2025B Bonds of a maturity are to be redeemed, the 2025B Bonds of such maturity shall be redeemed pro rata as nearly as practicable (in integral multiples of \$5,000) in the proportion that the principal amount of the outstanding 2025B Bonds of such maturity owned by each registered owner bears to the aggregate principal amount of the outstanding 2025B Bonds of such maturity. For so long as a book-entry only system is in effect and DTC or a successor securities repository is the sole registered owner of the 2025B Bonds, in the event of a redemption of less than all of the 2025B Bonds of a maturity, the particular ownership interests of the 2025B Bonds of such maturity to be redeemed shall be selected by DTC and Direct DTC Participants and Indirect DTC Participants, or by any such successor repository or any other intermediary, in accordance with their respective operating rules and procedures. To the extent practicable, the Paying Agent will request that DTC select the amount of such interests of 2025B Bonds to be redeemed on a pro rata pass-through distribution of principal basis in integral multiples of \$5,000 in accordance with DTC procedures then in

effect. The Authority can provide no assurance that DTC or its successor, Direct DTC Participants and Indirect DTC Participants, or any successor repository or any other intermediary will allocate the redemption of 2025B Bonds on such basis. If, at the time of redemption of the 2025B Bonds, either (i) the operational arrangements of DTC do not allow for the redemption of the 2025B Bonds on a pro rata pass-through distribution of principal basis, or (ii) the Paying Agent has failed to notify DTC that the 2025B Bonds to be redeemed are to be redeemed pursuant to DTC's pro rata pass-through distribution of principal procedures, or has failed to furnish to DTC the factor to be applied by it in determining the pro rata allocation of the principal to be redeemed, then in each such case the 2025B Bonds of such maturity to be redeemed may be selected in accordance with DTC operating rules and procedures, which currently provide for the redemption to be processed by random lottery. Any failure of DTC or its successor, or of a Direct DTC Participant or Indirect DTC Participant, or of any other intermediary, to make such selection or proportional allocation, for whatever reason, will not affect the sufficiency or the validity of the redemption of 2025B Bonds. See Appendix F- "BOOK-ENTRY ONLY SYSTEM."

Notice of Redemption. Notice of redemption is to be mailed not less than 30 days prior to the redemption date, to the Owner of each Offered Bond to be redeemed at the address that appears on the registration books, but failure to receive any such notice shall not affect the validity of the redemption proceedings. Any notice of redemption may provide that such redemption is conditional on the availability of sufficient moneys to pay the Redemption Price, plus interest accrued and unpaid to the redemption date.

For so long as a book-entry only system is in effect with respect to the Offered Bonds, the Registrar will give notice of redemption to DTC or its nominee or its successor. See Appendix F- "BOOK-ENTRY ONLY SYSTEM." Any failure of DTC or its successor, or of a Direct DTC Participant or Indirect DTC Participant, or any other intermediary, to notify a beneficial owner of an Offered Bond of any redemption will not affect the sufficiency or the validity of the redemption of such Offered Bond. Neither the Authority, nor the Trustee or Registrar, can give any assurance that DTC or its successor, the Direct DTC Participants or the Indirect DTC Participants, or any other intermediary, will distribute such redemption notices to the beneficial owners of the Offered Bonds, or that they will do so on a timely basis.

SECURITY AND SOURCES OF PAYMENT FOR THE BONDS

The Bonds, including the Offered Bonds, constitute special obligations of the Authority. The principal, Sinking Fund Installments, if any, and Redemption Price of and interest on the Bonds shall be payable solely from the Annual Financing Charges, Legislative Appropriations and other moneys and securities held or set aside under the Resolution, subject to the application thereof to the purposes and on the conditions permitted by the Resolution. The Annual Financing Charges and Legislative Appropriations, and all rights under the Financing Agreements or otherwise to receive the same, and all moneys and Investment Obligations credited to the Funds and Accounts established by the Resolution, are pledged for the payment of the principal, Sinking Fund Installments, if any, and Redemption Price of and interest on the Bonds in accordance with the Resolution, subject only to the provisions of the Resolution permitting the application thereof for the purposes and on the terms and conditions set forth in the Resolution. All covenants and agreements set forth in the Resolution to be performed on behalf of the Authority shall be for the equal benefit, protection and security of the Owners of all of the Bonds, except as expressly provided in or permitted by the Resolution. **The Authority has elected to establish a separate account in the Debt Service Reserve Fund solely for the Offered Bonds, but with no current funding requirement. Accordingly, the Offered Bonds will not be secured by a funded debt service reserve. See "Debt Service Reserve Fund" below.**

The definition of "Institution" contained in the Act was amended by Chapter 174, Public Laws of 2013 and, the definitions of "Institution" contained in the Resolution and in the Financing Agreements with the Board of Regents and the Board of Trustees, respectively, relating to that definition, have been amended accordingly. These amendments apply to all of the Authority's currently outstanding Higher Educational Facilities Second Program Bonds as well as those to be issued (including the Offered Bonds). See "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS - 2013 Amendments to the Act, the Resolution and the Financing Agreements", Appendix C - "GLOSSARY OF CERTAIN TERMS", Appendix D - "SUMMARY OF CERTAIN PROVISIONS OF THE FINANCING AGREEMENTS - Amendment", and Appendix E - "SUMMARY OF CERTAIN PROVISIONS OF THE RESOLUTION - Supplemental Resolution; Amendments" (clause (8) of the first paragraph).

THE OFFERED BONDS ARE SPECIAL OBLIGATIONS OF THE AUTHORITY PAYABLE SOLELY FROM THE SOURCES PROVIDED IN THE RESOLUTION AND NEITHER THE FAITH AND CREDIT NOR THE TAXING POWER OF THE STATE, ANY POLITICAL SUBDIVISION OF THE STATE OR THE AUTHORITY IS PLEDGED TO THE PAYMENT OF THE PRINCIPAL OR REDEMPTION PRICE OF, OR INTEREST ON, THE OFFERED BONDS.

THE AUTHORITY HAS NO TAXING POWER.

Financing Agreements

The Authority and each Board have entered into a Financing Agreement. The Financing Agreements obligate the Authority to use its best efforts to finance Projects for the respective Boards under certain terms and conditions. The Financing Agreements also obligate the

Boards to pay to the Authority Annual Financing Charges sufficient, among other things, to provide for the payment of debt service on the Bonds. Annual Financing Charges payable with respect to a Project are required to be paid by the Board only from Fees and Charges of the Institution for which the project was financed. The Boards are required to establish and collect fees and charges at the Institution at a level sufficient to produce in each Fiscal Year not less than two times the amount required for the payment of, among other things, all Annual Financing Charges payable in such Fiscal Year with respect to all Projects for the Institution. The Annual Financing Charges required of the Institution also are payable, if necessary, from Legislative Appropriations for the operation and maintenance of the Institution. See “Legislative Appropriations” below.

Annual Financing Charges; Fees and Charges

The Financing Agreements require that as long as any Debt (including the Offered Bonds) remains outstanding for any Project, Annual Financing Charges shall be established and revised by the Authority from time to time in such amounts, payable at such times, as shall at all times be sufficient to enable the Authority to (i) pay the principal of and premium, if any, and interest on such Debt as and when the same become due and payable, (ii) pay or replenish reserves therefor as and when required by the Resolution, and (iii) make any other payments required to be made by or on behalf of the Authority under or pursuant to the Resolution.

The Boards are required by the Financing Agreements to pay to the Authority all Annual Financing Charges in such amounts, at such times, in such manner and at such places as shall be specified in writing from time to time by the Authority. It is the current policy of the Authority that the Boards make payments to the Authority at least 5 days prior to their respective due dates. This policy may be changed by the Authority in a manner consistent with the immediately preceding sentence and paragraph. Under the Financing Agreements, the obligation of the Boards to pay Annual Financing Charges is absolute and unconditional, and Annual Financing Charges are required to be paid in full without set-off or counterclaim.

The Boards covenant and agree in the Financing Agreements to establish and collect Fees and Charges at each Institution at a level sufficient to produce in each Fiscal Year no less than two times the amount required for the payment of the aggregate (without duplication) of (i) all Annual Financing Charges in such Fiscal Year payable with respect to all Projects for the Institution, plus (ii) the aggregate of all prior charges, pledges, liens and claims on or payable from said Fees and Charges in such Fiscal Year with respect to the Institution.

Annual Financing Charges payable with respect to a Project (including debt service on the portion of the Bonds issued for that Project) are required under the Financing Agreements to be paid by the Boards, as and when the same become due, only from Fees and Charges of the Institution. “Fees and Charges” means all revenues, fees, rentals and other charges received by or on behalf of an Institution which are available to pay Annual Financing Charges. See Appendix B – “TSSBA SELECTED STATISTICAL INFORMATION” for a description of the Institutions for which Projects are being financed with the proceeds of the Offered Bonds and for detail regarding each Institution’s historical statement of collection of Fees and Charges, as well as the debt service on Bonds attributable to such Institution.

Each Institution’s total Fees and Charges and Legislative Appropriations (see “Legislative Appropriations” below) may be used to pay costs of operating and maintaining such Institution as well as the Annual Financing Charges. Each Board may pledge, assign or otherwise use or encumber any Fees and Charges relating to an Institution to obligations of the Institution or of the Board in addition to the Bonds if the aggregate of the Fees and Charges collected by the Institution in the preceding Fiscal Year is no less than two times the amount required for the payment of the aggregate (without duplication) of (i) the maximum amount of the Annual Financing Charges payable and projected to be payable with respect to all Projects for the Institution in any succeeding Fiscal Year, plus (ii) the aggregate of all prior charges, pledges, liens and claims on or payable from said Fees and Charges with respect to the Institution in any succeeding Fiscal Year.

The Financing Agreements also require that, in addition to Annual Financing Charges, the Authority may establish and revise from time to time, and the Boards shall apply Fees and Charges from their respective Institutions to pay fees (“Administrative Fees”) to compensate the Authority for costs relating to (i) the issuance and payment of Debt and (ii) the administration of the Financing Agreements and the Resolution.

Legislative Appropriations

In accordance with the Act, the Financing Agreements provide that if any Annual Financing Charges or Administrative Fees shall not be paid by a Board when due and payable with respect to a Project, or if the Board shall notify the Authority of any inability to make such payment from Fees and Charges, then the Board shall deduct from the amounts appropriated by the General Assembly of the State of Tennessee (the “General Assembly”) for the operation and maintenance of the respective Institution and pay to the Authority such amount or amounts as may be required to make the Board current with respect to the unpaid Annual Financing Charges and Administrative Fees. The Boards also agree in the Financing Agreements that the Commissioner of Finance and Administration, or his successor, after notice from the Authority that the respective Board has failed to pay Annual Financing Charges or Administrative Fees due and payable with respect to a Project, shall, to the extent permitted by law, deduct from the amounts appropriated by the General Assembly for the operation and

maintenance of the respective Institution the amount or amounts as may be required to make the Board current with respect to the unpaid Annual Financing Charges and Administrative Fees. The Authority has established and tested detailed procedures for ensuring that these deductions will be made in a manner that ensures the timely payment of debt service. It has not been necessary, to date, to utilize these procedures.

A significant source of funding for the State's public institutions of higher education has been and continues to be annual appropriations made by the General Assembly. See "Statement of Fees/Charges, Legislative Appropriations and Debt Service for the Last Ten Years" in Appendix B and "TENNESSEE PUBLIC HIGHER EDUCATION." However, the General Assembly is under no obligation to continue to make appropriations for the operation and maintenance of any Institution or of the Institutions generally, or to do so in any particular amount. See, however, "Statutory Covenant" and "Additional Bonds" below. The State of Tennessee (or "State") is not liable on the Bonds and the Bonds are not a debt of the State.

Under the State Constitution, public money may be expended only pursuant to an appropriation made by law. Such expenditures include, but are not limited to, funding any judgment in the Tennessee Claims Commission as discussed below under - "Certain State Law Bondowner Remedies." The General Assembly in 2001 confirmed that the earnings, revenues, and assets of the Authority are continuously appropriated for expenditures authorized by or pursuant to the Act, which includes debt service on Second Program Bonds and Revolving Credit Loans. That legislation also confirmed that the earnings, revenues or other assets of any public higher education entity whose contracts or agreements support the payment of the Authority's debt service are continuously appropriated for expenditures in accordance with or pursuant to such contracts or agreements which include the Financing Agreements. The Authority can provide no assurance as to the continuation of these continuing appropriations.

Statutory Covenant

In accordance with the provisions of the Act, the Authority, on behalf of the State, in the Resolution pledges to and agrees with the Owners of the Bonds that the State will not limit or alter the rights vested by the Act in the Authority to fulfill the terms of any agreements made with Bondowners, or in any way impair the rights and remedies of such Bondowners until the Bonds, together with the interest thereon, with interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of such Bondowners, are fully met and discharged.

Flow of Funds

All Annual Financing Charges and Legislative Appropriations held or collected by the Authority are required by the Resolution to be deposited to the General Fund established under the Resolution, which shall be held by the State Treasurer or, at the direction of the State Treasurer, a separate custodian. However, in lieu of such deposit, the Authority may direct and cause any Board to transmit directly to the Trustee any amount of Annual Financing Charges and Legislative Appropriations payable by such Board that is required to be transferred by the Authority to the Trustee in the amounts and by the times required for purposes of the Debt Service Fund or Debt Service Reserve Fund.

All moneys credited to the General Fund shall be applied by the Authority in the following manner and order:

First, the Authority shall transfer to the Debt Service Fund such sums as are required to be deposited therein under the Resolution after giving effect to any such direct deposit; and

Second, the Authority shall transfer to the Debt Service Reserve Fund such sums as are required to be deposited therein pursuant to the Resolution after giving effect to any such direct deposit; provided, however, that no transfer shall be required prior to the date required, notwithstanding that as a result, lower priority transfers (described in the following paragraph) may be made at any time prior to higher priority transfers that could be but are not required to be made at the same time.

Any moneys credited to the General Fund in any month and not applied in such month, or required or otherwise expected to be applied thereafter in such month or in the next succeeding month, may be used for any lawful purpose of the Authority including, but not limited to, the payment of the principal of and premium, if any, and interest on Subordinated Obligations, the establishment of reserves for such payment, the payment or reimbursement of Administrative Expenses of the Authority, or the purchase or redemption of Bonds or Subordinated Obligations.

The Debt Service Fund shall be held by the Trustee or at the option of the Authority, unless there shall exist an Event of Default, by the State Treasurer or, at the direction of the State Treasurer, a separate custodian; it is currently being held by the Trustee. Moneys credited to the Debt Service Fund shall be deposited in the following amounts and order of priority, except that deposits from excess Construction Fund moneys shall be applied as directed by the Authority:

First, at least one Business Day prior to each interest payment date, there shall be deposited in the Debt Service Fund an amount equal to, and which shall be applied to the payment of, the interest becoming due on the Outstanding Bonds on such interest payment date;

Second, at least one Business Day prior to each principal payment date, there shall be deposited in the Debt Service Fund an amount equal to, and which shall be applied to the payment of, the principal amount of Bonds (including the principal amount of any Put Bonds tendered for payment by the Authority and not purchased in lieu of redemption prior to the redemption date thereof) of the Outstanding Serial Bonds becoming due on such principal payment date; and

Third, at least one Business Day prior to each Sinking Fund Payment Date for the Term Bonds, there shall be deposited in the Debt Service Fund an amount equal to, and which shall be applied to the payment of, the Sinking Fund Installments becoming due upon the redemption of such Term Bonds on such Sinking Fund Payment Date.

Debt Service Reserve Fund

General

The Resolution establishes a Debt Service Reserve Fund for the payment of all Series of Bonds, with a separate Debt Service Reserve Account therein for each Project financed, as described below. The Resolution also permits the Authority to establish a separate account in the Debt Service Reserve Fund to be applied solely to the payment of a particular Series of Bonds and to establish the requirements for that separate account; however, there is no requirement that such separate account in the Debt Service Reserve Fund be funded. Such separate account, if funded, would secure only the Series of Bonds for which it was created and the related Series of Bonds would not have access to any other accounts in the Debt Service Reserve Fund. The Debt Service Reserve Fund shall be held by the Trustee or, at the option of the Authority, unless there shall exist an Event of Default, by the State Treasurer or, at the direction of the State Treasurer, a separate custodian. It is currently being held by the Trustee.

No Debt Service Reserve for the Offered Bonds and Certain Other Bonds

The Authority has elected to establish a separate account in the Debt Service Reserve Fund solely for the Offered Bonds, but with no current funding requirement. Accordingly, the Offered Bonds do not have a funded debt service reserve account. Specifically, the Offered Bonds shall have no claim or lien on, nor shall any Offered Bonds be payable from, any accounts in the Debt Service Reserve Fund, except from the separate account established for the Offered Bonds to the extent that such account may be funded in the future, although the Authority is under no obligation to fund the accounts and has no present intent to provide such funding. The Authority's currently outstanding Higher Educational Facilities Second Program Bonds similarly have no funded debt service reserve accounts and requirements and the provisions of the preceding sentence apply to them as well.

Additional Bonds

Additional Bonds may be issued under the Resolution from time to time in Series, including refunding Outstanding Bonds, but only upon, among other things:

1. Receipt by the Trustee and the Registrar of a Counsel's Opinion to the effect that (i) the Authority has the right and power under the Act as amended to the date of such Opinion to adopt the Resolution (with such approvals as may be required by the Act as so amended), the Resolution has been duly and lawfully adopted by the Authority (and such approvals given), is in full force and effect and is valid and binding upon the Authority; (ii) the Resolution creates the valid pledge which it purports to create of the Annual Financing Charges, Legislative Appropriations, and all rights under the Agreements or otherwise to receive the same, moneys and securities held or set aside under the Resolution, subject to the application thereof to the purposes and on the conditions permitted by the Resolution; and (iii) the Bonds of such Series are valid and binding obligations of the Authority as provided in the Resolution, entitled to the benefits of the Resolution and of the Act as amended to the date of such Counsel's Opinion, and such Bonds have been duly and validly authorized and issued in accordance with the law, including the Act as amended to the date of such Counsel's Opinion, and in accordance with the Resolution.

2. Receipt by the Trustee and the Registrar of a certificate of the Authority stating that:

- (a) the principal amount of the Bonds then to be issued, together with the principal amount of the Bonds theretofore issued, will not exceed in aggregate principal amount any limitation thereon imposed by law;
- (b) the Authority is not in default in the performance of any other covenants, conditions, agreements or provisions contained in the Resolution, including but not limited to that there is no deficiency in the amounts required by the Resolution to be paid into the Debt Service Fund except, in the case of Refunding Bonds, if, upon the application of the proceeds of such Bonds or upon the issuance and delivery of such Bonds, all such defaults shall be cured;
- (c) the amount on deposit in the Debt Service Reserve Fund, upon the issuance and delivery of any such Series of Bonds, shall not be less than the Debt Service Reserve Requirement;
- (d) the Financing Agreements obligate the Boards to pay, in the aggregate, Annual Financing Charges with respect to Projects for which Bonds have been issued and the additional Bonds being issued sufficient in amount, together with capitalized interest, to pay as the same shall become due the principal, Sinking Fund Installments, if any, and Redemption Price, if applicable, of and interest on the Bonds then Outstanding and the additional Bonds being issued; and
- (e) the provisions of the Act authorizing the Boards to deduct from amounts appropriated by the General Assembly for the operation and maintenance of the Institution for which each Project is undertaken and pay to the Authority such amount or amounts as may be required to make up any deficiencies in the Fees and Charges and other moneys available for the purpose of paying Annual Financing Charges due the Authority have not been repealed or amended to the detriment of Bondowners.

Additional Bonds are required to be authorized by Supplemental Resolution, which may delegate to authorized officers the power to determine, supplement, modify or amend specified details of such Bonds by means of a Series Certificate, which shall be filed with the Trustee and deemed for all purposes of the Resolution to have been adopted by the Authority and to be a part of the Supplemental Resolution to which it relates.

Additional Bonds may take the form of and have features incident to, among other things, Capital Appreciation Bonds, Variable Interest Rate Bonds, or Put Bonds, and in connection with the issuance of any Bonds the Authority may enter into Credit Facilities and Qualified Swaps. For a description of certain related provisions that may be included in Supplemental Resolutions, see Appendix E - "SUMMARY OF CERTAIN PROVISIONS OF THE RESOLUTION - Certain Provisions Relating to Credit Facilities, Qualified Swaps and Other Arrangements."

Qualified Swaps

In connection with the issuance of a Series of Bonds or at any time thereafter so long as a Series of Bonds remains Outstanding, the Authority may, to the extent from time to time permitted pursuant to law, enter into Qualified Swaps relating to such Bonds. The Authority's obligation to make any payment under any Qualified Swap may be secured by a pledge of, and a lien on, the items pledged in the Resolution for the security of the Bonds on a parity with the lien created by the Resolution or be payable from or secured by amounts on deposit in the Debt Service Fund or Debt Service Reserve Fund, or shall constitute Subordinated Obligations payable from the General Fund, as determined by the Authority; provided, however, that any optional or mandatory termination payments shall constitute Subordinated Obligations. If a Qualified Swap is payable from and/or secured by the Debt Service Fund and Debt Service Reserve Fund, the Authority may provide by Supplemental Resolution for a recalculation of the Debt Service Reserve Requirement for any Bonds to take into account the Authority's debt service payment obligations on such Bonds as affected by such Qualified Swap. The Authority has not entered into any Qualified Swaps and has no current plans to do so.

Subordinated Obligations; Revolving Credit Loans

Revolving Credit Loans under the Revolving Credit Agreement constitute Subordinated Obligations under the Resolution.

The Revolving Credit Agreement permits Revolving Credit Loans thereunder from time to time (and prepayments and reborrowings) in an aggregate principal amount outstanding at any time not to exceed \$300,000,000 to fund Project Costs and certain other limited purposes; however as of April 1, 2024, the available amount is \$200,000,000 and is subject to increase or decrease up to the \$300,000,000 to fund Project Costs and certain other limited purposes. Generally, the Revolving Credit Agreement is intended to provide interim financing in anticipation of the issuance of Bonds, although in some cases the Authority may retire loans from other available sources.

The commitment of the Banks under the Revolving Credit Agreement to fund Revolving Credit Loans expires May 28, 2027, unless that period is extended pursuant to the terms of the Revolving Credit Agreement (the “Commitment Expiration Date”). Revolving Credit Loans outstanding on the Commitment Expiration Date may be converted to term loans amortizing, in approximately equal principal installments, over a period ending with the earliest to occur of (i) the third anniversary of the conversion, (ii) the date other debt is issued to repay the term loans, and (iii) with respect to any loan that has been converted to a term loan, the eighth anniversary of the original loan. Revolving Credit Loans prior to conversion to term loans bear interest at 80% of one-month Term SOFR, plus a ratings-based spread, for tax-exempt loans, and at one-month TERM SOFR plus a ratings-based spread for taxable loans. Term loans initially bear interest at a fluctuating rate equal to the greatest of (i) the Bank’s prime rate plus 1%, (ii) the Federal Funds Rate plus 2% or (iii) 7% (the “Base Rate”), plus 1%. If the Authority’s long-term unenhanced Bond rating is reduced below the Baa1/BBB+, or in the event of an event of default, interest is payable at the Base Rate plus 4%. Interest on the loans is payable monthly. The Bank has several available remedies under the Revolving Credit Agreement upon an event of default thereunder, including acceleration of loans.

On March 31, 2025, the Authority had \$171,374,107 (unaudited) aggregate principal amount of Revolving Credit Loans outstanding, which includes \$3,549,871 not yet allocated to Institutions, a portion of which will be prepaid with proceeds of the Offered Bonds as described in “PURPOSES OF THE OFFERED BONDS”.

Certain State Law Bondowner Remedies

The State has waived the Authority’s immunity from suit and extended its consent to be sued for actions on the Bonds, but has not done so for other contractual obligations of either the Authority or the Boards, including the Financing Agreements. Current State law provides that monetary claims against the State (including, for this purpose, the Authority and the Boards) for breach of its contractual obligations and certain other causes where sovereign immunity has been waived may be heard and determined exclusively in the forum of the Tennessee Claims Commission, an administrative tribunal, where the Authority or the Boards may be liable only for actual damages and certain costs.

Under the State Constitution, public moneys may be expended only pursuant to an appropriation made by law. Sovereign immunity or other legal principles may bar actions to compel the General Assembly to appropriate moneys or to compel the payment of appropriated moneys.

For a description of remedies available to Bondowners under the Resolution, see Appendix E – “SUMMARY OF CERTAIN PROVISIONS OF THE RESOLUTION – Remedies.”

Termination of Existence

The Governmental Entity Review Law provides for the termination of various governmental entities on specified dates, which in the case of the Authority is June 30, 2030, in the case of the Board of Regents is June 30, 2026, and in the case of the Board of Trustees is June 30, 2028. The law also provides that if the General Assembly does not extend the termination date of an entity, the existence of the entity will continue for an additional year without any diminution, reduction or limitation of its powers. However, the State is required to preserve the rights of the holders of any outstanding indebtedness of the entity at the time of termination and the obligations and rights of such entity shall accrue to the State.

2013 Amendments to the Act, the Resolution and the Financing Agreements

Legislation was enacted by the General Assembly at its 2013 session and signed into law by the Governor (Chapter 174, Public Laws of 2013) to amend the definition of “Institution” in the Act from “the University of Tennessee, including all of its branches and divisions wherever located, and each constituent institution of the state university and community college system described in § 49-8-101(a). Each constituent institution of the state university and community college system, whether or not it confers degrees, shall be deemed an institution of higher education for purposes of this part;” to “(i) the University of Tennessee system, including all of its branches and divisions wherever located, and the services, programs and activities provided therein, and the board of trustees of the University of Tennessee, in the aggregate, and (ii) the state university and community college system, including all of its constituent institutions, wherever located (whether or not conferring degrees), and the services, programs and activities provided therein, and the Board of Regents of the state university and community college system, in the aggregate.” This has the effect of the State University and Community College System being treated for purposes of the Act as a collective entity in the same way the University of Tennessee system previously was, and will continue to be, treated.

The definitions of “Institution” contained in the Resolution and in the Financing Agreement and other provisions of the Financing Agreement with the Board of Regents relating to that definition were amended accordingly, as permitted thereby, on May 9, 2013. See Appendix D – “SUMMARY OF CERTAIN PROVISIONS OF THE FINANCING AGREEMENTS – Amendment”; Appendix E – “SUMMARY OF CERTAIN PROVISIONS OF THE RESOLUTION – Supplemental Resolution; Amendments” (clause (8) of the first paragraph); and “ADDITIONAL INFORMATION; CONTINUING DISCLOSURE.”

The amendments described above apply to all of the Authority's currently outstanding Higher Educational Facilities Second Program Bonds as well as those to be issued (including the Offered Bonds). One principal effect of the amendments is to allow the Board of Regents to satisfy its obligation to pay Annual Financing Charges to the Authority with respect to all Projects from the Fees and Charges imposed by all of its constituent institutions, in the aggregate, instead of on an institution-by-institution basis as was previously the case. Another is that the deductions and payments to the Authority from Legislative Appropriations for non-payment by the Board of Regents of Annual Financing Charges or Administrative Fees with respect to a Project could be made from appropriations made by the General Assembly for the operation and maintenance of all of the constituent institutions of the State University and Community College System, as was previously, and will continue to be, the case with respect to the University of Tennessee system, and not just from the appropriations for the operation and maintenance of the particular constituent institution for which such Project was undertaken or used. Similarly, amounts appropriated for certain other services, programs and activities of both the Board of Regents and the Board of Trustees, and for the two Boards themselves, may be deducted and paid to the Authority in the event of non-payment under the respective Financing Agreements. See "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS – Legislative Appropriations." The amendments to the Financing Agreements also apply to the eligibility of Projects for financing by the Authority as described in Appendix D – "SUMMARY OF CERTAIN PROVISIONS OF THE FINANCING AGREEMENTS – Approval of Projects and Project Costs."

Included in "Coverage of Annual Financing Charges and Administrative Fees for the Long-Term Debt Secured By Financing Agreements – College and University Funds – For the Last Ten Years" in Appendix B is a calculation of coverage consistent with the amendments described above.

THE AUTHORITY

The Authority, created in 1965 under the Act, is a corporate governmental agency and instrumentality of the State. In addition to its authority to issue bonds and notes to finance Projects, the Authority in 1980 was empowered by the General Assembly to issue bonds or notes to provide funds for the making of student loans by the Tennessee Student Assistance Corporation. The principal amounts of such bonds or notes issued may not exceed \$5,000,000 and must be secured separate and apart from any bonds or notes of the Authority issued to provide funds to finance Projects. As of the date of this Official Statement, no bonds or notes have been issued for the making of student loans.

The Authority also is authorized to issue qualified school construction bonds ("QSCBs"), as defined in Section 54F of the Internal Revenue Code of 1986, as amended (the "Code"). QSCBs are issued under the provisions of the Authority's Qualified School Construction Bonds General Bond Resolution, which was adopted by the Authority on November 5, 2009, as supplemented (the "QSCB Resolution"), are not supported by either the First Program or Second Program Financing Agreements, and are not secured by either the First Program or Second Program General Bond Resolution. The proceeds of QSCBs are loaned to cities, counties and metropolitan governments in the State for construction, renovation and equipment of public school facilities. Under the QSCB program, each borrower executes a loan agreement pursuant to which it agrees to pay the principal of and interest on its loan and pledges to such payments its full faith and credit and unlimited taxing power and its Unobligated State-Shared Taxes in the event of non-payment by such borrower. For certain of the QSCBs, a federal income tax credit is given to bondholders in lieu of the payment of interest on bonds, and in certain other QSCBs an election is made by the Authority to receive direct interest subsidy payments from the United States Treasury, which, if not needed to cure defaults under loan agreements with the borrowers, are transferred to them. As of March 31, 2025, the total par amount of QSCBs outstanding was \$389,440,000 (unaudited), and the book value of pledged sinking fund accounts totaled \$368,471,719 (unaudited).

The Authority is also required to approve any borrowings consummated by the Board of Trustees, by the Board of Regents or by any of the Institutions, whether such borrowings are made through the Authority or independently.

Membership of the Authority

The powers of the Authority, as defined in the Act, are vested in and exercised by its members who consist of the Governor, the Comptroller of the Treasury, the Secretary of State, the State Treasurer, the Commissioner of Finance and Administration, the Chancellor of the Board of Regents, and the President of The University of Tennessee. The Governor serves as Chairman of the Authority, and the Comptroller of the Treasury serves as the Secretary.

The Comptroller of the Treasury, the Secretary of State, and the State Treasurer are the Constitutional Officers of the State and are elected from time to time by the General Assembly. The Commissioner of Finance and Administration serves at the pleasure of the Governor. The Chancellor of the Board of Regents and the President of The University of Tennessee serve at the pleasure of their respective Boards.

Outstanding Indebtedness of the Authority

For additional financial information concerning the Authority, see Appendix A hereto.

TENNESSEE PUBLIC HIGHER EDUCATION

General

Public higher education in Tennessee is coordinated by the Tennessee Higher Education Commission (the “Commission”) and consists of eight boards: The University of Tennessee system governed by the Board of Trustees and the State University and Community College system comprised of six state universities – Austin Peay State University, East Tennessee State University, Middle Tennessee State University, Tennessee State University, Tennessee Technological University, and University of Memphis (the “State Universities”) – governed by individual State University boards (subject to certain financial controls by the Board of Regents as described below) and 35 community colleges and state colleges of applied technology (the “Community College System”) governed by the Board of Regents.

The Commission consists of the three Constitutional Officers (the Comptroller of the Treasury, Secretary of State, and State Treasurer), six lay members with six-year terms appointed by the Governor, one lay member with a six-year term appointed by the Speaker of the Tennessee House of Representatives, one lay member with a six-year term appointed by the Speaker of the Tennessee Senate, one lay member with a six-year term appointed jointly by the Speaker of the Tennessee House of Representatives and the Speaker of the Tennessee Senate, and two student members appointed by the Governor for two-year terms (one from The University of Tennessee system and one not from The University of Tennessee system; one voting each year). It develops a statewide Master Plan used in making policy recommendations concerning such matters as the need for existing degree programs, the development of new degree programs, and the review of tuition and fees. The Commission is charged with conducting annual reviews and licensing non-accredited, degree-offering postsecondary educational institutions; has the responsibility for studying the use of public funds appropriated for higher education; and recommends the appropriation of state funds for public higher education institutions.

The Boards have entered into Second Program Financing Agreements, by which the Authority provides funding for Projects. See “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS.”

The University of Tennessee was founded in 1794 as Blount College. The University was designated in 1869 as the federal land-grant institution in Tennessee. The Board of Trustees is the governing body of The University of Tennessee. The University has five main campuses (Knoxville, Martin, Chattanooga, Southern and Health Science Center), with 33 colleges, schools, and divisions, and together with the Board of Trustees constitute a single “Institution” under the Act and the Board of Trustees’ Second Program Financing Agreement. Pursuant to Tennessee Code Annotated Title 49, Chapter 9, Section 103, the University of Tennessee is authorized to borrow money, incur debt and issue bonds, notes or other evidence of indebtedness for specified purposes, with the prior approval of the Authority.

The Board of Regents was created by the General Assembly in 1972. The Board of Regents governs the Community College System, which currently includes 13 community colleges and 22 Tennessee colleges of applied technology (“TCATs”). Institutions governed by the Board of Regents are: Chattanooga State Community College, Cleveland State Community College, Columbia State Community College, Dyersburg State Community College, Jackson State Community College, Motlow State Community College, Nashville State Community College, Northeast State Community College, Pellissippi State Community College, Roane State Community College, Southwest Tennessee Community College, Volunteer State Community College, and Walters State Community College, as well as the TCATs located throughout the State. The State University and Community College System and the Board of Regents constitute a single “Institution” under the Act and the Board of Regents’ Second Program Financing Agreement. Pursuant to Tennessee Code Annotated Title 49, Chapter 8, Section 203, none of the State Universities, or the Board of Regents, are authorized to borrow any monies, whether by bonds or notes, without prior approval of the Authority.

Prior to the FOCUS Act, 2016 Public Chapter 869, each of the State Universities were governed solely by the Board of Regents. Pursuant to the FOCUS Act, the State Universities are now governed by their own individual State University boards subject to certain powers and duties of the Commission. In addition, the Board of Regents has authority over and must give final approval to the State Universities’ operating budget. Funds appropriated for the State Universities are first distributed to the Board of Regents, which then distributes the funds to the State Universities, minus any deductions required by the Second Program Financing Agreements. In addition, the Board of Regents retains all powers and duties with respect to the State Universities (as well as the Community College System), including any projects, which are necessary for the Board of Regents to fulfill its covenants, representations, agreements and obligations under the Second Program Financing Agreements. The Board of Regents retains sole governance of the Community College System.

For statements of outstanding debt by Institution, debt service coverage, fees and charges, appropriations and debt service by Institution, and certain other statistical information, see Appendix B hereto.

Capital Projects

Capital projects that have been approved by the Authority (see “REVIEW AND APPROVAL PROCESS FOR FINANCING OF PROJECTS BY AUTHORITY” below) generally are funded initially by Revolving Credit Loans until they are at least approximately 75% complete, after which they are refinanced with Bonds, and occasionally are financed directly with Bonds. As of March 31, 2025, projects authorized to be financed for the University of Tennessee system have a total cost of \$520,940,275, of which \$154,142,647 had been funded with Revolving Credit Loans, and for the Tennessee Board of Regents system have a total cost of \$157,487,723, of which \$13,681,589 had been funded with Revolving Credit Loans (all unaudited). The Governor’s budget for fiscal year 2024-2025, as amended by the Appropriations Bill (Public Chapter 966), includes capital projects to be funded by the Authority in the amount of \$330,350,000, of which \$299,650,000 is for the University of Tennessee system and \$30,700,000 is for the Tennessee Board of Regents system.

Tennessee Promise

The Tennessee Promise is both a scholarship and mentoring program that began with the high-school graduating Class of 2015. The program provides two years of tuition-free education at a community college or technical school in Tennessee as a last-dollar scholarship, meaning the scholarship will provide funding to cover tuition and mandatory fees not covered by any Pell grant, TN Education Lottery Scholarship programs, or Tennessee Student Assistance Awards. Students may use the scholarship at any of the State’s community colleges, Tennessee Colleges of Applied Technology (TCATs), or other eligible institution offering an associate degree program. A critical component of Tennessee Promise is the individual guidance each participant will receive from a volunteer mentor who will assist the student as he or she navigates the college admissions process, regardless of the educational institution at which the student ultimately enrolls. Tennessee Promise participants must complete eight hours of community service before the start of each semester in which they receive the scholarship, maintain satisfactory academic progress (2.0 GPA), and file the Free Application for Federal Student Aid (“FAFSA”).

Tennessee Promise is funded from interest earnings from the endowment’s corpus, which was established with approximately \$312.5 million from the Tennessee Education Lottery reserve and approximately \$48.8 million from Tennessee Student Assistance Corporation’s operating fund and from annual net lottery proceeds (lottery revenues less lottery expenditures) all of which are deposited into a special reserve. The endowment cannot be used to fund awards but any amount from the special reserve, including interest earnings, can be used to fund the scholarships. In part because of the program’s last-dollar nature and lottery source of funding, Tennessee Promise is not

expected to result in a material financial burden to the State University and Community College System or to adversely affect the Board of Regents financing of its capital project program through the Authority.

Tennessee Reconnect

Like the Tennessee Promise program, Tennessee Reconnect is a last-dollar scholarship program which began with the 2018-2019 academic year. Tennessee Reconnect provides tuition-free education towards a certificate or associate degree at a community college or other eligible institution in Tennessee. Tennessee Reconnect also provides individual guidance for each participant through a college success program, which is designed to assist the student as he or she navigates the college admissions process, regardless of the educational institution at which the student ultimately enrolls. Participation in Tennessee Reconnect will be limited to students who, among other things, are Tennessee residents, are classified as independent students pursuant to FAFSA guidelines or at least 23 years of age on or before January 1 in the year of initial enrollment and who have not previously earned an associate or baccalaureate degree.

Tennessee Reconnect is funded from lottery proceeds. The program is not expected to result in a material financial burden to the State University and Community College System or to adversely affect the Board of Regents financing of its capital project program through the Authority.

Outcomes-Based Funding

Legislative appropriations for higher education institutions are based on an outcomes-based funding formula model that rewards institutions for the production of outcomes that further the educational attainment and productivity goals of the State's Master Plan for the future development of public higher education that has been approved by the Commission. This model was effective beginning with fiscal year 2010-2011 and was phased in over a three year period. The model underwent a thorough review in the summer of 2015, culminating in the implementation of the 2015-2020 outcomes-based funding formula. Another thorough review of the formula and update was completed in 2022, for use through 2025, which is described below.

The outcomes were chosen to represent broad activities across institutions and are grouped into the categories of student progression, degree production, efficiency, and other important institutional functions. The outcomes are weighted according to institutional mission, reflecting an institution's basic Carnegie Classification (a major national framework for describing how institutions are alike and different) as a core differentiation.

Outcomes Included in the University Formula

Students Accumulating 30hrs	Bachelor and Associate Degrees
Students Accumulating 60hrs	Masters and Ed Specialist Degrees
Students Accumulating 90hrs	Doctoral and Law Degrees
Research, Service and Sponsored Programs	Degrees per 100 Full-time Equivalent ("FTE")
Expenditures	Six-Year Graduation Rate

Outcomes Included in Community College Formula

Students Accumulating 12hrs	Dual Enrollment Students
Students Accumulating 24hrs	Associate Degrees
Students Accumulating 36hrs	Short- and Long-term Certificates
Job Placements	Transfers Out with 12 credits
Work Force Training Hours	Awards per 100 FTE

The outcomes-based model does not specifically use enrollment to distribute funds. It instead utilizes a three-year average of outcome data. The outcome data is then weighted to reflect both the priority of that outcome at a particular institution and an institution's Carnegie Classification. Institutions are also rewarded with a premium for the student progression and undergraduate award production data attributable to low-income and/or adult students and universities and low-income, adult and/or academically underprepared students at community colleges. Additionally, students completing an undergraduate award in a high-need academic program also qualify for a premium. Student progression measures the accumulation of credit hours, thereby incorporating course completions.

The outcomes-based model provides more stability by spreading the financial incentives across more variables. Additionally, the institutional specific weights allow the State to be clear in its expectations, while not prescribing to institutions how to achieve higher levels of outcomes. Unlike performance funding, the outcomes based formula does not have annual targets or benchmarks. Therefore, institutions are not penalized for failure to achieve a predetermined annual target.

Employee Retirement Benefits

Tennessee Consolidated Retirement System - General

Employees of the University of Tennessee and the Board of Regents are authorized to participate in the Tennessee Consolidated Retirement System (“TCRS”), a defined benefit pension plan, pursuant to Tennessee Code Annotated Title 8, Chapter 35 except that employees exempt from the Federal Fair Labor Standards Act may waive membership in TCRS and elect to participate in the Optional Retirement Program (“ORP”), a defined contribution plan. The general administration and responsibility for the proper operation of TCRS are vested in a twenty member Board of Trustees. The Treasury Department, a constitutional office in the legislative branch of state government, is responsible for the administration of TCRS, including the investment of assets in the plan, in accordance with state statute and in accordance with the policies, rules, and regulations established by the Board of Trustees.

The TCRS covers three large groups of public employees; state employees and higher education employees, K-12 teachers, and employees of certain local governments. As of June 30, 2024, there were 62,037 active members in TCRS in the state and higher education employee group. This total includes 20,481 employees of the University of Tennessee and the Board of Regents who are members of TCRS.

The State of Tennessee is ultimately responsible for the financial obligations of the benefits provided by TCRS to state employees and higher education employees participating in the Legacy Pension Plan to the extent such obligations are not covered by employee contributions and investments earnings. The obligation is funded by employer contributions as determined by an actuarial valuation. The Hybrid Retirement Plan provided to state employees and higher education employees hired after June 30, 2014, includes provisions to control employer contributions and unfunded liabilities. As such, plan provisions of the Hybrid Retirement Plan are automatically adjusted when employer contributions and/or unfunded liabilities exceed statutory limits. Employees hired on or before June 30, 2014, in the state and higher education group are noncontributory. New employees hired on or after July 1, 2014, contribute 5% of their salary.

By statute, an actuarial valuation of TCRS is to be conducted at least once in each two year period. The purpose of the actuarial valuation is to determine the financial position of the plan pursuant to Governmental Accounting Standards Board Statement No. 68 (“GASB 68”) and to determine the actuarially determined contributions (“ADC”). Effective June 30, 2015, the Board of Trustees adopted a funding policy whereby an actuarial valuation is conducted annually to determine the ADC rate for participating employers and to determine the information required by GASB 68 to be presented in financial statements. The actuarial valuation for June 30, 2015, and forward includes both the determination of employer contribution rates and accounting information.

The actuarially determined contribution rate includes funding for the normal cost, the accrued liability cost, and the TCRS administrative cost.

Tennessee Consolidated Retirement System - Actuarial Valuation GASB 68 Financial Status

An actuarial valuation was performed to determine the TCRS financial position in order to provide information related to Governmental Accounting Standards Board (GASB) pronouncements. At June 30, 2024, (measurement date of June 30, 2023), the net pension liability in the closed plan for the state and higher education employee group was \$1.1 billion, resulting in plan fiduciary net position as a percentage of total pension liability of 94.48%. For the same period, the net pension asset in the open plan for the state and higher education employee group was \$7.2 million, resulting in a funded ratio of 101.03%. A measurement date of the previous fiscal year end is used for GASB 68 purposes.

Pension Plan for Employees Hired on or before June 30, 2014 (Closed Plan)

Employees enrolled in the pension plan on or before June 30, 2014, do not make contributions to the plan. Eligibility to retire is age 60 or 30 years of service credit. Certain death and disability benefits are available. A member becomes vested after accruing 5 years of service credit. Retirees are eligible for automatic cost of living increases each July based on changes in the customer price index (“CPI”) but capped at 3%.

Higher education institutions are required to contribute at an actuarially determined contribution rate. The employer contribution rates are developed with each actuarial valuation and are delayed by one year for budget purposes. The June 30, 2022, actuarial valuation provided the employer contribution rates for the period July 1, 2023, through June 30, 2024. For the employees of Tennessee’s higher education institutions, the employer contribution rate for fiscal year 2024, stated as a percentage of salary, was 21.95%. For fiscal year 2025, the employer rate is 22.22%. Previously, actuarial valuations were performed every two years. Beginning June 30, 2015, the actuarial valuation is performed annually for both accounting purposes and funding purposes. The employer contribution requirements of the higher education institutions are established and may be amended by the TCRS Board of Trustees.

Employees enrolled in the ORP pension plan on or before June 30, 2014, do not make contributions to the plan. Employer contributions to the ORP are 10% of salary up to the social security wage base and 11% of salary above the social security wage base. Schedules of employer contribution rates and funding are shown below. Additionally, state and higher education employees may participate on a voluntary basis in the state's 401K deferred compensation plan. For fiscal year 2023 and fiscal year 2024, employees are eligible to receive up to a \$100 monthly match from the employer.

New Retirement Plan for Employees Hired on or after July 1, 2014

As authorized by Public Chapter 259, Acts of 2013, employees first hired on or after July 1, 2014, participate in a hybrid pension plan consisting of a defined benefit plan and a defined contribution plan. Employees contribute at 5% of salary to the defined benefit plan. Employees contribute 2% of salary to the defined contribution plan unless the employee opts out of making such contribution. The total employer cost for the two plans is limited to 9% of salary with 4% targeted to the defined benefit plan and 5% to the defined contribution plan. Employees are also eligible to participate in the state's 401K deferred compensation plan. For fiscal year 2023 and fiscal year 2024, employees are eligible to receive up to a \$100 monthly match from the employer.

The benefit accrual formula under the defined benefit plan is 1%. Eligibility to retire is age 65 or the rule of 90 (where age and service equals 90). Certain death and disability benefits are available. A member becomes vested after accruing 5 years of service credit. Retirees are eligible for automatic cost of living increases each July based on changes in the CPI but capped at 3%.

There is a stabilization reserve created for any employer contributions that exceed the ADC rate that will be utilized to control cost and unfunded liabilities. Federal government grant programs will only permit a reimbursement of the ADC.

The defined benefit component of the hybrid plan has automatic cost controls and automatic controls over unfunded accrued liability. The automatic controls are based on the results of the actuarial valuation. Control features include utilizing funds in the stabilization reserve (if any), limiting retiree cost of living adjustments, shifting future employer contributions from the defined contribution plan to the defined benefit plan, requiring additional employee contributions, and adjusting benefit accruals. The control features only apply to the new hybrid plan and do not apply to the closed pension plan.

Employees enrolled in the ORP pension plan on or after July 1, 2014, contribute 5% of salary with employers contributing 9% of salary.

Other Post-Employment Benefits

GASB Statements (nos. 74 and 75) provide accounting and financial reporting requirements for retiree healthcare plans and employer participants, commonly known as Other Post-Employment Benefits (“OPEB”). The latest actuarial valuation of the employee group OPEB plan (EGOP) is as of July 1, 2023, and includes OPEB costs attributable to the State and, separately, for certain of its component units (including the Boards) that are required to participate in the State retirement and benefit plans. The study, which used the entry age normal actuarial cost method, indicates for the fiscal year ended June 30, 2024, the net OPEB liability of the University of Tennessee would be approximately \$64,689,382, while the net OPEB liability of the State University and Community College System would be approximately \$67,306,334. The report may be viewed at [Other Post-Employment Benefits \(tn.gov\)](#). Each participating employer in the plan, including the Boards, will be charged for their share of current and future OPEB costs through an actuarially determined contribution rate.

Prior to January 1, 2019, the State had not pre-funded any actuarially determined OPEB liability and instead used a pay-as-you-go funding arrangement for actual costs of OPEB liabilities incurred. However, pursuant to Sections 9-27-801, *et seq.* Tennessee Code Annotated, a trust (the “OPEB Trust”) was established and began operating effective January 1, 2019, whereby the State Employee Group Plan was converted to a prefunding arrangement where assets are accumulated in the OPEB Trust and benefit payments are made directly from the OPEB Trust. The State has the flexibility to adjust the benefits and premium sharing provisions provided by insurance plans and to adjust the various OPEB plan options and operations on an annual basis.

The trustees (the “Trustees”) of the OPEB Trust are the Commissioner of Finance and Administration, the chair of the Finance, Ways and Means Committee for the Senate, the chair of the Finance, Ways and Means Committee for the House of Representatives, and the State Treasurer, in his capacity as chair of the board of TCRS.

Public Health Epidemics or Outbreaks

Public health epidemics or outbreaks, such as COVID-19, could adversely impact the world economy and the economies of the United States, the State of Tennessee, the Authority and the Institutions. The extent to which such public health epidemics or outbreaks may impact the State, State support for public higher education and the operations and financial condition of the Institutions will depend on future developments, which are highly uncertain and cannot be predicted with confidence, including the duration of the outbreak and the actions to contain the threat or treat its impact, among others.

Cybersecurity

The Authority and the Institutions utilize various computer systems and network technology to perform many of their vital operations. Such operations often include the storage and transmission of sensitive information. As a result, the Authority and/or the Institutions may be the target of cyberattacks attempting to gain access to such information. In addition to intentional attacks, information breaches may occur due to unintentional user error. A successful cyberattack or unintentional breach may require the expenditure of an unknown amount of money or time to resolve, substantially interrupt State and/or campus services and operations and subject the Institutions and/or the State to legal action. Attempted cybersecurity attacks, whether anonymous or targeted, occur on a periodic frequency that is not uncommon to organizations or entities similar to the Authority and the Institutions. To mitigate against such risks, the State and its departments, agencies, and divisions, including Institutions, have instituted various technical controls, policies and procedures to protect their network infrastructure, including a cybersecurity training requirement for certain departments, as well as general cybersecurity training and awareness for all employees. The Strategic Technology Solutions Division of the State’s Department of Finance and Administration works with various State departments, agencies and divisions, as necessary, to develop specific cybersecurity policies and procedures. Using a framework provided by the National Institute of Standards and Technology, each Institution has developed its own set of cybersecurity policies and procedures that are submitted to the State. The State also maintains third-party insurance against cybersecurity incidents, and such coverage includes the Institutions.

Certain of the Institutions have experienced varying levels of cyberattacks and unintentional network breaches, some of which have resulted in the inability to use certain computer systems, the misdirection of monies and the disclosure of personally identifiable information, including social security numbers. One university experienced a cyberattack that caused \$1.4 million intended for a vendor to be misdirected to another party. In response to such attacks and breaches, the Institutions have, where applicable, revised cybersecurity policies and procedures, increased cybersecurity training for employees, engaged third-party cyber incident responders, provided free credit report monitoring for affected individuals and, in the case of the misdirected vendor payment, submitted a claim to the insurance provider. Despite the State’s, including the Institutions’, measures to safeguard their network infrastructure from any future incidents, there are no guarantees that such measures will be successful.

Uncertainties of Federal Funding Legislation

Federal policies on a range of matters involving or impacting institutions of higher education (directly or indirectly) can shift significantly from one administration to another. Such shifts can be accompanied by reductions and/or uncertainty in the level of federal funding available for various policy priorities. Levels of federal funding can be altered by legislative action, through the budget process and sequestration, but may also be affected by presidential executive actions, including recent actions and/or proposals seeking to freeze, reduce, eliminate or reallocate federal grant, loan and other financial assistance.

Proposed and potential federal actions and initiatives could negatively impact institutions of higher education, including the Institutions. Such actions include, among others, regulatory changes to programs administered by the U.S. Department of Education (“DOE”) and others, substantial reduction of the DOE, cuts to federal spending on research and other programs, curtailments on tax-exempt financing, revocations of tax-exempt status, increases to the endowment tax, reductions in funding for financial aid programs, increased enforcement activities against institutions of higher education and restrictions on immigration that impact international student enrollment. The outcome of proposals such as those described above and other future legislative and executive actions, and their potential impact on institutions of higher education is uncertain. While current administration actions have not had a material impact on the Institutions, there is no assurance that these proposals, if implemented or extended, and/or other developments involving the federal government, will not have an adverse effect, directly or indirectly, on the future financial condition, operations and programs of the Institutions.

REVIEW AND APPROVAL PROCESS FOR FINANCING OF PROJECTS BY THE AUTHORITY

For the purpose of carrying out the programs authorized by the Act and to permit the Authority to undertake the financing of Projects, the Authority’s existing policy generally requires the review and approval of a project by different bodies of State government prior to the Authority’s approval of a project undertaken for either the Board of Trustees or the Board of Regents.

The review and approval process is performed in the following sequence:

- (1) A Project request is initiated by an Institution. Such Project is expected to relate to that Institution’s five-year capital plan, if applicable.
- (2) The Project is reviewed by the Board of Trustees or the Board of Regents, as the case may be, and, if approved, is forwarded to the Tennessee Higher Education Commission for review.
- (3) The Tennessee Higher Education Commission reviews the Project to determine its educational need and compatibility with the Institution’s master plan. The Commission then forwards its comments and recommendations to the Commissioner of Finance and Administration. If approved, the project will be disclosed in the State’s Capital Budget.
- (4) The Project is presented to the Authority for consideration and approval. The Project’s funding and debt service coverage are analyzed and considered for inclusion under the Second Program Financing Agreement with the Board of Trustees or the Board of Regents, as the case may be.
- (5) The Project is presented to the State Building Commission for approval of design, construction and funding. The State Building Commission is an agency of the State whose permanent members consist of the Governor, Lieutenant Governor, Speaker of the House of Representatives, Comptroller of the Treasury, Secretary of State, State Treasurer and Commissioner of Finance and Administration.
- (6) Upon approval for funding by the Authority and State Building Commission, the Project moves through design and construction.

Institutions may bring requests to finance the purchase of large equipment and computer software directly to the Authority. These projects may be amortized, based on their useful life, under the Revolving Credit Agreement or through long-term or short-term fixed rate debt.

RATINGS

Moody’s Investors Service Inc. (“Moody’s”) has assigned the Offered Bonds an enhanced rating of “Aa1”, with a stable outlook, based in part on its assignment to the Authority’s Legislative Appropriations intercept program (see “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS – Legislative Appropriations”) of a programmatic rating of “Aa1”, with a stable outlook. S&P Global Ratings, a subsidiary of S&P Global Inc. (“S&P”), has assigned the Offered Bonds a rating of “AA+”, with a stable outlook. Fitch Ratings, Inc. (“Fitch”) has assigned the Offered Bonds a rating of “AA+”, with a stable outlook. A rating is not a recommendation to buy, sell or hold

the Offered Bonds and there is no assurance that any rating will be maintained for any given period of time or that it will not be revised downward or withdrawn entirely by the rating agency if, in its judgment, circumstances so warrant. Any such revision or withdrawal may have an adverse effect on the market price of the Offered Bonds.

Such ratings reflect only the views of such organizations and any desired explanation of the significance of such ratings should be obtained from the rating agency furnishing the same. Generally, a rating agency bases its rating on the information and materials furnished to it and on investigations, studies and assumptions of its own. Such ratings are not a recommendation to buy, sell or hold the Offered Bonds and may be subject to revision or withdrawal at any time.

LITIGATION

There is no controversy or litigation of any nature now pending or threatened against the Authority to restrain or enjoin the issuance, sale, execution or delivery of the Offered Bonds or the financing of the Projects or the application of the proceeds of the Offered Bonds, or in any way contesting or affecting the validity of the Offered Bonds or any proceedings of the Authority taken with respect to the issuance or sale thereof, the Financing Agreements, or the pledge or application of any monies or security provided for the payment of the Offered Bonds or the existence powers of the Authority, the Board of Regents or the Board of Trustees.

The Board of Regents and the Board of Trustees become involved in litigation of various types from time to time (one example of currently pending litigation is set forth in the paragraph below). However, there is no litigation pending or threatened against the Board of Regents or the Board of Trustees to restrain or enjoin the financing of the Projects or contesting or affecting the validity of any proceedings of the Board of Regents or the Board of Trustees taken with respect to the Financing Agreements, or the pledge or application of any monies or security provided for the payment of the Annual Financing Charges.

Callier v. State of Tennessee, et al. (U.S. District Court, Middle District of Tennessee). This lawsuit was filed on February 3, 2025 as a pro se action by an ex-employee of Tennessee State University (“TSU”). The Board of Regents and TSU are among the defendants. The complaint has yet to be served, but it requests declaratory and injunctive relief. The complaint in its current form is unclear in many respects, as well as being subject to revision; and, therefore, it is difficult to evaluate what, if any, impact a successful claim would have on the finances of the Board of Regents and/or TSU. It is the view of the Office of the Tennessee Attorney General that, if and when the complaint as filed on February 3, 2025, is properly served, there are numerous substantive defenses that may be asserted by TSU and the Board of Regents, including, but not limited to, standing.

TAX MATTERS

Federal Tax Matters – 2025A Bonds

Opinion of Bond Counsel

In the opinion of Hawkins Delafield & Wood LLP, Bond Counsel to the Authority, under existing statutes and court decisions and assuming continuing compliance with certain tax covenants described herein, (i) interest on the 2025A Bonds is excluded from gross income for federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the “Code”), and (ii) interest on the 2025A Bonds is not treated as a preference item in calculating the alternative minimum tax under the Code, however interest on the 2025A Bonds is included in the “adjusted financial statement income” of certain corporations that are subject to the alternative minimum tax under Section 55 of the Code. In rendering its opinion, Bond Counsel has relied on certain representations, certifications of fact, and statements of reasonable expectations made by the Authority, the Board of Trustees, the Board of Regents and others, in connection with the 2025A Bonds, and Bond Counsel has assumed compliance by the Authority, the Board of Trustees and the Board of Regents with certain ongoing covenants to comply with applicable requirements of the Code to assure the exclusion of interest on the 2025A Bonds from gross income under Section 103 of the Code.

Bond Counsel expresses no opinion as to any other federal, state or local tax consequences arising with respect to the 2025A Bonds, or the ownership or disposition thereof, except as stated above and in “State of Tennessee Tax Matters – Offered Bonds” below. Bond Counsel renders its opinion under existing statutes and court decisions as of the issue date, and assumes no obligation to update, revise or supplement its opinion to reflect any action thereafter taken or not taken, any fact or circumstance that may thereafter come to its attention, any change in law or interpretation thereof that may thereafter occur, or for any other reason. Bond Counsel expresses no opinion as to the consequence of any of the events described in the preceding sentence or the likelihood of their occurrence. In addition, Bond Counsel expresses no opinion on the effect of any action taken or not taken in reliance upon an opinion of other counsel regarding federal, state or local tax matters, including, without limitation, exclusion from gross income for federal income tax purposes of interest on the 2025A Bonds.

For the proposed form of opinion of Bond Counsel relating to federal tax matters, see Appendix H.

Certain Ongoing Federal Tax Requirements and Covenants

The Code establishes certain ongoing requirements that must be met subsequent to the issuance and delivery of the 2025A Bonds in order that interest on the 2025A Bonds be and remain excluded from gross income under Section 103 of the Code. These requirements include, but are not limited to, requirements relating to use and expenditure of gross proceeds of the 2025A Bonds, yield and other restrictions on investments of gross proceeds, and the arbitrage rebate requirement that certain excess earnings on gross proceeds be rebated to the federal government. Noncompliance with such requirements may cause interest on the 2025A Bonds to become included in gross income for federal income tax purposes retroactive to their issue date, irrespective of the date on which such noncompliance occurs or is discovered. The Authority, the Board of Trustees and the Board of Regents have covenanted to comply with certain applicable requirements of the Code to assure the exclusion of interest on the 2025A Bonds from gross income under Section 103 of the Code.

Certain Collateral Federal Tax Consequences

The following is a brief discussion of certain collateral federal income tax matters with respect to the 2025A Bonds. It does not purport to address all aspects of federal taxation that may be relevant to a particular owner of a 2025A Bond. Prospective investors, particularly those who may be subject to special rules, are advised to consult their own tax advisors regarding the federal tax consequences of owning and disposing of the 2025A Bonds.

Prospective owners of the 2025A Bonds should be aware that the ownership of such obligations may result in collateral federal income tax consequences to various categories of persons, such as corporations (including S corporations and foreign corporations), financial institutions, property and casualty and life insurance companies, individual recipients of Social Security and railroad retirement benefits, individuals otherwise eligible for the earned income tax credit, and taxpayers deemed to have incurred or continued indebtedness to purchase or carry obligations the interest on which is excluded from gross income for federal income tax purposes. Interest on the 2025A Bonds may be taken into account in determining the tax liability of foreign corporations subject to the branch profits tax imposed by Section 884 of the Code.

Original Issue Discount

“Original issue discount” (“OID”) is the excess of the sum of all amounts payable at the stated maturity of a 2025A Bond (excluding certain “qualified stated interest” that is unconditionally payable at least annually at prescribed rates) over the issue price of that maturity. In general, the “issue price” of a maturity (a bond with the same maturity date, interest rate, and credit terms) means the first price at which at least 10 percent of such maturity was sold to the public, i.e., a purchaser who is not, directly or indirectly, a signatory to a written contract to participate in the initial sale of the 2025A Bonds. In general, the issue price for each maturity of 2025A Bonds is expected to be the initial public offering price set forth on the cover page of the Official Statement. Bond Counsel further is of the opinion that, for any 2025A Bonds having OID (a “2025A Discount Bond”), OID that has accrued and is properly allocable to the owners of the 2025A Discount Bonds under Section 1288 of the Code is excludable from gross income for federal income tax purposes to the same extent as other interest on the 2025A Bonds.

In general, under Section 1288 of the Code, OID on a 2025A Discount Bond accrues under a constant yield method, based on periodic compounding of interest over prescribed accrual periods using a compounding rate determined by reference to the yield on that 2025A Discount Bond. An owner’s adjusted basis in a 2025A Discount Bond is increased by accrued OID for purposes of determining gain or loss on sale, exchange, or other disposition of such Bond. Accrued OID may be taken into account as an increase in the amount of tax-exempt income received or deemed to have been received for purposes of determining various other tax consequences of owning a 2025A Discount Bond even though there will not be a corresponding cash payment.

Owners of 2025A Discount Bonds should consult their own tax advisors with respect to the treatment of original issue discount for federal income tax purposes, including various special rules relating thereto, and the state and local tax consequences of acquiring, holding, and disposing of 2025A Discount Bonds.

Bond Premium

In general, if an owner acquires a bond for a purchase price (excluding accrued interest) or otherwise at a tax basis that reflects a premium over the sum of all amounts payable on the bond after the acquisition date (excluding certain “qualified stated interest” that is unconditionally payable at least annually at prescribed rates), that premium constitutes “bond premium” on that bond (a “Premium Bond”). In general, under Section 171 of the Code, an owner of a Premium Bond must amortize the bond premium over the remaining term of the Premium Bond, based on the owner’s yield over the remaining term of the Premium Bond determined based on constant yield principles (in certain cases involving a Premium Bond callable prior to its stated maturity date, the amortization period and yield may be required to be

determined on the basis of an earlier call date that results in the lowest yield on such bond). An owner of a Premium Bond must amortize the bond premium by offsetting the qualified stated interest allocable to each interest accrual period under the owner's regular method of accounting against the bond premium allocable to that period. In the case of a tax-exempt Premium Bond, if the bond premium allocable to an accrual period exceeds the qualified stated interest allocable to that accrual period, the excess is a nondeductible loss. Under certain circumstances, the owner of a Premium Bond may realize a taxable gain upon disposition of the Premium Bond even though it is sold or redeemed for an amount less than or equal to the owner's original acquisition cost. Owners of any Premium Bonds should consult their own tax advisors regarding the treatment of bond premium for federal income tax purposes, including various special rules relating thereto, and state and local tax consequences, in connection with the acquisition, ownership, amortization of bond premium on, sale, exchange, or other disposition of Premium Bonds.

Information Reporting and Backup Withholding

Information reporting requirements apply to interest paid on tax-exempt obligations, including the 2025A Bonds. In general, such requirements are satisfied if the interest recipient completes, and provides the payor with, a Form W-9, "Request for Taxpayer Identification Number and Certification," or if the recipient is one of a limited class of exempt recipients. A recipient not otherwise exempt from information reporting who fails to satisfy the information reporting requirements will be subject to "backup withholding," which means that the payor is required to deduct and withhold a tax from the interest payment, calculated in the manner set forth in the Code. For the foregoing purpose, a "payor" generally refers to the person or entity from whom a recipient receives its payments of interest or who collects such payments on behalf of the recipient.

If an owner purchasing a 2025A Bond through a brokerage account has executed a Form W-9 in connection with the establishment of such account, as generally can be expected, no backup withholding should occur. In any event, backup withholding does not affect the excludability of the interest on the 2025A Bonds from gross income for federal income tax purposes. Any amounts withheld pursuant to backup withholding would be allowed as a refund or a credit against the owner's federal income tax once the required information is furnished to the Internal Revenue Service.

Miscellaneous

Tax legislation, administrative actions taken by tax authorities, or court decisions, whether at the federal or state level, may adversely affect the tax-exempt status of interest on the 2025A Bonds under federal or State law or otherwise prevent beneficial owners of the 2025A Bonds from realizing the full current benefit of the tax status of such interest. In addition, such legislation or actions (whether currently proposed, proposed in the future, or enacted) and such decisions could affect the market price or marketability of the 2025A Bonds.

Prospective purchasers of the 2025A Bonds should consult their own tax advisors regarding the foregoing matters in this subsection "Federal Tax Matters – 2025A Bonds".

Federal Tax Matters – 2025B Bonds

Opinion of Bond Counsel

In the opinion of Bond Counsel to the Authority, interest on the 2025B Bonds (the "Taxable Bonds") is included in gross income for federal income tax purposes pursuant to the Code.

For the proposed form of opinion of Bond Counsel relating to federal tax matters, see Appendix H.

General

The following discussion is a brief summary of the principal United States federal income tax consequences of the acquisition, ownership and disposition of Taxable Bonds by original purchasers of the Taxable Bonds who are "U.S. Holders," as defined herein. This summary (i) is based on the Code, Treasury Regulations, revenue rulings and court decisions, all as currently in effect and all subject to change at any time, possibly with retroactive effect; (ii) assumes that the Taxable Bonds will be held as "capital assets"; and (iii) does not discuss all of the United States federal income tax consequences that may be relevant to a U.S. Holder in light of its particular circumstances or to U.S. Holders subject to special rules, such as insurance companies, financial institutions, tax-exempt organizations, dealers in securities or foreign currencies, persons holding the Taxable Bonds as a position in a "hedge" or "straddle," U.S. Holders whose functional currency (as defined in Section 985 of the Code) is not the United States dollar, U.S. Holders who acquire Taxable Bonds in the secondary market, or individuals, estates and trusts subject to the tax on unearned income imposed by Section 1411 of the Code.

Certain taxpayers who are required to prepare certified financial statements and file such financial statements with certain regulatory or governmental agencies may be required to recognize income, gain and loss with respect to the Taxable Bonds at the time that such income, gain or loss is taken into account on such financial statements instead of under the rules described below. In addition, interest on the Taxable Bonds is included in the “adjusted financial statement income” of certain corporations that are subject to the alternative minimum tax under Section 55 of the Code.

U.S. Holders of Taxable Bonds should consult with their own tax advisors concerning the United States federal income tax and other consequences with respect to the acquisition, ownership and disposition of the Taxable Bonds as well as any tax consequences that may arise under the laws of any state, local or foreign tax jurisdiction.

Original Issue Discount

In general, if Original Issue Discount (“OID”) is greater than a statutorily defined *de minimis* amount, a U.S. Holder of a Taxable Bond having a maturity of more than one year from its date of issue must include in federal gross income (for each day of the taxable year, or portion of the taxable year, in which such U.S. Holder holds such Taxable Bond) the daily portion of OID, as it accrues (generally on a constant-yield method) and regardless of the U.S. Holder’s method of accounting. “OID” is the excess of (i) the “stated redemption price at maturity” over (ii) the “issue price.” For purposes of the foregoing: “issue price” means the first price at which a substantial amount of the Taxable Bond is sold to the public (excluding bond houses, brokers, or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers); “stated redemption price at maturity” means the sum of all payments, other than “qualified stated interest,” provided by such Taxable Bond; “qualified stated interest” is stated interest that is unconditionally payable in cash or property (other than debt instruments of the issuer) at least annually at a single fixed rate; and “*de minimis* amount” is an amount equal to 0.25 percent of the Taxable Bond’s stated redemption price at maturity multiplied by the number of complete years to its maturity. A U.S. Holder may irrevocably elect to include in gross income all interest that accrues on a Taxable Bond using the constant-yield method, subject to certain modifications.

Acquisition Discount on Short-Term Taxable Bonds

Each U.S. Holder of a Taxable Bond with a maturity not longer than one year (a “Short-Term Taxable Bond”) is subject to rules of Sections 1281 through 1283 of the Code, if such U.S. Holder is an accrual method taxpayer, bank, regulated investment company, common trust fund or among certain types of pass-through entities, or if the Short-Term Taxable Bond is held primarily for sale to customers, is identified under Section 1256(e)(2) of the Code as part of a hedging transaction, or is a stripped bond or coupon held by the person responsible for the underlying stripping transaction. In any such instance, interest on, and “acquisition discount” with respect to, the Short-Term Taxable Bond accrue on a ratable (straight-line) basis, subject to an election to accrue such interest and acquisition discount on a constant-interest-rate basis using daily compounding. “Acquisition discount” means the excess of the stated redemption price of a Short-Term Taxable Bond at maturity over the U.S. Holder’s tax basis therefor.

A U.S. Holder of a Short-Term Taxable Bond not described in the preceding paragraph, including a cash-method taxpayer, must report interest income in accordance with the U.S. Holder’s regular method of tax accounting, unless such U.S. Holder irrevocably elects to accrue acquisition discount currently.

Bond Premium

In general, if a Taxable Bond is originally issued for an issue price (excluding accrued interest) that reflects a premium over the sum of all amounts payable on the Taxable Bond other than “qualified stated interest” (a “Taxable Premium Bond”), that Taxable Premium Bond will be subject to Section 171 of the Code, relating to bond premium. In general, if the U.S. Holder of a Taxable Premium Bond elects to amortize the premium as “amortizable bond premium” over the remaining term of the Taxable Premium Bond, determined based on constant-yield principles (in certain cases involving a Taxable Premium Bond callable prior to its stated maturity date, the amortization period and yield may be required to be determined on the basis of an earlier call date that results in the highest yield on such bond), the amortizable premium is treated as an offset to interest income; the U.S. Holder will make a corresponding adjustment to the U.S. Holder’s basis in the Taxable Premium Bond. Any such election is generally irrevocable and applies to all debt instruments of the U.S. Holder (other than tax-exempt bonds) held at the beginning of the first taxable year to which the election applies and to all such debt instruments thereafter acquired. Under certain circumstances, the U.S. Holder of a Taxable Premium Bond may realize a taxable gain upon disposition of the Taxable Premium Bond even though it is sold or redeemed for an amount less than or equal to the U.S. Holder’s original acquisition cost.

Disposition and Defeasance

Generally, upon the sale, exchange, redemption, or other disposition (which would include a legal defeasance) of a Taxable Bond, a U.S. Holder generally will recognize taxable gain or loss in an amount equal to the difference between the amount realized (other than amounts attributable to accrued interest not previously includable in income) and such U.S. Holder’s adjusted tax basis in the Taxable Bond.

The Authority may cause the deposit of moneys or securities in escrow in such amount and manner as to cause the Taxable Bonds to be deemed to be no longer outstanding under the Resolution (a “defeasance”). (See Appendix E, “SUMMARY OF CERTAIN PROVISIONS OF THE RESOLUTION-Defeasance” herein). For federal income tax purposes, such defeasance could result in a deemed exchange under Section 1001 of the Code and a recognition by such owner of taxable income or loss, without any corresponding receipt of moneys. In addition, the character and timing of receipt of payments on the Taxable Bonds subsequent to any such defeasance could also be affected.

Information Reporting and Backup Withholding

In general, information reporting requirements will apply to non-corporate U.S. Holders of the Taxable Bonds with respect to payments of principal, payments of interest, and the accrual of OID on a Taxable Bond and the proceeds of the sale of a Taxable Bond before maturity within the United States. Backup withholding may apply to U.S. Holders of Taxable Bonds under Section 3406 of the Code. Any amounts withheld under the backup withholding rules from a payment to a beneficial owner, and which constitutes over-withholding, would be allowed as a refund or a credit against such beneficial owner’s United States federal income tax provided the required information is furnished to the Internal Revenue Service.

U.S. Holders

The term “U.S. Holder” means a beneficial owner of a Taxable Bond that is: (i) a citizen or resident of the United States, (ii) a corporation, partnership or other entity created or organized in or under the laws of the United States or of any political subdivision thereof, (iii) an estate the income of which is subject to United States federal income taxation regardless of its source or (iv) a trust whose administration is subject to the primary jurisdiction of a United States court and which has one or more United States fiduciaries who have the authority to control all substantial decisions of the trust.

Miscellaneous

Tax legislation, administrative actions taken by tax authorities, or court decisions, whether at the federal or state level, could affect the tax status of the Taxable Bonds under State law or the market price or marketability of the Taxable Bonds.

Prospective purchasers of the Taxable Bonds should consult their own tax advisors regarding the foregoing matters in this subsection “Federal Tax Matters – 2025B Bonds”.

State of Tennessee Tax Matters – Offered Bonds

In addition, in the opinion of Bond Counsel to the Authority, under existing laws of the State, the Offered Bonds and the interest thereon are exempt from taxation by the State or any county, municipality or political subdivision of the State, except for estate and gift taxes and taxes on transfers, and except to the extent included within the measure of franchise and excise taxes.

Bond Counsel expresses no opinion as to any other state or local tax consequences arising with respect to the Offered Bonds, or the ownership or disposition thereof, except as stated above. Bond Counsel renders its opinion under existing statutes and court decisions as of the issue date, and assumes no obligation to update, revise or supplement its opinion to reflect any action thereafter taken or not taken, any fact or circumstance that may thereafter come to its attention, any change in law or interpretation thereof that may thereafter occur, or for any other reason. Bond Counsel expresses no opinion as to the consequence of any of the events described in the preceding sentence or the likelihood of their occurrence. In addition, Bond Counsel expresses no opinion on the effect of any action taken or not taken in reliance upon an opinion of other counsel under state and local tax law.

For the proposed form of opinion of Bond Counsel relating to State tax matters, see Appendix H.

Prospective purchasers of the Offered Bonds should consult their own tax advisors regarding the foregoing matters in this subsection “State of Tennessee Tax Matters – Offered Bonds”.

SUMMARY OF CERTAIN PROVISIONS OF THE FINANCING AGREEMENTS

The following is a brief summary of certain provisions of the Financing Agreements, summaries of certain other provisions of which are contained elsewhere in this Official Statement. This and such other summaries do not purport to be complete or definitive and are qualified in their entirety by reference to the Financing Agreements, copies of which are available at the offices of the Authority and the Trustee. For definitions of certain terms used herein, see Appendix C - "Glossary of Certain Terms"; provided, however, that for purposes of this summary, the term "Resolution" means, collectively or individually as the context may require, the resolutions of the Authority authorizing the issuance of Debt including, without limiting the generality of the foregoing, the Higher Educational Facilities Second Program General Bond Resolution and any resolutions authorizing the issuance of notes or other obligations (including but not limited to commercial paper), in each case as amended and supplemented pursuant to the provisions thereof.

Approval of Projects and Project Costs

Each Project and Project Costs shall be subject to approval by the Authority upon application therefor made by the Board in such form, substance and manner as may be prescribed by the Authority.

A Project for an Institution shall be approved by the Authority only if the aggregate of the Fees and Charges collected by the Institution in the preceding Fiscal Year is no less than two times the amount required for the payment of the aggregate (without duplication) of (i) the maximum amount of the Annual Financing Charges payable and projected to be payable with respect to all Projects (including the Project to be approved) for the Institution in any succeeding Fiscal Year, plus (ii) the maximum amount payable by the Board as First Project Annual Financing Charges with respect to all First Program Projects for the Institution in any succeeding Fiscal Year, plus (iii) the aggregate of all prior charges, pledges, liens and claims on or payable from said Fees and Charges with respect to the Institution in any succeeding Fiscal Year, including but not limited to all prior charges, pledges, liens and claims on or payable from the First Program Fees and Charges with respect to the Institution.

If long-term Debt has been sold to finance or refinance a Project, and funds in the related Project Construction Account are determined by the Authority in its sole discretion to be in excess of the amount needed for completion of the Project, the Authority shall apply such excess funds to the payment of the next scheduled debt service on Debt for such Project, to the redemption or defeasance of such Debt, or otherwise as permitted by law to the extent permitted by the Resolution.

SUMMARY OF CERTAIN PROVISIONS OF THE RESOLUTION

For definitions of certain terms used herein, see Appendix C - "Glossary of Certain Terms."

Authorization

The Resolution authorizes the issuance of Bonds in Series pursuant to Supplemental Resolutions, for any purpose authorized by the Act. For a summary of the conditions for the issuance of Bonds and their security and sources of payment, see "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS" in the Official Statement.

Pledge and Assignment of Annual Financing Charges and Legislative Appropriations

The Annual Financing Charges and Legislative Appropriations, and all rights under the Financing Agreements or otherwise to receive the same, which are to be transferred to the Funds or Accounts held by the Trustee, if any, are pledged and assigned to the Trustee for the benefit of the Owners of the Bonds and for the application thereof in accordance with the provisions of the Resolution, and the Trustee shall have the legal right to enforce such assignment. Regardless of such pledge and assignment, the Trustee shall have the legal right to enforce the provisions of the Agreements providing for the payment thereof in the manner provided in the Financing Agreements and the Resolution.

The Authority shall at all times, to the extent permitted by law, defend, preserve and protect the pledge of the Annual Financing Charges, Legislative Appropriations, and all rights under the Financing Agreements or otherwise to receive the same, the Financing Agreements, and other moneys, securities, funds and property pledged and assigned under the Resolution and all the rights of the Bondowners under the Resolution against all claims and demands of all Persons whomsoever.

Certain Provisions Relating to Credit Facilities, Qualified Swaps and Other Arrangements

The Authority may include such provisions in a Supplemental Resolution authorizing the issuance of a Series of Bonds secured by a Credit Facility as the Authority deems appropriate, including but not limited to:

1. So long as the Credit Facility provides security and not merely liquidity, that the providers thereof shall have all or any of the rights and remedies of the Owners of the Bonds to which such Credit Facility relates and that the related Reimbursement Obligations shall have all or any of the payment, security and other rights applicable to the Bonds to which such Reimbursement Obligations relate.
2. In the event that the principal, Sinking Fund Installments, if any, and Redemption Price of and interest due on any Bonds Outstanding shall be paid under the provisions of a Credit Facility, the issuer of such Credit Facility shall be subrogated to the rights of such Bondowners in accordance with the terms of such Credit Facility.

A Reimbursement Obligation shall not be secured by the Debt Service Reserve Fund unless the Bonds to which it relates are so secured. Reimbursement Obligations shall not include any payments of any fees, expenses, indemnification, or other obligations to any such provider, which payments shall be Subordinated Obligations payable from the General Fund. All Reimbursement Obligations shall be deemed to be a part of the Series of Bonds to which the Credit Facility which gave rise to such Reimbursement Obligations relates. Reimbursement Obligations may be evidenced by Bonds designated as "Bank Bonds."

In connection with the issuance of a Series of Bonds or at any time thereafter so long as a Series of Bonds remains Outstanding, the Authority may, to the extent from time to time permitted pursuant to law, enter into Qualified Swaps relating to such Bonds. The Authority's obligation to make any payment under any Qualified Swap may be secured by a pledge of, and a lien on, the items pledged in the Resolution for the security of the Bonds on a parity with the lien created by the Resolution or be payable from or secured by amounts on deposit in the Debt Service Fund or Debt Service Reserve Fund, or shall constitute Subordinated Obligations payable from the General Fund, as determined

by the Authority; provided, however, that any optional or mandatory termination payments shall constitute Subordinated Obligations. If a Qualified Swap is payable from and/or secured by the Debt Service Fund and Debt Service Reserve Fund, the Authority may provide by Supplemental Resolution for a recalculation of the Debt Service Reserve Requirement for any Bonds to take into account the Authority's debt service payment obligations on such Bonds as affected by such Qualified Swap.

Capitalized Interest Accounts

The Supplemental Resolution authorizing any Series of Bonds may establish a separate Account within the Debt Service Fund for each Project. Moneys in the Capitalized Interest Accounts shall be used, to the extent sufficient therefor, for the purpose of paying interest on the Series of Bonds in respect of which such moneys have been set aside, either directly therefrom or by transfer to the Debt Service Fund, prior to the payment of such interest from Annual Financing Charges.

Notwithstanding the foregoing, moneys on deposit with the State Treasurer (other than in connection with defeasance) may be invested at a rate or return fixed from time to time pursuant to State policy, without the necessity of allocating and crediting any particular investment (but only an amount invested) and without regard to actual investment, income, interest, profits or losses.

Except as otherwise provided in the Resolution, the Trustee or the State Treasurer, as the case may be, shall sell at the best price obtainable by the Trustee or the State Treasurer, as the case may be, through its ordinary and customary practices, or present for redemption or exchange, or as directed in writing by the Authority, any Investment Obligation held by it in any Fund or Account whenever it shall be necessary in order to provide moneys to meet any payment or transfer from the Fund or Account for which such investment was made.

See "TAX MATTERS" in the Official Statement. The Authority will at all times comply with the covenants, terms and conditions of the Financing Agreements and shall take all steps, actions and proceedings as may be necessary in order to require compliance by the Boards with the covenants, terms and conditions thereof, the breach of which would in any way materially adversely affect or impair the obligation of the Boards to pay Annual Financing Charges and Legislative Appropriations at the times and in the manner and amounts provided in the Financing Agreements.

The Authority will not amend any Financing Agreement in any manner that would materially adversely affect or impair the obligation of the applicable Board to pay Annual Financing Charges or Legislative Appropriations at such times, in such manner and in such amounts sufficient, together with other moneys available for the purpose, to pay the principal of and Sinking Fund Installments and interest on the Bonds as the same becomes due and payable, but reserves the right to amend the Financing Agreements in any other respect without the consent of any Fiduciary or any Bondowner.

Supplemental Resolutions; Amendments

The Authority may at any time or from time to time adopt Supplemental Resolutions without the consent of Bondowners and, except as may be agreed to in or in connection with any Credit Facility or Qualified Swap, the provider of any Credit Facility or Qualified Swap, for any one or more of the following purposes: (1) to authorize Bonds of a Series and, in connection therewith, specify and determine any matters and things relative to such Bonds which are not contrary to or inconsistent with the Resolution as theretofore in effect; (2) to establish for any Series of Bonds a separate Account in the Debt Service Reserve Fund which shall be permitted to be applied solely to the payment of Bonds of such Series, provided that (i) the Bonds of such Series shall have no claim or lien on nor be payable from any other amounts in the Debt Service Reserve Fund, (ii) the Bonds of such Series shall be excluded from the calculation of the Debt Service Reserve Requirement for all other Outstanding Bonds, and (iii) the amount required to be on deposit in such separate Accounts shall be specified or calculated in a manner specified in the Supplemental Resolution authorizing the Bonds of such Series, but in no event shall such amount, after giving effect to any Reserve Fund Credit Facility deposited in any such separate Account in the Debt Service Reserve Fund, be in excess of the amount that would otherwise be the Debt Service Reserve Requirement for such Series of Bonds assuming that such Series of Bonds were the only Series of Bonds Outstanding under the Resolution; (3) to modify, amend or supplement the Resolution in any manner in order to obtain or provide for or with respect to a Credit Facility, Reserve Fund Credit Facility or Qualified Swap with respect to any Series of Bonds, so long as the Authority determines that such Supplemental Resolution does not materially adversely affect the rights of the Owners of Outstanding Bonds; (4) to add additional covenants and agreements of the Authority for the purpose of further securing the payment of the Bonds, provided that such additional covenants and agreements are not contrary to or inconsistent with the covenants and agreements of the Authority contained in the Resolution as theretofore in effect; (5) to add to the Resolution any provisions relating to the application of interest earnings in any Fund or Account required by law to preserve the exclusion from gross income for federal income tax purposes of interest received on any Bonds then Outstanding or to be issued or the exemption of interest received on such Bonds from State income taxation; (6) to modify or eliminate any Debt Service Reserve Requirement in excess of the minimum required therefor as provided in the definition thereof; (7) to modify, amend or supplement the Resolution in such manner as to permit the qualification hereof under the Trust Indenture Act of 1939, as amended, or any similar federal statute, or to permit the qualification of any Bonds for sale under the securities laws of any of the states of the United States of America, and to add such other terms, conditions and provisions as may be permitted by said Trust Indenture Act of 1939, as amended, or similar federal statute; (8) with the consent of the Trustee, (i) to cure any ambiguity, or defect or inconsistent provision in the Resolution, or (ii) to insert such provisions clarifying matters or questions arising under the Resolution as are necessary or desirable in the event any such modifications are not contrary to or inconsistent with the Resolution as theretofore in effect; or to make any other modification or amendment of the Resolution which the Trustee shall in its sole discretion determine will not have a material adverse effect on the rights of Bondowners, provided that in making any such determination, the Trustee may conclusively rely upon a Counsel's Opinion or certificate of any Person deemed by the Trustee in its sole discretion to be reliable; (9) to comply with the requirements of any Rating Agency in order to maintain or

improve a rating on the Bonds by such Rating Agency; or (10) to modify any of the provisions of the Resolution in any respect whatsoever, provided that such modification shall be, and be expressed to be, effective only after all Bonds Outstanding at the date of the adoption of such Supplemental Resolution either shall cease to be Outstanding or the Owners of the requisite percentage of the principal amount of such Bonds shall have consented thereto.

Any modification or amendment of the Resolution and of the rights and obligations of the Authority and of the Owners of the Bonds under the Resolution, in any particular, may be made by a Supplemental Resolution, with the written consent (a) of the Owners of at least fifty-one percent (51%) in principal amount of the Bonds Outstanding at the time such consent is given, or (b) in case less than all of the several Series of Bonds then Outstanding are affected by the modification or amendment, of the Owners of at least fifty-one percent (51%) in principal amount of the Bonds of each Series so affected and Outstanding at the time such consent is given, or (c) in case the modification or amendment changes the amount or date of any Sinking Fund Installment, of the Owners of one hundred percent (100%) in principal amount of the Bonds of the particular Series, maturity and interest rate entitled to such Sinking Fund Installment Outstanding at the time such consent is given; provided, however, that if such modification or amendment will, by its terms, not take effect so long as any Bonds of any specified like Series and maturity remain Outstanding, the consent of the Owners of such Bonds shall not be required and such Bonds shall not be deemed to be Outstanding for the purpose of any calculation of Outstanding Bonds. No such modification or amendment shall (a) permit a change in the terms of redemption or maturity of the principal of any Outstanding Bond or of any installment of interest thereon or a reduction in the principal amount or the Redemption Price thereof or in the rate of interest thereon without the consent of the Owner of such Bond, (b) permit the creation of any pledge, lien, charge or encumbrance of or upon any of the items purported to be pledged pursuant to the Resolution, which pledge, lien, charge or encumbrance would be prior to, or of equal rank with, the pledge or source of payment for the Bonds created by the Resolution, without the consent of the Owners of all Outstanding Bonds affected by such change, or deprive any Owner of any Outstanding Bond of the benefit of such pledge or source of payment for the Bonds, without the consent of such Owner, except as permitted by the Resolution, (c) create, with respect to the pledge of the items set forth in the Resolution, a preference or priority of any Bond over any other Bond without the consent of each Owner of a Bond affected by such change, or (d) reduce the percentages of the Bonds the consent of the Owners of which is required to waive an Event of Default or otherwise effect any such modification or amendment. For such purposes, a Series shall be deemed to be affected by a modification or amendment of the Resolution if the same materially adversely affects the rights of the Owners of Bonds of such Series. The Trustee may in its discretion determine whether or not, in accordance with the foregoing provisions, Bonds of any particular Series or maturity would be affected by any modification or amendment of the Resolution and any such determination shall be binding and conclusive on the Authority and all Owners of Bonds. The Trustee may receive an opinion of counsel, including a Counsel's Opinion, as conclusive evidence as to whether Bonds of any particular Series or maturity would be so affected by any such modification or amendment of the Resolution.

Notwithstanding anything in the Resolution to the contrary, the consent of Owners of any Series of additional Bonds to be issued under the Resolution shall be deemed given if the underwriters or initial purchasers for resale thereof consent in writing to any modification or amendment; provided, however, that such modification, amendment and consent are disclosed in the official statement or other offering document pursuant to which such Series of additional Bonds is offered and sold to the public.

For purposes of amendments to the Resolution, but only so long as the Credit Facility provider has not defaulted on its obligations under the Credit Facility, (i) the provider of a Credit Facility shall be considered the sole Owner of all Bonds to which such Credit Facility relates, except as otherwise provided in an applicable Supplemental Resolution, and (ii) any amendment provision of the Resolution may be waived by such provider with respect to its consent to any amendment, by an instrument in writing filed with the Authority and the Trustee.

The Authority shall furnish written notice to each Rating Agency of any amendment, change or modification of the Resolution.

Events of Default

Each of the following events is an "Event of Default": (1) the Authority shall default in the payment of the principal, Sinking Fund Installments, if any, or Redemption Price of or interest on any Bond when and as the same shall become due, whether at maturity or upon call for mandatory redemption or otherwise, which default shall continue for a period of thirty (30) days; (2) the pledge created in the Resolution shall, at any time and for any reason, cease to be in full force and effect or a judgment or order of any court of competent jurisdiction, or of any arbitrator or panel of arbitrators, as to which all appeals have been exhausted, shall be rendered which shall declare the pledge to be null and void, or shall declare that the pledge does not establish in any material respect the lien it purports to establish, or that the pledge is not for the exclusive benefit of the Owners of the Bonds, except as provided in or permitted by the Resolution; (3) the Authority shall fail or refuse to comply with the provisions of the Act as then in effect, or shall default in the performance or observance of any other of the covenants, agreements or conditions on its part contained in the Resolution, any Supplemental Resolution, or in the Bonds, and such failure, refusal or default shall continue for a period of ninety (90) days after written notice thereof (specifying such default and requiring that such notice is a "Notice of Default" under the Resolution) is given to the Authority by the Trustee or to the Authority and the Trustee by the Owners of not less than twenty-five percent (25%) in principal amount of the Outstanding Bonds; however, in the event that the default be such that it cannot

be corrected within such ninety (90) day period, it shall not constitute an Event of Default if corrective action is instituted by the Authority within such period and diligently pursued (as determined by the Trustee) until the default is corrected; (4) a court having jurisdiction in the premises shall enter a decree or order providing for relief in respect of the Authority or either Board in an involuntary case under any applicable bankruptcy, insolvency, reorganization or other similar law now or hereafter in effect, or appointing a receiver, liquidator, assignee, custodian, trustee, sequestrator (or similar official) of the Authority or either Board, or for any substantial part of its property, or ordering the winding-up or liquidation of its affairs and such decree or order shall remain unstayed and in effect for a period of ninety (90) days; or (5) the Authority or either Board shall commence a voluntary case under any applicable bankruptcy, insolvency, reorganization or other similar law now or hereafter in effect, shall consent to the entry of an order for relief in an involuntary case under any such law, or shall consent to the appointment of or taking possession by a receiver, liquidator, assignee, trustee, custodian, sequestrator (or similar official) of the Authority or either Board, or for any substantial part of its property, or shall make any general assignment for the benefit of creditors, or shall fail generally to pay its debts as they become due or shall take any action in furtherance of the foregoing.

Notwithstanding the foregoing, nothing in the Resolution shall preclude the Authority from seeking and obtaining from the General Assembly a change in law, to limit, modify, rescind, repeal or otherwise alter the character of the pledged items or to substitute like or different sources of fees, charges, appropriations or other receipts as pledged revenues if and when adequate provisions shall be made by law for the protection of the Owners of Outstanding Bonds pursuant to the proceedings under which the Bonds are issued, including changing or altering the method of establishing fees, charges and appropriations as contemplated by the Act. The Authority (or the Trustee at the request of the Authority) shall mail to the Bondowners notice of any such change or alteration pursuant to such proviso. The Authority shall file with the Trustee, or the Trustee shall retain on file, proof of their respective mailing of such notice to Bondowners. Such change or alteration shall be deemed conclusively binding upon the Authority, each Fiduciary and the Owners of all Bonds at the expiration of thirty (30) days after the filing with the Trustee of the proof of the mailing of notice referred to above, except in the event of a final decree of a court of competent jurisdiction setting aside such change or alteration in a legal action or equitable proceeding for such purpose commenced within such thirty (30) day period.

Remedies

Upon the happening and continuance of (i) any Event of Default specified in clause (1), (4) or (5) of the first paragraph under "Events of Default" above, the Trustee shall proceed, and (ii) any other Event of Default, the Trustee may proceed, and upon the written request of the Owners of not less than twenty-five percent (25%) in principal amount of the Outstanding Bonds or if the Event of Default arises from the failure of the Authority to duly and punctually perform the tax covenants contained in the Resolution, twenty-five per centum (25%) in principal amount of the Outstanding Bonds of such Series affected thereby, shall proceed, in its own name, to protect and enforce its rights and the rights of the Bondowners by such of the following remedies, as the Trustee, being advised by counsel, shall deem most effectual to protect and enforce such rights: (1) by suit, action or proceeding at law or in equity in any court of competent jurisdiction, enforce all rights of the Bondowners, including the right to require the Authority to enforce the Agreements and collect the Annual Financing Charges and Legislative Appropriations payable thereunder, or to carry out any other covenant or agreement with Bondowners under the Resolution and to perform its duties under the Act, the Agreements and the Resolution; (2) bring suit upon the Bonds; (3) by action or suit, require the Authority to account as if it were the trustee of an express trust for the Owners of the Bonds; (4) by action or suit, enjoin any acts or things which may be unlawful or in violation of the rights of the Owners of the Bonds; or (5) in accordance with the provisions of the Act, declare all Bonds due and payable, and if all defaults shall be made good, then, with the written consent of the Owners of not less than twenty-five per centum (25%) in principal amount of the Outstanding Bonds, to annul such declaration and consequences, but no such annulment shall extend to or effect any subsequent default or impair or exhaust any right or power consequent thereon.

All remedies conferred upon or reserved to the Owners of Bonds under the Resolution may be conferred upon and reserved in lieu thereof to the provider of a related Credit Facility authorized by a Supplemental Resolution. Nothing herein shall preclude the Authority from providing in an applicable Supplemental Resolution, or in any Credit Facility authorized thereby, that the exercise of any remedy under the Resolution or the waiver of any Event of Default under the Resolution by the Trustee or the Owner of any such Bond shall be subject to the prior written consent of the provider of any related Credit Facility.

No Owner of any Bond shall have any right to institute any suit, action, or other proceeding under the Resolution, or for the protection or enforcement of any right under the Resolution or any right under law unless such Owner shall have given to the Trustee written notice of the event of default or breach of duty on account of which such suit, action or proceeding is to be taken, and unless the Owners of not less than twenty-five percent (25%) in principal amount of the Bonds then Outstanding shall have made written request of the Trustee after the right to exercise such powers or right of action, as the case may be, shall have occurred, and shall have afforded the Trustee a reasonable opportunity either to proceed to exercise the powers herein granted or granted under the law or to institute such action, suit or proceeding in its name and unless, also, there shall have been offered to the Trustee reasonable security and indemnity against the costs, expenses and liabilities to be incurred therein or thereby, and the Trustee shall have refused or neglected to comply with such request within a reasonable time.

In the case of the pendency of any receivership, insolvency, liquidation, bankruptcy, reorganization, arrangement, adjustment, composition or other judicial proceeding relating to the Authority, the Board or any Institution, or any property of the Authority, the Board or any Institution, the Trustee (whether or not the principal of the Bonds shall then be due and payable by acceleration or otherwise, and whether or not the Trustee shall have made any demand upon the Authority for the payment of overdue principal and interest) shall be entitled and empowered, by intervention in such proceeding or other means (1) to file and prove a claim for the whole amount of the principal, Redemption Price, if any, and interest owing and unpaid in respect of the Bonds then Outstanding and to file such other papers or documents as may be necessary or advisable in order to have the claims of the Trustee (including any claim for the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and counsel) and of the Owners allowed in such proceeding; and (2) to collect and receive any moneys or other property payable or deliverable on any such claims and to distribute the same.

Prior to the declaration of maturity of the Bonds as provided in the Resolution, the Owners of not less than a majority in aggregate principal amount of the Bonds at the time Outstanding, or their attorneys-in-fact duly authorized, may on behalf of the Owners of all of the Bonds waive any past default under the Resolution and its consequences, except a default in the payment of interest on or principal of or premium, if any, on any of the Bonds. No such waiver shall extend to any subsequent or other default or impair any right consequent thereon.

The Trustee shall promptly mail to the Bondowners notice of each Event of Default under the Resolution known to the Trustee within fifteen (15) Business Days after knowledge of the occurrence thereof, unless such Event of Default shall have been remedied or cured before the giving of such notice; provided, however, that, except in the case of default in the payment of the principal, Sinking Fund Installment, if any, or Redemption Price, if any, of or interest on any of the Bonds, or in the making of any payment required to be made into the Debt Service Fund or the Debt Service Reserve Fund, the Trustee shall be protected in withholding such notice if and so long as the board of directors, the executive committee, or a trust committee of directors or responsible officers of the Trustee in good faith determines that the withholding of such notice is in the interests of the Bondowners.

Defeasance

Bonds or interest installments for the payment or redemption of which moneys shall have been set aside and shall be held in trust by the Fiduciaries at the maturity or redemption date thereof shall be deemed to have been paid within the meaning and with the effect of the Resolution, subject to an election of the Authority to the contrary. Any Outstanding Bonds of any Series shall, prior to the maturity or redemption date thereof, be deemed to have been paid within the meaning and with the effect, but subject to such election, of the Resolution if (a) in case any of said Bonds are to be redeemed on any date prior to their maturity, the Authority shall have given to the Registrar instructions accepted in writing by the Registrar to give notice of redemption, as provided in the Resolution, on said date of such Bonds (other than Bonds which have been purchased by a Paying Agent at the direction of the Authority or purchased or otherwise acquired by the Authority and delivered to a Paying Agent as hereinafter provided prior to the mailing of such notice of redemption), (b) there shall have been deposited with any Paying Agent either (i) moneys in an amount which shall be sufficient, or (ii) Defeasance Obligations the principal of and the interest on which when due will provide moneys which, together with the moneys, if any, deposited with such Paying Agent at the same time, shall be sufficient to pay, when due, the principal or Redemption Price, if applicable, and interest due and to become due on said Bonds on and prior to the redemption date or maturity date thereof, as the case may be, and (c) in the event said Bonds are not by their terms subject to redemption within the next succeeding sixty (60) days, the Authority shall have given the Registrar in form satisfactory to it instructions to mail, as soon as practicable, a notice to the Owners of such Bonds, at their last addresses appearing upon the registry books at any time (but not more than fifteen (15) days) prior to such mailing, that the deposit required by (b) above has been made with a Paying Agent and that said Bonds are deemed to have been paid in accordance with this Section and stating such maturity or redemption date upon which moneys are expected to be available for the payment of the principal or Redemption Price, if applicable, of said Bonds (other than Bonds which have been purchased by a Paying Agent at the direction of the Authority or purchased or otherwise acquired by the Authority and delivered to a Paying Agent prior to the mailing of the notice of redemption referred to in clause (a) hereof). Such Paying Agent shall, as and to the extent necessary, apply moneys held by it pursuant to this Section to the retirement of Bonds in amounts equal to the unsatisfied balances (determined as provided in Section 604) of any Sinking Fund Installments with respect to such Bonds, all in the manner provided in the Resolution.

Unclaimed Moneys

Any moneys held by a Fiduciary in trust for the payment and discharge of the principal or Redemption Price of or interest on any of the Bonds which remain unclaimed for three years (or such other period as may at the time be prescribed by the laws of the State) after the date when such principal, Redemption Price or interest, respectively, became due and payable, either at their stated maturity dates or by call for earlier redemption, if such moneys were held by the Fiduciary at such date, or for three years (or such other period as may be prescribed by the laws of the State) after the date of deposit of such moneys if deposited with the Fiduciary after the said date when such principal, Redemption Price or interest, respectively, became due and payable, shall, at the written request of the Authority, be repaid by the Fiduciary to the Authority, as its absolute property and free from trust, and the Fiduciary shall thereupon be released and discharged with respect thereto and the Bondowners shall look only to the Authority for the payment of such Bonds.

BOOK-ENTRY ONLY SYSTEM

The Depository Trust Company (“DTC”), New York, New York, will act as securities depository for the Offered Bonds. The Offered Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered bond certificate will be issued for each maturity of each series of the Offered Bonds, in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world’s largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). DTC has a Standard & Poor’s rating of AA+.

The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of the Offered Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Offered Bonds on DTC’s records. The ownership interest of each actual purchaser of each Offered Bond (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Offered Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Offered Bonds, except in the event that use of the book-entry system for the Offered Bonds is discontinued.

To facilitate subsequent transfers, all Offered Bonds deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of the Offered Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Offered Bonds; DTC’s records reflect only the identity of the Direct Participants to whose accounts such Offered Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of the Offered Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Offered Bonds, such as redemptions, tenders, defaults, and proposed amendments to the Offered Bond documents. For example, Beneficial Owners of the Offered Bonds may wish to ascertain that the nominee holding the Offered Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Offered Bonds of a maturity of a series are being redeemed, DTC’s practice is to determine by lot the amount of the interest of each Direct Participant in such maturity of such series to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Offered Bonds unless authorized by a Direct Participant in accordance with DTC’s MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the

Authority as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Offered Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal, interest and redemption premium, if any, payments on the Offered Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the Authority or any Paying Agent, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name", and will be the responsibility of such Participant and not of DTC or the Authority or any Paying Agent, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal, interest and redemption premium, if any, to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Authority or any Paying Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Offered Bonds at any time by giving reasonable notice to the Authority or any Paying Agent. Under such circumstances, in the event that a successor depository is not obtained, Offered Bond certificates are required to be printed and delivered.

The Authority may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Offered Bond certificates will be printed and delivered to DTC.

THE FOREGOING INFORMATION CONCERNING DTC AND DTC'S BOOK-ENTRY ONLY SYSTEM HAS BEEN OBTAINED FROM SOURCES THAT THE AUTHORITY BELIEVES TO BE RELIABLE, BUT THE AUTHORITY TAKES NO RESPONSIBILITY FOR THE ACCURACY THEREOF. NONE OF THE AUTHORITY, TRUSTEE, REGISTRAR, PAYING AGENT OR INITIAL PURCHASERS CAN MAKE ANY ASSURANCE THAT DTC OR THE DTC PARTICIPANTS WILL ACT IN A MANNER DESCRIBED HEREIN, NOR WILL THEY HAVE ANY RESPONSIBILITY OR OBLIGATION TO THE DTC PARTICIPANTS OR BENEFICIAL OWNERS FOR (1) SENDING TRANSACTION STATEMENTS; (2) MAINTAINING, SUPERVISING OR REVIEWING, OR THE ACCURACY OF, ANY RECORDS MAINTAINED BY DTC OR ANY DTC PARTICIPANT; (3) PAYMENT OR THE TIMELINESS OF PAYMENT BY DTC ANY DIRECT DTC PARTICIPANT, OR BY ANY DIRECT DTC PARTICIPANT OR INDIRECT DTC PARTICIPANT TO ANY BENEFICIAL OWNER OF ANY AMOUNT DUE TO ANY BENEFICIAL OWNER IN RESPECT TO THE PRINCIPAL OR REDEMPTION PREMIUM IF ANY, OR INTEREST ON OFFERED BONDS; (4) DELIVERY OR TIMELY DELIVERY BY DTC OR ANY DTC PARTICIPANT TO ANY BENEFICIAL OWNER OF ANY NOTICE (INCLUDING NOTICE OF REDEMPTION) OR OTHER COMMUNICATIONS TO ANY BENEFICIAL OWNER WHICH IS REQUIRED OR PERMITTED UNDER THE TERMS OF THE BOND DOCUMENTS TO BE GIVEN TO BONDHOLDERS; (5) THE SELECTION OF THE BENEFICIAL OWNERS TO RECEIVE PAYMENT IN THE EVENT OF ANY PARTIAL REDEMPTION OF OFFERED BONDS; OR (6) ANY ACTION TAKEN BY DTC OR ITS NOMINEE AS THE REGISTERED OWNER OF THE OFFERED BONDS.

So long as Cede & Co. is the registered owners of the Offered Bonds, as nominee for DTC, references in the Official Statement to the Bondholders or registered owners of the Offered Bonds (other than under the caption "TAX MATTERS" in the Official Statement) shall mean Cede & Co. or any other DTC nominee, as aforesaid, and shall not mean the Beneficial Owners of the Offered Bonds.

SUMMARY OF CERTAIN PROVISIONS OF THE CONTINUING DISCLOSURE UNDERTAKING

The following is a brief summary of certain provisions of the Continuing Disclosure Undertaking. This summary does not purport to be complete or definitive and is qualified in its entirety by reference to the Continuing Disclosure Undertaking, copies of which are available at the offices of the Authority. For definitions of certain terms used but not defined herein, see Appendix C—"GLOSSARY OF CERTAIN TERMS."

The Authority has authorized a Continuing Disclosure Undertaking (the "Undertaking") with respect to the Offered Bonds to assist the Underwriters in complying with U.S. Securities and Exchange Commission ("SEC") Rule 15c2-12 (the "Rule"). In the Undertaking, the Authority will agree to provide the Annual Financial Information described below with respect to each fiscal year of the Authority, commencing with the fiscal year ending June 30, 2025, by no later than 7 months after the end of the respective fiscal year, to the Municipal Securities Rulemaking Board ("MSRB").

"Annual Financial Information" means updated versions of the following financial information and operating data contained in the Official Statement relating to the Offered Bonds with respect to the Authority, for each fiscal year of the Authority:

- Outstanding Second Program Bonds (see "THE AUTHORITY – Outstanding Indebtedness of the Authority")
- Authorized and Outstanding Revolving Credit Loans (see "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS – Subordinated Obligations; Revolving Credit Loans")

Annual Financial Information also includes the annual financial statements of the Authority, audited by such auditors as shall then be required or permitted by State law "Audited Financial Statement"), if available, or unaudited financial statements. If not provided as part of Annual Financial Information by the date referred to above because they are not available, the Authority will provide Audited Financial Statements, when and if available, to the MSRB. Audited Financial Statements will be prepared in accordance with generally accepted accounting principles for governmental units as prescribed by the Governmental Accounting Standards Board, the Financial Accounting Standards Board, or any successor to the duties and responsibilities of either of them "GAAP").

Annual Financial Information also will include the annual financial statements of the State, including component unit reporting of The University of Tennessee system and the Board of Trustees of the University of Tennessee, and of the State University and Community College System of the State of Tennessee and the Tennessee Board of Regents, in each case audited by such auditors as shall then be required or permitted by State law, if available. If not provided as part of Annual Financial Information by the date referred to above because they are not available, the Authority will provide such audited financial statements, when and if available, to the MSRB. Such audited financial statements will be prepared in accordance with GAAP.

In the Undertaking, the Authority also agrees to provide, in a timely manner not in excess of 10 business days after the occurrence of the event, notice of each of the following events with respect to the Offered Bonds, to the MSRB:

- (xiii) the consummation of a merger, consolidation, or acquisition involving the Authority or the sale of all or substantially all of the assets of the Authority, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material; and
- (xiv) appointment of a successor or additional trustee or the change of name of a trustee, if material
- (xv) incurrence of a Financial Obligation of the Authority or of any Institution, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a Financial Obligation of the Authority or of such Institution, as the case may be, any of which affect holders of Offered Bonds, if material; and
- (xvi) default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a Financial Obligation of the Authority or of any Institution any of which reflect financial difficulties.

For the purposes of clauses (xv) and (xvi) above, “Financial Obligation” means: (A) debt obligation; (B) derivative instrument entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation; or (C) guarantee of (A) or (B) above, but does not include municipal securities as to which a final official statement has been provided to the MSRB consistent with the Rule.

The Authority will also provide, in a timely manner, notice of any failure of the Authority to provide the Annual Financial Information by the date specified above to the MSRB.

Unless otherwise required by the MSRB, all notices, documents and information provided to the MSRB shall be provided to the MSRB’s Electronic Municipal Markets Access (EMMA) system, the current Internet Web address of which is www.emma.msrb.org.

All notices, documents and information provided to the MSRB shall be provided in an electronic format as prescribed by the MSRB (currently, portable document format (pdf) which must be word-searchable except for non-textual elements) and shall be accompanied by identifying information as prescribed by the MSRB.

The Undertaking will be effective upon the issuance of the Offered Bonds and will terminate upon the legal defeasance, prior redemption or payment in full of all of the Offered Bonds. The Undertaking, or any provision thereof, shall be null and void in the event that the Authority (i) receives an opinion of counsel to the effect that those portions of the Rule which require the Undertaking, or such provision, as the case may be, do not or no longer apply to the Offered Bonds, whether because such portions of the Rule are invalid, have been repealed, or otherwise, as shall be specified in such opinion, and (ii) delivers copies of such opinion to the MSRB. The Undertaking may be amended without the consent of the holders of the Offered Bonds in connection with a change in circumstances that arises from a change in legal (including regulatory) requirements, a change in law (including rules and regulations) or in interpretations thereof, or a change in the identity, nature or status of the Authority or the type of business conducted thereby, or if an amendment to the Rule is adopted, or a new or modified official interpretation of the Rule is issued, which is applicable to the Undertaking, in each case subject to certain additional requirements, all as described in the Undertaking. Copies of any such amendment are required to be delivered to the MSRB.

The provisions of the Undertaking shall constitute a contract with and inure solely to the benefit of the holders from time to time of the Offered Bonds, except that beneficial owners of Offered Bonds shall be third-party beneficiaries of the Undertaking and shall be deemed to be holders of Offered Bonds for purposes of the next sentence. The obligations of the Authority to comply with the provisions of the Undertaking are enforceable by any holder of outstanding Offered Bonds; the holder's rights to enforce the provisions of the Undertaking are limited solely to a right, by action in mandamus or for specific performance, to compel performance of the Authority's obligations under the Undertaking. Any failure by the Authority to perform in accordance with the Undertaking will not constitute a default or an event of default under the resolutions authorizing the Offered Bonds or State law and shall not result in any acceleration of payment of the Offered Bonds, and the rights and remedies provided by such resolutions and applicable State law upon the occurrence of such a default or an event of default shall not apply to any such failure.

The Undertaking shall be construed and interpreted in accordance with the laws of the State, and any suits and actions arising out of the Undertaking shall be instituted in a court of competent jurisdiction in the State; provided, however, that to the extent the Undertaking addresses matters of federal securities laws, including the Rule, the Undertaking shall be construed in accordance with such federal securities laws and official interpretations thereof.

FORM OF PROPOSED OPINION OF BOND COUNSEL

[Closing Date]

Tennessee State School Bond Authority
Nashville, Tennessee

**TENNESSEE STATE SCHOOL BOND AUTHORITY
HIGHER EDUCATIONAL FACILITIES SECOND PROGRAM BONDS
2025 SERIES A, \$164,290,000
2025 SERIES B (FEDERALLY TAXABLE), \$53,645,000**

Ladies and Gentlemen:

At your request, we have examined into the validity of \$ 164,290,000 principal amount of Higher Educational Facilities Second Program Bonds, 2025 Series A (the “2025A Bonds”) and \$53,645,000 principal amount of Higher Educational Facilities Second Program Bonds, 2025 Series B (Federally Taxable)(the “2025B Bonds” and, collectively with the 2025A Bonds, the “2025 Bonds”) of the Tennessee State School Bond Authority (the “Authority”), a corporate agency and instrumentality of the State of Tennessee (the “State”).

The 2025 Bonds are issued under and pursuant to the Tennessee State School Bond Authority Act (Section 49-3-1201 et seq., Tennessee Code Annotated) as amended to date (the “Act”), the Higher Educational Facilities Second Program General Bond Resolution adopted by the Authority on April 27, 1998, as amended to date (the “General Resolution”) and a Supplemental Resolution of the Authority adopted on March 24, 2025 (the “Supplemental Resolution” and, collectively with the General Resolution, the “Resolution”).

We have examined the Constitution and laws of the State; certified copies of proceedings of the Authority authorizing the issuance of the 2025 Bonds, including the Resolution; a certified copy of a Second Program Financing Agreement by and between the Authority and the Board of Trustees of The University of Tennessee (the “Board of Trustees”) dated as of November 1, 1997, as amended and restated as of May 9, 2013; a certified copy of a Second Program Financing Agreement by and between the Authority and the Board of Regents of the State University and Community College System of the State of Tennessee (the “Board of Regents” and, together with the Board of Trustees, the “Boards”) dated as of November 1, 1997, as amended and restated as of May 9, 2013; certified copies of proceedings of the Authority authorizing the execution and delivery of said Second Program Financing Agreements (collectively, the “Second Program Financing Agreements”); such other instruments, documents, certificates and proceedings, and applicable law, as we have considered appropriate for purposes of this opinion; and a specimen 2025 Bond.

Based on the foregoing, we are of the opinion that:

1. The Authority has the right and power under the Act to adopt the Resolution and the Resolution has been duly and lawfully adopted by the Authority, is in full force and effect, is valid and binding upon the Authority and is enforceable against the Authority in accordance with its terms. The Resolution creates the valid pledge which it purports to create of the Annual Financing Charges and Legislative Appropriations (as each is defined in the Resolution), and all rights under the Second Program Financing Agreements or otherwise to receive the same, and moneys and securities held or set aside under the Resolution, subject to the application thereof to the purposes and on the conditions permitted by the Resolution.

2. The 2025 Bonds have been duly and validly authorized and issued in accordance with the laws of the State, including the Constitution of the State and the Act, and in accordance with the Resolution, and are entitled to the benefits of the Resolution and of the Act. The 2025 Bonds are valid and binding obligations of the Authority as provided in the Resolution, and are enforceable against the Authority in accordance with their terms and the terms of the Resolution, payable solely from the Annual Financing Charges, Legislative Appropriations and other moneys and securities held or set aside under the Resolution, subject to the application thereof to the purpose and on the conditions permitted by the Resolution. The Authority reserves the right to issue additional bonds on the terms and conditions, and for the purposes, provided in the General Resolution, on a parity of payment and security with the 2025 Bonds; provided, however, that as permitted by the General Resolution, certain series of bonds issued thereunder may not be payable from or secured by the Debt Service Reserve Fund on the same basis as others, and may not have any amount made available under the Resolution as a debt service reserve therefor (which initially is the case with the 2025 Bonds). The Authority has no taxing power, the State is not liable on the 2025 Bonds and the 2025 Bonds are not a debt of the State.
3. The Second Program Financing Agreements have been duly authorized, executed and delivered by the Authority and, assuming due authorization, execution and delivery by the other parties thereto, constitute valid contractual obligations of the Authority. You have received opinions of counsel to the Board of Regents and counsel to the Board of Trustees to the effect that the respective Second Program Financing Agreements have been duly executed and delivered by the respective Boards and constitute valid contractual obligations thereof, and we express no opinion herein with respect thereto. The State has not waived the immunity of the State (including, for this purpose, the Authority and the Boards) from suit or extended its consent to be sued with respect to the Second Program Financing Agreements. Accordingly, monetary actions against the State (including the Authority and the Boards) for breach of contractual obligations relating to the Financing Agreements may be heard and determined under current law exclusively in the Tennessee Claims Commission, an administrative tribunal, where liability may be limited to actual damages and certain costs.
4. Under the existing laws of the State, the 2025 Bonds and income therefrom are free from taxation by the State or any county, municipality or political subdivision of the State, except for estate and gift taxes and taxes on transfers, and except to the extent included within the measure of privilege taxes imposed pursuant to the laws of the State.
5. Under existing statutes and court decisions, (i) interest on the 2025A Bonds is excluded from gross income for federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended to the date hereof (the "Code"), and (ii) interest on the 2025A Bonds is not treated as a preference item in calculating the alternative minimum tax imposed under the Code, however, interest on the 2025A Bonds is included in the "adjusted financial statement income" of certain corporations that are subject to the alternative minimum tax under Section 55 of the Code. In rendering the opinion in this paragraph 5, we have relied upon and assumed (i) the material accuracy of the representations, statements of intention and reasonable expectations, and certifications of fact, contained in certifications delivered on the date hereof by the Authority, the Boards and others with respect to the use of proceeds of the 2025A Bonds and the investment of certain funds, and other matters affecting the exclusion of interest on the 2025A Bonds from gross income for federal income tax purposes under Section 103 of the Code, and (ii) compliance by the Authority and the Boards with certain ongoing covenants to comply with applicable requirements of the Code to assure the exclusion of the interest on the 2025A Bonds from gross income under section 103 of the Code.
6. Interest on the 2025B Bonds is included in gross income for federal income tax purposes.

The opinions expressed in paragraphs 1, 2 and 3 above are subject to applicable bankruptcy, insolvency, reorganization, moratorium and other laws heretofore or hereafter enacted affecting creditors' rights, and are subject to the application of principles of equity relating to or affecting the enforcement of contractual obligations, whether such enforceability is considered in a proceeding in equity or at law.

We express no opinion herein as to (i) federal, state or local tax consequences arising with respect to the 2025 Bonds, or the ownership or disposition thereof, except as stated in paragraphs 4, 5 and 6 above, (ii) federal, state or local tax matters to the extent affected by any action hereafter taken or not taken in reliance upon an opinion of counsel other than ourselves, or (iii) the accuracy, adequacy, sufficiency or completeness of the Official Statement (or any update or amendment thereof or supplement thereto) of the Authority relating to the 2025 Bonds, or any other financial or other information which has been or may be supplied to purchasers or prospective purchasers of the 2025 Bonds.

This letter is rendered solely with regard to the matters expressly opined on above and does not consider or extend to any documents, agreements, representations or other material of any kind not specifically opined on above. No other opinions are intended nor should they be inferred.

This letter is issued as of the date hereof, and we assume no obligation to update, revise or supplement this letter to reflect any action hereafter taken or not taken, or any facts or circumstances that may hereafter come to our attention, or changes in law or in interpretations thereof, that may hereafter occur, or for any other reason.

Very truly yours,
